

The Lewisburg Chronicle, AS ESTABLISHED JANUARY 1854, PUBLISHED BY J. M. YODER, AT THE LEWISBURG PRINTING OFFICE, CORNER OF THE MARKET AND MAIN STREETS, LEWISBURG, PA.

News Items from Other Counties. MONTGOMERY.—A poor man named Barlo had a cow killed by being run over by the cars, while on the track, Danville. On Wednesday evening week, the lightning struck three places in town, and killed two horses of Mr. Foust's, near town. A boy had a leg so badly crushed between the cars, as to require its amputation. The Editor of the American has so far recovered his health as to be able to go fishing—caught a lamp-eel and a head-cake. Miss Reese died from an accidental burn. The last County Court occupied two days. Samuel A. Brady has re-opened the Montour House. A letter addressed to the prettiest girl in Danville, was taken out. Peter Baldy has brought in from Baltimore 2,000 bushels Wheat for his Mill. Dr. Strawbridge performed the operation for cataract on the eye of a little girl. A frame building was blown down in Danville during the storm Sunday last month. They have commenced sprinkling the streets to lay the dust in Danville. The different trains now pass Danville as follows:

FRIDAY MORNING, JUNE 13, 1856

See New Advertisements.

RECREATION DAY.—At the Academy this afternoon at 2 o'clock. Exercises to consist of Recitations, Composition and Declamation. The public are invited.

Some valuable Property advertised under the Real Estate head, 24 page.

The Map advertised to day, is far superior to anything hitherto offered to the public. The new settlements in Kansas are mostly laid down upon it.

Dr. Wagner, who is lecturing on Phrenology, &c., in Amos' Hall, appears to be a master of his subject. He has a large and unique gallery of Portraits, well repaying of itself, a visit. True, "Pap" and "fratque" are not included in the collection of "picks," but will doubtless be added soon. The Jersey Shore News Letter commends the Lectures very highly.

We have on hand for publication in our next, a ray and interesting letter from Rev. Mr. BAUMAN, of this town, now on a visit to Europe. His journey thus far has been delightful to him.

Hans Seebnigendoffler forget to let us have his name, and should furnish us also his "daug type" for inspection. "Leisure Moments" next week.

We have before us the Second Annual Catalogue of the University FEMALE INSTITUTE at Lewisburg, Pa., comprising 84 Pupils, and 4 Female Teachers, who are assisted by Pres. Malcolm and Prof. Loomis of the University, in their respective Departments.

The dismissal of Mr. Crampton and the British Ministers is almost universally approved. While our government accepts the explanation of the British government, they can not wonder at our desire to have different Agents near us than those who committed the wrongs out of which the difficulty grew.

Abolition Candidates. The ultra and impracticable anti-slavery men known as "Abolitionists," and so calling themselves, have nominated GEN. SMITH, of New York, for President, and SAMUEL M'FARLAND, of Penn., for Vice President.—This movement will relieve the Republican party of much public misapprehension and odium, and deprive the Pro-Slavery Democrats and Pro-Slavery Americans of their favorite parrotery "Abolitionists" "Abolitionists."

Railroads, North. The Railroad from Scranton to the Delaware Water-Gap, (60 miles) is now open; and the road from Scranton to Pittston, (10 miles) is also open. From Pittston to Bloomsburg is under contract. In a short time, we can go direct from Lewisburg to New York, via Scranton. This road makes the Lewisburg, Center & Spruce Creek Road additionally important, furnishing a link in a direct communication between the West and the City of New York. Locally, the new roads are of immense importance in bearing away the coal.

U. S. Senator Trumbull, of Ill., has proposed to quiet the settlers of Kansas, by abolishing the present laws and officials, and annexing the territory to the Territory of Nebraska. Senator Crittenden proposes to send the Hero Pacificator, Gen. Scott, to accomplish a peace. Douglas & Co. reject both propositions: unconditional submission to the bloody laws of the Missourians, is the only thing that the Buchanan party will listen to.

The Americans and Republicans of Lecompton county are forming a union. The same good work we see going on in many other counties of the State.

JOHN S. BOWEN, addressed the people of West Chester on the Kansas outrage, and says the worst has not been told. He was a Secretary of the commission, but thought best to leave to save his life.

In Washington City, Nagruder, (Whig Reform candidate) is elected Mayor, and the Americans elected the majority of Councils and other officers. The Administration is "nowhere."

FOUND.—In Lewisburg, by Miss Elizabeth PALMER, a PORT MONNAIE, with a sum of money, which the owner can have by proving property and paying for this Advertiser. Call at the Chronicle Office.—May 28

THE undersigned wishes politely to inform the Ladies of Lewisburg and vicinity, that she has just received, and will offer for sale, at her residence, on North Fourth Street, 3 doors north of St. John's, a splendid assortment of Ladies', Misses' and Children's Shoes, and respectfully solicits their patronage.

Herring's Safe again the Champion! The only safe which, in every instance, preserved its contents entire in the late Extensive Fires.

At the burning of the Artizan Buildings, on the 10th of April, and in the GREAT FIRE in Market Street, on the 1st of May, 1856, the genuine HERRING'S SAFE preserved the Jewelry of Geo. W. SIMONS & CO., Brokers, Papers, &c., of Fisher & Bro., and Edward Semans & Co., after remaining exposed in the burning ruins for nearly FORTY HOURS, and being conclusively what we have always claimed for them, their great superiority over all securities now known.

In these fires, the Herring's Safe, standing side by side with those advertised as warranted to stand 100 per cent. more fire than HERRING'S, came forth the acknowledged victor, not only preserving its contents in excellent order, but being thrown up in a condition to be through and through as good as new.

Farrell & Herring, Sole Agents for the "Herring's Patent Champion Safe," 34 Walnut St., PHILADELPHIA.

DENTAL CARD. THE new method of inserting artificial Teeth, Gum, &c., known as Allen's Continuous Gum Work, is, without exception, the best improvement ever made in the art of Dentistry. This work, when properly constructed, is the most durable, and it adds more to a clear and distinct articulation, than any other kind of work ever known before the public. It not only fits, but is so constructed that it can be removed at any time, and replaced by new teeth, without any pain or inconvenience to the patient. It is the only method of inserting artificial teeth, which is so perfect, and so durable, as to give the patient the appearance of the teeth in nature.
