What Printing Establishments are worth.

Since the recent transfer of the interest of Mrs. Chambers in the St. Louis "Republican" to Mr. Knapp, who was the partner of her late husband, we have been much edified by seeing leading articles on the growth and estimated value of printing establishments in general, and of the Missouri "Republican" in particular. The St. Louis "Democrat" learns from a source entitled to credit, that the sum paid by Mr. Knapp to Mrs. Chambers for her half of the Republican establishment, was $54,000! and adds that this sale fixes the value of the Republican at about $115,000. It is a valuable property present and prospective. Mr. Knapp is now its sole proprietor. This being the criterion of value the Republican is worth more than double of the old U. S. Gazette of Philadelphia, which, when it was at the height of its prosperity in 1844, was sold by the Hon. Joseph R. Chandler, then its editor and sole proprietor, for $48,000. We annex the estimated value of the leading journals in New York: Tribune $175,000, Herald $150,000, Courier & Enquirer $100,000, Journal of Commerce, $100,000, Times $65,000.

The London Times was established in 1785 by John Walter, and on his death, inherited by his son John, and on his death in 1837, by his son John at present a Member of Parliament. The establishment is valued at £750,000 sterling, or $3,750,000. Its editor in chief receives an annual salary of £5,000, or $25,000; and his Paris correspondent 50,000 francs per annum. The pens of its editors, (for there are scores of them, all directed, however, by one hand) tear down Cabinets, and build them up again at pleasure, and are now engaged in the demolishing the power and prestige of British aristocracy, and elevating the untitled masses to office and power.—*Belleville Advocate.*

Rome is at loggerheads with her own favored and cherished daughter, Spain, and appears to have dared actually to launch her thunders against all that is most dignified and respectable in Sardinia. By an allocution addressed to his secret consistory, Pius IX. has denounced as "absolutely null and void" all the acts passed by the Spanish Cortes respecting ecclesiastical property, and has commanded his Nuncio immediately to quit the Court of Madrid. By the same allocution, the whole of the illegal and unconstitutional conduct of the Spanish prelates is formally approved of, and their example commended. As regards Sardinia, Roman arrogance and presumption appear to have proceeded to still greater and more audacious lengths. In the same consistory, the Pontiff "to the incomparable grief of his soul," declares that all who have proposed, approved, or sanctioned the late decrees in the Sardinian States, as well as the authors, favorers, counsellors, adherents and executors of such *"thare incurred* the greater excommunication and all other pains and penalties of the sacred canons, and especially of the Council of Trent."

MORE OF THE KANSAS RASCALITY.—The Washington Correspondent of the New York *Courier* states that the country has fallen into a very natural mistake in regard to one important feature of the Nebraska and Kansas act. It contains no provision for submitting the acts of the Territorial Legislature to the revision of Congress. That has been the established rule in the organization of Territories, and this is the first and only departure from it. The reason for this deviation from the usual course is obvious, and it furnishes strong corroborative proof of the worst charges brought against the administration, to wit, that it was well informed of the intended outrages of Stringfellow and his gang, and not only connived at them, but promised the means for their commission, and deliberately removed all the safeguards by which such excesses might have been remedied.

A DOMESTIC CURIOSITY.—A correspondent of the "Detroit Advertiser" says that the spinning machines of the Egyptian women are among the curiosities of the age. They take them to the cotton fields with them, and spin the cotton as fast as they pick it. The machine is nothing more than a child's top, with a little hook upon the bottom of it. The top being inverted, and resting loosely upon the handle, the thread is passed the hook, and a twirl is given to the top. A single twirl is sufficient to twist a thread about two feet long. The newly manufactured thread is then wound around the spindle, and being slipped again into the hook, the process is repeated until the spindle is full.

ANECDOTE OF BRANT.—Brant, the famous Indian chief, as notable for his wit as his bravery, and often made as good a retort as any attributed to the keenest of his white brethren. On one occasion a braggart captain was boasting what *he* would have done if he had met the warrior in a certain emergency. "I'll tell you," said Brant, "what you would have done—you would have followed the example of another boaster; who, on meeting me face to face, took to his heels, and never stopped till he arrived in Albany, which he chanced to enter during a great conflagration. Hearing the Dutchmen cry 'brannt, brannt!" (fire, fire,) he only ran the faster, exclaiming, "There, that cussed old Indian has got here before me!"

Hon. George R. Barret, of Clearfield, having been solicited by the citizens of Monroe county to become a candidate for President Judge of the 22d Judicial District, has assented to the request. He expresses his intention, if elected, to reside in that district.

SALAMANDER SAFES!

Evans & Watson, No. 26 South Fourth St., Philadelphia.

Great Fire at Chestnut & Fifth Sts., Friday morning, Dec. 15th, 1854—EVANS & WATSON'S SALAMANDER SAFES TRIUMPHANT, as they always are when put to the test:

"PHILADELPHIA, Dec. 15, 1854.
Messrs. Evans & Watson, No. 26 South Fourth St.

Gentlemen—We take much pleasure in recommending your Salamander Safes to Merchants and others in want of a secure means of preserving their books, papers &c. from fire, as the one we purchased from you about seven months since has preserved our books, papers and cash in as good a condition as they were when put into it, before the great fire of this morning, which destroyed the entire block of buildings corner of Chestnut and Fifth streets. The above safe was in use in our office, on the second floor of our building, from which place it fell into the cellar, and remained there until the fire was out. The Safe was then removed and opened in the presence of at least 1000 persons, who witnessed the good condition of its contents. Will you please have the Safe and Locks repaired, as we intend to put it in use again, having perfect confidence in its fire-proof qualities.

Yours, respectfully,
LACEY & PHILLIPS."

Evans & Watson take pleasure in referring to the following, among the many hundreds who have their Safes in use: U. S. Mint, Philada.; Farmers' & Mechanics' Bank, Philada.; Samuel Allen, Esq., High Sheriff, Philada.; John N. Henderson, City Controller; Caleb Cope & Co., No. 183 Market St.,; Richard Norris & Son, Locomotive builders, Philada.; Bancroft & Sellers, Machinists, corner 16th and James Sts.; Franklin Fire Insurance Co., Philada.; Pennsylvania Railroad Co., Philada.; Lacey & Phillips, corner 5th and Minor Sts.; Sharpless & Bro., No. 32 South Second St.; James, Kent & Santee, No. 147 North Third St.; W. HERRING'S

Patent Champion Fire-Proof SAFES, with HALL'S Patent Powder-Proof Locks, which were awarded separate Medals at the World's Fair, London, 1851, and also at the World's Fair, New York, 1853 and 1854. The subscribers are the sole manufacturers and proprietors in this State of the above unequalled Safes and Locks. The reputation of the genuine "Herring's Safe" is world wide, and for the last thirteen years the mercantile community have witnessed and borne testimony to their SEVEN FAILURE fire proof qualities. More than 12,000 of these Safes have been actually sold, and over TWO HUNDRED have passed triumphantly through accidental fires. The public are assured that all Safes manufactured by the subscribers are not only guaranteed to be fully equal, but in many respects even superior to those which have been so severely tried by fire. Few will forget their services in the burning of the "Tribune establishment," New York, and at the Great Fire in Strawberry street, at the large fire last July, opposite the Girard House; and still more recently in the Fire at Fifth and Chesnut Sts., in this city, in which these Safes came forth the acknowledged CHAMPION, when many other securities failed. Helmbold's Genuine Preparations.

HELMBOLD'S Highly Concentrated Compound Fluid Extract of BUCHU, for Diseases of the Bladder and Kidneys, Secret Diseases, Strictures, Weakness, and all diseases of the Sexual Organs, whether in Male or Female, from whatever cause they may have originated and no matter of how long standing.

If you have contracted the terrible disease which, when once seated in the system, will surely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the hands of Quacks, who stand up every day in a way like this: Let the reports with regard to Dr. ——'s success be well calculated to deceive the young and those not acquainted with their tricks. You can not be too careful in the selection of a remedy in these cases.

The Fluid Extract of Buchu has been pronounced by eminent physicians the greatest remedy ever known. It is a diuretic perfectly pleasant in its taste and in its manner in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of the dreadful disease; and, unlike other remedies, it does not stop up the disease in the blood. Constitutional Debility, brought on by self-abuse, a most terrible disease, which has destroyed thousands of the human race to suddenly remove those blasted the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this Infallible Remedy. And as a medicine which must benefit every body, from the simply delicate to the enervated and departing invalid, no equal is to be found, being both as a Cure and Preventive.

Helmbold's Highly Concentrated Compound

Fluid Extract Sarsaparilla,

For purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Pustular Eruptions, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

This article is now presented by some of the most distinguished Chymists in the country, and has proved more efficient in purifying than any preparation of Sarsaparilla yet offered to the public. Several cases of incurable Syphilis, Scrofula and gross diseases of the blood are daily investigated in the strictest confidence of your Physician which had for many years resisted every remedy of the utmost that could be devised. These cases furnish striking examples of the salutary effects of this medicine in arresting some of the most intractable diseases, after the disease was deemed beyond the hand already pall-ered.

NOTICE.—Letters from responsible Physicians of several Medical Colleges, and certificates of cures from patients will be found accompanying both Preparations.

PRICES.—Fluid Extract of Buchu, $1 per bottle, or 6 bottles for $5. Fluid Extract of Sarsaparilla, $1 per bottle, or 6 bottles for $5, equal in strength to one gallon Syrup of Sarsaparilla.

Prepared and Sold by H. T. HELMBOLD, Chemist, 263 Chestnut St., near the Girard House, Philadelphia.

To be had of CHRIST & CALDWELL, Lewisburg, and of Druggists and Dealers everywhere.
