Pro-Slavery American Ticket. The President—MILLARD FILAMORE, of New York. Vice President—ANDREW J. DONKELSON, of Tennessee.

Pennsylvania Democratic Ticket. Resolved, That in the report of the act known as the Missouri Compromise, and the passage of the act, we see the organized Territories of Kansas and Nebraska, free from all constitutional restrictions. The act is a clear and unambiguous declaration of the National Republican Convention.

Whig, American & Republican UNION TICKET. Liberty and Union now and for ever, one and inseparable. We repeat that we never will vote, and no citizen should vote, for any man who is so unworthy as to support a slave, or to extend Slavery Territory where it does not exist.—ALEX. CLAY.

NOTICE. COUNTY CONVENTION.

In accordance with the usages of the Whig party, the undersigned officers of the Whig Standing Committees of Union county invite the WHIGS and ALL OTHERS OPPOSED TO THE PRINCIPLES AND MEASURES OF THE NATIONAL ADMINISTRATION, to meet at their respective election houses, on SATURDAY the 21st of June, 1856, and elect two Delegates from each township, ward, and borough (except Jackson township which is to have but one). Said Delegates to meet in Lewisburg, on the Monday following (23d) at 2 P. M., to nominate candidates for the various County Offices, and transact other business. The Delegate elections to be open in the several townships from 2 to 5 P. M., and in the boroughs from 6 to 8 P. M.

GEO. GUTELIUS, Pres. J. D. CHAMBERLIN, Vice Pres. HENRY MERTZ, Aaron Smith, Secretaries. BENJAMIN CAWLEY, JOSEPH D. FORREY, Bich's Hotel, May 31, 1856.

TO-MORROW.

The Whigs and other opponents of the National Administration meet to select Delegates to form a County Ticket. All the opponents of the Pierce-Douglas and Buchanan party are invited to participate. All such honorable men, who will promise to vote against the candidates sustained by that party, should be freely and cordially admitted to an equal voice in the primary meetings, without reference to prior party names or differences of opinions.

As to the manner of voting, the Call makes no provision; but as the polls are to be kept open three hours in the Townships and two in the Boroughs, it seems evident that by "ballot," or by "strokes," is the only proper manner of electing the Delegates, and that the polls should be kept open the full time required in order to prevent any complaint of unfairness.

"Suffer the word of exhortation" relative to the choice of Delegates. The October contest will have an important bearing on the momentous issue between Freedom and Despotism, in November. Our late local differences require firm and skillful treatment effectually to heal. Our best and most patriotic men should be sent as Delegates, who, however much they prefer this man or that, will not by a "rule or ruin" course hazard the cause for the sake of the man. Liberty and fair dealing will strengthen, and a ticket formed with such a spirit actuating the Delegates will secure a certain, pleasant, and decided victory.

We were inquired of if our neighbors of the Argus still retain their warm affection for the "old-line Whigs," and what course the Kansas-Buchanan party intend to pursue next fall?—We would say in reply that the "Argus" continues to love the patronage of the old-line Whigs as much as ever, but that we think it has not yet informed its Whig patrons of the Union Whig County Convention that was called two weeks ago! We are therefore inclined to think that the sincerity of its attachment to the "old-line Whigs" terminates in their pockets, and does not include their principles or their interests.

As to the course of that party next fall, they first ridiculed and discouraged the efforts for unity of action—have since endeavored to multiply candidates, and to embitter them and their friends against each other—and when the nominations are made it is supposed will try their luck in "volunteering" defeated Whig candidates and in irritating old "fool" sores!

Not only is Mr. Buchanan the first old Federalist who has been seriously put forward for Pres. in 40 years—a fact that compels many gray-headed Democrats to vote against him—but he is the first old Bachelor ever urged for the office. He talks about loving the Union, when he never formed the most natural, proper, and important of all earthly unions! He prate about saving the Union of twenty-five millions of people, when he has never made one of his own! 'Tis not do. The fact of Mr. Van Buren's being a smirking widower weighed heavily against him among the ladies.

What to a man will all the rage Against old Buck—Buck—And look in his eye to!

"Miserable poetry," you say! Aye—and miserable names, too—neither rhyme, music nor poetry in 'em—a dull old bachelor and a duelist!

NEW YORK, June 14, 1856. ANTI-SLAVERY AMERICAN COUNCIL.—This body comprised 121 delegates from 18 States and Territories—Judge Conrad, President. The best spirit was manifest, and a determination to unite all the opponents of the Slavery dynasty. Several ballots were had, when Speaker BANKS of Mass. had a majority of votes for President, and Ex-Gov. JOHNSTON of Penn. for Vice President. The Council adjourned to await the action of the National Republican Convention.

PHILADELPHIA, June 16, 1856. PENN. STATE REPUBLICAN CONVENTION.—Henry C. Carey, Esq., of Philad. was temporary Chairman, and Hon. John Allison, of Beaver, President. Hon. Jos. Casey was a Vice President, and John B. Linn, Esq., one of the Secretaries. The attendance was large, and the proceedings spirited. The nominations of Cochran, Phelps and Laporte, were unanimously confirmed, and the selection of an Electoral Ticket, &c., deferred until after the choice of the Presidential candidates.

Republican National Convention. This body commenced its sessions, at Philadelphia, on Tuesday of this week, and comprised delegates from all the Free States, Delaware, Maryland, District of Columbia, Virginia, Kentucky, Kansas, Nebraska and Minnesota. The feeling was warm and enthusiastic, altho' differences of opinion arose upon which warm and full discussions were elicited.

Robert Emmett, Esq., of New York, a Democrat of forty years' standing, was the Chairman, and Col. Henry S. Lane of Ind. the President of the Convention. Col. Lane was a personal and political friend of Henry Clay, and denied that if living he could have been anything else than a Republican. Many Ex-Governors and other distinguished citizens were members.

On Wednesday, Judge Wilmot reported the Platform, which was discussed, amended, and unanimously adopted. We will publish it in our next, side by side with the Cincinnati Platform.

An informal ballot for President was taken, and resulted thus:

Table showing electoral college results for President. Columns include State, Electors, and Total. Maine: 13, New Hampshire: 15, Vermont: 15, Connecticut: 10, New York: 36, New Jersey: 14, Pennsylvania: 71, Delaware: 9, Maryland: 9, Massachusetts: 39, Kentucky: 30, Ohio: 29, Indiana: 21, Illinois: 19, Michigan: 18, Iowa: 12, Wisconsin: 15, Missouri: 15, Minnesota: 9, Nebraska: 3, Total: 196 Electors, 269 Votes.

New York cast 1 vote for Seward, 1 for Banks, and 2 for Sumner. Virginia and the District of Columbia declined voting.

JOHN CHARLES FREMONT was then unanimously nominated, followed by a tempest of applause. Adjourned until Thursday.

[The Philad. wires were down, and we could get no news of the nomination for Vice President, when the Chronicle went to press, last evening.]

Among the Pennsylvanians attending the Republican Conventions in Philadelphia, we notice the names of Ex-Gov. Ritner; Judges Wilmot and Jessup; J. A. Fisher, Chairman of the Whig State Committee; Dr. Elder, T. Stevens, H.D. Maxwell; Chas. Gibbons, Ex-President of the National Clay Club; Tho's Williams and J. W. Moorhead of Pittsburg; Senator Taggart, Gen. Markle, Passmore Williamson, Ex-Gov. Ramsey, &c. &c.

Ex-Gov. Ritner presided at an evening Republican meeting in Philad.

Col. Fremont's Views.

The following was among the Letters read at the Mammoth Kansas meeting in the New York Tabernacle, April last: Gentlemen: I have to thank you for the honor of an invitation to a meeting, this evening at the Broadway Tabernacle, and regret that other engagements have interfered to prevent my being present. I heartily concur in all movements which have for their object "to repair the mischief arising from the violation of good faith in the repeal of Missouri Compromise." I am opposed to Slavery in the abstract, and upon principles sustained and made habitual by long settled convictions. While I feel inflexible in the belief that it ought not to be interfered with where it now exists under the shield of States Sovereignty, I am as inflexibly opposed to its extension on this continent beyond its present limits.

With the assurance of respect for yourselves, I am very respectfully yours, J. C. FREMONT.

Manly—straight forward—sensible, and sufficient, this expression accords as far as we know with all of Col. Fremont's life.

Some chicken-hearted old ladies of the male sex really feared that the election of the "Black Republican," Mr. Banks, for the third, if not the second, Office in the Nation, would "convulse the Union." He has been tried, however, and it is now on all hands admitted that the House has had no such popular, order-keeping Speaker, since Henry Clay filled its chair. Now let us try a Republican President: nothing will be "dissolved" by him that benefits mankind, but he would under all 'unions' by which the Government is made to aid in extending the evil of human bondage.

THE BUMBLE BEES.—From the immense buzzing in the Democratic ranks since the nomination of the old Bachelor Buchanan and the younger B'oy Breckenridge, aided by Bally Brooks and Bashaw Butler, we are inclined to "dub" them the Bumble B's. These fruitless animals hum much but bive no honey.

Hon. John C. Kunkel. Mr. Kunkel is an honor to the State, and especially to the people of the district he immediately represents. It is admitted by all parties, that he made one of the best speeches in Congress that was made this session. He has the talent and ability to protect and defend the interests of Pennsylvania. If the people of our congressional district will look to their interests, they will re-elect the Hon. J. C. Kunkel to Congress for many years. This is the policy the South pursues, when they have a good man. We hope the North will adopt the same plan. It is the height of folly to elect a man every few years. Let the North elect her best men, and keep them there, and by doing so they will be able to cope with the Southern Members.—Sedition Democrat.

We hear but one voice expressed in Union and Snyder counties, and that is in favor of the re-nomination and re-election of Mr. Kunkel. Undoubtedly, Northern interests suffer by too frequent changes of Congressional Representatives.

"UNION-SAVING" politicians must raise a large crop of onions this year, to help them specify, for it is evident there is to be a crying-match between the Buchanarites and Fillmoreites, and a big onion in pocket, or the extract scenting their handkerchiefs, would excite the laudatory fount when dormant, and help the orators to snivel. So, set out Onions—don't let the blessed Union be lost for the lack of a few of those odoriferous, national, Union-cementing vegetables!

Mr. Fillmore was to take ship for home on the 11th inst. His answer was received a week ago, wherein he eagerly "converted the Pope" in his long visit in Rome, he does not say, but thinks himself better qualified than ever for the White House, for which he betrays as amiable a weakness as ever did his prototype and predecessor, John Tyler. Whether, like him, on learning the true state of affairs, he will decline—and whether in that case he will throw his influence for the Right or the Wrong—the future must reveal.

The Editor of an Irish paper in Cincinnati sent a note to the President of the Democratic Convention, asking for the expulsion from that body of Herbert, the murderer of Keating. The old aristocrat suddenly pocketed the note, as if to say all the Irish had to do was to "vote the Democratic ticket, and not be snappy to gentlemen."

BOLTING.—The St. Louis Angeier des Waters, a German daily and weekly paper, with a large circulation and much influence among the Germans in the West, which has hitherto acted with the Administration, repudiates both the platform and the candidate of the Cincinnati Convention.

Mr. Buell, a Democratic editor attending at Cincinnati, in a speech before the Burnet House, alluded to himself, as an "American," in such a way that some supposed him to be a political American, and he was dangerously stabbed for the remark by one of his own party.

OSWEGO, June 5.—During the thunder storm here yesterday, the Lake suddenly rose to the height of three feet, and as suddenly fell again. This was repeated several times, causing a general commotion in the harbor, vessels being tossed back and forth.

The Americans carried New Orleans at the recent City election by near 2,000 majority. A riot was got up during the contest, with fatal results.

Mr. Sumner has so far recovered from the wound inflicted by Brooks as to be removed to the country seat of F.P. Blair.

The Washington Star states that Senator Brodhead expressed an opinion that Mr. Buchanan can not carry Pennsylvania.

The following HUMOROUS AND ECCENTRIC LETTER has been received in reference to St. Mary's and lands in Elk county: MARRIEN, LANCASTER CO., Pa.

Messrs. Editors.—There has been much excitement in the minds of the people as to the lands of the "Ridgway Company," located in Elk county, Pa.

Advertisements seem to have gone abroad in almost every direction where John Guttenburg's omnibus is at all used, and even with the quietude of our quietest and most respectable citizens, it has held up to view the wonderful attractions and belongings of these Western Pennsylvania Lands. A farm and a home seeming almost to be within my very reach, and at a price too, so comfortable, that I dropped from my grassy bed, in the middle of the night, and commenced an advertisement, and began to reflect. Actions prompted me at once to prepare for a trip to Elk, and the next day with carpet bag in hand and determination in heart, I embarked upon the excursion. By railroad I set out for Tyrone City, in Blair county, at which place I found an excellent team belonging to the Company in waiting, and ready for a start to St. Mary. Young Mr. Schulz, under whose supervision and Jehubish this department seemed to be, I discovered was an excellent companion, but off we went, so hurrah! boys—get away dobbins from before us! And away we went for the land of big trees and maple sugar.

During the whole of this trip I observed no roughness in the roads, nor had I any occasion to regret my hurried exit from the settlement now for the first time looming upon our sight. This must be attributable to the entertaining conversation of our whip, who every now and then would cheer us with a lively joke or story for in truth let me say it—the roads were of the roughest kind, jostling one's poor bones most terrifically. Christopher Columbus and Andrew Jackson? what was my amazement when I began to behold more clearly the tidy and thrifty habits of St. Mary's, in all its virgin purity of whitewash and humility. What, during the whole ride from Clearfield had I seen to compare with this? Around and about everything gave indications of neatness and hospitality—and, as the Queen of Sheba once said to Mr. Solomon several years ago—that even the half had not been told of his kingdom, so the money had not been written, of the glory of this place. Although now only, as it were, on the threshold of the pro-

perty owned by the Ridgway Company, my expectations seemed to be fully realized. Many of my friends endeavored to dissuade me from going upon the trip, and condemned the whole thing as a humbug; but in spite of all opposition or obstacle I went, and now I can say with truth, and without the least effort of faith, and the old fogies to take care of themselves as best they can. "My heart is in the Highlands." Here will I pitch my tent, and chase the wild deer of Elk county. Crockett was correct, "he always saw which belongs to which, and with that persistence of purpose, he caught the best deer of the West, and he was not content until he had secured the American character, "Go ahead."

We have all just alighted from our conveyance, and are in the good keeping of the worthy and industrious proprietor of the Washington Hotel, St. Marys. But hark!—do you hear that delightful melody which pervades the air? It is the music of the "American character," "Go ahead."

Much disturbed by hungry phantasms, Dreaming now of apple-dumplings, Of the smoking venison haunches, In the land of the Benzingers. Very pleasant in the night, belongs to the herring—was now look for a shad and got for a herring. W. M. ROSHONG. New Berlin, June 17, 1856.

To the Voters of Union County.—We offer for your consideration the name of J. FOSTER WILSON, of Hartleton, for the office of Associate Judge at the Fall Election—subject to the decision of the Union Convention of the 23d inst. As the West is entitled to the office, and there is no man of better character or judgment who is so well prepared for the duties of the office, as Mr. FOSTER WILSON, it is our duty to support him.

Messrs. Editors.—Please announce the name of M. TAGGART, Esq., as a suitable candidate for Assembly at the ensuing Election. Mr. Taggart is a very worthy man, and would make a good Representative.

Voters of Lewisburg. To the People of Union County.—Fellow Citizens: The question of Representation in our next General Assembly must be acted upon by the Convention of the 23d inst. The name of JOHN WILSON, of Hartleton, as a man of good judgment, integrity, and well fitted to attend to our wants and be faithful to our interests at Hartington. He is a worthy and deserving man.

Commissioner.—This being an important Office in our County Affairs, and I have had but one proposition, Mr. ARTHUR HARM SCHUCH, of New Berlin, a citizen of moral worth, good business habits, judgment, and every way suited to the station. His residence is also adapted to require the office at the present time, and altho' I do not know as he desires the office, yet it would suit many to be represented by one who had no personal disregard to the respectable citizens of that place in advocating the late Division.

Dear Mr. Chronicle.—Allow me to recommend to the consideration of the Whig Nominating Convention of Union county, your fellow townsman, JAMES B. HAMLIN, Esq., as a suitable person to fill the office of District Attorney at the coming election. Mr. H. is every way equal to the station.

AN OLD WIDOW OF LEWISBURG. Mr. Editor.—Permit me through the columns of your paper to recommend Mr. JOHN W. SIMONTON for a candidate for Associate Judge at the ensuing October election, subject to the 23d of June Convention.

Mr. Editor: Permit me, through the columns of your paper, to recommend J. W. SANDS, of Millburg, for a candidate for Prothonotary. Mr. Sands is qualified to perform the duties of the office, and well worthy the suffrages of the people.

To the Voters of Union County: Fellow Citizens—I offer myself as a candidate for the office of Prothonotary. Should I be elected, I pledge myself to discharge the duties of said office with fidelity and impartiality. JOHN A. MERTZ. Lewisburg, June 4, 1856.

Messrs. Editors.—Please announce the name of THOMAS HAYES, Esq., as a suitable candidate for Assembly, at the ensuing election. Mr. Hayes is a very worthy man, and would make a good representative, and is deservedly popular with many of all parties. MARY WATSON. June 6.

H. M. Dersham, M. D., Having permanently located in Lewisburg, Pa., respectfully tenders his Professional Services to the citizens of this town and vicinity, hoping by prompt attention to the duties of his profession to merit a share of their patronage. Attention will also be paid to the practice of every branch of medicine, with unparalleled success.

Dr. DERSHAM graduated at the renowned American Eclectic Medical College, Cincinnati, having first studied the Old or Allopathic system of medicine, and attended Lectures in one of the Old School Medical Colleges of Philadelphia; but he is now convinced of the superiority of the New or American Eclectic system, and he has commenced its study, and attended two courses of Lectures in the Reformed or American Eclectic Medical College of the Queen City of the West. This Institution, although in its infancy, has no superior in the Great West, and has already annually more Students than the four other Medical Colleges of Cincinnati combined. It is sending forth annually more than 1000 graduates, and, as he will soon be more numerous than any other class of physicians.

The principal difference between the Reformed (new) or Eclectic, and the old Allopathic system of medicine, is that the New School uses no mineral agents, such as Colic, Arsenic, Antimony, &c., for purgative and hæmorrhagic agents, but employs the vegetable kingdom, and the earth and progressive physiology of the New School, that use complete substitutes for the deleterious medicines, (Calomel, &c.) therefore we have no need for them. With these valuable new agents, and all those of the Old or Allopathic school except the few poisons mentioned above, and all the improvements of every other system of medicine, and the most judicious use of the human system, such as Colic, Arsenic, Antimony, &c., for purgative and hæmorrhagic agents, and creating other diseases, as Debility, Eczema, Syphilis, Dropsy, Rheumatism, Dropsy of the
