UNION OF FREEMEN for the Sake of the Union. Anti- National Administration State Convention.

The citizens of Union county favorable to the call for the above Convention, are invited to meet in AMMONS' HALL, opposite the Franklin House, Lewisburg, at 1 P. M. of Wednesday, 19th March, 1856, to select a Delegate to said Convention.

A LESSON : will it be heeded ?-For two years past, the opponents of Peirceocracy and Nebraskaism, in New Hampchire, united, and by so doing gained the State Government, two U.S. Senators, and all the Congressmen. This year, a Whig candidate was got up to draw off votes, and with the weight of Fillmore's nomination upon them in addition, at the State Election on Tuesday, the Nebraska party gained some thousands of voter, if they have not carried the State. Last year the Apti-Nebraska majority was 5,700.

Mr. Kunkel, of Pa., advocated the resolution to send for persons and papers. During his remarks, he said, notwithstanding the intimidations, emigrants from Pennsylvania will continue to go thither, and if the time should come when an invading force from Missouri shall interfere with their rights, it would be found that they will maintain their rights even to the death.

Mr. Oliver, on behalf of the people of that State, said that if emigrants from the belonging to his father, at length she sprang to her feet, terror depicted upon every line of her countenance, her hands extended and east go to Kansas for the purpose of controlling the elections, in open defiance of the principles of the Kansas-Nebraska bill, and prejudicing the institutions of slavery in Missouri, strife, contention and perhaps bloodshed will result. The people of Mis-souri are conscious of their rights, and have perve enough to maintain them.

Mr. Kunkel said, in Pennsylvania we form no Emigrant Aid Societies. The people go to Kansas of their own accord, and have the right to go.

Mr. Oliver : Was not a society of that kind formed here by members of Congress before the Kansas bill passed ? Mr. Kunkel : I am not here to say whether such societies were formed in Massa-

chusetts or elsewhere. Mr. Oliver : Does not the gentleman know that Massachusetts chartered a company for controlling the institutions of Kansas, with a capital of \$5,000,000. Mr. Kunkel : I know nothing about it. Settlers are there, now, and others are on their way, notwithstanding the violence in Kansas. Freemen are not easily frightened, and he could tell the gentleman that no men on earth will more firmly maintain their rights than Pennsylvanians, and sell their lives more dearly. He (Mr. Oliver) must not involve them in illegal acis.

Mr. Oliver explained, saying that whenever it is seen that the elections and institutions of Kansas are controlled by bons fide settlers, he, and every man in the South, was willing to abide by the will of the majority, though it may be against the institution of slavery.
