Lewisburg, Oct. 28, 1856

Hickok's Patent Portable KEYSTONE CIDER & WINE MILL. patented Nov. 26, 1855.

28. This is not the Mill sold in 1852. If excels all mills in the market in the case and speed with which it grands and in the great power of the press. claims against the same will present them merchantable Country Produce of most kinds | Manufactured at the Eagle Works, Harrisburg. PLEASE TAKE PARTICULAR NOTICE! THAT this is entirely new mill—no ex-pense has been spared in its manufacture—all the materials are the very best, and are used unsparingly. The Cylinders are aimo

—all the materials are the very oest, and are used unsparingly. The Cylinders are almost twice the length of the former ones, and all including the top Cylinder, made of Iron. The serve is two inches in diameter, with a heavy by Wheed out on it. The beam of the Press is over more instead of wood—to made vary much increased and cannot be broken by any fair means. The arrangement of the Translat other partied the Press, is very much increased and cannot be broken by any fair means. The arrangement of the Taxhand other partied the Press, is very perfect. The Boxes and Hopper are all noverally as begether; the Journals run in onghearings; and lastly, the workmaning shall not be carelled by any machine of the kind whatever. Perfection being the sum both in the arrangement and the mechanical department.

All persons whe have been obliged to use the old fashioned nut Mill, are aware how inconvinient if its and especially those who have not large quantities of applies by having this Mill on your plantation or farm, you can, at any time in a few minutes makes five gallons of a cider for present use, or you can very expeditiously make up a few increases of the adapting of the 12 burnes of cider a day, with ease.

The machine is made to run by horse-steam or hand powers, and when the apples are ground, a small by of four tent years of age can press the pomace with all case. The following may be abdured as the decided advantages of this mill.

First-2t will make more Cider than any other Press.

It will make more Chier than any other Pr with a given quantly of apples in a given lime, and with much less laber and expense. Second—It will make cleaner and sweeter cider than

ny other Mill.
Third—You can make the elder as you want it and
then you want it; and to quantities from one gallon to

harrels.
Fourth—With it you can press your Currents, Cherries, Berries, Cheese, Butter, Lard and Taillow.
Fifth—With its use you can at all times have fresh and sweet edder.

With all the advantages resulting from the possession and use of such a Machine- at a price so low that it within the reach of all-can it be that any intelliges Farmer would do without it? RECOMMEND ATTONS.

St. Louis John M. Woodell.
