Gross Fraud, Attempted.

We see the ticket nominated by minority representatives of nine counties at Laucaster, published in three or four exchanges as "the American Ticket." That is not true, and is calculated to mislead and de-

ted the American as well as the Republican members of the Opposition in the full Convention at Harrisburg which put in VEECH, and Jos.J.Lewis. Surely, SIXTY-SIX counties in the State better represent the American feeling than a portion only of the professed Americans in NINE coun- On election day, Lyle, the border ruffiar

Bradford and Wilmot.

Judge LAPORTS of Bradford county says a good mule team would haul all the PACKER men in Bradford out of its limits in one week. Bradford will give WILMOT six thousand majority!

So says one of our exchanges. Bradford is one of the very largest and most prosperous counties in the State-is surpassed by two counties only (outside of Philad.) in the number of its Schools-we believe has more single farms (small and new though they be) than any other in the State-and so well informed that we have heard it said at Harrisburg and in the lower counties, by those who knew her lumbermen only, "It seems as if every man from Bradford county is a lawyer." Such a host of intelligent, "small fisted farmers" wont vote to suit South Carolina-nonow! They gave POLLOCK 2500 majority; they promised 3900 for the Union State Ticket last fall, and gave over 3500; they promised 4000 for FREMONT, and gave him 4500; and if they now promise their own Wilmot 6000, and should "spread themselves" and run it up to 6500 or 7000, "pardon something to the spirit of Liberty" which animates them in this contest !

Twenty years ago, Mr. Wilmot had just settled in Bradford county-poor, without friends, unknown. That year (1837) the Whigs carried the county, electing a Senator over the Dem. maj. in Susquehanna. From that year, Mr. Wilmot's influence was seen; the county became more and more Democratic, Wilmot's popularity still increasing, until Slavery's demands were unbearable, and they bolted, in mass! A tremendous majority for him, is of course to be expected.

There is no exportunity equal to it now offered to the man who wants to provide himself a feature in an easy way, and make a settlement where he can live in prosperity and independence in a climate FERFECTLY HEALTHY. No case of the flexir ever having been known to occur in this scittlement. It is not thing place to the harkweek of the West, among perhaps intolerant people, where there is no society, shurches or echoes, where the price of hand is high, and where the emigrant, after being most to the healthest elimants in the world, has be endure sick ness and pain, and perhaps ruins his health and that of his family. But here is a thirtying settlement having three towns, containing churches, schools, betels, stores, saw mills, prict multis, and everything desired. There is a cash market at hand. The humber trade best year amounted to over two hundred million set of immorth a short time, owing to the coal, it will become still more valuable, as a number of iron works and manufactors, will soon be started; they are at present starting them extensively at Warren.
