Lewisburg, Pa.

FRIDAY MORNING, SEPT. 4, 1857.

A CIRCULAR—Manufacturers, Merchants, Mechanics & Public Officers in City and Country, Publishers—and all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and traders, as any in the State.

☞ **See New Advertisements.**

☞ We have received a satirical communication from a small village not a thousand miles off, where the inhabitants, not having business of their own to attend to, take care of their neighbors in hand. It is sharply written, but we think its publication useless.

☞ The Directors of the Lewisburg, Centre & Spruce Creek Railroad Company are to meet to-day, in Lewisburg.

☞ On Tuesday evening, several Indians of the Mohawk and Chippeway tribes gave a Concert at the old Presbyterian church house.

☞ Considerable Wheat has been sown in Buffaloe Valley, last week and this, and more will be this week—principally red chaff or Mediterranean. The farmers are determined to be ahead of the weevil, this time, if possible.

☞ Mr. Forbes, a young student from Princeton, preached for the Presbyterian church, on Sunday last, and in the afternoon gave a most interesting description of Christianity in the Sandwich Islands, of which he is a native.

☞ The County Committee are requested to meet at the Office of J. A. Mertz, Esq., Lewisburg, at 9 A. M. of Tuesday, Sept. 15th inst., viz:

David Hennig, Mich'l Brown, G.E.Shearry-s H. Knight, John Guyer, Wm. P. Dougal, Samuel Spengel, Alex. Ammons, Thos. Hayes, G.W. Chambers, J. D. Ferrey, A. J. Bolich, Archib'd Thomas, Samuel Marshall.

☞ The gamblers', horseracers', pickpockets' and prostitutes' jubilee at Elmira, this week, has drawn a very "select" crowd. Performances commenced by robbing Prescott's bookstore, and will doubtless be continued in the same style to the end of the chapter.

☞ THE CENTRE COUNTY NOMINEES, are as follows:

Opposition	Administration
Assembly—Samuel M Williams.	Samuel Gilliland
Sheriff—Henry M Ewen.	Thos's M'Coy
Prothonotary—Geo B Weaver.	John Hoffer
Register, &c.—M P Crosthwaite.	Josiah I. Test
Treasurer—Wm Baird Jr.	Isaac Buffington
Commissioner—Geo W Shoup.	Jacob Erhard
Auditor—James M Marshall.	C Marks
Coroner—Frederick Barker.	D Derr

☞ "An Old Line Whig" writes to the Lancaster *Examiner* that the Whigs who voted for Buchanan as a citizen of their County and their State, and because they knew and liked the man, are by no means converted into Democrats. They remain Whigs, and will sustain Whig opposition to Slavery Extension by voting for WILMOT & CO.

☞ One day last week, a living object covered with rags "all tattered and torn" moved down the center of Market street, at which dogs usually civilly disposed run out and barked! We have seen many miserable looking foreigners and negroes, but never one so ragged and woe-begone as this white man, whom even the dogs scouted. He tried to pick up something to fling at them, but like the Irishman found this "a pretty fray country—tie the stones down, and let the dogs loose!" Truly, the most pitiable specimen of a finished tiper that ever met our eyes, was that one!

TREASURY PLUNDER.—The $3000 taken from the State Treasury to pay lawyers for the spite work of the enemies of the sale of the public works, does not please the people. Look at the parties.... Henry S. Mott, K. N. Canal Commissioner; James H. Walton, State Senator; Chas. R. Buckalew, present Chairman, and Wm. L. Hirst, late Chairman, Dem. State Committee; Henry S. Magraw, on his second term as State Treasurer; Jacob Fry, made Auditor General by the fraudulent vote in Philadelphia, last fall—all leading Packer men! and Meredith, a Fillmore lawyer! There is not only no authority for paying this attempt to nullify the will of the people and of the Legislature, but there is a positive law against it. The party leaders have been so long accustomed to plundering from the Public Works, that they will continue it when they have the power. Give them the Governor they are all working for, and every member of the Canal Board and of the Supreme Court, and there is no safety in the laws keeping their greedy hands from the public funds!

Democracy becoming KnowNothing!

LOCO TACTICS.—Not only is the money from the State Treasury used to keep up "side-door" newspapers, but the Packer papers are now everywhere openly puffing up Hazlenut and Soap, extolling their talents, patting Know Nothingism on the back, and calling psuedo "American" meetings. The "Democracy" are also attending, exherting, and applauding their emissaries, sent about to distract the Opposition! Is it not a beautiful sight—to an Irishman and a Catholic—to see the Packerites down on their knees to Know Nothingism, paying K.N. orators, and hurraing at K. N. meetings? It is evident that the only hope of Packer & Co. is based on the success of their spies in diverting votes from the Union Ticket. *The Hazlenut editors openly avow their preference for Packer over Wilmot*, and will vote for him when they can, daily, leaving their dupes to throw away their votes on a hopeless ticket.

Hazlenut was announced to address numerous meetings in the interior, but failed on several occasions, on account of illness, (or, some say, disgusted with his business.) But when leaders n't go, he sends "Soap."

A Correspondent of the *Richmond Dispatch* from Bath Alum Springs (Va.) says:

"We had a little episode recently, by a man by the name of JOHN EILERT, of Lewisburg, Union county, Pennsylvania, attempting to steal negroes and run them off to a free State. He was arraigned at the office of the Hotel, and most seriously threatened with Judge Lynch, but finally law and good order prevailed, and for want of a warrant he was suffered to leave in the stage, but was followed by Wirt Roberts and James E. Brinkley, who, being somewhat detained in getting the warrant, arrived at Millboro' Depot only fifteen minutes too late, as the cars for the East had left about that long previous. No doubt but what he will go home a wiser if not a better man."—*Philad. Sun.*

☞ Mr. EILERT is Deputy Post Master in this place, and is too well and favorably known to have a syllable of this charge believed. He left here and returned, openly and according to appointment, to attend to some land matters in Virginia, with a Philadelphia gentleman. We think it due to Mr. E. himself—to this community—and to all Pennsylvanians who might have an occasion to visit Virginia, to refute this calumnious assault, and explain the probable cause of its fabrication.

Southern Convention.

The Southern Convention which assembled recently at Knoxville, Tenn., seems very generally to have disappointed those who predicted important action from it. It commenced with an attempt to exclude all editors and reporters not favorable to the Convention, and appears to have spent the whole of the first and part of the second day in discussing a resolution to that effect.

On the second day it was mainly occupied with resolutions respecting slavery and the slave trade, and on the third day, it adopted one recommending the *with drawal of the United States fleet* from the coast of Africa.

On the fourth day the Convention resolved that lines of Southern ocean steamers *ought* to be established; that a university *ought* to be established at the South for the education of Southern youth; and left a decision about *legalizing the slave trade* over to the next Convention.

The Convention adjourned to meet next year at Montgomery, Alabama.

☞ Who can doubt that by the next Presidential Election, the South will demand the repeal of the law or ordinance against the Foreign Slave Trade? and that the Democracy will aid them in the effort?

FREE SOIL IN MISSOURI.—The St. Louis *Democrat*, in summing up the result of the late election, in St. Louis county, says: "Upon a direct emancipation issue, unembarrassed by any party antecedents, we may, therefore, in the future, calculate upon a clear working majority of four thousand votes. This is very significant and very cheering. At the last April election, Mayor Wimer failed of obtaining a clear majority over both his competitors by two or three hundred; **now we have** carried the city by *fourteen hundred and thirty-four*. This shows the rapidity of the growth of the free soil sentiment within the last four months; and the triumph so far as it involves a mere local victory is glory enough for one day."

☞ The Pro-Slavery Democracy of California have nominated John B. Weller, formerly of Ohio, for Governor. The Republicans have nominated the gallant Edward Stanley, formerly Whig Congressmen from North Carolina, for the same office. Herbert, the Irish-waiter murderer, figured again in the Democratic convention.

A farmer in Millcreek township, Erie county, says he expects to realize *four hundred bushels of potatoes* from a single acre of ground! Who says the potato crop will be a failure?

A 'slight frost' was reported upon Trout Run, Lycoming county, Tuesday of last week. Shouldn't wonder if there were a *big frost* "Proviso" on somebody in that county, next October.

Col. W. O. Hickok found his horse near Frederick city, Maryland. It is supposed to have been stolen by a German in Harrisburg, and sold to a slave dealer.

The opposition in Carbon county recently invited the Democracy to "stump" together, but the Dem. declined.

At Tyrone, Blair county, Mrs. Harriet M. Stewart is appointed post master, *vice* John B. Stewart, resigned.

Joshua R. Giddings is so feeble that he will probably not be able to take his seat in the next Congress.

Several buildings were recently lost by fire at Montoursville, Pa.

Medical Ultraism.

If there were health in a multitude of medical systems, as there is said to be wisdom in a multitude of counsellors, sickness would be unknown in this age of so called pathological discoveries. The homœpathists tell us that the salvation of our lives in sickness depends upon infinitesimal doses and infinite dilution; the hydropathists profess to rain health upon us from shower baths, or soak disease out of us with wet blankets; while a still newer set of exclusives propose burying us up to the armpits in the earth—putting both feet in the grave as it were by way of saving our lives! Then, we have Sangrados, who are all for bleeding, blistering and low diet; and mineralists, who believe in nothing but mercury and its evil effects. All of these, unfortunately, however, for all these theorists that they can show no practical proof of the assumed infallibility of their methods of cure. Not so Professor Holloway, who has really inaugurated a new era in the history of the healing art, and whose medicines for the last twenty years have annually rescued tens of thousands from impending death. This is no assumption, but a fact verified by the most unimpeachable evidence of a "cloud of witnesses." The archives of his central offices in London and New York, contain more than half a million of manuscript certificates, authenticated in the strongest manner, and placing beyond the possibility of doubt the infallibility of his preparations in nineteen-twentieths of the maladies to which man is subject. Great Britain, the Continents of Europe, India, China, Australia, the U. States, the West Indies, British America, every civilized land, and every country to which the pioneers of civilization, commercial and religious, have found their way, ring with the fame of these all-conquering remedies. There is no written language in which he cannot produce testimonials of their efficacy, no printed one in which his remedies are not praised and recommended. Such is the demand for them in all parts of the world that they may be justly called a great commercial staple, and the number of agencies for their sale amounts to tens of thousands!

Professor Holloway, whose comprehensive mind is the native principle of this immense system of popular medicine, resides now in this country. His manufactory for the Continent is at New York, and there is no newspaper in the Union that has not endorsed his preparations; no city or town within the same limits, where they are not known and appreciated. These facts speak for themselves, and clearly show, that while so many medical dogmatists have been groping in the dark, he has actually discovered applied the true and only means of eradicating the primary causes of disease in the human system.—*New York Sunday Times.*

☞ The Democrats of Columbia county have nominated John M'Reynolds for Congress and Peter Eut for Assembly. The four counties have met, and Judge Welker of Sunbury is the only nominee for Senator.

Teachers' Institute.

The "Union & Snyder County Teachers' Institute" will meet in Mifflinburg on Monday the 14th of Sept. at 1 o'clock, P. M. Distinguished Educators will be present to assist in conducting the exercises of the Institute. We hope to see in attendance all teachers who feel an interest in their profession, deeming such attendance the best proof of their devotion to the cause of education. All friends are cordially invited to attend. The session to continue one week. D. HECKENDORN, Ch. Ex. Com.

HELMBOLD'S GENUINE PREPARATION, Highly Concentrated Extract Buchu, for Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weaknesses, &c., is a safe and pleasant remedy. Read the advertisement in another column, headed "Helmbold's Genuine Preparation."

HAIR RESTORER.—Prof. Wood advertises in our columns his valuable medicine for restoring hair, and for the prevention of baldness, &c. This remedy has been used quite extensively, and with great success. Hundreds, nay, thousands have used it, and are willing to testify to its efficacy. Read the advertisement—go at once and procure a bottle, and prove its virtue. Our good old bald headed bachelor friends should embrace this opportunity to cover their pates with a coat of rich, luxuriant hair.—Indianapolis Locomotive.

HOLLOWAY'S OINTMENT AND PILLS.—Dropsical swellings in the limbs are uniformly reduced by the application of this Ointment. It must be briskly rubbed in, and in these and all other cases of external disease or injury, it is advisable to foment the part affected with warm water before using the preparation. As a cure for sore breasts, its effects are wonderful. In ten minutes after lubricating the inflamed or ulcerated nipple, the pain and throbbing cease. Every species of sore, boil, tumor or eruption, yields readily to its soothing, healing, disinfecting influence, and, in fact, its curative effect on superficial maladies is only equaled by that of Holloway's Pills on all internal disorders.

☞ The most skeptical people can be convinced by trial that all the family medicines are not humbug, and among the thousand of butterfly life there are a few of great merit, and undoubted worth. Of these, *Dr. Sanford's Invigorator*, or Liver Regulator, stands first and foremost among the nostrums of the day that can be relied on as a medicine that is all it is recommended by its proprietors. It advertises itself on every trial, for there are none who use it but tell their friends to do so, and so it goes from mouth to mouth till all the people of the Union have learned the good of this truly valuable medicine. It is recommended with testimonials to prove its virtue for the cure of liver complaints of every kind, from the worst Dyspepsia to a common Headache, and is particularly adapted to Jaundice, Deranged Stomach, Bowel Complaints and diseases of children.

One or two doses are said to cure a cold with scarce a failure. It is worth a trial for this alone. It is especially adapted to the use of ladies, particularly those of sedentary habits. Some ladies of the highest standing in society have given their certificates of its efficacy, and we say to all who are ailing, try one bottle, and you will never be without it.

MEDICAL REFORM.

M. H. DERSHAM, M.D., Practising Physician and Surgeon, will also pay particular attention to Chronic diseases, such as Liver Complaint, Dyspepsia, Bronchitis, Throat Disease, Consumption when not too far advanced, Asthma, Piles, Rheumatism, Scrofula, White Swelling, Dropsy, Sick Headache, St. Vitus' Dance, Fits, Sore Eyes, Cancers, Tumors, Ulcers, Eruptions, &c., also Female complaints, as Prolapsus Uteri, (falling of the womb,) and all other complaints of the sex of every name and form. Most of the above long standing diseases are curable, and none more so than those of females. Feeling confident that nearly all of the latter can positively be cured, (having cured some of ten and fifteen years' standing) those not curable can be relieved, and can generally be taken on the liberal terms (if not cured or relieved, no compensation is demanded.)

Dr. DERSHAM graduated at the Eclectic Medical College of Cincinnati, having first studied the old or Allopathic system in Philadelphia, afterwards the Reformed or Eclectic system of medication. This system uses all the medicines of the regular or Allopathic system except Calomel, Arsenic, Antimony, and Bleeding, (safer and better agents having been discovered) but it also embraces the many valuable medicines of the Botanic school not known to any other system; also the improvements of the Hydropathic, Homœpathic and Thomsonian systems. This certainly is an age of progress, and the New School moves with the age.
