This remedy has won for liself such notatiety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the cri-dences of its virtues in any community where it has been employed. So wide is the field of its use-fulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the large by its use. When once the dis superiority over every other medicine of its kind is too appar-ent to escape education, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dingerous affec-tions of the public means y equals which are incident to our elimate.
