A Railroad through the longest way of the county, and its most populous portion. would not only serve Court purposes admirably, but answer also all the business wants of its two largest towns, (Lewisburg and Mifflinburg.) and be quite near the next two largest towns (New Berlin and Hartleton.) Those towns and townships, at the greatest distance from the rivers at the two ends of the projected Lewisburg, Centre & Spruce Creek Railroad, of course are most in need of that connection. In the middle of the line (Centre county,) they have far more interest than at either end.(Huntingdon or Union counties.) And at the extreme point in our county, they feel more deeply their want than at the junction itself.

We say this, not to excuse any lukewarmness or want of liberality anywhere, but to point out the obvious duty of those, who are most interested, making the greatest efforts and the heaviest investments in they represent want the Missouri outrage should take more stock in it, than Buffaloe township with a higher valuation .-valuation, would be more benefitted by the Road than East Buffaloe and Kelly. Mifflinburg is at present much more in need

of the Road than Lewisburg, and-especially after having escaped the Court House tax-should take more slock in proportion to her ability.

Hartley, Limestone, Millinburg, and West Buffaloe, have the means, and manifestly should take the lead in this work ; Buffaloe, Lewisburg, and East Buffaloo should follow close in their track; but all parts of the county are more or less interested-Dry Valley and Mussers Valley are interested-and should lend a hand in this member that the prosperity of one portion of the county, benefits all portions at last f A railway all along our eastern border, and

Who is Responsible?

No one can doubt but the following members of the House of Representatives were elected to Congress by the people as men supposed to be in favor of restoring freedom to Kunsas and Nebraska.
