HOW TO GET BACK INTO THE DEMO-CRATIC PARTY -Judge Wilmot, in his speech at Philadelphis, said :

"Do you think that I can not readily get back to the Democratic party if I am opposed to it? Why, gentlemen, older sinners than I have gone back, and got their reward: I should only have to commit some gross act of outrage-"catch a nigger,"or, when he seeks a crust of bread, seize him and put him in prison; then would I have atoned for all my past political errors in the sight of the Democracy.

A CALCULATION TO LOOK AT .- Suppose a man drinks four glasses of liquor a day, at five cents a glass, in a week he spends \$1,40,and in a year \$72,80. This will buy the following articles: Four barrels of flour, say \$24; four pair of boots, say \$15; forty pounds of butter, \$10; one hundred pounds beef, \$9; a new hat \$4; a new satin vest, \$4; a bonnet for wife,\$5; sugar plums for children 180 cents-total \$72,80 .- California Farmer.

A NEGLIGENT OFFICIAL .-- A story is told of a revenge taken by a Nantucket ship-master against a United States Consul who was very rarely to be found in the office, although upon his sign were the words, "In from 10 to 1." The indignant Captain, after trying to find the Consul several days without success, took a paint brush and altered the official's sign, so that it read. "Ten to one he is not in."

Mr. Fillmore, the candidate of the Know Nothing order to the last Presidential race, received but eight electoral votes. Of the one hundred and seventy-one members elected to the next Congress, the Know Nothings have but two distinctive and exclusive members. This is what they call a "national party."
