District Attorney.

UNION MEETINGS.

Pursuant to previous call, a meeting of the Union Standing Committee of Union was held in Lewisburg, Aug 26, 1856, R. M MUSSER, Esq., in the chair, who presented the following communication:

LEWISBURG, Aug. 26, 1856.

To the Chairman of the Whig, American and Republican Standing Committee of Union Co.:

DEAR SIR: Being about to leave the county, and perhaps permanently, I very respectfully withdraw my name as your candidate for the office of Prosecuting Attorney. With many thanks to the Convention for the nomination, I remain yours &c. ALBERT B. VORSE.

Whereupon it was *Resolved*, That, inasmuch as at our late County Convention the vote for District Attorney stood—

For ALBERT B. VORSE, Esq. - - - 14
For JAMES B. HAMLIN, Esq. - - - 12

and as Messrs. Vorse and Hamlin were the only candidates before the Convention for that office, therefore JAMES B. HAMLIN Esq. of Lewisburg be and is hereby placed in nomination for the office of District Attorney in the room of Albert B. Vorse Esq. resigned.

Resolved, That we recommend GENERAL MEETINGS of the opponents of the Administration in this county—

At LEWISBURG, on WEDNESDAY of Court Week—Sept. 17;

At MIFFLINBURG, on SATURDAY of Court week—Sept. 20; and

At NEW BERLIN—FOR UNION AND SNYDER COUNTIES—on TUESDAY the 30th Sept. inst.

To convene at 1 o'clock, and to be conducted by the friends in each locality.

—Mr. HAMLIN (like Mr. VORSE) has been a Whig from his youth up, and is a firm opposer of the Kansas iniquity. Although but a few years in our county, he has established an unblemished reputation for integrity—has practical business talents—and bids fair to become an ornament to his profession.

—The PUBLIC MEETINGS called by the Committee, are to be managed by those in their respective neighborhoods, and we hope will be as well attended, by friends and opponents, as possible. Mr. WILMOT is engaged at Lewisburg, and other speakers will be announced as fast as they are positively engaged.

CONGRESS.—The President and Senate have not yet "*subdued*" the House into granting the supplies they want to enforce the Border Ruffian laws upon the Freemen of Kansas. The House offer all the money asked for, *provided* none of it be used in "crushing out Freedom" in Kansas. The Slave Power may succeed, but it will not be by the vote of any friend of FREMONT in Congress.

☞The recent Kansas troubles have been greatly magnified by Pro-Slaveryites who sent the first accounts by Telegraph. It seems certain that additional men have reached Kansas through Iowa and Nebraska, who have foribly broken up one or two camps where the pro-slavery thieves and murderers harbored for protection. The State prisoners were not released. The Borderers—stimulated by those false Pro-Slavery reports—were mustering by thousands, and declared there intention to burn down Lawrence, and drive out the Free State settlers, completely. Gen. Smith does not interfere between the parties, and Gov. Shannon is yet in command. It is reported that Gen. Lane has contrived to reach Kansas, but the fact does not seem to be clear.

MIFFLINBURG MEETING, HARTLETON.—Thursday 16th inst. the Mifflinburg Band with a good delegation from Mifflinburg, held a Democratic meeting at Hartleton. Speeches were made by E. Detrich Esq. formerly of Mifflinburg, R. K. Madden late of Mifflinburg, J. P. Crounniller of Mifflinburg, and Col. R. B. Barber from near Mifflinburg. The meeting quietly returned to Mifflinburg, about midnight.—*Mifflinburg Star.*

CALIFORNIA.—The Vigilance Comuittee have hung two more men. Attempts have been made to burn down San Francisco, and the general distrust and unhappiness continues

For the Lewisburg Chronicle.

HARRISBURG, Aug. 26, 1856.

A soul stirring and most effective Fremont meeting was held here last evening whose influence will be felt in the coming campaign. The force and energy of the movement can not be denied, or successfully resisted. Gen. SIMON CAMERON was chosen President, assisted by some fifty Vice Presidents and Secretaries. On taking the chair, Gen. Cameron delivered a brief, pointed, telling speech, that brought down the heartiest applause, in which he referred to the extinction of old party ties and issues, and the unsought but inevitable necessity, under the goading aggressions of the Slave power, that demanded of Free men a united and inflexible determination to rescue the National Government from its present weak and wicked rulers, and defeat those who would perpetuate their disgraceful and ruinous policy. He went into a detailed statement of the shifting, but always exacting, measures of the South, and their domineering mastery in public affairs, always exercised with remorseless rigor in their own favor, and to sustain their own sectional views and interests; requiring implicit obedience from Northern men, and discarding them when they had served their purpose; reversing or changing the revenue policy of the country to suit the interests of slave labor, to the injury of the interests and dignity of the free labor of the North, and they have always succeeded through the blind subserviency of the North. But forbearance had ceased to be a virtue, and it was now high time that patriotic men of all parties should unite for the defence of Northern rights and interests, the restoration of the government to its constitutional functions, and the safety and perpetuity of the Republic. He adverted to the mighty North, with its vast resources and energy, and its commanding elements of national greatness—contrasting so widely with the decrepitude and half developed resources of the domineering South, (our hay crop alone exceeding all their annual product of boasted cotton.) He spoke in terms of personal respect of Mr. Buchanan, but, as the embodiment of the Cincinnati Platform he could not support him for the Presidency, but would devote his energies to the election of John C. Fremont.

Hon. ANSON BURLINGAME, of Massachusetts, was then introduced, and held the large audience in fixed attention for nearly two hours with a clear and compact exposition of the history and character of the slave element in our government, its modes of operation and ultimate designs; treating their threats of disunion with immeasurable scorn, and closing with a glowing and eloquent eulogium upon Col. Fremont, and predicting his triumphant election in November. I can not report him at length; but his genial, pleasant countenance, beaming with good humor and unquestionable *grit*, his clear, musical voice, close reasoning and poetic beauty of style, with his droll hits and side-splitting jokes, are well calculated to captivate and convince any audience.

When he concluded, the meeting adjourned in the best possible humor, with three times three for Buchanan, the President of the shake again.

The crowd was dense, extending into the street, and was composed of men of character and influence in the county, and so deeply interested that neither the Band, or shouts, of a small Fillmore meeting that local jealousies had convened in the Square, nor a loud cry of "fire!" could draw them away.

Many Democrats heard Mr. Burlingame and compliment him for the courtesy and ability of his speech. Democrats also crowded to the Fillmore meeting, and applauded loudly when one of the speakers denounced Fremont, but he directly poured a hot fire into Buchanan, when they shot off in a hurry, swearing that they did not come for such an entertainment as that!

The ball is rolling! Clear the track for the Pathfinder of Empire. VISITER.

SPRINGFIELD, Ohio, Aug. 21.

Dear Chronicle:—This lovely morning finds me in the western part of the Buckeye State, and in the flourishing town or city of Springfield, which is the largest in this part of the State with two or three exceptions—Columbus and Dayton.

The Fall crops look very poor from the want of rain, the ground being very dry to the depth of 12 or 15 inches. The potatoe crop will be almost a failure, the corn also looks very poor, apples scarce, and no other fruit.

I visited the town of Yellow Springs and spent three or four days very pleasantly. There is nothing in that town to recommend it to the traveler, except the springs from which the town takes its name, and the great "Antioch College," which is truly a large and splendid, building composed of the main building and the Gentlemen's dormitory and Ladies dormitory, situated on a little eminence overlooking the surrounding level country. On Sunday morning last, I had an introduction to the President of the College, Hon. Horace Mann, who is very pleasant and agreeable in his manners. He had just returned from a visit to Lake Superior, and in a few days will resume the duties of his arduous office. I have not seen any place that I could like as well as Lewisburg, in old Union, since I left, even if I were disposed so to do.

All along through the country I have passed, I find a very warm feeling manifest for the Republican nominees. I have seen at least a dozen Fremont poles to one for Buchanan. They have Fremont clubs all thro' the country, and I can assure you that Fremont is gaining ground very fast in these parts, and I think all over. On Tuesday evening next Samuel Shallenbarger, Esq., will address the Fremont club in this place. He says, "All of whatever party, are invited to attend and hear the truth, as the enemy is busy at work villifying not only our noble standard bearer, John C. Fremont, but even the great, lamented Henry Clay, whose impulses were all for Freedom in Kentucky and all the Territories." Yours, &c., D.

LEWISTOWN.—The Officers of the Fremont Club are Messrs. George Frysinger, John Dipple, Daniel Fichthorn, James Irwin, Wm. Ross, Samuel S. Woods, Wm. P. Elliot, Bernard Reiley, Wm. J. Jacobs, Wm. G. Zollinger, C. Hoover, Samuel Comfort, J. A. Cummings, Wm. Butler, David Cauder, C. Stratford. These are among the ablest and most influential men in Mifflin county, and excellent meetings have been held, addressed by Judge Hale, S. S. Woods, Esq., Lieut. Gov. Ford, of O., and others.

PENNSYLVANIANS BEWARE!—BLACK MAIL—FRAUDULENT DOCUMENTS—FALSEHOODS EXPOSED—HARRISON PREFERS BUCHANAN AND DISUNION.

WASHINGTON, Aug. 14, 1856.

EDITORS TELEGRAPH:—I take this occasion to caution the people of Pennsylvania against the corrupt schemes of the wire-workers at the seat of Government to carry the State. It may not be known to you that money is being raised here in large amounts by the leaders of the Border Ruffian party, which is to be appropriated in those Free States where they think they have any chance for a show, and the Keystone particularly is to be cared for. A Club has been formed here composed of the office holders from Pennsylvania, and every man is compelled to pay the fee of admission, which ranges from $20 to $100; and what is more, each recipient of official favor is compelled to join the Club, pay the fee, and aid in sending off documents with might and main, or be turned out. What is true of Pennsylvania office holders here is true also of those belonging to other States.—Black mail is levied upon them all by their superiors in office; and wo to the poor wight who refuses to aid in this inglorious work!

Among the documents which are being scattered broad cast through Pennsylvania and other Free States is one entitled —"*Fremont—His Supporters, and their Record*," by an Indianian." This document is one of the most infamous tirades—the most scandalous tissue of falsehoods that ever came from the press. I wonder that the very type and paper did not protest against being used for such a hellish purpose. It is composed of what purports to be extracts from the speeches and writing of individuals, all of whom are set down as Republicans—GARRISON, PARKER, FOSTER and others, who have uttered disunion sentiments, and these persons and the sentiments they utter ascribed to the Republican party. It charges, too, sentiments upon leading Republicans which were never entertained or uttered. For example, on page four we have the following:

In preservation of the "rights of the States," Joshua R. Giddings, in the House of Representatives, in May said:

"I look forward to the day when there shall be a servile insurrection in the South; when the black man, armed with British bayonets, and commanded by British officers, shall wage a war of extermination against the white man: when the master shall see his dwelling in flames, and *hearth stone polluted*; and, though I may not mock at their calamity, nor laugh when their fear cometh, yet shall I hail it as the dawn of a political millenium."

The Pennsylvania papers with others of like character, and I am authorized by Mr. GIDDINGS to pronounce it totally and absolutely false from first to last—a gigantic lie, and branded by him as such long since. When the Oregon question was before Congress in 1846, he made a speech which will be found in an edition of his speeches published by DEWITT & Co., Boston, on page 159, wherein he charged that the South, after acquiring Texas for Slavery, backed out of their claim to the *whole* of Oregon, for fear of British bayonets and bringing down upon themselves the black regiments of the West India Islands. He said, "they, (the South,) saw in prospect their slaves flocking to the enemy's standard, insurrections tormenting their imagination; rapine, blood and murder dance before their affrighted visions; and, though he was opposed to a servile insurrection, there *were* thousands who would laugh at their calamity, and mock when their fear cometh."

This is what the pamphlet scrap is made out of, and if the balance of the quotations charging disunion sentiments upon Republicans were traced out they would be found equally false and infamous.

To charge that GARRISON and his crew are Republicans, and that their sentiments as quoted in the document in question, are to be ascribed to FREMONT or the Republican party, is simply ridiculous. No one but an arrant knave or fool would make such a charge when the fact is notorious that GARRISON and his papers, two weeks since, gave their reasons for *opposing* FREMONT and prefering BUCHANAN'S election, simply because the election of the first would strengthen the Union and the election of the latter lead to its dissolution.—*Harrisburg Telegraph.*

"BEEF! BEEF!"—Those who remember Wirt's Life of Patrick Henry, will revive the account of the Virginia Scotchman, Hook, who, at the close of the Revolutionary War, got up a persecution against certain Whigs on some beef operations during the struggle, wherein he thought himself wronged, but signally failed in his effort. In our day, there is another "Beef! Beef!" cry from the King Pierce party, against Fremont, for his official transactions about the time of the conquest of California. His accounts were all examined, by the proper accounting officers, and by a Congressional committee composed almost exclusively of Democrats; a balance was struck, and his large and complicated transactions were approbated by Congress without a dissenting voice.—The cry of "Beef! Beef!" really means, now, "Niggers! Niggers!" and they who make it will be as badly floored as old Tory Hook was!

A WELSHMAN writes to the Cincinnati *Commercial* that there are in the United States over 200,000 Welshmam, the half of whom can be set down as legal voters, and who, with few exceptions, are Fremont men. The Welsh have two weekly newspapers and three monthlies, all of them for Fremont.

"The Constitution of the United States is an instrument not of immediate but of ultimate and universal Freedom. It was so contemplated by the Great Men who framed it, and the World has so regarded it. The National Flag, that is its symbol, is the banner of LIBERTY—its white and red folds symbols of Revolutionary trials, of the cradle of Victory, and the blood of Sacrifice. Resolved, That in the repeal of the act known as the Missouri compromise act, and the passage of the act organizing the Territories of Kansas and Nebraska, free from unconstitutional restrictions, the last Congress PERFORMED A WORK OF PATRIOTIC SACRIFICE in meeting the demands of sectional excitement by unshaken adherence to the fundamental law.

AYER'S
CHERRY PECTORAL,
FOR THE RAPID CURE OF
Colds, Coughs, and Hoarseness.

DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD, Miss., Feb. 7, 1856.

BROTHER AYER: I with cheerfully certify your PECTORAL is the best remedy we possess for the cure of Croup, Cough, Colds, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.

HIRAM CONKLIN, M. D.

AMOS LEE, Esq., MONTEREY, Ia., writes, 24 Jan., 1856: "I had a terrible Influenza, which confined me in doors six weeks; took many medicines without relief. Finally, I tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, Pa., Feb. 4, 1856.

SIR: YOUR CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is most curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.

A. A. RAMSEY, M.D., ALDEN, MONROE CO., IOWA, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 5, 1856.

DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours with gratitude and regard,
ORLANDO SHELBY, of SHELBYVILLE.

Consumptives, do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

HAVING permanently located in Lewisburg, Pa., respectfully tenders his Professional Services to the citizens of this town and vicinity, hoping by prompt attention to the duties of his profession to merit a share of their patronage. Attention will also be paid to Chronic Diseases of every name, and treated with unparalelled success.

DR. JERSHAM graduated at the renowned American Eectic Medical College, Cincinnati, having firs studied the Old or Allopathic system of medicine, and attended Lectures in one of the Old School Medical Colleges of Philadelphia; but becoming convinced of the superiority of the New or American Eclectic system, he commenced its study, and attended two courses of Lectures in the Reformed or American Eclectic Medical College of the Queen City of the West. This Institution, although yet in its infancy, has no superior in the Great West, and has already annually more students than the four other Medical Colleges of Cincinnati combined. It is sending physicians to all parts of our globe, and in Ohio, Indiana, &c., they will soon be more numerous than any other class of physicians.

The principal difference between the Reformed (new) or Eclectic, and the old Allopathic system of medicine, is this: the New School uses no medicinal agent that is in any way injurious to the human system, such as Calomel, Arsenic, Antimony, &c.; for superior and harmless agents have of late years been discovered, (by the ever liberal and progressive physicians of the New School,) that are complete substitutes for those deleterious medicines, (Calomel, &c.) therefore we have no need for them. With these valuable new agents, and all those of the Old or Allopathic school except the few poisons mentioned above, and all the improvements of every other system of medicine, (as the Homeopathic, Hydropathic, Thomsonian, &c.) many diseases are now curable that were once considered impossible, and that too without breaking down the constitution, and creating other diseases, as Debility, Rheumatism, Dyspepsia, Liver Disease, Ulcerated Sore Throat, Diseased Bones, premature Loss of Teeth, &c.

The New School certainly claims a great superiority in the treatment of all diseases. It has been proved by Clinical reports that the mortality—taking all diseases together—is less than 2 per cent; that of Asiatic Cholera is only 5 per cent.

This is an age of progress and improvements, and the New School is always progressing, not being bound down by despotic creeds and antiquated theories.
