HOLLOWAY'S PILLS.—The changes of climate and, above all, the varieties of water, encountered in traversing even a small portion of the United States, are severe trials to the traveller. In order to secure the system from the evil consequences so frequently resulting from these causes, it is absolutely necessary to be provided with Holloway's justly celebrated Pills. It is beyond dispute that in all cases where the stomach and bowels are disturbed, by change of air, water, or diet, (or any other cause,) they quickly and invariably restore the tone of the one and the regularity of the other. Visitors to or residents in the alluvial districts of the South and West, will find them a certain remedy for bilious affections and intermittent fevers.

DR VALL'S GALVANIC OIL is a blessing to invalids, for it will relieve them of pain as soon as it is taken internally, or applied externally. Pain and misery can not exist where the Galvanic Oil is used.

☞It is a most undoubted fact that Dr. SANFORD'S INVIGORATOR, or Liver Remedy, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr., during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains; and his conclusion is, that the liver is the greatest regulator of the system, and that the most fatal to disease; which if kept free from disease, is a preventative of Dyspepsia, Jaundice, general debility, &c., while, last but far from least, we mention consumption; for our experience is that more cases of consumption occur from diseased liver than from all other causes put together.

Taking this to be a correct hypothesis, we have but to find a remedy with which to correct the liver, and we have a cure of nearly all the diseases we are subject to by simply using a preventative. That the Invigorator is such a remedy, is beyond doubt to all who try it; its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most efficacious remedy known.

THE GREAT PURIFIER!—
THE WORLD CHALLENGED!—
☞TO PRODUCE ITS EQUAL!
☞THE BLOOD SEARCHER
☞GLORIOUSLY TRIUMPHANT!

Sworn statement of David M'Creary, of Napier Township, Bedford county:

In April, 1856, as near as I can remember, a small pimple made its appearance on my upper lip, which soon became enlarged and sore. I used poultices of corn meal, and a wash of blue nitrol, without effect. Finding the sore extending, I called on Dr. Ely, of Schellsburg, who pronounced it CANCER, and prescribed a wash of sugar of lead and bread poultices. Finding these remedies of no avail, I called on Dr. Shaffer, of Davidsville, Somerset county, who also pronounced the disease Cancer, and gave me internal and external remedies—the latter consisting principally of caustic; but all to no purpose, as the disease continued spreading toward the nose. I next used a preparation of arsenic, in the form of salve. This for a time checked the disease, but the inflamation soon increased. I next called upon Dr. Statler, of St. Clairsville, Bedford county, who also pronounced the disease Cancer, and applied a salve said to be a never failing remedy, but it had no effect whatever in checking the spread of the sore. In December of the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati, where I consulted Prof. R. S. Newton, of the Electic Medical College. He pronounced the disease "a cutaneous Cancer, superinduced by an inordinate use of mercury." He applied mild zinc ointment and gave me internal remedies. My face healed up, but the inflamation was not thoroughly removed. In February, 1857, he pronounced me cured, and I left for home. In April the disease again returned and so violent was the pain that I could not rest at night. Late in May I returned to Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained until September, during which time he used every known remedy, and partly succeeded in checking the disease, but when I returned home there were still three discharging ulcers on my face—I continued using Newton's preparations, and also medicine that I got from Dr. Ely, but the Cancer continued growing until it had *eat off the left side of my nose, the greater portion of my left cheek, and had attacked my left eye.* I had given up all hope of ever being cured, since Dr. Ely said he could only give relief; but that a cure was impossible. In March, 1858, I bought a bottle of "Blood Searcher," but I must confess that I had no faith in it. I was very weak when I commenced taking it; but I found that I gained strength day by day, and also that the ulcers commenced drying up. I continued, and when the third bottle was taken my face was healed as if by a miracle. I used a fourth bottle, and I have been healthier since than I have been for the last seven years Although my face is sadly disfigured, I am still grestful, to a benign Providence who has spared my life, and which has been done through the instrumentality of LINDSAY'S IMPROVED BLOOD SEARCHER. DAVID M'CREARY.

NEW EVIDENCE.

Being afflicted with a grievous tetter on the arms and face—after trying many remedies which utterly failed to cure—I was persuaded by W. M. Barris & Co. to try Lindsay's Improved Blood Searcher; and now, six weeks after finishing the *second bottle*, pronounced myself cured.

The tetter broke out, sometime over a year ago, on the inside of my arms, extending from the elbows down to the wrists; also, on my face, immediately round the mouth and chin, and continued to be a *perfect torment to me until cured by the Blood Searcher.* My arms, at times, were almost useless, owing to the cracks and sores on them, liable to bleed at any time on the least exertion to lift or work, and sometimes so itchy that I could scarcely prevent tearing off my flesh. I have now been cured six weeks, and feel it due to Mr. Lindsey, and to the public generally, to make this statement, in hope that others like myself may be benefited by using his valuable medicine.

DR. W. F. WITMOR

of Lancaster City, (late of Philadelphia,)

Where he has been in successful practice for a number of years, and is graduate of the Medical College in the United States, and has had experience and practice in the eldest Hospitals for several years; a member of the Analytical Institute of New York, and late a Surgeon in the U. S. Navy—now offers *his services to the public in all kinds of chronic diseases and cases.*

THE purest medicine always on hand direct from the best Laboratories in the country and the Botanical Gardens of the World. No patent medicine prescribed or recommended. Medicines used only which will not break down the constitution, but will renovate the system from all injuries it has sustained from mineral medicines. Chronic and difficult diseases must be treated upon analytical principles, which is to know and ascertain what disease is. Its nature and character require a knowledge of the chemical constituent of every solid and fluid of the human body—the changes those solids and fluids are capable of undergoing. To know what medicines to employ to cure diseases, requires a knowledge of the chemical constituents of all agents employed in medicines, and if we are in possession of this knowledge, we are unable to cure any disease—no matter of how long standing—and leave the patient in a healthy and perfectly cured condition.

Melancholy, aberration, that state of alienation and weakness of the mind, which renders persons incapable of enjoying the pleasures or performing the duties of life, Diseases, that destroying disease and fell destroyer of health and happiness, undermining the constitution, and yearly carrying thousands to untimely graves can most emphatically be cured.

RHEUMATISM, in any form or condition, chronic or acute, warranted curable; *Epilepsy*, or falling sickness, all chronic and stubborn cases of Female diseases, radically removed; Salt Rheum, and every description of Ulcerations; Piles and Scrofulous Diseases, which have baffled all previous medical skill, can be cured by my treatment, when the constitution is not exhausted

I do not say all diseases, yes, consumption, can be cured.

CANCER CURED WITHOUT THE KNIFE OR DRAWING OF BLOOD.

I will remain in my office on Wednesdays and Saturdays, from 9 o'clock A. M., to 3 P. M., to accommodate patients from a distance, and consult in the English and German languages; will make visits to any distance if required; may be addressed by letter, North Prince St., near Fulton Hall, Lancaster city, Pa.

WILSON I. LINN.

Lewisburg, July 7, 1858.

DOES Disease originate in *IMPURITY OF THE BLOOD?*

This is a question of vital importance, and one which has never been satisfactorily disposed of by the professors who teach the healing art. Some maintain (and especially the old school physicians) that the liver is the blood, and therefore all disease originates in it; but modern science avers that ailments have their origin in both the solids and fluids of the body. That the latter preponderate, however, is a fixed fact, and medical skill has clearly demonstrated that at least two-thirds of the ills that human flesh is heir to, have their source in an

IMPURE STATE OF THE BLOOD!

As, for instance, in the long catalogue, such as Scrofula, Tetter, "Barber's Itch," Pimples, Blotches, Erysipelas, Ulcers, Salt Rheum, discharges from the Ear, Fever Sores, or irruptive diseases of any kind—these are ascertained by well known medical laws to arise from bad blood, while the highest medical authorities declare that most fevers originate in the same manner, and more particularly Typhoid and Scarlet—the former being an internal, and the latter an external irruptive disease; and in all persons attacked by these maladies the blood is found to be either coagulated, or of a dark unhealthy color.

To ward off a large majority of diseases, as well as to cure a number which have already seized upon the system, it is necessary to

PURIFY THE BLOOD.

Lindsey's Improved Blood Searcher does not claim to be a

UNIVERSAL PANACEA

for every disease known, but the proprietors claim for it the power not only of draining out all impurities of the blood, but, by the skilful combination of well known vegetable remedies, it will cure all diseases arising from a deranged state of the liver, drive out dispepsia, and give it renewed tone and vigor to the stomach. That the Blood Searcher is all that is claimed for it, the proprietors can produce

THE PROOF.

It was only a few years since it was discovered, and yet it has grown into such a business that a large laboratory has been built expressly for its manufacture, a large number of men employed in putting it up, and still the

SUPPLY DOES NOT EQUAL THE DEMAND!

We ask any candid man, could this be so, if the Medicine did not possess all the virtues claimed for it?

The Proprietors have hundreds of certificates from men of probity and standing in the community, showing what the medicine is doing daily for the afflicted.
