## Taking the Vote.

There is a great deal of fun in "taking the vote" for President along the public thoroughfares about the time of a Presidential election.

For instance-a long ride in a stage coach full of passengers on a hot day. At evening, they stop at a cool, tidy-looking country tavern. Some one suggests that "all who are in favor of Buchanan should invented and patented by Sylvester Davis, of make it manifest by going into the house Claremont, N.H., in the following Townships "all who are in favor of Buchanan should and eating supper." Who could resist? All turned in except the driver; and on the strength of it, the next Pennsylvanian

A packet boat is gliding over the Canal, single right for \$5. and discussing the Presidency, when they approach a bridge, and some Frementer sings out, "All on deck in layor of Fremont will please to bow." In view of the bridge, both Hard and Soft shells bowed as flat as a Mussulman, and the Tribiene next week announced the vote as unanimous for FREMONT, except the man at the belm, who was wavering!

Once more: A car load of passengers on a railway. An ambitious chap in favor of "Americans ruling America," required that "all in favor of Frement, stand upon your heads." One boy accomplished the feat. "All in favor of Buchanan, lift up the right leg five minutes." Five faithful fellows stuck it out. "One for Fremont, Hussey's American Reaper & Mower 5 for Buchanan, and 63 for FILLMORE!" veiled the delighted Fillmorean, and the same was recorded in the Daily News.

#### Taylor and Fremont.

When professional statesmen, like Polk and Pierce, disgust the American nation by their corruptness and subserviency to aristocracy, they turn to the ranks of the people for leaders, and discard life-long. mousing politicians.

In 1848, the eyes of honest masses of all parties rested upon Zachary Taylor fact is that Hossey's machine is achieving a as a man likely to rule without partiality, and for the public weal. Democrats and Whigs alike applauded him: but when the Democrats found he would not carry Great, however, as Gen. Cass unquestionably is as a statesman, the People pre- and we can not have over 200 Reapers ready ferred a man who had never held a civil, station, and bore TAYLOR into power, as who have used Hussey's machines for several the Whig nominee, by a sweeping vote! years, and will testify to their superiority:

The N. Y. Herald states that some of the most sagacious leaders of the Demoeratic party, upon easting about for a successor to Pierce, fell upon John C. FRE-MONT as just the man to rescue their party from impending destruction, and asked the use of his name for the Democratic Sovereign" No. 2 is selected. But THE PEOPLE have taken Fremont into their charge, and he will probably be our next President. The bands of party and he was a selected to the charge of President. The bands of party are con-Liberty.

More Proors.-That Fremont is an emissary of the Pope, is becoming more and more clear to the K. N. editors of the Express and the News. They have ascertained that, hid by his cost and vest, he has long secretly worn-just opposite his breast-a pair of suspenders crossed after the manner of the deluded Papists!

Timothy Tugmutton, Esq., late Alderman of the Five Points, swears on a K N. Almanac, that at the time when History says Fremont was fasting from meat on Fridays in the Rocky Mountains, he was really in New York, studying theology with Bishop Hughes, and that he and the Bishop returning home from Mass arm in arm were so drunk that they fell against his iron fence and knocked down four or five lengths !

And to crown all, somebody who dogged Jessie to market, setually saw her put a piece of money in the hands of a pretended poor Irish weman, who exclaimed, Holy Vargin! bliss your swate face!" It is confidently asserted, by Mr. Fillmore and other disinterested Natives, that the pretended beggar was a Nun in disguise, and that Col. Fremont was secretly contributing (through Jessie) the public funds of California to buy up all the American and Democratic press of Pennsylvania !!!

De The Buchananites and Fillmorenos, are hard upon FREMONT, but they agree no better in their charges, than did the "false witnesses" against our Savior. If you believe them, Fremout is both a Catholic and a Know Nothing-an Abo- Castings at any ti littonist and a slave-holder-gives \$100. Harrisburg, for Machines. 000 to buy up whole States, and can't sell RUSSEL WRIGHT, Williamsport; or to AMES PATTON, South Carolina, in Georgia, in Canada, and France-ate mule and grasshopper soup, and beef at a dollar a pound-is a "stinking Whig" and a "nasty Locofoco"with various other enormities and contradistant a statement of each of which is destroying the other! One thing is certain, and all sensible people will reflect the inference will be that the charges with any establishment in the country, both in pricard angulars him are pure fabrications from whole cloth, got up as a last, desperate ex- familiar to all. pedient, to defeat him !

Messes Evass & Warson Gentlemen—No doubt you will be deeply gratified to learn the good condition in which I discovered my book, policy of insurance, certificates of stocks, and other valuable documents, when on Friday last I opened the safe made by your firm.

With my knowledge of its great exposure, both to the intensity of the heat from so hot a fire as that which destroyed the Artian Building, as also from the force of the fall from its former elevated position in the third story. I could enfertian but slender hopes prior to its interior inspection, that the contents which I once so highly prized would ever be of any service to me, but as these fears are now happily removed. I feel it only due to say to you, that I can heneforth recommend the use of your Safe-to all who may wish to feel a confidence in the perfect security which such means provides against so frightful an element.
