A Protestant Pope!

Mr. Bartlett, of Kentucky, is a slavehelder, and is President of the National Council of the American Party. He preto de also to be a Protestant, and to bate most heartify the papal powers assumed and exercised by the Universal Bishop of Rome. But, in his zeal to defend Slavery. he is abusing his office in as Papal-like a form as ever did a crowned Pope in his seven-hilled City.

It is well known that the State of Ohio -the giant of the West, first-born of the Congressional Proviso Ordinance abolishing and prohibiting Slavery-is irreconcilably opposed to Slavery, and to Slavery Extension. All parties there take that ground, and her 21 Congressmen are a unit on that platform. The American State Buchanan's Bid for Southern Votes. Council has for two years echoed the popular will on that question. What is to be done? Several Fillmore exchanges have animadverted with more or less severity upon our classifying Fillmore and Donelson as the "Pro-Slavery American Ticket." That Fillmore and Donelson were nominated, and are sustained by the Pro-Slavery portion of the Order, is matter of history, and obvious to the most casual observer. Noncommittalism on the great political question of the day, is simple impossible. Every public man must favor or oppose Slavery extention. Hence, we know no more proper or discriminating designation to apply to the favorites of Slave-holding Americans, than we have.
