To Business Men.—The Lewisburg Chronicle, published on the Cash System, has the largest and best circulation of any Newspaper in Union County.

Freedom, national: Slavery, sectional!

☞Ten members of the Union County Committee met according to appointment on Tuesday last—David Henning in the chair, and Jos. D. Forrey, Secretary. M. Kleckner admitted from New Berlin in the absence of Mr. Boalich.

It was voted that all the opponents of the National Administration be invited to hold Delegate Elections on Saturday, Aug. 28th, next—in the Townships from 2 to 5 P.M., and in the Boroughs from 4 to 7 P. M.—and select from each District respectively two Delegates to meet in County Convention in Lewisburg, at 1, P. M., of Monday, August 30th, to make Nominations and appoint Conferees.

Union County May Court.

The business of this week's Term was materially curtailed by the absence of the President Judge, Hon. Ar'm S. Wilson, who we understand week before last had a paralytic stroke in the right side, which prostrated him on the sidewalk in Washington City. His physician forbade his leaving his home this week, and his effort to secure another Judge was unsuccessful. It is feared by many that he never again will be able to do effective service on the bench, although he is expected to preside in Snyder county next week.

The Associate Judges, Messrs. Ruhl and Simonton, transacted such business as required no technical legal lore and met no opposition—the Senior promptly suppressing some "filibustering" propensities among the lawyers, and dealing out that "justice" which is the moral savor of "law," with due discrimination.

The Constables' returns were received, and new Constables sworn in.

Charles D. Roush of New Berlin was appointed Foreman of the Grand Jury, which returned 6 "True Bills," and also ignored 6 bills laid before them. They were discharged on Wednesday.

The Traverse Jury were discharged on Tuesday, after trying one case only—that of Comm'th vs John Moyer, an Italian vagrant, who was convicted of stealing two coats and a pair of pants from the house of Rev Pres Orwig of New Berlin. Sentenced to ten months in Penitentiary, costs, &c.

Henry Gentzel, indicted for stealing a watch (which he sold to a jeweler in Danville) from Wm. P. Dougal of Kelly Tp, plead Guilty, and after remarks in mitigation of punishment by Gov. Pollock, was sentenced to a month's confinement, costs, &c.

The remaining Commonwealth cases—and Civil list—postponed to next Term.

The applications for Tavern Licenses were all granted, as follows:

Wilson Linn was appointed to run the boundary Line between Union and Limestone townships, under the recent Act abolishing Jackson township.

—After transacting other miscellaneous business of no general or public interest, the Court adjourned until this day afternoon, to transact the Orphans' Court business in connection with the Register & Recorder's office.

Washington, May 16, 1858.—Last evening, the Republican Association of Washington had a very spirited meeting at their headquarters in Indian avenue. Gov. Seward made an elaborate and eloquent address, upward of an hour in length, on the origin, objects and prospects of the Anti-Slavery movement. It is the first time that he has addressed a popular audience outside of the Free States, and this was one of his ablest and most interesting speeches.

Early Wheat.—A Baltimore paper says that a bundle of wheat stalks in head was exhibited in that city May 5, and that the early wheat of the South will be in market before the 1st of June. There are now immense quantities of wheat grown in all the Southern States. Georgia, in particular, is a great wheat-producing State, especially in the Cherokee country. The fine promise of good crops and early harvests everywhere must affect the price of old wheat and flour.

Washington, May 18.—The Government intends keeping a large military force in Salt Lake Valley, and will make Salt Lake City a depot of stores, equipments etc. Even if the late Utah intelligence prove true, the supply trains will be pushed on and communication established and maintained between Fort Leavenworth and Salt Lake City.

Republican Victories.—At the municipal election in the city of Ottawa, in Illinois, last week, Mr. Glover, the Republican candidate for Mayor, was elected by 233 majority. In the city of Mineral Point, Wis., last week, the Democracy were defeated by a decisive majority. John Cowney was elected Mayor.

The latest accounts from Mexico confirm our anticipations of the triumph of the Zuloaga Government.

News Items from Other Counties.

On Wednesday of last week, a very valuable cow belonging to Samuel Wittenmeyer, of Middleburg, undertook to cross Middlecreek, the water being very high and the current strong, she was carried down the stream striking against a pile of drift wood and was drowned.

Singular.—Fred'k L. Baker, Ex-T. C. P. S., and editor of the *Mariettian*, we observe is entrusted with the office of Collector of School and Borough Taxes at Marietta.

On Friday week, the large weight attatched to the town clock, in the steeple of the Presbyterian Church, Milton, fell to the floor of the basement. It made a square hole through the floor above, and carried with it one joice and a quantity of plastering. It was about 600 lbs. in weight, and its fall was occasioned by the rope breaking.

We learn that a Canal Boat containing about 2500 bushels of corn was sunk at the Muncy Dam on Friday last. We have not learned the cause of the mishap, or where the boat was from.—*Muncy Luminary.*

Prospects for the Future.—On the Mayor's vote at the late election in Philadelphia the Representative districts stand twelve opposition to five Democrats. Seven districts of the seventeen are close and doubtful. The Senators are divided, the 2 Demo. districts by small majorities. With regard to the Congressional districts, the Opposition have carried the second, third, and fourth, and the Democrats have a very small majority (27) in the first.

A large grey Eagle was shot near Muncy, Monday morning, by Hervey M'Michael. It measured 7 feet from tip to tip of its wings.

About seven miles from Pottsville near Heckuersville, in Schuylkill county, Pa., a vein of white ash coal in the Broad Mountain, has been on fire for twenty-one years past, and is still burning. The fire is supposed to have been started by two miners, (who lost their lives by their temerity,) and to have burned ever since all means to check or extinguish it have so far proved unavailing.

The Specie held by the Banks of Philadelphia amounts to nearly seven millions of dollars. The circulation is under two millions and a half.

The next State Fair.—The next annual Fair of the State Agricultural Society will be held at Pittsburg, in September. The citizens of that city have subscribed the necessary amount to secure it—two thousand dollars. The State Society has leased the County Fair grounds of the County Society.

James C. Vandyke, has been reappointed U. S. Disirict Attorney in the Eastern District of Pennsylvania.

Wervil.—Mr. David Clark, of Porter Twp., brought into our office last Friday, a handful of earth literary alive with weevil. The field from which it was picked up, was last year in wheat which was destroyed by weevil. It was then plowed last fall and re-ploughed this spring with the intention to plant it in corn. On entering the field last week Mr. Clark found the whole surface of the ground to be alive with weevil, the identical insect found last year in the wheat.—*Jersey Shore Republican.*

As Mr. Darling, of Ridgway, Elk Co. Pa., was going through the woods about three miles from that village, he discovered some cloth, which had been a coat and under it some human bones. A party visited the spot, who examined the remains and found in the pockets of the garment a silver pencil case, watch guard, keys and bullet moulds, which served to identify the remains as those of a man named William Reed, who was lost in the woods in the winter of 1855. Reed and another man started out on a hunting excursion up Elk Creek on the 10th of December 1855. A short distance up the creek they separated, and Reed was never seen alive afterwards. The woods were searched, but no trace of him was discovered. The manner of his death remains a mystery.

Levi D. Read and F. Newton Boyle succeed John F. Johnston in the publication of the Bellefonte Whig.

Col. James Cameron is proposed as a Democratic candidate for Congress in the Schuylkill and Northumberland District.

Sunbury & Erie Road.—On Wednesday, June 2nd, this Road will be let from Williamsport to Farrandsville, a distance of 33 miles. As far as we can learn the Railroad is to cross the river below Linden.

The Members of the Lycoming Mutual Insurance Company are notified that the said Company have directed an assessment to be made of 3 per cent. on all premium notes held by the Company.

The Editor of the Selinsgrove Journal & Times last week "took a tower" through the circumjacent regions of Snyder county during which he was "absent five days, and arrived safely at home, after having walked about one hundred miles, crossed a thousand hills, collected a few 'shiners,' got a good soaking, a number of new subscribers, fought a dozen dogs, and killed one snake as dead as a hammer."

The dwelling house and store of William Waltman, in Overton township, Bradford County, was destroyed by fire on Friday night, 23d ult. Nothing was saved, but some furniture, a little bedding and the accounts. The origin of the fire is unknown. The loss is estimated at $3500. Insured for $2330, in the Lycoming Company.

During the thunder storm which passed over York county, last Thursday night, the barn of Mr. Jacob Deisinger, was struck by lightning and burned to the ground with two hundred bushels of oats, also wheat, corn and hay. Insured for $900. A barn belonging to Mr. Cronister, in Adams county, was also struck and consumed.

We understand a rope ferry will be put into operation at Selinsgrove, by Wm. Gaugler, of that place, on the completion of the Northern Central Railroad, to accommodate the trade and travel from that point to the road.

The West Chester *Republican*—Democrat—closes an article on the passage of the English bill thus:

"One result of this whole matter is the demoralization of the Democratic party. We are rent and torn by dissensions. The prospect ahead is a gloomy one, and we can not cease to recur to the difference which would have existed in our ranks, had the administration given its influence against this unfair and unjust effort to force the Lecompton Constitution on Kansas, if it had maintained the original grounds of the submission to the people of Kansas of their fundamental law, the Democratic party would, to day, have been invincible against the combined hosts of the entire opposition. The Republicans may well boast of the passage of Mr. English's bill. *It brings them strength, but brings weakness to us as a party.* We shall patiently await the end of this contrivance to induce the Free State men of Kansas to come into the Union with a slave constitution. We do not intend to anticipate specific difficulties, but the very countenances of those who are known Lecompton men show plainly that they think their troubles are only just beginning. They evidently see breakers ahead, and if they find themselves on the rocks, the fault is their own and not that of those who have faithfully warned them against their danger."

A New Remedy.—Provide a pole from one to two inches in diameter; having squared one end nail upon it a tin basin; into the basin put a quantity of live hard wood coals, upon which sprinkle roll brimstone, previously broken into small pieces, or sulphur, or, for the want of either, tobacco may be used, but brimstone is best. Elevate the pole among the branches, carefully moving it around in the top of the tree, until the entire leaves, small limbs, and fruit, are thoroughly smudged with the smoke of the brimstone. Always be careful to keep the pan moving, in order to prevent the fruit or leaves from being over heated. Let the operation, when convenient, be done in the morning when the dew is on, and for three or four mornings in succession. We do not claim that the process will kill the curculio, but we do claim that they will leave the plum trees. The olfactories are very sensitive, and, like other sensible beings, avoid the perfumes of sulpher or tobacco.

Congressional Speeches.

Washington, May 11, 1858.—Few persons outside of Washington are aware of how heavy a tax of money, time and labor is imposed upon the Senators and Representatives here by the immense circulation of speeches under frank of members.

In round numbers the amount of copies of speeches distributed by the Senators of the Free States was 680,000; of the Slave States 130,000. Divided according to parties, the Lecompton Senators distributed 310,000, and the Anti Lecompton 530,000.

The Philadelphia election has so alarmed the Democratic managers here that they have made arrangements for sending into Pennsylvania, under frank, during the coming summer, one million of Democratic speeches and documents. The Republicans should take early and efficient steps to counteract this immense infusion of falsities. Pennsylvania is more scantily supplied with documents in proportion to her population, than any other Free State. Her Republican Representatives here, for the most part, are negligent of their duty in this respect. Next Fall, on the eve of election, they will call upon their neighbors for aid which a little timely exertion during the present session would have made them independent of.—*Cor. N. Y. Tribune.*

John Calhoun being afraid to go back to Kansas, the Commissioner of the Land Office announces, "by order of the President," the *removal* of Calhoun's office (as Surveyor General) from Lecompton to Nebraska city, as early as practicable.

Congress has postponed the Land Reform Bill and the French Spoliation Bill, with the Pacific Railroad Bill—nothing will suit this Administration but appropriation bills and schemes to extend Slavery.

Judge Loring, who was footed out of a judicial station by the people of Massachusetts, has been promoted by the President to a seat in the Committee of claims, made vacant by the death of Judge Gilchrist.

Mr. English, of Indiana, by some pungent remarks of Senator Broderick, concerning his trickery, called on Mr. B., and asked him to retract. Mr. Broderick's response was: "Get out of my way, you puppy." Mr. English obeyed.

At the August sessions of Dauphin County Court for 1786, we find noted, that the name of the town [Harrisburg] had been changed from Harris' Ferry to Louisburg, by "order of the Supreme Executive Council." At what time it was changed back again, we can find no note.—*Harrisburg Daily Herald.*

Washington, May 15, 1858.—The Minnesota Senators have drawn lots. Gen. Shields drew the term expiring in March 1859, and Mr. Rice that ending in March 1863.

THE LIVER INVIGORATOR!

PREPARED BY DR. SANFORD,

Compounded entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public, that acts as a Cathartic, Emetic, Sudorific and Diuretic, all in one, and is more effectual than any other medicine known. It does not only a Cathartic, but a *Liver* remedy, acting first on the *Liver* to cast its morbid matter into the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually without any of the painful feelings experienced in the operation of a Cathartic. It strengthens, while it purges, the system, and when taken daily in moderate doses will strengthen and build it up with unusual rapidity.
