Lewisburg, Pa.

FRIDAY MORNING, OCT. 29, 1858.

ADVERTIZE.—Manufacturers, Merchants, Mechanics Public Officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

☞ See New Advertisements.

☞ Some valuable Real Property in Hartley township is offered on the opposite page, and a variety of New Advertisements on this page, of to day's paper, to which we direct particular attention.

☞ Hursh & Hutchison have opened a Store in the corner room of Ammons' Block. They advertise by circulars, but we suppose have no objection to the patronage of those who "take the papers."

☞ On Friday last, near Forest Hill, Mr. Jacob Reish had his leg broken in two places by becoming accidentally entangled in the works of a thrashing machine.

☞ Hard frosts set in this week, but the beautiful weather continues. Farmers can not complain, this fall, for want of ample time to do their work for the season.

☞ Chestnuts are said to be very plenty this season. Any of the boys in the country who want the CHRONICLE, can get it by bringing us chestnuts (or "shellbarks" either) in exchange.

☞ We do not learn that any arrest has been made in the alleged case of infanticide, founded on the dead body of a newborn male child found in Buffalo creek, below Mifflinburg, some weeks since.

☞ Hiram Bright, Esq., of Freeport, Ill., is the Douglas candidate for Congress in his district; and Frederick Strokey, of Galena, is candidate of the same party for State Senator—both, formerly of Lewisburg.

☞ We acknowledge the receipt of the 22d Catalogue of the Oxford Female Seminary, under the charge of Rev. Dr. Dickey and 8 assistants, at Oxford, Chester Co. Pa. It embraces 80 pupils, and we find among the Teachers the name of Miss Sallie R. Bisel, of Lewisburg, Pa.

☞ Messrs. Birkinbine & Mears have commenced the Lewisburg Gas Works; head quarters in the south-east part of the town, below Fries' Tannery. College Hill we understand will be first "illuminated." As the excavations in the streets progress for laying the pipes, our people must be very careful while walking at evening.

Wheeler & Wilson's Sewing Machine.

The agent for the sale of this notable labor saving institution, has a specimen at work at James S. Marsh's this week, and will be at the Buffaloe House on Tuesday and Wdnsday of next week, under charge of a Lady operator. Every man and woman at the head of a family is invited to call and test the speed and excellency of its workmanship.

Much lamented Death.

A few weeks since, Mr. JAMES WILSON, a son of J. Foster Wilson, Esq., of Hartleton, in this county, went westward to secure some money there loaned, and took real estate for that purpose. While near Tiffin, Ohio, last week, he engaged with a party in a Bee Hunt, and while sitting on a log, a branch of the falling tree struck him, causing his death about 11 o'clock the same evening. His parents were summoned by telegraph, immediately after the accident, but only reached in season to accompany his remains homeward, passing through Lewisburg on Tuesday evening. He was to be buried yesterday.

James Wilson was one of the most promising young men of Hartley township, and leaves many warm friends thro'out the county. He was the second best candidate for Sheriff of the dominant party in this county, at the Convention in last August, and was appointed a Delegate to the next State Convention. But "what shadows we are—what shadows we pursue!"

Hartleton has suffered much of late in the loss by death of esteemed citizens—the venerable Madden, the active Witt, Miss Calvin and the honored Hayes, and now young Wilson is added to the list. "Let the living lay it to heart."

☞ The *Danville Tragedy* has closed.... eighteen months since the sudden deaths of Mrs. Clark and Mr Twiggs. The two families were respectable members of a Protestant church, very intimate, and it is alleged a guilty passion indulged by the two survivers induced them to get rid of their companions, by the arsenic which was found in their stomachs. The proof against the convicted pair was circumstantial, and although insufficient to most of those who read it, was sufficient with the Juries, whose verdict seems to be ratified by public opinion. The convicted pair declared their innocence to the last, ascribing their doom to Papal hatred and popular blindness and prejudice. The facts may never be known until the great day.

Mrs. Twiggs, the last of the four, was hung last Friday. She slept a good part of the night previous, with her two children in her arms. It was only by force she could be separated from her brother, Mr. M'Clintock, (who took her remains to his place near Danville for burial, and who takes charge of her children.) Messrs. Shanafelt, Stover, Bacon, Oppenheim and Harden—preachers—all adjured her to tell the truth, to whom she protested her entire innocence. Thus, pale—hopeless—trembling—helpless, the poor woman died the horrible, ignominious death!

Potatoes sell for seventeen cents a bushel in Hartford, Ct.

☞ Some 300 citizens of Center county had a public dinner in Boggs township in honor of the election of Judge Hale and Col. Gregg. The center of attraction at the table was a big *Buck*, thoroughly 'done,' who was demolished with a hearty relish, followed by speeches. The vote of Boggs township (where Col. Gregg once resided) was as follows:

Gregg	218	Dietrick	74
Hale	213	White	79
Read	203	Porter	78

☞ A series of meetings has just closed in the Union meeting house at Forest Hill in this county, conducted by Rev. Samuel Creighton of Mifflinburg and Mr. D. A. Buckley of the Senior Class of Dickinson College. As a result, sixty persons have united with the M. E. Church.

☞ We are informed that an English address was delivered by G. F. Miller, Esq. and a German address by Capt. Gundy, the President, at the late Union County Fair. As we were prevented from hearing, and were not informed of the fact in season, we did not mention it in our report.

☞ The Clothing store of Jno. H. Beale in Lewisburg it was found on Saturday morning last had been feloniously entered by some one who had pryed a shutter from a window of the shop in the rear. About One Hundred dollars' worth of cloth &c. is missing.

The apple crop of New England is said to be more abundant this year than it has been for several years.

GOOD NEWS.—A reduction in the prices of Sewing Machines is announced in our advertising columns. We have heretofore expressed the opinion that the prices of this invention have been to high—so high as to place them beyond the reach of many whom they would most benefit. The utility is established beyond question, and at the present prices we see no reason why they should not be found, as they ought to be, in every household. Several varieties are manufactured to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material. During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler and Wilson machine has won the highest premiums. We may instance the state fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin and California, and the fairs of the Cincinnati, Detroit, Chicago and St. Louis Institutes, already held. At the fair of the St. Louis Mechanical Association the committee consisted of twenty-five ladies of the highest social standing, who without a dissenting voice awarded for the Wheeler & Wilson machine the highest and only premium, a silver pitcher valued at $75. If these facts do not establish a reputation, we know not what can.—*Cincinnati Gazette and Journal.*

HOLLOWAY'S PILLS.—OPERATION OF BILE.—A constitutional predisposition to bilious disorders is very common in this country. We find that in a large proportion of the ordinary cases of cough, cold, intermittent fever, inflammation, etc. the liver sympathizes evidently with the pulmonary organs. Acting directly and simultaneously upon both, the Pills soon bring them back to a natural and healthy condition. The impurities of the system are discharged through the bowels, the organs of respiration are relieved by the operation of this great counter-irritant upon the fevered blood, and the functions of the liver are regulated and restrained. Thus the primary and subsidiary causes of the complaint are reached and subdued at the same time.

The power of Medicine over Disease.—We know of no better illustration of this fact than the wonderful effects of the Oxygenated Bitters, in eradicating from the system Dyspepsia, and all functional diseases of the stomach, and restoring impaired digestion.

Bilious Cholic and Cramp in the Stomach can be relieved in ten minutes, in every case, by using from five to thirty drops of DR VALL'S GALVANIC OIL.

AT FAYETTE CITY, MONONGAHELA AND INDIANA FAIRS, during the last week, the First Premiums for rapid Business and Ornamental Penmanship were awarded to the Iron City College of this City. The present patronage of this Institution is greater than that of any other four Commercial Colleges of the Union, and offers advantages superior in all others in every branch of Business Education, as well as in Penmanship for which it is so preeminently distinguished.—*Pittsburg Evening Chronicle.*

THE OXYGENATED BITTERS,

For the cure of DYSPEPSIA or INDIGESTION, *Liver Complaint, Asthma, Chronic Diarrhœa, Loss of Appetite, Fever and Ague, Heart burn, Water Brash, Acidity, Sea Sickness, Sourness, Nausea, Headache, Languor, and General Debility*, or any disease having its origin in *imperfect digestion*.

These Bitters, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clergymen, Planters, Farmers, and others testify, are the *only safe, certain and thorough specific* for the immediate relief and permanent cure of the many cruel complaints which in some phase or other of *Dyspepsia* afflict our race.

These *Bitters* were discovered by GEORGE B. GREEN, and in their formula differ entirely from that of any other preparation of medicine. Containing no alcohol—no mineral—no poison—no poison drug—in their nature tonic, diuretic, alterative, resolving their virtues in any clime, they are a "consolation and a firm friend" of Medicine which knows no rival in exterminating disease and restoring the system to its pristine vigor and health. No matter of how long standing, or however induced or diverse in its character the disease may be,—no matter what it has baffled the skill of the physician, and resisted the efforts of Medicine, a single trial of these Bitters will satisfy the sufferer that his disease is amenable to the proper remedy.

In testimony of the many cures effected by this Remedy reference is had to the written certificates from distinguished individuals known all over the land.

[An Obdurate and Inveterate Case of Dyspepsia Cured by the Bitters.]

The following from a gentleman well known in the region in which he lives ought to satisfy all those of little faith:

WATERTOWN, N. Y., July 28, 1858.

S. W. FOWLE & Co., Boston.—*Sirs*—Nine years since I was attacked by that curse of all Diseases, *Dyspepsia*, which so affected me as to cause great oppression, fulness, and bloating of the bowels immediately after eating, accompanied with terrible pains in the stomach, often occasioning nausea, vomiting, acidity, and headache, together with general debility and suffering, altogether rendering life a burthen.

After having tried every known remedy without effect, and despairing of ever regaining my lost health, I was induced to make use of the oxygenated Bitters, the good effects of which were immediately visible on my health and system. Before using a whole bottle I was entirely cured; and I feel a pleasure in inducing all like sufferers as myself to make use of this remarkable remedy.

☞ It is a most undoubted fact that Dr. SANFORD'S LIVER INVIGORATOR, or Liver Remedy, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr., during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains; and his conclusion is, that the liver is the greatest regulator of the system, and the most liable to disease: which if kept free from disease, is a preventative of Dyspepsia, Jaundice, generally, &c., while, last but far from least, we mention consumption; for our experience is that more cases of consumption come from diseased liver than from all other causes put together.

Taking this to be a correct hypothesis, we have but to find a remedy with which to correct the liver, and we have a cure of nearly all the diseases we are subject to by simply using a preventative. That the Invigorator is such a remedy, is beyond doubt to all who try it, for its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most effectual remedy known.

What they say in South Carolina.

ABBEVILLE, S. C., Aug. 21, 1858.

Messrs. FARREL, HERRING & CO., Philadelphia.

Gentlemen—The close attention which our own affairs have required since the fire, has hitherto prevented us from writing you about the Safe.

On occasion of the fire 19th July, by which we suffered a large loss, our store, with a number of other buildings, was consumed. The Safe, of your manufacture, which we had in the store, was exposed to a most intense heat, as is well attested by the effects on its strong iron frame which, from its flaked and scaly appearance, looks as though it had been heated for a long time in a furnace. The Safe, with heaps of molten glass and kegs of nails, *fused into a mass*, fell into the cellar, surrounded by burning materials, and there was suffered to remain (as the contents had been removed before the fire reach ed us,) until the 2d of August, 14 days afterwards.

The difficulty in cutting it open with the best tools that could be procured, convinced us of its power to resist the attempts of burglars, and when it was opened, we found the interior, to the astonishment of all, entirely uninjured by fire.

This test has so fully convinced us of the capabilities of your Safes, that we would not part with the one we have in use for a large sum, were we debarred the privilege of getting another. Respectfully yours,

R. H. WARDLAW & SON.

The unanimous favor which has attended the introduction of Wheeler & Wilson's Family Sewing Machine, is sufficient evidence of its excellence. It is needless now to say, that this useful instrument is becoming a domestic institution, the fact is recognized by its successful use in thousands of families in every rank in life. To those who have hitherto refrained from availing themselves of its advantages, it may not be amiss to say, that its utility is not a problem to be solved, but a success already realized. The highest testimony is constantly offered, confirming the verdict which has given this instrument so wide and enviable a notoriety.

This Machine is conceived on a principle ENTIRELY ORIGINAL, being specially and admirably adapted to the most perfect work on every kind of material; and, having been subjected to a three years' test of the most searching character by Families, and in various branches of Manufacture, with distinguished success, it is believed, that in all the great points requisite to a complete and practical Sewing Machine, it can not be approached in excellence.

Among the undoubted advantages it possesses over all others, may be named the following:

1. Its simplicity of construction, and consequent freedom from derangement and need of repairs.
2. Its unexampled rapidity and ease of operation.
3. Its noiseless movement.
4. The great variety of purposes to which it can be applied, which can be achieved by no other mechanical means. And,
5. The pre-eminent BEAUTY and DURABILITY of the work

LEWISBURG, UNION CO., PA.

R. G. HETZEL, Proprietor.

THIS house is located in the very center of the business portion of the town, and the only Hotel in Market Square. It is by odds the largest and most spacious in Lewisburg, and is kept in the cleanest and best possible manner. The *ROOMS* are large and airy—*BEDS* neat and clean. The *TABLE* is spread with every luxury the season affords. The *BAR* is furnished with pure unadulterated liquors bought by the Proprietor out of the Custom House in Philad. The *STABLE* and Hostler will recommend themselves.

The Proprietor, having gone to a great expense in re-fitting and furnishing his house—employing at large cost a first-rate Cook and other servants who are attentive and obliging—hopes by unremitting attention on his part to receive a share of the public patronage.—The public will please accept the sincere thanks of the Proprietor for the very generous patronage he has received during the four months he has lived in Lewisburg.

The Great Ambassador of Health

TO ALL MANKIND.

HOLLOWAY'S PILLS.

A BOON TO THE SICK!

The great object of a standing government to meet the ills and necessities of the suffering portion of humanity, and completely free from mineral and other deleterious particles was severely felt till this all powerful medicine was introduced into the world: HOLLOWAYS INVALUABLE PILLS have become the HOUSEHOLD REMEDY of all nations. This attribute is to PREVENT as well as to CURE; they attack the CAUSE or ROOT of the complaint, and thus by removing the hidden cause of disease reinvigorate and restore the drooping energies of the system, assisting nature in her task of VITAL and PURIFYING EXPULSIONS.

DYSPEPSIA.

The great scourge of this continent yields quickly to a course of these antiseptic Pills, and the digestive organs are restored to their proper tone; no matter in what hideous shape this hydra of disease exhibits itself, this searching and unerring remedy disperses it from the patient's system.

GENERAL DEBILITY AND WEAKNESS

From whatever cause, leanness of spirits, and all other signs of a diseased liver, and other disorganization of the system, vanish under the eradicating influence of this all powerful antiseptic and detergent remedy.

BILIOUS DISORDERS.

The proper quantum and right condition of the bile is of momentous importance to the health of the human frame, this anti-bilious medicine expels the bile in excess of the complaint, and renders all the fluids and secretions pure and fluent, cleansing and reinstating the vital functions of the body.

SICKLY FEMALES.

Should lose no time in trying a few doses of this regulating and renovating remedy, whatever may be their complaint, it can be taken with safety in all periodical and other disorganizations its effect is all but miraculous.

UNREFUTED PROOF.

The testimony of Nations is unanimously borne to the health-giving virtues of his noble remedy, and certificates in every living language bear witness to the undeniableness of their intrinsic worth.
