Vice President—ANDREW J. DONELSON, of Tennessee

Pennsylvania Democratic Ticket.

Resolved, That in the repeal of the act known as the Missouri compromise act, and the passage of the act to organize the Territories of Kansas and Nebraska, are found unconstitutional restrictions, the last Congress PERFORMED A WORK OF PATRIOTIC SACRIFICE in meeting the demands of sectional excitement by unshaken adherence to the fundamental law.

Resolved, That we fully endorse the administration of President Pierce as NATIONAL, FAITHFUL AND EFFICIENT—fully equal to all the important emergencies which the country has had to encounter, and that he has worthily maintained her interests and honor at home and abroad.

Canal Commissioner—GEORGE SCOTT, of Columbia Co.
Auditor General—JAMES PORTER, Jr., of Montgomery Co.
Surveyor General—THOMAS IRWIN, of Potter Co.

First Gun in '56!

DOWNFALL OF PIERCE.—The Election in New Hampshire, is the death-knell of the hopes of the President for a re-nomination. Senators and Members of Congress left their seats, and money was spent profusely, to make the first State Election in 1856 result in favor of Nebraskaism. Fortunately, they tho't, it was in the old Granite stronghold of Democracy, and that, too, the home of the President. But even State pride failed. A few thousand votes were thrown away on an impracticable Whig, which prevented a choice of Governor. But the Assembly, Senate, and Council are American Republican, and will re-elect Meredith. Of Senators there were but two parties.

	VOTES.	MAJORITY.
American Republicans had	33,205	—1,562
Pierce Democrats	31,643	
Total vote	64,848	
In 1852, Pierce had	29,997	—13,850
Scott	16,147	
Hale	6,695	
Total vote	53,839	

Thus showing a total increase of 11,009 votes in four years, and a change from 13,850 majority to 1,562 minority. Good-night, Frank!

[Special Despatch to the Public Ledger.]

Decision in Regard to Taxes on Bank Dividends.

HARRISBURG, March 17.—The case of the Commonwealth vs. the Southwark Bank, was decided to-day in favor of the Commonwealth, in Dauphin County Court. Under this decision all banks incorporated prior to 1850, will pay tax on dividends, under act of 15th March, 1849, instead of that of 16th March, as claimed by some banks. ALPHA.

☞ The above is the case referred to by the *Harrisburg Telegraph*, some months since, and noticed in the *Chronicle* of the 11th January last. It will be remembered that the Auditor General allowed the construction of the Banks, and if the State Treasurer had consented, ONE HUNDRED AND EIGHTY THOUSAND DOLLARS would have been lost to the State Treasury. Col. SHIFER, however, refused to concur, and the case went to Court, which, (under Judge Pearson) decided in favor of the Commonwealth—thereby confirming, on a law point, a boat-builder, and against Auditor General BANKS, a Lawyer! Thus, Col. Shifer's firmness and superior judgment have saved the State, in a single item, $180,000!! But for himself, individually, that sum would have remained in the Banks, and been kept out of our Treasury!

There are other cases of Col. SHIFER'S superior management of the finances, which, with his integrity, and the popularity he has won during six years' sojourn at Harrisburg, have given him much personal strength throughout the State, and render it not improbable that the nomination of Auditor General will be tendered to him by the coming Convention. We are aware that he has repeatedly declined the use of his name, believing that his family, his business, and his health require him to be more at home; but his acquiescence has been insisted upon by many. Well will it be for the tax-payers of our Commonwealth, if so faithful a sentinel be placed at the outer door of their Treasury!

Mad at the Outset.

A Ratification Fillmore meeting was held in Philadelphia, 12th inst., at which it was resolved to make the approaching election for Mayor, &c., a test of their strength. Some very foolish speeches were made, H. M. Fuller leading off. Jacob Broom, M. C., said:

"The anti-Nebraska men, he was told, are going to leave the American party. *He thanked God for it.*"

A Mr. Baker (half-baked, probably) said:

"He thought that if Senator Seward was hung up as high as Haaman, he would only get what he deserves, and the deed would extort from the Goddess of Liberty but a smile."

With such leaders, it is no wonder that out of a few Slavery-infected districts the nomination of Fillmore is received coldly by all intelligent and thoughtful Freemen.

☞ THE NEW YORK TRIBUNE, since its prominent antagonism to the Nebraska iniquity, has attained a circulation doubtless beyond any mere Newspaper in the world. It now issues 372,000 copies per week—as follows:

Daily, 30,000—total	180,000
Semi-Weekly, 16,000—total	32,000

UNION OF FREEMEN for the Sake of the Union.

Anti-National Administration State Convention.

Pursuant to notice, a meeting of citizens of Union county was held, at which the various opposition parties were represented. J. P. ROSS was chosen Chairman, and S. F. LYNDALL, Secretary, when on motion it was unanimously

Resolved that we recommend as a Delegate to the proposed Union State Convention at Harrisburg, O. N. WORDEN, with power to appoint a substitute.

Resolved that in appointing a Delegate without opportunity of previous consultation with other parts of this district, it is with the understanding that he have discretion so to arrange with any others who may be appointed, as to secure the most effectual representation of this Senatorial and Representative district in the State Convention.

MR. KUNKEL'S SPEECH on the Kansas question, receives the highest encomiums from all quarters. A citizen of Union county visited Washington the day after the delivering of the speech, and writes to us: "Everybody appeared to be talking about KUNKLE'S great speech, made on Monday. I was proud to be able to say that he was our Representative. I talked with some good judges of what a speech should be, and all appeared to think Kunkle's the best speech of the session. I heard STEVENS of Georgia attempt to reply, but he could not measure up to JOHN, yet he made as good a speech as could possibly be made on that side of the question. He is really an able and an eloquent man, though of a very singular personal appearance. If you could imagine how a man would look who had died of some lingering disease that had wasted away all his flesh, and after death been embalmed, and then dried for ages until his skin became a dried parchment, you would have some idea of his ghostly, death-like aspect. Yet his speaking charms you, and as he warms up with his subject, his voice, at first so unearthlike, becomes musical, clear, and sharp as the peal of a silver bell."

Pennsylvania Legislature.

March 10.—Mr. Sellers read in place a supplement to the act incorporating the Lewisburg, Centre & Spruce Creek Railroad company.

Mr. Strouse presented a remonstrance from citizens of Union and Lycoming counties against the location of a State road in said counties.

March 11.—Mr. Phelps read in place an act to incorporate the borough of Milton.

Mr. Zimmerman read in place an act to incorporate the Chillisquaque Boom Company. Also an act granting to certain persons the exclusive rights of landing seines and nets on a certain part of the beach of the Susquehanna river.

March 12.—Mr. Sellers read in place a bill relative to public roads in Union county.

March 13.—Mr. Strouse reported as committed an act to provide for the completion of the Sugar Valley and White Deer turnpike road.

Mr. Salisbury reported as committed an act to change the place of holding the general and township elections in West Buffaloe Tp. Union Co.

HOUSE.—Mr. Irwin, from the Committee on Banks, made a written report again t chartering any new Banks or Savings Institutions, or re-chartering old Banks which did not keep their notes at par in Philadelphia, and in favor of re-chartering all the well regulated old banks, but restricting their circulation to notes of ten dollars, as the lowest denomination.

The Committees of Conference on the Liquor Bill have been increased by the addition of two to each, but had not perfected their labor at last accounts.

The Appropriation Bill was progressing through the House. The Liquor League men added a large sum to Common Schools, to be taken from the anticipated increased revenue from the new Liquor Law.

☞ A DREADFUL ACCIDENT occured on the Delaware river, between Philadelphia and Camden, about 9 o'clock on Saturday evening last. The ferry boat New Jersey attempted to reach the Camden side, but was delayed by ice, when suddenly a fire broke out on board, and she was turned for Arch St. on the Philad. shore. When within a few feet of the wharf, she became unmanageable, and drifted off from shore, when some passengers threw themselves into the river to avoid the flames, and were drowned, while others escaped in various ways. There was supposed to be over 100 souls on board, of whom near one half were rescued, and there have been 19 bodies recovered, leaving about 40 now missing. Such a number burning and drowning within a few feet of the shore of a populous city, was indeed heart-rending.

The Right Way.

We have before us the Montrose *Republican*, containing the Statement of Receipts and Expenditures of Susquehanna county for 1855. We see by it that *not one dollar is due from Collectors*, even for 1855, on State or County Taxes. The amount received was $15,508 87, and the *Exonerations* only $266 33. Here is a lesson for other counties. Susquehanna is not a rich county, but she has a *system* of compelling every collector to settle within the year; and the result is, no claims outstanding, and the per centage of losses by this prompt settlement only 1¼ per cent. Money and trouble and anxiety would be saved if all counties would copy their example.

Mayor Conrad, of Philad., has declined being a candidate for re-election.

News, via California.

A shock of an earthquake occurred at San Francisco on the 15th ult., and caused some slight damage. It was felt throughout the State.

The appointment of Mr. McDuffie as U. S. Marshal of the Northern District, has caused much indignation. He is charged with being a professional gambler, and strong petitions have been signed for his removal. It is supposed that Pres. Pierce has been imposed upon, or made the appointment by accident.

The Indians are still committing outrages in Oregon and Washington territories. Numerous volunteer companies are mustering to act against the marauders.

The question in relation to a State Government for Oregon is to go to the people by a special election, to be held in April.

CENTRAL AMERICA.—Gen. Walker has seized all the boats belonging the Transit Company, and after annulling the charter, has granted a new charter to another Company. It is said that Costa Rica has not received Col. Schlessinger, and there is strong opposition there to the foreign party in Nicaragua. Col. Kinney has published a letter in substantiation of his claim in Central America.

FROM JAPAN.—The Schooner Page, arrived at San Francisco from Japan, has most distressing intelligence. It reports that the city of Jeddo was destroyed by an earthquake on the 11th of November. It is estimated One Hundred Thousand houses were demolished, burying about *Thirty Thousand* inhabitants beneath their ruins.

Affairs in Kansas.

WASHINGTON, March 17.—A gentleman just arrived from Kansas, reports that Gov. Shannon occupied twelve days in reaching the border of the territory from St. Louis. In consequence of the obstruction of navigation by ice, he was three full days detained on the river bank.

The Free State Legislature had assembled before Gov. Shannon reached the place of meeting.

The gentlemen above alluded to has no doubt, judging from information obtained there, that before now the officers of the new government have been arrested by the Federal authorities.

ST. LOUIS, March 18.—The Democrat has a letter from Topeka, dated the 8th, stating that the Legislature, of Kansas, had elected Gov. Reeder U. S. Senator on the first ballot, and Mr. Lane on the second. Each received 38 votes. Fifty-six members were present.

☞ Francis P. Blair, whose renunciation of the Democratic-Slavery party is an important event in political progress, was a great favorite of Gen. Jackson. On a certain question being broached to the old General, when he was President, he exclaimed:

"What does Frank Blair think? for I'd give more for his opinion than the whole cabinet's, with the Supreme Court thrown in!"

JOB PRINTING!

We have recently added a number of varieties of **JOB TYPE** to our former large assortment, making

OVER 60 STYLES

of type, large and small, with a good variety of borders, and most respectfully solicit a trial of them by those wanting anything in the way of

HANDBILLS,

Tickets, Blanks, Labels,

CARDS, Circulars, Bills, &c. The use of these by merchants and business men generally, is more common in most communities than in ours. A larger range of operations may be gained by a constant "keeping before the people" of the TRADE, OCCUPATION or PROFESSION of any man: and a nearer approximation to a Cash business may be made with patronage attracted by this means.

We think we have the materials and the experience—the taste and the tact—to execute all kinds of Jobbing expected from a Country Office, in a style not excelled—on reasonable terms—and in prompt time. CALL AT THE "Chronicle" Office.
