DESCRIPTION OF ONE'S OWN WED DING .- McCarty, the facetious editor of the Bardstown, (Ky.) Gazette, was married last week. We are indebted to his own pen for the following description of the party :

"During our visit to Bullit county, we heard of a party, and concluded to attend. Have an indistinct memory of a ceremony having transpired where sundry persons were assembled ; where a dignified gentleman in vestments asked a nervous gentleman in spectacles if he was willing to do so-and so for the future in regard to a figure under a veil in his vicinity, and the nervous gentleman very emphatically promised everything asked of him; and then similar promises were exacted of the veiled figure ; after which, there was shaking of hands among the men, and wholesale kissing among the women folks-followed by cutting of cake, popping of champagne bottles; music, and dancing, and so forth. Altogether, the party was a pleasant one."

EGGS BY THE MILLION .- Eighty thousand dozen of eggs were brought into Philadelphis, in one day recently, over the Delaware railroad. Only imagine what an amount of crackling those nine hundred and sixty thousand eggs caused, and what a furious uproar it would have made. supposing the anxious "parents" could have been all heard at once ! Wouldn't it frighten off the foxes, the skunks, and the weasels? What a big custard they would make, all beat up together with the regular appointments! Or what a big regular appointments. Or what a tig reservoir of egg nogg for a small party! How many little chickens, in embryo, have been cheated out of existence! What a smash if the freight cars had run off the track. track.
