The "National Democracy" of Kansas have held a Convention, in which they nominated Ex-Gov. Ransom of Michigan as a candidate for Congress, and "endorsed -Gov. Walker's policy." A resolution to sustain the bogus Convention's "Constitution," whether submitted to the people or not, was rejected-Ayes, 40; Nocs, 41. This is a sign that the "Democracy" are preparing to throw a somerset, and "take the back track." lected that Mayor Wood and the Democ- pertinent. cracy of New York City refused for some weeks to obey the new Municipal Police Bill enacted by the late Legislature of that State, until the Court of Appeals should pronounce it constitutional. (The proper way, would have been to obey it until it was decided to be unconstitutional.) They resisted the law, even until blood was shed, and armed troops were called out to enforce the law against the Mayor and others. In every sense, they rebelled against the constituted authorities of the State, and crime run riot. But the highest Court decided -6 to 2-that the Law teas constitutional, and Mayor Wood and his infamous abettors are compelled to slink into obedience, or risk the extreme consequence of the punishment they already merit. Lawlessness and anarchy we hope will now be measurably checked in that"breathing hole of hell," papist-ridden and cotton-ruled New York !
