Lewisburg, Pa.

FRIDAY MORNING, DEC. 25, 1857.

ADVERTIZE!—Manufacturers, Merchants, Mechanics Public officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

☞Telegrsph hours to-day—8 to 10 A. M. and 4 to 6 P. M.

THE CARRIER BOY.—Don't forget the faithful Carrier Boy on the 1st January. He will put it to a good use—pay for his schooling, to make him a man when he becomes a man!

COURT WEEK (*concluded.*)—In the Jury trial of Williams vs Kaufman & Reber, verdict $286,57 for Plff.

Baker vs Petesman: Jury dismissed.

Ritter vs Dreisbach: verdict for Deft.

M'Clery vs Valvalzah: case taken from Jury: Judge to decide the point of law raised, in writing.

Mary Ann Davis vs Wm. Davis, for divorce: Jury find for Plff.

Lewisburg Literary Association, incorporated.

Andrew Kennedy appointed to audit Prothonotary and Register & Recorder's accounts.

There were three bills sent up to the Grand Jury—two found True Bills, and one ignored.

The Court was commendably industrious holding sessions Tuesday, Wed. Thurs. Fri. and Saturday evenings.

☞Wm. Turner (with his fiddle) has escaped from the Jail of Union County—no body seems to know or care how. There is another chap in, who is so well satisfied with the Sheriff's board that he wouldn't clear out if he could get a chance.

☞The murder trials in Danville, were this week the *second* time *continued*, the blunderhead Commissioners having a second time made a fatal mistake in drawing the Jurors, at a cost of say $1000 to the County.

☞The latest foreign Arrivals show still further failures in Europe, and a decline in American imports. The British arms were very successful in India, and although the insurrection was far from being ended, still the troops pouring in made it apparently a question of time only. The son of the King of Delhi has been tried and shot. The reported capture of Nena Sahib, was not credited. It is thought the East India Company will be dissolved, and the Crown assume the entire control. Parliament was in Session. An annuity of £1000 per year is made to Gen. Havelock, who is to be advanced to a Baronetcy. At last dates, he was locked up in Lucknow; Gen. Campbell was pushing to his relief.

Subscription Paper.

To accommodate those who in Union and other counties desire a *formal* Prospectus to obtain or renew subscribers, we give the following. ☞Cut it out and attach it to a sheet of foolscap. Those in this county may commence at New Year's and pay during next Feb. Court.

☞A friend writes desiring to know something about *A. L. Baldwin*, who advertised in our paper Monumental Daguerreotype Cases. He sent Baldwin $5, but has received nothing in return. He heard that Baldwin had removed to Boston, but after writing hears nothing from there. He therefore fears Baldwin is a cheat or a "broken down" dealer. We fear so also, as he has not paid us, and we therefore discontinue the Advt. We will not knowingly allow our readers to be imposed upon through our columns. We advise none of our readers to remit to A. L. Baldwin until they hear something more favorable.

☞The *Whitte* not long since made some pretty strong comments upon *all* the Opposition Editors at Lock Haven (previous to the present) as having sold themselves for money or liquor. We think there should be some exceptions to this sweeping charge. If we remember aright, Daniel Bower was O. K., and orthodox throughout, and it was a decidedly bad "policy" which dictated a change just then. Dan labored too hard and too sincerely to be put upon the same roll as some others who are well worthy of the *White's* left-handed compliments. "Honor bright," neighbor.

☞George Washington Parke Custis has done—as his great namesake and relative, George Washington, did—emancipated all his slaves, 200 or 300 in number. While alive, they say that they were not abused; and at their death, gave them to themselves. Custis' will provides aid to enable them to reach some other land, in case they are forced to become exiles in order to enjoy the liberty which God as well as their master gives them!

SELINSGROVE.—Is reported that Major John Cummings has been tendered the post of Naval Storekeeper, at Philad'a... Morgan Baker accidentally shot off the fore finger of his left hand, and badly lacerated the second...A boy racing the horse of Charles Hower, Esq., the animal got afoul of a two horse team and was instantly killed, and the boy injured...The Lutheran church and Public school grounds are being fenced in...Petty robberies for provisions &c. are frequent.

REVIVALS.—On the 13th inst., Rev. A. K. Bell baptized ten persons at Derry, Montour Co. Last Sabbath, Rev. Joshua Kelly baptized eleven into the fellowship of the Union Baptist church, above Watsontown.

As fruits of the recent extensive revivals, 98 accessions to the Methodist church in Danville are reported.

"Onward the Star of Empire takes its way."

And now rests over Mrs. DENORMANDIE'S new establishment, beyond the Brick Foundry, where she has all sorts of Nic Nacs and Fixin's for the children, and Tea and Sugar substantials for the old folks. Give her a call!

☞THE NEW YORK LEDGER, the great Family Paper, claims to have now attained the extraordinary circulation of *Three Hundred and Thirty Thousand Copies*. The Prospectus of the *Ledger*, which contains all the necessary information in regard to it, will be found in our adv'tising col's.

☞At a communication of Charity Lodge, No. 141, A. Y. M., held on the eve of the 23d inst., the following brethren were elected Officers for the ensuing year: J. W. Pennington, W. M.; J. W. Shriner, S. W.; J. W. Young, J. W.; J. H. Brown, Treasurer; Chas. C. Shorkley, Sec.

☞The two papers advertised on our first page, we think are worth encouraging, or we should not thus notice them. They are good papers, well and honorably conducted.

☞The money and Pocket-Book advertised as lost by Judge Ruhl, have been found on his premises.

STRANGE.—Mr. Jackson, of Charlestown township, Chester county, informs us that a friend of his, at West Chester, took his horse to the blacksmith shop to be shod, and when the colored man lifted up his foot he discovered, safely lodged in the frog of his foot, a large gold ring, valued at $8, which he extracted therefrom. This does not look like hard times, when horses begin to wear jewelry!—*Phœnixville paper.*

A little dog belonging to Mrs. Lally's hotel, Danville, recently run before a locomotive, barking, to stop it, but the engine moved on and severed the dog into two pieces. (Better, some times, to yield than to die.)

Rev. Anson Rood, we regret to state, (late editor and joint proprietor of the Phila. Daily Times,) expired on Friday last, at his residence in that city.

One of our exchanges copies a nu of verses from the Bible, weekly— we suppose to the readers there

The Post Master of Phila established four sub-post-offices, London and Paris fashions.

A 'last' report is that the Montour I. Works will be taken by the creditors o the Company and put in operation under the superintendence of John Foley.

Ashland, in Schuylkill county, in 1847 was a wilderness.

The Williamsport *Press* establishment is offered for sale—an excellent chance for an Opposition printer.

The salaries on most or all the principal railroads have been cut down from 10 to 20 per cent.

Hon. James Armstrong, who was chosen to supply the vacancy in the Supreme Court of Pennsylvania until the last election, has resumed the practice of the law, in Williamsport.

Important from Kansas!

Gen. Lane Reported to be shot—Stanton still Acting Governor—Requisition of Troops—Anticipated Bloodshed.

ST. LOUIS, Dec. 22.—A letter received by the Democrat, dated Lecompton, 16th inst., states that Gen. Lane was shot at Lecompton, by a Government official, whose name is not given, on the evening of the 15th. The affair grew out of a political discussion, and much excitement has been occasioned by it.

A despatch from Brownsville, dated this morning, says that Major Russell, Capt. Van. Vleet and George N. Sanders passed down the river, last evening, *en route* for Washington. They left Leavenworth on the 19th inst.

Mr. Stanton is still acting Governor, apparently with the approbation of Gen. Denver, who had arrived there.

Gen. Harney has dispatched two companies of cavalry, upon Stanton's requisition, to Fort Scott, to suppress rebellion at that place, where several lives had been sacrificed. Gen. Harney has also posted troops at Doniphan, Atcheson, Kickapoo, Leavenworth, Lawrence and Lecompton. It was thought that the legitimate vote on Tuesday, the day of election, would be very small, but many Missourians were said to be going into the Territory to vote, which, taken in connection with Governor Stanton's removal, may cause bloodshed at the polls.

☞The foregoing is the latest we have from Kansas—except a contradiction of the rumor of Lane's murder. We suppose there is no Telegraph leading into Kansas; but next week we shall have reliable information.

☞Two middle-aged women, Mrs. Gonber and Mrs. Ream, residing on a by road in Manheim Tp. five miles from Lancaster, were found at noon of 15th Dec. with their skulls broken. Two sweeps, one a white or light mulatto and the other a negro, had been seen going that way a short time before noon, and were afterwards caught and committed to Jail, with the money upon them identified as taken from the house. The two women had been left alone by the husband of one of them. The murder was most cold blooded and created a fearful excitement.

GOVERNMENT SHINPLASTERS.—Mr. Buchanan has no sooner delivered himself of the annual party tirade against paper money and against Banks, than his friends in Congress are pushing through Twenty Millions of paper money in the shape of Treasury Notes! They will have issued Fifty Millions of their "trash" in two years, for the next Republican Administration to redeem. Great is the hard money and anti-Bank party!

"DOG EAT DOG."—One of the "fierce Democracie" in Congress has proposed to expel Bernheisel, the Mormon Delegate in Congress who was a Marshall at Buchanan's Inauguration, on account of his Democratic brethren in Utah practicing "squatter sovreignty as they understand it."

Wednesday, Dec. 16.—It is confidently asserted that Gov. Walker to-day resigned the Governorship of Kansas. Also that the Administration have sent some secret emissaries to Kansas.

The House to-day entered their splendid new Hall, which Mr. Cox (Dem.) of Ohio dedicated with a telling speech against the attempted Lecompton usurpation.

Walker has landed at Nicaragua, under the very guns sent to "watch" him, as easily as he "escaped" at New Orleans!

Jefferson Davis expresses the opinion that the South ought to secede at once from the Union if Kansas comes in as a free State, even if she comes in with the sanction of her own people. Jeff. Davis was a member of Pierce's cabinet, though just as much of a disunionist as Wm. Lloyd Garrison.

It is stated that Gov. Floyd, Secretary of War, will not ratify the sale of Fort Ripley, whereby some of the best lands in Minnesota was knocked off to "good Democrats" at *four cents an acre*. We hope he will veto the fraud, as it deserves.

One of the Members of the late Bogus Convention in Kansas, has since died of delirium tremens. Another, Henderson, has "left suddenly." It is th many that Calhoun and all hi yet be driven out, as the the Whigs before the Re

The Virginia Legislature re-elected R. M. T. Hunter to the U. S. Senate, by an almost unanimous vote.

The Italian who murdered Anderson the New York policeman, is sentenced to be hung on the 15th January.

The hard times have decreased the consumption of liquor in New York city, 30 and 40 per cent.

BOSTON, Dec. 16.—A fall of snow to-day thro' New England and British Provinces

"ORGANIC ACT."—The Democracy have much to say of the sacredness of the "organic act of Kansas," &c., but really care nothing about "organic acts" if in their way. The "organic act" of Oregon Territory, signed by Pres. Polk, declared a total and eternal prohibition of Slavery, there. But when modern Democracy got the control, this 'organic' provision was trampled down, and the Constitution submitted to the people the power to have or refuse Slavery, in despite of the "organic act." Happily, as far as the returns have come in, the people approve the Constitution by their votes, but say "No" to Slavery, 3 to 1—in spite of Dred Scott decisions and modern Democratic dogmas, and notwithstanding some slaves had been taken there.

HOLLOWAY'S PILLS.—Armed with this great antidote the traveler is prepared to encounter all varieties of climate, for he has the means of eradicating nearly every species of internal disease. The endemics of the alluvial districts of the West and the miasmatic swamps of the South, and the epidemics which at particular seasons decimate the population of our crowded cities are susceptible of being controlled by the purifying, disinfecting action of the pills upon the animal fluids, while external diseases and injuries are rapidly and thoroughly cured by the anti-inflammatory and healing agency of the Ointment.

WOOD'S RESTORATIVE.—Of all the restoratives for the hair that have been invented, Wood's pre-eminently claims the first place. It will certainly restore the natural color of the hair, if the directions are followed for a sufficient length of time. It has also produced astonishing effects in bringing out a growth of hair, where the head had been previously bald. Wood does not pretend that it will do this in all cases; and we think his candor deserves recommendation of the virtues which his restoratives really possess. If the roots of the hair are destroyed, no human power can make them grow again; but where there is any vitality left in the root, the restorative will soon renew the hair in all its pristine vigor. It has done this repeatedly when all other remedies had failed. It is therefore worth while in all cases to make the experiment. For clearing the head of dandruff, and thickening and strengthening the hair it has no rival.—[Western Patriot.

A high moral tone, characterizes every article in THE LEDGER.
