From the American Agricult THE HUSKERS SONG.

CHECCO AND SURG AT A REAL TANKES " HE Better than gold is our corn ten-fold
From the fertile earth advancing,
'Twill give you health, 'twill give you wealth,
Your happiness advancing.

CROBUS. Then husk your corn before 'tis morn,
For the pumpkin pie is waiting;
Aud fill your maw, 'tis Nature's law
To give yourselves a baiting.

With it we make a johnny cake, Of roast, or fry, or griddle, And puddings good, be it understood, And stirred up with a paddle. Then hush your corn, &c.

When it is green, as we have seen, Tis first-rate boiled or roas And when 'tis dry, who dare deny
'Tis quite good popped or toasted.
Then husk your corn, &c.

Turkeys and hens count it by tens, And never stop to taste it, And ducks and geese, a pint a piece, A bushel they'll soon waste it. Then husk your corn, &c.

Squirrels by day, red, black and gray, To store it in their "eiries," No question make for conscience' sake, But snatch it like the faries.

Then husk your corn, &c. The brave chipmuck with right good pluck Round it you'll see him lurking.
With pouting lip he'll seldom chirp,
Or talk, like boys while working.
Then husk your corn, &c.

At mid of night, with much delight, Old Bruin filled his basket, By light of moon the knowing coon He are it as he husked it.

Then husk your corn, &c. The grunters all, both great and small,

Will squeal to hear it rattle, And then 'tis good as any food For horses, sheep or cattle. Then hask your corn, &c. Remsen, Oneida Co., N.Y. Jour D. Turr

The fire was started at \$\frac{1}{2}\text{ o'clock}\$, A. The Safes were then could off with water, after which they were opened, and the books and papers taken out by the Committee and taken.

Lantz's store for public examination, after they were first examination and marked by the Committee. The books and papers taken from the Safe manufactured by Evans & Wateon were but slightly effected by the intense heat, while those taken from the Safe manufactured by Farrel a' Herring were, in our pulgment, damaged fully fifteen per cent. more than those taken from Evans & Wateon's Safe.

We believe the above to have been a fair and impartial trial of the respective qualities of both Safes.
