Lewisburg Chronicle.

O. N. WORDEN & J. E. CONNELLY.

DEC. 7, 1855.

The Chronicle Motto.—The Lewisburg Chronicle has the largest bona fide circulation of any Newspaper in Union County.

The American Note and Council, to nominate candidates for President and Vice President, meets at Pittsburgh, Friday, Feb. 22, 1856.

The Pennsylvania Democratic State Convention, to nominate candidates for Canal Commissioner, Surveyor General and Auditor General, meets at Harrisburg, Tuesday, March 4, 1856.

Lewisburg, Center & Spruce Creek R.R.

The rival Railroad routes in Center county have worked the people up to a fever heat, and which will we hope infect the people of Union and Huntingdon, who are almost equally interested. The following specimens of the hopes and feelings of the friends of our route, we take from letters received recently in Lewisburg, and although not designed for publication, we deem them suitable for our readers in this county:

Nov. 29, 1855.

We are about making arrangements to sell a large meeting at Aaronsburg on the 25th December.

As for the Tyrone & Lockhaven Road, many are inclined to think that there is more gas than substance in it. I attended a large meeting at Bellefonte on Tuesday evening, which was quite enthusiastic so far as speechifying and fun-making were concerned, but the absence of *material aid* cast quite a damper on it before the close. Mr. Allison stated that Mr. Fallon had taken $200,000, on condition that a like amount would be raised along the line, within three months of the time of his subscription—more than two months since. They have only half the sum raised now, including 100 shares taken at the last meeting, which was the "Grand Effort." Many who felt very confident before this meeting, are now quite as doubtful.

[The meeting referred to, we have seen noticed for the 7th, 8th inst. 'next week,' 25th, and 28th inst. A large handbill from Aaronsburg says in one place the 7th and in two places the 28th inst. Which of these five is the correct date, we do not know.] Another gentleman writes under date of

DEC. 3, 1855.

I think from the statement which I will give, that it will depend on Union county whether the road is made or not. I here give you the amount of stock taken at the west end of the route:

Spruce Creek	$40,000
Ferguson township	40,000
Harris township	50,000
Potter township	40,000
Gregg township	40,000
Miles, Penns and Haines Tps, say	45,000
In addition to the above we have the assurance of Wm. Lyon of	20,000
	$275,000

I have this day been informed that Mr. Anspach of Philad. has taken $30,000 and has succeeded in raising, with his own subscription, $75,000.

There is a proposition for us to unite with the Lock Haven & Tyrone Road, and they would bring it up Nittany Valley by the way of Center Furnace and thro' Pine Grove, and that road would accommodate all Penns and Brush Valleys, as it would not exceed twelve miles to the furthermost point from any part of the valleys named. But we want the Spruce Creek and Lewisburg Road, to connect with the Catawissa Road and the New York market, which is always better than the Philad. or Balto. markets, and you are aware that in Brush, Penns and Nittany valleys we send over a million dollars' worth of produce annually, and that those valleys are improving and the trade increasing every year."

—We give these extracts with the hope of stirring up the people of Union county to renewed efforts for this desirable Road. The Penns Valley people naturally prefer the Lewisburg outlet; but, if they can not get that, they will doubtless ultimately aid the Lock Haven route, for an outlet they must and should have; and without the help of the strong men of Center, Buffaloe will not have a Railroad. Let the farmers of Hartley, Limestone, West Buffaloe, Buffaloe, Kelly, and East Buffaloe, as well as the men of means in Lewisburg, Mifflinburg, and Hartleton, think of this before it shall be too late.

We understand that Col. PAXTON still entertains the opinion that the raising of $500,000 along the line, would ensure the balance from capitalists necessary to make and equip the Road. From the above, it would seem there have been raised in Center and Huntingdon counties, $275,000
Add Lewisburg borough, 20,000
Hartley township 11,000

and we have $306,000
beside the reported subscription of 75,000 in Philadelphia by those personally interested along the line. The amount needed is *more than three-fifths secured*, and a systematic, day-after-day, unflinching canvas on and near the line, we believe would realize the remainder in one month.

The pecuniary and other advantages of a Railroad through Buffaloe and Penns Valleys, we deem it unnecessary to touch upon. What is needed, is, ACTION, to make available the sufficient means, before the prize is for ever wrested from us!

News Items from Other Counties.

SNYDER.—We learn by the *Volksfreund* that the Location Committee at Middleb'g have secured two lots for the Public Buildings, one from widow Kremer between her dwelling and Judge Wittenmoyer's, and the other of Jacob Aurand between his dwelling and James Barbin's. Price not stated, but the people well satisfied. .....Charles Merrill Esq. Herbster of Beaver township publishes a notice according to law that the Court of Common Pleas of Union county have on his petition and said publication changed his name to Wm. Markley.

The fire originated in a defective pipe or flue over the store-room, and spread with such rapidity as to render all efforts to extinguish it fruitless. Most of the goods in the store-room were saved. There was an insurance of $5,000 on the property, which, it is thought, will cover the loss. The firm were engaged in lumbering.

LYCOMING.—The Grand Jury recommend the erection of a new County Prison, on the plan of that at York, at an estimated expense of $13,000.....Thomas M'Graw was found guilty of having violated the Jug Law, and sentenced to 15 days' imprisonment, $25 fine, and costs.....A German Dramatic Association of Lock Haven made a miserable show at Williamsport.....A house in Williamsport, occupied by three families, was burned down, Tuesday week. Vliet offers for sale an interest in the "Mining Register" (Democratic).

NORTHUMBERLAND.—The Sunbury Gazette has brought its list of subscribers in Northumberland borough up to 100—a nice little pack.....The *Miltonian* editor is still abusing Lewisburg and the Chronicle, as though he really believed somebody believes his assertions against them. Propel, neighbor: you hurt nobody down this way, and *repeating* a story don't *prove* it. .....A Literary Society was to be organized in Sunbury on Tuesday last.....Terrapins are "being caught" in the Susquehanna, and served up in Sunbury.....S. S. Bird is appointed Post Master at Shamokin, vice Joseph Zeens, declined..... On Saturday week, about 9 o'clock, the citizens of Sunbury were summoned to a fire on the property of Jno. Haas, near the Philadelphia & Sunbury Railroad, about a mile from town. The sparks from a coal train had set on fire a stack of oats, which was entirely consumed. There was a stack of wheat between the burning stack and the barn close by, all of which were in imminent danger. The "Good Intent" and "Washington" companies were promptly on the ground, and did good service in protecting the barn and grain stacked around it. Grain should never be stacked so near a railroad. There is always great risk.

COLUMBIA.—Mr. Dettrick, a candidate of the Northumberland Presbytery, for the Ministry, died recently of consumption in Chester county; and Rev. Charles F. Fetter, Esq., deceased. .....The Lancaster Whig says that women claiming the highest respectability are in the habit of stealing all kinds of marketable produce, from farmers and others who attend market in that city.

MIFFLINBURG.—The *Star* proposes to have a four days' Musical Convention, somewhere in this county: we second the motion.—The Methodists expect to erect a house of worship next summer, and the German Reformed and Lutheran congregations are exhorted to follow suit.—The opening of Market Street, at the expense of the County, is urged, and it is stated that Messrs. J. & J. Young contemplate laying out town lots, south of the 'Pike, at the west end of the Borough.—The *Star* thinks Selinsgrove may dispute the palm of rivalry with Lewisburg, in a few years. Happy to hear a good word for Selinsgrove from that quarter. Lewisburg will try to jog along as fast as its neighbors.—The *Star* says the Railroad Mass Meeting at Aaronsburg is on Friday the **28th** inst. and urges a general turn-out to it. Right!

35th Congress....1st Session.

Both Houses of Congress met at Washington on Monday.

The Senate swore in new members, and elected Mr. Dean, Chaplain. Mr. Hale submitted a call (which lies over) upon the President for information in regard to the disturbances in Kansas.

HOUSE.—On the call of the Clerk, 225 Members answered to their names, and proceeded to vote for a Speaker with the following result:

Richardson of Ill., Administration	74
Goode of Tenn.	1
Campbell of Ohio, Opposition	53
H. Marshall of Ky.	30
Banks of Mass.	21
Fuller of Penn.	17
Pennington of N. J.	7
Scattering	22

Several additional ballots on Monday and Tuesday, varied but a little from the above.

The Opposition were unable to effect a union, on account of the Slavery issue—while the Democrats, North and South, united in caucus upon a platform denunciatory of Republicanism, Know Nothingism, and Fusionism, and congratulating each other on the principles and the workings of the Kansas-Nebraska Bill. Mr. Forney was *not* re-nominated for Clerk.

A despatch from Washington says:

"The Democrats are determined to settle the question of the next Presidency before the Message of President Pierce is read in Congress. The Democrats and the Southern Know Nothings have the power."

That is, Slavery and Democracy are determined that they must be secure of the next President or the wheels of government should be stopped!

Wednesday.—The 15th vote for Speaker stood:

Campbell	80
Richardson	74
Fuller	19
Banks	8
Pennington	7
Marshall	6
Scattering	24

Individual Management,
Versus National Mismanagement.

John Bull has always prided himself upon his superiority. To use the words of Sam Slick, an Englishman thinks "that when nature formed him she broke the mould; there never was, never can, and never will be another like him."

No country has more reason to be proud of her men of business and enterprising merchants that Great Britain; at the same time no nation has greater need to lament the utter incompetency of her officials, and to deplore the want of energy which seems to pervade every class of the Queen's servants. Officials without offices; offices without officials.

Let us now take the case of an individual who has earned for himself a world-wide fame—we refer to Professor Holloway. Having discovered an efficacious remedy for nearly "every ill that flesh is heir to," he has by his own exertions gradually, but surely, disseminated his remedies through every part of the known world. Commencing with London as his central point, he has by dint of perseverance, tact and energy (the sure signs of a master-mind), made known his pills and ointment to the very extremes of the compass. Whether you travel north, east, west, or south, you cannot pick up a newspaper that does not record the successes achieved by this wonderful and indefatigable man. There is no instance on record of any public man having ever approached to such a world-wide celebrity as has Professor Holloway. We speak not of his medicines at present, although we have indubitable reasons for believing that they have been proved by thousands to be invaluable; but of the enterprise and skill in the system of advertising pursued by Professor Holloway, who has thus by a perfect knowledge of business, and an enlarged view, succeeded where thousands have failed, either from want of judgment or circumscribed means. Take again the Professor's extensive reading-rooms at his establishment in London, why there is not one in the world to be compared to it! With the utmost regularity and care, every foreign paper that issues from the press is carefully filed; and so complete is the system that the visitor, from amongst this multitudinous mass of literature, can be immediately accommodated with any foreign newspaper he may require, and this, too, gratuitously. These reading-rooms are daily visited by statesmen, merchants, and capitalists, who can thus acquaint themselves on any matter they may require. So much for individual management.

What a contrast does this present to the plodding routine adopted by the British government! What a slur to the country which produces such men of enterprise, that its affairs of state should be so slovenly performed. Our readers cannot fail to perceive that the foregoing lines do indeed reveal a startling instance of "Individual Management *versus* National *Mis*-management."—*Phil. Reporter.*

A Marvelous Remedy!

For a Marvelous Age!

HOLLOWAY'S OINTMENT.

The Grand External Remedy.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this ointment, when rubbed on the skin, is carried to any organ or internal part. Diseases of the Kidneys, diseases of the liver, affections of the heart, Inflammation of the lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through linen or meat of any thickness. This healing ointment as far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that can not be reached by other means.

Erysipelas, Salt Rheum & Scorbutic Humors.

No remedy has ever done so much for the cure of diseases of the skin, whatever form they may assume, as this ointment. No case of Salt Rheum, Scurvy, Scrofula, Bone Heads, or Erysipelas, can long withstand its influence. The inventor has traveled over many parts of the globe, visiting the principal hospitals, dispensing this ointment, giving advice as to its application, and has thereby been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Queen, dispatched a case to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions	Fits	Sore Legs
Burns	Gout	Sores of all kinds
Chapped Hands	Lumbago	Sprains
Chilblains	Piles	Stiff Joints
Fistulas	Sore Breasts	Swelled Glands
Gout	Sore Heads	Ulcers
Lumbago	Stiff Joints	Venereal Sores
Mercurial Eruptions	Sore Throats	Wounds, all kinds

☞ Sold at the Manufactories of Professor Holloway, 80 Maiden Lane, New York, and 244 Strand, London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world, in Pots, at 25 cents, 62½ cents, and $1 each.

☞ There is a considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.
