The people of Kansas have over and over shown they did not want Slavery-yet the whole machinery of Democracy is unserupulously used to force Slavery upon them. The People of Iowa and New Jersey have thro' their Legislatures instructed their servants to vote against this enforcement of Slavery-but their Democratic servants refuse to obey, and trample alike upon the will of the people who sent them and of the people of Kansas !

1 The last Selinsgrove Demokrat states that Mr. Stoes of Danville is organizing a Band in that Borough, for which fourteen instruments have been secured. A protracted meeting was commenced in the Methodist church .- We regret to see that his Honor the Editor has had another characteristic breaking out about the Chronicle, which seems to haunt him as the "man with the poker" does some folks. Significant Movement.

Last Saturday evening, a meeting of Democratic citizens of Williamsport and vicinity was held at the Court House and adopted a series of calm but most decided resolutions against the admission of Kansas under the Lecompton Constitution. This movement at Goy, Packer's home was officered, conducted and addressed by such of his old bosom friends as

Henry White, C.B. Bowman, JnoWeisel, Jno.V. Woodward, C.H. Debler, Hepburn M'Clure, C.D.Emery, Charles D. Eldred, George White, E. P. Heberton, Furman Field, H.H.Smith, Clinton Lloyd, and H. C. Parsons .- The meeting adjourned with three cheers for Douglas. Let the Governor follow up this meeting of his friends in his usual energetic manner, and he can accomplish much good.

10 The Bellefonte Domocrat seems not satisfied if two of the Clerks in the School Department at Harrisburg are friendly to the Administration-not reflecting, we suppose, that that is not a political department, and that the interests of Education demand that there should be no ground for partizan jealousy there. If as we suppose the educational corps is equally divided politically, it is certainly-under the existing circumstances-the best and safest arrangement that could be made. On the same grounds we are gratified to see a report from a Senate committee against a bill offered by a radical Democrat to put the School Department again under the Executive control. It is a happy indication that the friends of education of both parties are determined to protect that most important interest against the evils of partizan strifes and fluctuations.

The Democrats of Philadelphia held their Convention last week to appoint delegates to their State Convention. The proceedings show that they had a stormy time of it, but the Anti-Lecompton and Forney wing of the party, came off victo-torions, having secured fourteen of the seventeen delegates chosen.
