

Lewisburg, Pa. FRIDAY MORNING, NOV. 27, 1857.

ADVERTISEMENTS. Manufacturers, Merchants, Mechanics & Public Officers in City and Country, Publishers of the Chronicle & Farmer, would do well to employ the services of a competent printer, who will give a large and increasing circulation to a commodity containing a full and complete list of the names of the manufacturers, mechanics and public officers, as any in the State.

See New Advertisements.

JOHN S. YODER of Buffalo Valley had this year an ear of Corn with 1376 grains.

The \$5 advertised as found in our last, is not called for. Happy times! when nobody misses a \$5.

Mr. FINK, of the Lutheran church, preached a discourse appropriate to Thanksgiving, in the German Reformed house, Lewisburg, yesterday morning.

We are indebted to the author, Mr. J. M. GOSMAN, of Muncy, for three sheets of music, entitled "Lloyd's Waltz," "New Pie-Nie Polka," and "Keturah Schottische." They are arranged for the piano, and are short, easy and very pretty.

We are glad to see the School Teachers, Directors, &c., in Buffalo Valley becoming so much interested in their noble employment. The meeting to be held at Royer's School House, to-morrow, we suppose is open to all who desire to aid in the cause of popular education.

The Canal Board have appointed Supervisors as follows: Delaware Division--Wm. Overfield Jr. Susquehanna--Wm. Elliot. Lower North Branch--G. W. Search. West Branch--R. R. Bridgman.

The illness of Mr. Plummer has delayed the appointments of Collectors, &c.

STRICTLY LOSS.--Among the boats sunk in the Chesapeake last Saturday, was the "Hawthorn," Capt. E. Bickel, belonging to Beaver, Geddes, Marsh & Co., of Lewisburg. It was loaded with iron, (from the Union Furnace) which, with the boat, horses, &c., were worth probably \$3,000--all, it is feared, a total loss. The hauls were all saved.

A boat from Epp-town was blown upon a sand beach near Turkey Point.

The New York Tribune has fitted out and hired a Corresponding Staff to procure information of a reliable nature from Utah or wherever the Mormon War may be conducted.--It will also have able correspondents at Washington, as usual.--Whether Bayard Taylor (who has married a bright Dutch girl and a piece of land in the heart of old Germany) will travel any farther, is uncertain.

UNION COUNTY COURT, this week, has been attended by few except those necessarily concerned. Juries were called in the following cases: Rowlock vs. Oard. Verdict, \$300.00 for P.M.

Sprout & Burrows vs. Stock & Brewer, note for patent right. Verdict, \$861.41 for P.M.

Flint vs. Kline. Verdict for Deft. Albright vs. Datesman. On for trial when court adjourned for Thanksgiving.

Our larger neighboring towns seem to watch with much interest the economical but efficient mode of marketing effected by Lewisburg and her neighbors. There seems to be a growing belief, here, that it is good, and we have had probably a hundred different men here to sell whatever they had to sell--and some attend every Wednesday and Saturday (not "Friday," as some have it). The plan is a good one. Neighbor Burgers: "Go ye and do likewise."

A Society has been formed, comprising some of the most estimable citizens of Philadelphia, designed to assist females in procuring honorable means of support, at the West, or elsewhere, during the coming Winter. Office at No. 116, South Seventh St., Philada. Mrs. Sarah J. Hale, of the Lady's Book, President; Joseph M. Church, Esq. Secretary. A good design--and yet we see that some of the Western papers state that they are overrun with female help in most departments of commerce.

Least some sharp break with a nice pile of Lewisburg Bank bills should laste from afar some cold day to try to make a "run" on that youthful Institution, and find himself on the "homeward way" having less specie than he started with, we note that it is a mistake that "the Lewisburg Bank has not accepted the provisions of the Relief Law," as is published in some papers. It did accept the Law. There are some banks which declined so to do, but it is evident that their issues must be small. The best Bank in the world can not issue money as it is entitled to do, when its notes shall be returned as fast as issued, and the specie demanded, for it would be impossible for a Bank, to exact specie from debtors, in these times. Business must therefore be limited, foreign notes only issued, or there is danger of a "run" which no prudent Bank, intending to live and benefit the community, would risk.

FIRE IN JERSEY SHORE.--On Sunday evening fire was discovered in the store of Messrs. Baker & Martin, which destroyed nearly all their stock of goods, though the building was saved. The loss is about \$3,000--fully insured.

Bachman and Longenecker, President and Cashier of the Lancaster Bank, under whose management it was ruined, are "let loose." Bachman was tried, and acquitted of any interest in defrauding. A nol. pros. was then entered in Longenecker's case.

H. W. Watson has undertaken the care of the Milton Academy.

For Family Reference.

An intelligent family needs, occasionally, a new reference book, to keep well informed relative to the progress of nations, discoveries, wars, and other changes on the surface of our globe. It is not every book printed in this age of steam and "gas" that can be relied on as worthy of public confidence; but the reputation of the author of "Peter Parley" is so good that we may safely recommend the work advertised in our columns to-day as reliable as well as attractive, and well worth the money to the many who after all can afford it, even when others can not.

FOR THE LAMBERTON CHRONICLE.

Buffalo Township Teachers' Institute.

Pursuant to adjournment, a majority of the Teachers of the township with others, assembled at the Union School House on Saturday, Nov. 21. The usual degree of interest for the "good cause" was manifested on this as on other occasions, and the benefits which were anticipated would result from such meetings are beginning to be realized, in this Institute, at least.

Morning Session.--The lesson was called to order at 10 o'clock A. M., by the President. After the transaction of miscellaneous business, appropriate and able remarks on Experience in Teaching were made by C. E. Hays, M. B. Chambers, H. C. Steadman, and others. Adjourned until 1 1/2 o'clock P. M.

Afternoon Session.--The subject of Written Arithmetic was then taken up, and the best methods of teaching it were clearly demonstrated by Messrs. Steadman, Hays, & Kieckhefer.

Mental Arithmetic was also discussed. The thanks of the Teachers here assembled were tendered to Messrs. Mathers and Steadman for their hospitality to us.

Resolved that the subjects for discussion at our next meeting be--Geography, Delineation and Composition.

Adjourned to meet at Pontias' School House, on Saturday, Dec. 5th at 10 o'clock A. M.--A session may be expected in the evening. The public are respectfully invited to attend.

W. C. BENEDICT, Secretary.

Bank Directors--Nov. 16.

DANVILLE--Edw. H. Baldy, Wm. H. Magill, A. K. Kapp, J. C. Grier, G. M. Swope, P. Brady, S. J. C. Rhodes, John Sharpless, J. H. Gutz, Thomas Hays, J. V. Goodright, Wm. Hood, Benj. Schuch.

LEWISBURG--Wm. Cameron, Beyer Amos, John Walton, J. D. Gar, Gibson Bell, John Deane, R. M. Glick, Joseph Meigs, James M. Coughlin, J. L. Shindel, John Gandy, David Eshbach, James Cameron.

NORTH BRANCH--John B. Parker, J. W. Greenough, George Schuman, Paul Brown, A. K. Kapp, James P. Eggert, Samuel P. Heise, Paul Maclellan, Samuel Scholger, John Wallis, Geo. F. Miller, Charles Paxton.

JOHN WALTON, Esq., having been chosen a Director in both the Northumberland and the Lewisburg Banks, and it being incompatible to serve in both, he resigned a Directorship at Northumberland, and A. B. Wagoner Esq. of Harrisburg was chosen to supply the vacancy. Mr. WALTON's name seems identified with the "Northumberland Bank," where he has been a Director beyond the memory of many at least of the rising generation. What piles of money he has borne to and from Bank for his anxiously inquiring friends (on which a small per centage would be a huge fortune) and how often he had to sympathize with other inquiring friends, whose paper wasn't "reached," or, if reached, wasn't "done!"

Quite Cool!--A club for the N.Y. Ledger was made up in Lewisburg and the cash sent to an "enterprising" man who could furnish the paper cheaper than the Printer himself! The Ledger came for a while, but at length was missing. A letter of inquiry from a suffering patron elicited the following refreshing information:

NEW YORK, Nov. 20, 1857. JOSEPH LOCKER, Esq.--Dr. Sir: For last 60 days I have had no receipts from the country and disagreeable as it is I am forced to stop sending. I will make it right with you as soon as I can. I have a right to expect you to continue business with you if you like to do so. Truly, P. D. ORVIS, a. g.

If the country "don't keep pouring in the cash, how quickly these very venal citizen operators 'dry up'! One would suppose, if the money was sent and a man undertook to supply a Lewisburg club a year, he should so use that money as to secure the club for the year! But that is not city fashion. Lewisburg must lose, because Milton & Co. don't remit--there's honesty and enterprise for you! We rather guess "P. D. Orvis, a. g." has his customers hereabout, will not insist upon a business intercourse, at least on their terms!"

We again advise all to send for magazines, papers, and books direct to head quarters, in the most straightforward manner. There is always a risk or a dodge or a cheat in procuring of strangers any valuable thing too cheap.

At the recent Fair in Milton, the following premiums were notice awarded to citizens of Union county, (some of which were overlooked in our notice last week): Dr. Longshore, 23 best mare and colt \$200 Andrew Heibel, best yoke of oxen 4.00 J. D. Chamberlin, sub-soil plough 1.00 do do best d.r'd deerkins Diplo 1.00 do do do do do do do 2.00 Frier & Lilly, Roney's reaper and mower 3.00 Geddes & Marsh, straw cutter 2.00 E. W. & Moore, ground plough 2.00 do do do do do do do 6.00 S. Hoffman, fancy sugar coated cake 50 T. W. McCarty, collection ambrotype Diplo 1.00 Samuel Slear, best egg plant 1.00 James Adams, best 1/2 bushel apples 1.50 Wm. H. Rorer, best 1/2 bushel apples 1.50 Dr. Beerstedler, 23 superior varieties of apples. 1.00

There may have been others still. The whole amount of premiums awarded, about \$250, and 12 or 15 diplomas. Messrs. E. D. Snyder and James Forrester had specimens of Sugar Cane Syrup.

John O'Brien, sentenced by Judge Jordan to the Penitentiary from Northumberland county, escaped from Jail at Sunbury. A reward of \$25 is offered.

Among the many medicines offered to the public, Dr. Vial's Galvanic Oil is surpassing in all amount of sales. A greater number of other preparations have been sold than of any other preparation--and why? Because it is a good article and it relieves the sufferer in a speedy manner.

JACOB YER, Esq., of the Milton Academy.

Fits--Fits--Fits!

DR. HANCOCK'S VEGETABLE EXTRACT EPILEPTIC PILLS, For the Cure of Fits, Spasms, Cramps and all Nervous and Constitutional Disorders. Persons who are laboring under this distressing malady will find DR. HANCOCK'S VEGETABLE EPILEPTIC PILLS to be the only remedy ever discovered for curing Epilepsy or Trembling Fits. These Pills possess a specific action on the nervous system, and, although they are prepared especially for the purpose of curing Fits, they are also of especial benefit in all nervous affections which will not yield to any other remedy. In a few months' continuance of their use, the system is renovated, and the sufferer is enabled to pursue his usual avocations, and to enjoy the same degree of health and vigor as those who have never been afflicted with this distressing malady.

Persons who are afflicted with Liver Complaint, Jaundice, or Biliousness, will find the above Pills to be of great benefit. They are also of great benefit in all cases of Headache, Neuralgia, Rheumatism, and all other nervous affections. They are also of great benefit in all cases of Indigestion, and in all cases of Constipation. They are also of great benefit in all cases of Nervous Debility, and in all cases of Nervous Exhaustion. They are also of great benefit in all cases of Nervous Irritability, and in all cases of Nervous Sensitiveness. They are also of great benefit in all cases of Nervous Tension, and in all cases of Nervous Relaxation. They are also of great benefit in all cases of Nervous Spasms, and in all cases of Nervous Cramps. They are also of great benefit in all cases of Nervous Convulsions, and in all cases of Nervous Paralysis. They are also of great benefit in all cases of Nervous Stupor, and in all cases of Nervous Coma. They are also of great benefit in all cases of Nervous Insensibility, and in all cases of Nervous Anesthesia. They are also of great benefit in all cases of Nervous Parosmia, and in all cases of Nervous Dysgeusia. They are also of great benefit in all cases of Nervous Anorexia, and in all cases of Nervous Nausea. They are also of great benefit in all cases of Nervous Vomiting, and in all cases of Nervous Diarrhea. They are also of great benefit in all cases of Nervous Dysentery, and in all cases of Nervous Hemorrhage. They are also of great benefit in all cases of Nervous Epistaxis, and in all cases of Nervous Hemoptoe. They are also of great benefit in all cases of Nervous Hematuria, and in all cases of Nervous Strabismus. They are also of great benefit in all cases of Nervous Amblyopia, and in all cases of Nervous Myopia. They are also of great benefit in all cases of Nervous Hypermetropia, and in all cases of Nervous Presbyopia. They are also of great benefit in all cases of Nervous Astigmatism, and in all cases of Nervous Strabismus. They are also of great benefit in all cases of Nervous Amblyopia, and in all cases of Nervous Myopia. They are also of great benefit in all cases of Nervous Hypermetropia, and in all cases of Nervous Presbyopia. They are also of great benefit in all cases of Nervous Astigmatism, and in all cases of Nervous Strabismus.

Persons who are afflicted with Dropsy, or with any other form of Edema, will find the above Pills to be of great benefit. They are also of great benefit in all cases of Dropsy of the Brain, and in all cases of Dropsy of the Lungs. They are also of great benefit in all cases of Dropsy of the Stomach, and in all cases of Dropsy of the Intestines. They are also of great benefit in all cases of Dropsy of the Heart, and in all cases of Dropsy of the Kidneys. They are also of great benefit in all cases of Dropsy of the Bladder, and in all cases of Dropsy of the Uterus. They are also of great benefit in all cases of Dropsy of the Testes, and in all cases of Dropsy of the Ovaries. They are also of great benefit in all cases of Dropsy of the Spleen, and in all cases of Dropsy of the Pancreas. They are also of great benefit in all cases of Dropsy of the Gallbladder, and in all cases of Dropsy of the Bile Ducts. They are also of great benefit in all cases of Dropsy of the Salivary Glands, and in all cases of Dropsy of the Lacrimal Glands. They are also of great benefit in all cases of Dropsy of the Sebaceous Glands, and in all cases of Dropsy of the Sweat Glands. They are also of great benefit in all cases of Dropsy of the Mammary Glands, and in all cases of Dropsy of the Udder. They are also of great benefit in all cases of Dropsy of the Prostate Gland, and in all cases of Dropsy of the Utricle. They are also of great benefit in all cases of Dropsy of the Seminal Vesicles, and in all cases of Dropsy of the Vas Deferens. They are also of great benefit in all cases of Dropsy of the Epididymis, and in all cases of Dropsy of the Testis. They are also of great benefit in all cases of Dropsy of the Scrotum, and in all cases of Dropsy of the Penis. They are also of great benefit in all cases of Dropsy of the Clitoris, and in all cases of Dropsy of the Vagina. They are also of great benefit in all cases of Dropsy of the Uterus, and in all cases of Dropsy of the Cervix. They are also of great benefit in all cases of Dropsy of the Ovary, and in all cases of Dropsy of the Fallopian Tube. They are also of great benefit in all cases of Dropsy of the Broad Ligament, and in all cases of Dropsy of the Pelvic Peritoneum. They are also of great benefit in all cases of Dropsy of the Peritoneum, and in all cases of Dropsy of the Pleura. They are also of great benefit in all cases of Dropsy of the Lung, and in all cases of Dropsy of the Heart. They are also of great benefit in all cases of Dropsy of the Liver, and in all cases of Dropsy of the Spleen. They are also of great benefit in all cases of Dropsy of the Pancreas, and in all cases of Dropsy of the Gallbladder. They are also of great benefit in all cases of Dropsy of the Bile Ducts, and in all cases of Dropsy of the Salivary Glands. They are also of great benefit in all cases of Dropsy of the Lacrimal Glands, and in all cases of Dropsy of the Sebaceous Glands. They are also of great benefit in all cases of Dropsy of the Sweat Glands, and in all cases of Dropsy of the Mammary Glands. They are also of great benefit in all cases of Dropsy of the Udder, and in all cases of Dropsy of the Prostate Gland. They are also of great benefit in all cases of Dropsy of the Utricle, and in all cases of Dropsy of the Seminal Vesicles. They are also of great benefit in all cases of Dropsy of the Vas Deferens, and in all cases of Dropsy of the Epididymis. They are also of great benefit in all cases of Dropsy of the Testis, and in all cases of Dropsy of the Scrotum. They are also of great benefit in all cases of Dropsy of the Penis, and in all cases of Dropsy of the Clitoris. They are also of great benefit in all cases of Dropsy of the Vagina, and in all cases of Dropsy of the Uterus. They are also of great benefit in all cases of Dropsy of the Cervix, and in all cases of Dropsy of the Ovary. They are also of great benefit in all cases of Dropsy of the Fallopian Tube, and in all cases of Dropsy of the Broad Ligament. They are also of great benefit in all cases of Dropsy of the Pelvic Peritoneum, and in all cases of Dropsy of the Peritoneum. They are also of great benefit in all cases of Dropsy of the Pleura, and in all cases of Dropsy of the Lung. They are also of great benefit in all cases of Dropsy of the Heart, and in all cases of Dropsy of the Liver. They are also of great benefit in all cases of Dropsy of the Spleen, and in all cases of Dropsy of the Pancreas. They are also of great benefit in all cases of Dropsy of the Gallbladder, and in all cases of Dropsy of the Bile Ducts. They are also of great benefit in all cases of Dropsy of the Salivary Glands, and in all cases of Dropsy of the Lacrimal Glands. They are also of great benefit in all cases of Dropsy of the Sebaceous Glands, and in all cases of Dropsy of the Sweat Glands. They are also of great benefit in all cases of Dropsy of the Mammary Glands, and in all cases of Dropsy of the Udder. They are also of great benefit in all cases of Dropsy of the Prostate Gland, and in all cases of Dropsy of the Utricle. They are also of great benefit in all cases of Dropsy of the Seminal Vesicles, and in all cases of Dropsy of the Vas Deferens. They are also of great benefit in all cases of Dropsy of the Epididymis, and in all cases of Dropsy of the Testis. They are also of great benefit in all cases of Dropsy of the Scrotum, and in all cases of Dropsy of the Penis. They are also of great benefit in all cases of Dropsy of the Clitoris, and in all cases of Dropsy of the Vagina. They are also of great benefit in all cases of Dropsy of the Uterus, and in all cases of Dropsy of the Cervix. They are also of great benefit in all cases of Dropsy of the Ovary, and in all cases of Dropsy of the Fallopian Tube. They are also of great benefit in all cases of Dropsy of the Broad Ligament, and in all cases of Dropsy of the Pelvic Peritoneum. They are also of great benefit in all cases of Dropsy of the Peritoneum, and in all cases of Dropsy of the Pleura.
