The morn of mortal life; And dasky hours to me have come; Life's landscape now looks dread and dumb, And quenched the light, and sceased the hum, I now look backward on the path

Whereon I've walked 'mid wrong and wrath; I look, and see how much it hath Of bitterness to tell. But life's hard lesson must be learned-By goading care is wisdom earned; upward let thy eye be turned,

On roll the years, the swift, still years, And as they pass, how feeling sears! How drieth up the fount of tears! Emotion's fires grow dim; This pulse of life not long can last, And as the years go hurrying past, The blooms of life are earthward cast,

And all earth's scenes are well!

And withered heart and limb. The years, the years sublimely toll, Unfurling, like a lettered scroll! Look on, and garner in thy soul The treasures of their lore. It is God's writing there we see; O, read with deep intensity! Its truth shall with thy spirit be When years shall roll no more.

ROADS.

A SUBJECT OF GROWING IMPORTANCE. Of all things that all mankind are incommon country roads take the lead.

The condition of the largest proportion of them would be far more appropriate to the more appropriately look for such a state of internal improvements in the interior of Africa than in a civilized country like the United States.

Among the people in this country, only the builders of railroads seem to underetand what are the requisites of a good road. A good wagon road is level, smooth and hard. To make a road straight in a hilly country is folly. It is just as far over a hill as it is around it. During a few weeks in the Summers when the growing crops and the harvests demand the time and attention of every man that can be spared from other employments, locomotion is possible, and in some cases easy, upon our country roads; but when produce is ready for market, or leisure invites us to journey, "the way is hedged up." An "embargo" is laid on all internal commerce.

Upon the best of our common country oads an average load for two horses is indeed on the whole system, and brings it into a healthy and vigorous condition. Now when roads an average load for two horses is forty bushels of wheat. What if they were improved, as they might well be, so of health, it is impossible for Ague to occur. that the same team would haul with the which generally attacks the feeble, or the same case one hundred bushels? Could cause. This can generally be done by our Restorative, and almost every case completely Tennesseean, tell how many millions of a man may not take it again, but we mean cudollars that would annually save to the red and brought into the same healthy condiwheat-growers-since all that is grown is and much the largest portion of it at much less than forty bushels to the load? a day, price of quart bottle \$1.

It has been repeatedly proved that one horse can draw more on a smooth level read than fifty horses can draw on our common roads.

We know of roads much used that are nearly level nine tenths of the way, while the other tenth may be a hill that could pense then the cost of bauling over it one Country, that they have now finished the reyear; or a piece of swampy land that intervents renders the other ten miles of ever brought to their store room, comprising to the traveler.

The consequence is, that because the wagener can not haul a full lead over the and all Goods desired for HOUSEKEEPERS hill or swamp, he goes only one quarter and FARMERS. loaded over the whole length of the route.

This is not the loss of only a single and (for the quality) as cheap as they can reateam, or even a single year to all. It is a West Branch. loss to generation after generation, century after century.

There are many, many ten-mile spaces passed over near cities, at an average loss of one hundred dollars a day-\$35,000 a year. In leveling hills, there is one satisfaction-they never rise again-once done they are done for ever.

But we never shall have any better roads while the present system of roadworking prevails, of which it is impossible to think of anything more perfectly ri- &c., and warranted true. We annex a list of diculous, more futile, more uneconomical.

There is not a road district in America that owns a proper set of tools for road. Rooms at the old stand over Dr. Thornton & making; and if there were it could not employ them to any advantage, because the path-master, or overseer and director of the work, is often elected to that office because he will not be exacting upon evcry man to pay his quota of work as a road-tax. The time spent on the road is generally valuable to the farmer, for it is usually called for in the Spring, but it is not on average worth five cents a day to LEWISBURG BANK," with One Hundred the road. It is one of the most vital ques- Thousand Dollars additional capital, and tions before the American farmers whether they shall continue the present system of making and repairing roads, and use bad ones for another century.

It is time that our road laws in all the States were changed and the roads improvcd. The system that is bad and keeps bad is a disgrace to the intelligence of the A themselves under the Firm of ZELLERS & STERNER, in the BUTCHERING Business, age. The whole system of road-taxing and read-working needs reforming.

It is a duty that should be performed by Congress, to appoint a commission to gather facts upon road making all over this country, which would show the vast number of millions of dollars lost and wasted in making and using bad roads. This might awaken people to the truth that the road-tax is the most burthensome tax ever paid in any country.

Let every State Legislature take this subject in hand this Winter, and if nothing more, take steps to elicit facts in re. gard to our common country roads.- N.

Helmbold's Genuine Preparations. LI ELMBOLD'S Highly Concentrated BUCHU, for Diseases of the Bladder and Kidneys, Secret Diseases, Strictures, Weakness, and all diseases of the Sexual Organs, ness, and all diseases of the Sexual Organs, Lewisburg, Sept. 19, 1853 whether in Male or Female, from whatever cause they may have originated and no matter

of how long standing.

It you have contracted the terrible disease which, when have contracted the terrible disease which, when have contracted the terrible disease which, when have to be a standing to the contract of the contract of the contract of the contract of the hands of quarks, who start up every day in a city like this, and fail the papers with glaring falsehoods too well calculated to decrete the roung and those not acquainted with their tricks. You can not be too careful in the selection of a remedy in these cases.

not be too careful in the selection of a remedy in these cases.

The Fluid Extract of Buchu has been pronounced by eminent physicians the Greatest Remedy ever known. It is a medicine perfectly phosont in its taste and very inscent in its action, and yet so thorough that it annihilates every particle of the rank and posonous virus of this dreadful disease; and, unlike other remedies, it does not dry up the disease in the blood. Constitutional Debillty, brought on by self-abuse, a most terrible disease, which has brought thourands of the human race to untimely graves, thus biasting the brilliant horse of parents, and blighting in the bud the glorious

Helmbold's Highly Concentrated Compound

Fluid Extract Sarsaparilla, or purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an im-pure state of the Blood, and the only reliable and of pure state of the Brood, and the only release an ef-fectual known remedy for the cure of Scrafula, Sait Rheum, Scaid Head, Ubertalions of the Throat and Legs, Fains and Szellings of the Bones, Tetter, Pun-pleson the Face, and all Scaly Eruptions of the Sain. ples on the Face, and all Scaly kruphous of the Sain. This article is now prescribed by some of the most distinguished Physicians in the country, and has proved more efficient in gractice than any pre-paration of Sarcaparilla yet offered to the public. Several cases of secondary Syphilis, Mercurial and Serofalous diseases have entirely recovered in the incurable wards of our Public Institutions which had for many years resisted every mode of resament that could be devised. These cases furnish striking examples of the saintary effects of this medicine in arresting some of the most involvent diseases, sfore the glands were destroyed and the bones aircady affected.

Take Notice.

DR. KELLING, of Mechanicsburg, Pa., announces to all afflicted with Tumors, Wens, Cancer, Cancer Warts, Polypus, Lupus, Moles or Marks, Scrofula or King's Evil. White Swelling, Fever Sores, Sore Legs, and all diseases that have been usually treated with Caustic or Enife, that he can remove them by an entifery new method, without cut-ting, burning or pain. It is no matter in what part of the body, he can remove them with perfect safety and in a remarkably short time, curable. No Mineral or Vegetable Poison is applied, and no money required, except for ine, antil a cure is perfected. Chronic and all other diseases not mentioned above, especially Venereal afflictions treated with positive success, if curable. Full particulars can be obtained by addressing C. L KELLING, M.D., Mechanicsburg, Cumberland Co., Pa. At the request of persons afflicted, residing at a distance, he has for years been in the habit of prescribing by letter, and with GENERAL SATISFACTION.

He would say however to those desiring advice in this way, that to secure attention they should enclose, with the general symptoms of their cases, a fee of One Dollar, to warrant him in spending his time for their benefit.

The Doctor may be consulted at his Office at

all times when not professionally absent. CAUTION.—Strangers coming to Mechanics-burg to see the Dr. are cautioned to beware of unprincipled persons, as some have been deceived. Dr. K. is the only one in this State who can perform cures by the new method. His office is directly opposite the Union Church. Mechanicsburg is 8 miles from Harrisburg, on the Cumberland V. R. R., and accessible from all parts of the Union. The Dr. will visit cases within a reasonable distance when de-[July 27-563y1

Lightning Rods. FTER many years' close investigation and A numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calemities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain-this is

found in ARMITAGE'S Patent Magnetic Lightning Robs,

and in this alone. This Rod has been examined by the most scientific gentlemen in the world— Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection Lives and Property. One advantage is to divide and throwback a part of the electric fluid harmless to the clouds ; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of

manufacturing is in Vine St. 3 doors above 12th, Philadelphia, where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THO'S ARMITAGE.
Orders promptly attended to. Terms cash.

These rods have been purchased and success fully used by the following individuals, companies nd corporations, whose names are cheerfully ubmitted:

ubmitted:

In and near Philadelphia.—A. & S. Roberts, George Santringer, Judge Bouvier, Judge Conrad, J. Mulford, John Homes, C. C. Chanley, J. Renner, G. Oakley, Conrad, Ingersol, the Blockley Almshouse, Anderson & Brothers, Rev. J. L. Grant, John Notman, Thus, Grover, Bate & Hoons, A. R. Ginkers, H. Summons, Thes. Nort & Co., Mr. Deweing, J. F. RECOMMENDATIONS.

I have this day carefully inspected a ronductor of Thomas Armitige, on Believae House, Gioucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet I have ever seen, but that it of the common comminged that is constructed on strictly scientific principles. It is with much pleasure that I recommend his constructor to the attention of owners of buildings.

II. MOUNTAIR.

In am well satisfied that the Magnetic Lightning Rod manufactured by Mr. Themas Armitage, of Philadelphia to the SELINSGROVE BANK," to be located in the Borough of Selinggrove, Snyder county, (lately part of Union) with general powers of discount and deposit, with a capital of one hundred thousand deliars, and power to increase the same to two hundred.

Jy 6, 55] CITIZENS OF SELINSGROVE.

CABINET WARE.

I am well satisfied that the Magnetic Lightning Rod manufactured by Mr. Themas Armitage, of Philadelphia is the best that has ever been made. I have spent several years and have no hesitation in saying that these Rods are onstructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top laws of attraction and repulsion, for a building to be be indeed to be a summand the principle on which they are constructed, and felt convinced that their adoption ture of these rods I examined the principle on which the are constructed, and felt convinced that their adoptive until the state of the

EF S.C. WILT and SAMUEL HOOVER. Hartleton, Union Co. Pa. and will furnish the Rods on the same terms and in the same manner as the Proprietor.

NEW LIVERY EXCHANGE STABLE.

The subscriber would respectfully inform th citizens of Lewisborg and the traveling commun ity generally, that he has opened a new Livery and Exchange Stable on FOURTH street half a square South of Market, and has provided a good lot of Horses, with entirely new good and fash-ionableCarriages, Buggies, Sleighs, & c. where all wishing anything in his line may be accommedated on the shortest notice and most rease terms. He will pay every attention to the wants of his customers, and hopes by so doing to merit and receive a liberal share of public patternage. WILLIAM MOORE. Lewisburg Dec 30, 1851

The University

N this place will open its 17th Semi-Annual Session on the 4th of OCT. next. The Faculty is full and experienced, the number of Students so large as to secure emulation and mutual benefit, and of such an age as to render any pranks or violations of decorum unpopular and distasteful. The number last on was 133.

As the whole of the classes commence new studies next term, it is eminently the best time for new students to enter. In the College and Academy together, not less than twenty-ave recitations occur daily, giving young men who contemplate but a brief stay in the Institution an extensive choice of subjects and enabling them to pursue branches suitable to their pro vious attainments.

The Female Institute opens at the under the three Ladies who bave had the oharge.
