## Save the Documents!

In political matters, our memories often mislead us, and speakers in the excitement of the moment do often mis-speak, or are misunderstood. In printed arguments and statements. however-especially when prepared by a responsible person-few errors are to be expected.

It is for this reason that we say, at the close of the present exciting campaign, PRESERVE COPIES of the documents which have appeared, on all sides, for fature reference. They will be invaluable, if we do not mistake the coming contests.

The question of Freedom or Slavery for Kansas, was the great issue. The Republicans contended that the election of Buchanan would endorse the Border Ruffian outrages, and extinguish the last human hope for Freedom there. The Democrats denied, and exercised all their powers in persnading that they were better friends of "Freedom for Kansas" than their opponents, "Buck, Breck, and Free Kansas," was inscribed on their banners in our Northern counties. The call for the Buchanan meeting at Mifflinburg, on the 4th ult, was printed at the "Argus" office, and contains the, following:

"Democrats! Whigs! Republicans! turn out, and learn THE FACT that it is the Democratic party that is LA-BORING for Freedom for Kansas."

Well, they have had a queer way of "laboring for Freedom in Kansas" under Pierce, but perhaps they will do better under Buchanan. At any rate, PRESERVE THE DOCUMENTS, and hold them to their promises.

Keep the Republican documents, also. We are learning over again as a nation, the first, fundamental principles of Constitutional Freedom. A reference to the Republican Platform with Fremont's acceptance and other party papers, may often be useful and interesting. Keep them carefully, or if you have more than one copy-in German or English-hand them to a neighbor, and secure his dispassionate examination of their principles during the long winter evenings now coming.

Some time since, we marked in the Lady's Book, the following exquisite poetry, by Mrs. CAMPBELL of Williamsport, which we now present for our readers' perusal :

#### Re Opening of the Slave Trade.

The decree which has recently been issued by Gen. Walker, President of the Republic of Nicaragua, re-establishing the institution of slavery, and inviting the importation of negroes, is now attracting very much attention.

For our own part we are highly pleased with the decree, for we are decidedly in favor of re-opening the slave trade, in orand educational institutions; and after beder that the price of negroes may be reing on the spot, and measuring the force trious poor man may purchase and become a slaveholder.

### Thanksgiving Day.

JAMES POLLOCK, Governor, A PROCLAMATION.

FELLOW CITIZENS: A public acknowledgment of the goodness of Almighty God, and of our constant dependence upon His providence, is eminently becoming a free and enlightened people.

As the " Giver of every good and perfeet gift, He has crowned the past year with his goodness and caused our path to drop with fatness." Our free institutions, our rights and our privileges, civil and religious, have been continued and preserved. Science and art, with the great interests of education, morality and religion have been encouraged and advanced; industry, in all its departments, has been henored and rewarded, and the general condition of the people improved.

Our Commonwealth has been greatly blessed. The ravages of disease and death, of famine and pestilence, have not been permitted to come near us; nor have the orrors of war disturbed the peaceful quiet of our homes. The earth has yielded her increase, and richly rewarded the labor of her husbandmen. Abundant prosperity, with smiling plenty and the blessings of health, have been ours.

Acknowledging with gratitude these blessings of a kind Providence, let us "enter into His gates with thanksgiving, and into His courts with praise; be thankful unto Him, and bless His name."

Deeply impressed with the importance and propriety of this duty, in accordance with the wishes of many good citizens, I, JAMES POLLOCK, Governor of the Commonwealth of Pennsylvania, do hereby recommend Thursday, the 20th day of November

next, as a day of General Thanksgiving and Praise throughout this State; and earnestly implore the people that, abstainsuits on that day, they unite in offering thanks to the Almighty God, for His past goodness and mercy, and humbly beseech Him for a continuance of His blessings.

[L.s.] Given under my hand and the Great Seal of the State at Harrisburg, this 21st day of October, in the year of our Lord, one thousand eight hundred and fifty six, and of the Commonwealth the eighty first. By the Governor:

ANDREW G. CURTIN,

Secretary of the Comm Hon. THOMAS H. BENTON will lecture in Boston, before the Mercantile Library Association, the coming winter. The subject is the Union, and as Mr. Benton is said to have copyrighted his production, it is believed he will deliver it in other cities besides Boston and Newburyport, where announced.
