The votes in our State Legislature, on the incorporation of new Banks, show very plainly that the so called Democracy are not now, as a party, opposed to Banks. When the Slavery question is in any way before them, the Slavery Democracy uniformly vote together in favor of Slavery; but on other questions they split up and vote some one way and some another, thus showing that the support of Slavery is the only test of Democracy now recognized by the party.

Mr. Kallech of Boston, has had a donation party in the rectory of his church, at which he received many presents, and about one thousand dollars in money. There is no question that he has been grievously wronged, and every gentleman will thank heaven that he has been acquitted by the force of public opinion.

The whole story grew from nothing to a mountain, as the National Police Gazette has conclusively shown, as well as stated.

The Dred Scott decision has already been turned to the advantage of the negro. Last week a negro was sued for debt in a Michigan Court. He put in the plea, under the recent decision, that he was not a citizen, but a thing—not humanity, but real estate—and therefore not indictable. The plea was sustained, and the creditor went home cursing Taney.

HARRISBURG, April 25.—A new political combination has just been developed. The disappointment Democracy and the straight-out Americans are uniting on Gov. Geary. A Committee has called upon Geary, and he has agreed to accept their nomination. Great excitement prevails among the politicians.—N. Y. Tribune.

County School Superintendent.

Monday last, was indeed a day to try the faith of the friends of common schools—muddy, rainy, and every way most pleasant to be at home. Those who, unpaid, should attend the appointed meeting of School Directors, that day, we think deserving of having their names on record—and here they are for Union county:

Union Tp.—Samuel Walter, Jackson—John Moyer, Chas. R. Antes, Philip Gross, Jacob Spangler, Charles Oldt, John Maize.

New Berlin—George Merrill, Samuel Hermann, Edward Wilson, Abraham Schoch, Wm. R. Stenrock, Charles Wilson.

Limestone—John Rinkert, James Cressgrove, Joseph Sanders.

Hartley—None.

Leola—None.

West Buffalo—None.

Millburg—H. G. Wolfe, Daniel Moss, John Young.

Buffalo—Francis Wilson, David Henning, East Buffalo—Jacob Gandy, J. Wingard, Henry Bauer.

On motion, FRANCIS WILSON was chosen President, and CHARLES S. JAMES, Secretary.

Extracts relative to the duties of the Convention, and to the qualifications required of the Superintendent, were read; and after several able, animated speeches, and preliminary motions, the election was gone into, with the following result:

FOR MR. HECKERDORF.—Messrs. Walter, John Moyer, Antes, Gross, Spangler, Oldt, Maize, Merrill, Hermann, Edward Wilson, Schoch, Stenrock, Charles Wilson, Baker, Cressgrove, Sanders, Gandy, Wingard, and Walker—19.

FOR MR. WALKER.—Messrs. Wolfe, Moss, Young, Francis Wilson, James—5.

FOR MR. LEISER.—Messrs. Henning, Brown, Walls, Frick, Thos. H. Wilson, Phillips, Daniel Moyer, Douglas, Robert Miller, Stahl, Leiser, Jr., Dieffenbender—12.

So DAVID HECKERDORF, of New Berlin, was declared elected.

The Salary.—Several sums were proposed, and the matter decided as follows:

For \$600.—Messrs. John Moyer, Antes, Gross, Spangler, Oldt, Maize, Merrill, Hermann, Edward Wilson, Schoch, Stenrock, Charles Wilson, Young, Francis Wilson, Wingard, Walker, James, Walls, Frick, Thos. H. Wilson, Phillips, Douglas, Stahl, Rodenbush—21.

For \$500.—Messrs. Walter, Rinkert, Cressgrove, Sanders, Wolfe, Moss, Leiser Jr.—7.

For \$400.—Messrs. Henning, Gandy, Brown, Daniel Moyer, Dieffenbender—5.

So six hundred dollars was determined upon as the salary—with the distinct understanding, on the part of both Directors and Superintendent, that he is to devote his exclusive attention to the work of improving the common schools of Union County—or be ejected from office.

Resolved, That in the opinion of this Convention, it is highly desirable that the same text books, be used in all the districts of the county, and that we hereby invite all the school directors of Union County to meet in Lewisburg, in the month of August next, at the call of the County Superintendent, to adopt such measures as they shall think best calculated to accomplish this object.

The Convention was spirited and earnest in its proceedings, and members separated in the best of humor. Mr. Heckerdorf has heretofore borne the burden of the Superintendent, at a nominal compensation; with his experience, and liberal salary, we doubt not he will make special efforts for usefulness. In this, he will require the assistance of Teachers, Directors, and Parents. Thus aided, three years should find Union County in the front rank of educational advancement.

We have ascertained the following additional appointments:

Snyder—Daniel S. Boyer, Freeburg, sala, \$200 Junata—Wm M Burchfield

Millin—Abram D. Hawn, M'Veytown 600 Lycoming—Hugh Castles, Hughesville 200 Columbia—Wm Burgess, Millville 400 Montour—A. B. Putnam, Danville 500 Centre—J. Burnett, Anasburg 800 Northumberland—J. L. Remensnyder, Milton, 400

Our young friend, Mr. Hawn, had the appointment tendered him without any effort on his part.

PITTING IN SMALL POX.—Mr. Startin, the senior surgeon to the Gurney Hospital for diseases of the skin, has communicated to the Medical Times a plan, which he has adopted, for preventing pitting in small pox, and which has always proved successful. The plan consists in applying the acetum cantuaridii, or any vesicating fluid, by means of a camel hair brush, to the apex of each pustule, on all the exposed surfaces of the body, until blistering is evidenced by the whiteness of the skin in the parts subjected to the application, when the fluid producing it is to be washed off with water or thin arrowroot gruel. The pain attending the application of the vesicating fluid is very slight and transient.

POLYGAMY, TOO.—The Albany Journal calls public attention to the fact that, under the late decision made by the slaveholding Judges of the Supreme Court in the Dred Scott case, Congress can pass no act to forbid Polygamy in Utah. It, like Slavery, is a "domestic institution," and wholly under the control of the inhabitants of the territory when forming a State.

Eastern Missions.

EUGENIO KINCAID, for many years a Baptist preacher in the Northumberland Association, and long time a missionary in the Burman Empire, has addressed large numbers of people in this region, during the past fortnight. His last seven years' sojourn in Burmah has made apparently no change in his personal appearance, and his own health is good. He contemplates returning to his distant field of labor next month, but will leave with us his family, for the benefit of their health, and to improve the education of the younger members.

Mr. Kincaid has labored for some years past in Ava, the capital of the Burman Empire—a city containing with its environs perhaps a million souls, and communicating by way of large trading caravans with the ten millions of States on the east, and the south-western portion of China, on the north-east, the Karens on the north, and other large tribes on the west. From its position, Mr. K. considers this the most practicable point from which to reach the Chinese, as well as other large nations, by means of their merchants constantly passing to and fro. The emperor of Burmah is nominally a despotic monarch, but as he has no large standing army, public opinion is sometimes stronger than the despot. Mr. Kincaid never asked permission of the Emperor, or of any other man, to preach the Gospel of Christ; he had been constantly employed, with Dr. Dawson, in teaching, preaching, and distributing tracts and portions of the Word of God, without interruption; and on coming to this country, he bore from the Emperor to our President, proposals for opening or regulating trade between Burmah and America.

The Karen people are among the most interesting of those generally denominated "heathen." They number perhaps eight or ten millions, and when first known to the whites were not idolaters; they had, among their traditions, many of the leading facts recorded in the Old Testament, slightly varied; and were waiting for a new religion. They had no written language; the Missionaries have reduced their language to writing, printed their books, and during the last six years have baptized at least one thousand per year on profession of their faith in Christ. A moral and industrious but poor people, they have received the Gospel into honest hearts, and have built scores of houses of worship, and support many native preachers, without aid from America. Children in Biblical knowledge, they need much assistance in preparing their teachers for their great work; but, thus aided, the Karen is evidently the most promising field for Missionary effort the world affords.

Mr. Kincaid stated that "the five great principles" of the Buddhists, are: "Thou shalt not kill; Thou shalt not steal; Thou shalt not bear false witness; Thou shalt not commit adultery; Thou shalt not drink intoxicating spirits." All very good, and the first four evidently a portion of the Ten Commandments given to Moses; but the last is a human addition; while the other commands against idolatry, covetousness, swearing, Sabbath breaking, and dishonor of parents, are all forgotten, and they "in their blindness bow down to wood and stone."
