LEWISBURG CHRONICLE & WEST BRANCH FARMER .--- AUGUST 7, 1857.

New Anecdote of Randolph.

Arthur Livermore, of New Hampshire, and John Randolph, of Roanoke, Virginia, were both markel men, in their way, and both members of the House of Representatives in Congress, together. Mr. Randolph was a man of overbearing pride and great houteur of demeanor, and one who could not, with any tolerable degree of good grace, brook opposition, and whose ire was roused to the last degree by defeat. Mr. Livermore had not been subjected to the same degree of accidental and artificial stimulus of pride and arrogance; but his spirit was searcely more Section 2. In addition to the above limited power, the state may contract debias to repel invasion, suppress insur-rection, defend the state in war, or to redeem the present outstanding indebtedness of the state ; but the money arising from the contraction of such debts, shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever. Above all things, he disdained to be trampled upon by an arrogant despotism, rous-Serior 3. Except the debts above specified in sections one and two of this article, no debt winkever shall be crea-ted by or on behalf of the state. Seriors 4. To provide for the payment of the present debt, and any additional debt contracted as aforesaid, the iezishitre shall, at its first session after the adoption of this amendment, create a sinking fund, which shall be sufficient to pay the accruing interest on such debt, and annually to reture the principal thereof by soun not less than two hundred and thy thousand doilars; which sin-king fund shall consist of the net annual income of the public works, from time to time owned by the state, or the proceeds of the sale of the same or any part thereof, and of the income or proceeds of sole of stocks owned by the state. Use there with other funds or resources that may be designated by haw. The said existing fund may be increased, from time to time, by assigning to it any part of the taxes, or other revenues of the state, or government; and unders, in contexpection of such state, or the process of sole correst expenses of government; and unders, in color revenues of the state, not required for the onlinery and current expenses of government; and unders in cose of war, invasion of incurrention, and part of the sink in stating that shall be used or applied otherwise than in extinguishnown, of the public debt until the anonum of special head is a reduced below the sum ed to the most impudent excess by the hat it of domination in the daily relations of life. Livermore had one day made a most subversive onset upon one of Randolph's favorite pieces of invective irony and playful slang, which he always delighted to deal out for the amusement of the House, and which consumed more time and afforded less light than ought to have been expected from a gentleman of such distinguished learning and ability as are, and part of the snik isnking fund shall be used or applied otherwise than in extinguishment of the public delt until the smount of such lebt is reduced below the sum of five millions of dollars. SECTOR 5. The credit of the commonwealth shall not in sny manner or event be pleighd or leaned to any individ-ual, company, corporation, or association; nor shall the commonwealth hereafter become a joint owner or stock-holder in any company, association or corporation. SECTOR 6. The commonwealth shall not assume the debt, or any part thereof, of any county, city, horough or township, or of any corporation or association, non-ity and the been contracted to enable the state to repit invasion, supprest domestic incurrection, defend itself in line of war, or to assist the state in the discharge of any portion of its present inductiones. always were, by common consent, accorded to the hero of Roaneke. Randolph turned upon Mr. Livermore with more than his ordinary measure of gall and bitterness; among other things, calling him repeatedly, "the member from Vermont," a State, at that time, of somewhat dubious estimate in the companionship of the origportion of its present indebtwiness. SETING 7. The legislature shall not authorize any county, etc., hownship, or incorporated district, by virtue of a vote of its citizens or otherwise, to become a inal thirteen. Livermore, not a whit abashed, rose on the instant, and did battle so effectually as utterly to demolish all Johnny's glittering soap bubbles, all the time referring to him as "the worthy member from Rhode Island." He said ARTICLE SIL OF NEW COLNTIPS. No county shall be divided by a line sutting off over one benth of its population, (either to form a new county or otherwise) without the express securit of such county by a vote of the electors thereof; nor shall any new county selectablished, containing less than four bundres he objected to that gentleman, even, privileged as he undoubtedly was, riding rough shod over the heads of his associates of the House with the same impertura-From section two of the first article of the constitution, strike out the words, "of the city of Philodophia, and of each county respectively." from section firs, ame article, article out the words, "of Philodophia and of the second strike out the words,"

assuming any such baronial airs as had been attributed to him by "the honorable insert in heu there the and in heu thereof insert the section four, same article, and in heu thereof insert the following: "Scenyes 4. In the year one thousand eight hundred and sixts-four, and in every second year thereafter, representatives, to the number of one hundred, shall be by districts, in proportion to the number of taxable inhab-itants in the several parts thereof, except that any county containing at least three thousand five hundred taxables may be allowed a separate representation; but no more than three counties shall be joined, and no county shall be divided, in the formation of a district. Any city con-taining a sufficient number of taxables to entitle it to at least two representatives, shall have a separate represen-tation assigned ft, and shall be divided into convenient districts of contiguous territory, of equal taxable popula member from New Hampshire;" and at the top of his shricking voice, declared he never drove more than two, on any occasion.

Said Livermore : "I repeat, a coach and siz-two horses, two niggers, and two dogs !"

This sudden expose of the usual retinue of Mr. Randolph, brought down the Goin as near as may second a winter the advectory of a section sector se House in such hearty roars of laughter that he did not deem it prudent to enter into any more extended explanations on that occasion ; and he seldom afterward invited the strictures of Mr. Livermore, whom he thenceforth denominated " my and sixty-four. excellent friend from New Hamshire."

A SAFE MAN TO INSURE .- By a steamboat explosion on a Western river, a passenger was thrown unhurt into the water, and at once struck out lustily for the shore, and at once struck out lustily for the shore, the sentity that the above and foregoing is a true and correct copy of the original "Resolution," as the same remains blowing like a porpoise all the while. He reached the bank almost exhausted, and was caught by a bystander and drawn out, panting. "Well, old fellow," said his friend, "had a hard time, ch ?" "Ye-yes, pre-pretty bard, considerin.' Wasn't doing it for myself, though ; was a workin' for one o' them insurance offices in New York. Got a policy on my life, and I wanted to save them. I didn't care."

In a late perambulation though a certain part of this county-in a part, by the way, in which the people are not very friendly to Pablic Schools-we saw public evidence of the absence of that important personage-the School-master. Ou a sign board, conspicuously set up for public gaze, we read, "Sarsafarilla, Lager Bear, and Minerl Water !"-Bloomsburg Republican.

A LIBERAL TOWN .- The Mayor of Newport, Ky., receives the extravagant sum of ten dollars a year for his official services, which one of the Councilmen recently proposed to raise to \$100, whereupon the city fathers in holy horror at the enormity proposed, postponed the matter indefinitely.

Five of the seven "Democratic" candidates for Congress in Georgia, are old "blue-light-alien-tory-bank-silk stocking-Federal-Whigs." The old fashioned Dimmyerats who fought, bled and died for the pure principles, are repudiated for eleventh hour converts.

The Rochester Union calls Hazlehurst "the Straight-out Plug Ugly" candidate for Governor in Pennsylvania. What an "agly" name to give a gentleman ! Ugh !

Dobbs says that people who endorse notes, are called "sureties," for this reason, that in nine cases out of ten they are sure to be called upon for the money.

The ancient Greeks buried their dead in jurs. Hence the origin of the expression, "He's gone to the pot."
