LEWISBURG CHRONICLE—1857.

This firmly established paper will continue as heretofore to give the latest Foreign and County News, with a special attention to the Farming interest, and advocacy of Republican men and measures. The commencement of the New Year, will be a favorable time to subscribe, or to renew old subscriptions.

TERMS.—$1.50 for a single copy a year, $1 for 3 copies, $5 for 4 copies, and $1.25 each for any number between 5 and 10, and $1 each for 10 copies and over—Cash in advance, or the paper stopped when the subscription has expired, unless the subscriber desires to renew. ☞Lancaster Bank money taken at par on new subscriptions. ☜

☞The Lewisburg Chronicle is the best medium in this region for ADVERTISING Real Estate and other property. JOB PRINTING done in the best manner at the Printing Office—where also is located the MAGNETIC TELEGRAPH.

The public patronage is respectfully solicited.

WORDEN & CORNELIUS, *Editors & Proprietors.*

Lewisburg, Union Co., Pa., Dec. 1, 1856.

AN IMPATIENT JURYMAN.—An Arkansas correspondent of the New Orleans Picayune gives the following as authentic:

You are all fond of cracking jokes at the expense of Arkansas; now here is one on your State absolutely true. I got it from an eye-witness.

The district court of one of your northern parishes was in session—t'was the first day of court; time, after dinner. Lawyers and others had dined and were sitting out before the hotel, and a long, lank, unsophisticated countryman came up and unceremoniously made himself one of 'em and remarked: "Gentlemen, I wish you would go on with this court, for I want to go home—I left Betsey a looking out." "Ah!" said one of the lawyers "and pray, sir, what detains you at court?,'

"Why, sir," said the countryman, "I'm fotch here as a *jury*, and they say if I go home they will have to *find* me, and they mounn't do that, as I live a good piece."

"What jury are you on?" asked a lawyer.

"What jury?"

"Yes, what jury? Grand or Traverse jury?"

"Derned if I know."

"Well," said the lawyer, "did the judge charge you?"

"Well, squire," said he, "the little fellow than sits up in the pulpit and kinder bosses over the crowd, gin us a talk, but I don't know whether he *charged* anything."

The crowd woke up in a roar of laughter, and the sheriff called the court.

A DISAPPOINTED FREMONTER.—The Chicago *Tribune* says that a friend residing in Palatine precinct, Cook county, promised that Palatine would go unanimously for Fremont. He said that all the Democrats had been converted but one tough old fellow, who could neither read nor write; but that a compromise had been effected with him—that he had agreed to pair off with a Fremonter, and not go to the polls. But his hopes failed, as this letter will show:

PALATINE, Nov. 5, 1856

EDS. TRIBUNE: That old cur voted—he wouldn't stay paired. An Irishman also got into the precinct and voted. We did the best under the circumstance we could.

HOW TO MAKE A "NATIONAL" PAPER.—A despatch from Washington, coming from a Democratic source, says:

"Arrangements are already in progress for the re-organization of the Editorial force of the Union newspaper. It is in contemplation to have one editor from the North and another from the South, in view of Buchanan's Administration."

We suggest as an additional feature of the "re-organization," that the Union has a Nebraska and an anti-Nebraska, a pro-slavery and an anti-slavery, a disunion and a union editor. Then it would be an exponent of the various phases Democracy presents itself in different sections of the Union.—*American.*

EPITAPH.—The late Sternhold Oaks was rather eccentric, and offered a reward for the best epitaph for his grave. Several tried for the prize, but they flattered him too much, he thought. At last he tried for himself, and this is the result:

"Here lies the body of Sternhold Oaks
Who lived and died like other folks."

That was satisfactory, and the old gentleman claimed the reward, which, as he had the paying of it to do himself, was of course allowed.

A CLERGYMAN, at an afternoon service was asked to read a notice for a women's rights lecture, which he did in this wise: "At half past six o'clock, at the school house in the first district, a *hen* will attempt to *crow*."

A question had been raised in one of our courts, whether a blind man can be made liable for a bill payable "at sight." The lawyers are puzzled.

ETIQUET.— Do as echo does. She no sooner receives a call than she immediately responds to it.

Chester County

ONE and Two Horse Endless Chain POWER.—The undersigned being convinced by practical experience of the superiority of *Vanderslice's Tread Power* over the ordinary five horse power now in use in the West Branch country, for threshing out grain, have purchased the patterns and right to make them. We are now making and have on hand a large number, which we propose to introduce on the plan if they don't answer to the letter of the guarantee given with each of them, the machine will be taken back and the money refunded, if paid. They are now almost the only entire Threshing Machines in use in Chester, Montgomery, Berks and Delaware counties. Their advantages are that they will do almost double the work, according to the number of horses used, than the old machines will do; ☞they will save at least two hands; ☜and Threshing can all be done snugly closed up in the barns, in wet days, when the hands would be otherwise unemployed. T. CHURCH & CO.
Hartleton, Union Co., Pa.
Apply to THO'S CHURCH, Hartleton, or Dr. L. ROOKE, Union Furnace. [y645

Hunsecker's CLOVER HULLER.

THE subscribers still continue to manufacture the above Machines, and as there are over 500 of them now in use in Union and adjoining counties, we deem any further recommendation unnecessary.

The machines are all warranted not only to do good work, but better work than any other kind of machine now in use.

T. CHURCH & CO, Hartleton, Pa.
Apply to THO'S CHURCH, Hartleton, or L. ROOKE, Union Furnace. [1y652

Hussey's American Reaper & Mower.

FOR 1856....This Machine was put in succesful operation in 1833, and continued to be the only Reaper and Mowing Machine in the World of any pratical value up to 1845—twelve years after its introduction. Other Reapers are now offered with glowing Advertisements and Certificates of Gold and Silver Medals. But the Farmer, in search of the best Reaper, and not posted in the matter, had better see a little further. One of the other Reapers took the great medal in England, at the premature trial in 1851; before the close of the harvest of the same year, however it was totally beaten by a HUSSEY REAPER, which received the *unanimous* award of an impartial Jury of twelve English farmers. The fact is that Hussey's machine is achieving a series of triumphs in England, and rapidly obtaining that pre-eminent position there, which it has already secured in the land of its origin.

If there is any value in 23 years' experience in building Reapers, and using them in the harvest field, OBED HUSSEY, the Father of Reapers, can claim it. All who are satisfied with the BEST REAPER AND MOWER, can be suplied by sending their orders early in the season, as the crops indicate a large demand, and we can not have over 200 Reapers ready for the vast harvest of 1856.

We would refer to the following gentlemen, who have used Hussey's machines for several years, and will testify to their superiority:

UNION AND SNYDER COUNTY.

Isaac Eyre, Benjamin Lohr, John Mench, Samuel Panling, John Zellers, Jacob Hilbish, Jacob Kohl, J. Q. ner, David Kleckner, Wm. Kleckner, George Shear, John Gundy, Samuel Zellers, Joseph Musser, William Wilson, Abram Wolf, W. G. Herrold, Charles Buhl, George Kephart, John Grove, Abram Farley, Emanuel Pontius, Henry Mull, Cyrus Brown, Wm. C. Moyer, John Chamberlin, Wilson Linn, John Van Buskirk, Flavel Dugan.

Type Foundry.

TWO Premiums awarded at the late Chrystal Palace exhibition in New York to the Oldest Type Foundry in the United States. Established by Binney & Ronaldson in 1796. on the base of Sower's Germantown Foundry of 1739.

The long experience of the several proprietors of the PHILADELPHIA TYPE FOUNDRY, enables L. Johnson & Co., to offer the largest variety of Printing Types, and all the appurtenances of a Printing Office to be found in any establishment of the United States, and of a quality, too, which is deemed to be unrivalled. The composition of the metal used is calculated to afford the greatest durability; while the scrupulous care exercised in the fitting up of the type is such as to insure accuracy and squareness of body, &c. Our facilities are so extensive as to enable us to fill orders of any amount. Estimates given in detail (with the cost) of all the materials required for a Newspaper offic. Plain and Fancy Types, Music of unparalleled beauty, cast in this Foundry, also, Scrips, Flowers, Borders, Cuts, Brass or Metal Rules, Labor-saving Rules, Brass Braces, Brass Circles and Ovals, &c.

PRESSES of all descriptions, and all sorts of Printing Materials, most of which are made by us, will be furnished at manufacturer's Prices.

PRINTING INK of all Varieties and colors, Varnishes, Bronzes, &c., of the most celebrated American and English Manufactures, which we sell at the lowest terms.

STEREOTYPING or Electrotyping of Books, Music, Wood Cuts, &c. Type used in Stereotyping for sale at reduced prices. Wood Cuts designed and engraved in the finest style of art.

Our 'Minor Specimen Book' (the first of its class in the country, and original in its conception and getting up) will be sent to all printers that have not received it, who will direct how it may be transmitted to them.

☞Newspaper Printers who publish this advertisement entire, (including this notice,) three times before September 1st, 1855, and send to us a copy of the paper containing it, will be allowed their bill on purchasing articles of our manufacture to four times its amount. L. JOHNSON & CO.

UNIVERSITY SCHOOLS!

THE Winter Session of all the Schools of the University will open with a full corps of Teachers, on **Thursday, September 25, 1856.**

Theological Department—Tuition Free.

Collegiate	"	" $30 per annum.
Academic	"	Classical $20 "
"	"	English $15 "
Female Institute	"	Regular course $30 "
"	"	Primary $20 "

Sept. 9, 1856.

LEWISBURG ACADEMY.

THE Academic year of this Institution, will hereafter be divided into **3** sessions, the SUMMER, FALL and WINTER sessions, of 13 weeks each.

The FALL SESSION will commence on MONDAY, Sept. 22d, 1856, to be immediately succeeded by the Winter session, with a short vacation during the Holidays.

All Branches calculated to fit Youths for college or for practical life are taught; and the Bible is a text book in the school.

A class of YOUNG LADIES is secured.

The interior of the Academy has undergone thorough repairs, and the Principal has spared no expense to make it everything that a school-room should be, for health and cheerfulness.

TUITION—per session of 13 weeks.

PRIMARY—[Reading, Writing, Definer, Arithmetic, Geog., Gram. and U. S. History.]	$4 50
ADVANCED ENGLISH—[all not included above.]	6.00
LANGUAGES	7.50
CONTINGENT EXPENSES—[per session]	.50

No deductions except for protracted sickness.

JOHN RANDOLPH.
Sept. 5, 1856. Principal

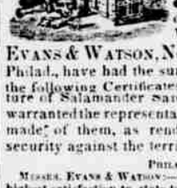
FREEBURG ACADEMY

THE Principal and Friends of this Institution, thankful for and encouraged by the liberal patronage heretofore bestowed upon it, are determined that no exertion on their part shall be spared to render it still more worthy of encouragement and support. The course of instruction embraces all the branches of an English, Classical and Mathematical education and is accompanied by frequent Lectures and Illustrations. The Languages are taught by the Rev. C. G. Erlenmyer, a thorough and accomplished Linguist. A TEACHERS' Department will be established for the benefit of those wishing to prepare for the profession of Teaching.

The Academic year is divided into two sessions of 22 weeks each. The first commences on the last Monday of July; the second, on the first Monday of January.

TERMS—Tuition, per quarter of 11 weeks, $2.50 to $8. Board etc. $1.50 to $2 pr week. For Circulars &c. address
GEO. F. M'FARLAND, Principal

Philadelphia.



FIRE PROOFS! The Salamander Safes, of Philadelphia, against the World!

EVANS & WATSON, No. 26, S. Fourth St., Philad., have had the surest demonstration in the following Certificates, that their manufacture of Salamander Safes has as lengin fully warranted the representations which have been made of them, as rendering an undoubted security against the terrific element:

PHILADELPHIA, April 12, 1856.

MESSRS. EVANS & WATSON—Gents:—It affords us the highest satisfaction to state to you, that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some few months since, we saved a large portion of our Jewelry, Books, Papers, &c., exposed to the calamitous fire in Eansted Place, on the morning of the 11th inst.

We feel confident that these Safes were kept in the fourth story of the building we occupied, and that they fell subsequently into a heap of burning ruins, where the vast concentration of heat caused the brass plates to melt, we cannot but regard the preservation of the valuable contents as most convincing proof of the great security afforded by your Safes.

We shall take much pleasure in recommending them to men of business as a sure reliance against fire.

GEORGE W. SIMONS & BRO.

PHILADELPHIA, April 12, 1856.

MESSRS. EVANS & WATSON—I have to offer you my testimony in favor of the great security afforded to my en-fire stock of jewelry, books, papers, &c., during the recent disastrous conflagration in Eansted place, from the fact that the same were contained in two of the Salamander Safes manufactured by you.

Having fallen from the fifth story of the Artisan Building, where they were previously placed and exposed to a vast heat for a long time, the preservation of the valuable deposits seemed to every one who witnessed the opening and interior examination, a matter of profound astonishment.

To all who may require a perfect protection from the ravades of fire, I shall not hesitate to recommend the use of your Safes, as I consider they have now undergone the most trying test. N. E. MORGAN.

PHILADELPHIA, April 14, 1856.

MESSRS. EVANS & WATSON—Gentlemen—No doubt you will be deeply gratified to learn the good condition in which I discovered my book, policy of insurance, certificates of stock, and other valuable documents, when on Friday last I opened the safe made by your firm.

With my knowledge of its great exposure, both to the intensity of the heat from so hot a fire as that which destroyed the Artisan Building, as also from the force of the fall from its former elevated position in the third story, I could entertain but slender hopes prior to its interior inspection, that the contents which I once so highly prized would ever be of any service to me, but as these fears are now happily removed, I feel it only due to say to you, that I can henceforth recommend the use of your Safes to all who may wish to feel a confidence in the perfect security which such means provides against so frightful an element.

EDWARD GASKILL, Bookbinder.

Herring's Safe again the Champion!!

The only Safe which, in every instance, preserved their entire contents in the late Extensive Fires.

AT the burning of the Artizan Buildings, on the 10th of April, and in the GREAT FIRE in Market Street, May 1st, 1856, the genuine HERRING SAFE preserved the Jewelry of Geo. W. Simons & Bro.; Books, Papers, &c., of Fisher & Bro., and Edward Semans & Co.,

after remaining exposed in the burning ruins for nearly *FORTY HOURS*, and proving conclusively what we have always claimed for them, their great superiority over all securities now known.

In these fires, the **Herring's Safe,** standing side by side with those advertised as "warranted to stand 10 per cent. more fire than Herring's," came forth the acknowledged victor, not only preserving ther contents in excellent order, but being themselves in a condition to go through another ordeal, while the boasted "Salamanders" of other makers were badly used up in every instance, and in some cases their entire contents completely destroyed.

To the public we would simply say, that, during the fourteen years the Herring's Safe has been before them, more than two hundred have passed through accidental fires without the occurrence of a single loss.

We would, therefore, caution purchasers against the misrepresentation of interested parties. The Herring's Patent is the only Fire-proof Safe made in this city which is protected by a Patent Right, and we will guarantee it to resist more than double the amount of heat of any other Safe now known.

George Sturges,

SOLE Manufacturer of the Improved **Spiral Spring Matresses, No. 92** Walnut St. Philadelphia.

FIVE SILVER MEDALS awarded, viz.
Two by the American Institute, New York, Oct.) 1851
do Franklin Institute, Philadelphia, Nov. } and
One at the Maryland Institute, Baltimore. Nov.) 1852

The peculiar improvement in the construction of this Matress is, that all the *clumsy and heavy wooden frame work* is entirely dispensed with, and its place supplied by a lighter and much more durable frame, the springs are all connected by harness-leather hinges, securely riveted, rendering it impossible for a single spring to fall down or get out of place, and making a Bed so elastic that any part may be raised or bent up, and is thus admirably fitted to the wants of the sick or asthmatic who may require a sitting posture, having the luxurious softness of the best Feather Bed with the lightness and facility of handling of the common H[illegible]tress.

These improved Spring Beds are *invariably* made of the best materials, and will last many years without repairs.

Persons having Hair Matresses, can have them altered into Spring Beds.

These Beds are well adapted for Hotels, berths of Ships, Steamboats and Hospitals.

Spring Seats for Chairs, Carriages or Church Pews and Hair and Husk Matresses made to order.—Also an extensive assortment of highly ornamented (in enamel) and plain finished

Hussey's Grain Reaper.

for cutting both Grain and Gras

MANUFACTURED and for sale at the Lewisburg Foundry by
GEDDES, MARSH & C[illegible]

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S

Patent Magnetic Lightning Rods,

and in this alone This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods to use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belong to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th, Philadelphia,

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THO'S ARMITAGE.
Orders promptly attended to. Terms cash.

These rods have been purchased and successfully used by the following individuals, companies and corporations, whose names are cheerfully submitted:

In and near Philadelphia—A. & S. Roberts, George Santzinger, Judge Sawyer, Judge Conrad, J. Mulford, John Bonner, C. C. Clancy, J. Bonner, G. Gubler, Fearon Hegerd, the Bleckley Academies, Anderson & Brothers, Rev. J. L. grant, John Notman, Thos. Grover, Bate & Boone, A. R. Ginkers, B. Simmons, Thos. Nott & Co., Mr. Downing, J. F. Greer, J. W. Watson, C. Humphreys, J. Ripley & Co., J. Nyman, B. Parlen, J. Overshire, G. Pepper, Mr. Sharpless, Mr. Martin, S. Dobbey, J. Brinkley Mr. Parlson, Dr. Paul, S. H. Towers & Co., J. Winterpoint H. Miller, the Red Bank Hotel, the U.S. Arsenal, the Spring Garden Commissioners' Hall.

In the State of New Jersey—George Crispin, Judge M'Call, Judge Dayton, John Nelman, Dr. H. M'Murtie, Benj. Roberts, Mr. J. Downing.

IN UNION COUNTY.

Hartley Tp.—Mark Halfpenny, Wm. Foster, John Haas, Michael Peters, Jacob Smith, David Hilman, Reuben Mench, George Klocker. *New Berlin*—Court House, and Commissioners' Office. *Limestone Tp.*—John Reber *Union Tp.*—Dr. Charles Wilson. *Washington Tp.*—John Kuntz, Simon Kuntz. *Penn Tp.*—Isaac Coudron. *White Deer Tp.*—Michael Hoffman.

RECOMMENDATIONS.

PHILADA., Aug. 12, 1847.

I have this day carefully inspected a conductor or Lightning Rod, with vane and index, erected by Mr Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.

R. M'MURTRIE.

I am well satisfied that the Magnetic Lightning Rod manufactured by Mr. Thomas Armitage, of Philadelphia is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principles of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle on which the are constructed, and felt convinced that their adopting would be attended with complete success. The increasing demand for these rods, and their estimation by Peasles in all parts of the country, is ample commendation of their utility and super
