Freedom, national: Slavery, sectional!

The November Elections.

MORE VICTORIES!

On Tuesday last, elections occurred in several States. A storm prevailed at the West, cutting short the vote, and preventing Telegraphic returns to a great degree, but we give such as we have.

In NEW JERSEY, the returns indicate the choice of the five Opposition candidates for Congress, and of a Legislature hostile to Buchananism. ADAMS, the Anti-Lecompton Congressman, is re-elected, and Wortendyke and Heyler, who voted for Lecompton, are defeated. Good for Jersey!

MASSACHUSETTS.—Gov. Banks is triumphantly re-elected, and a Republican Legislature is also chosen, and ALL the Republican candidates for Congress. A desperate attempt was made—under the names of "American" and "Whig," running an old line Locofoco—to defeat BANKS, but he is re-elected by an increased majority.

NEW YORK elects Edwin D. Morgan, Governor, with the whole Republican State Ticket, by 30,000 maj. (Last year, the Republicans, trusting to their large vote, stayed at home so generally that the Buchanan State Ticket carried.) The City gives Parker (Dem.) 19,000 majority, but the State is largely Opposition, re-electing HASKIN and CLARK to Congress, with 26 other Anti-Lecompton ites, leaving only FIVE out of 33 Buchanan men elected to the next Session! The sweep is signal, and reveals "MORGAN" alive, again, after 32 years absence. The American separate vote is much decreased, and Gerrit Smith is among the "scattering." [*New contradicted.*

MICHIGAN is reported Republican, but incomplete.

ILLINOIS is very doubtful—the Senators holding over, and the apportionments giving Douglas a strong advantage, and his party having colonized hundreds and thousands of Irishmen on the Railroads in the close districts. All parties there are bound to be pleased—the Buchanan party if Douglas or Lincoln is defeated—the Douglas party if Buchanan or Lincoln is defeated—and the Lincoln party if Buchanan or Douglas is defeated.—We are prepared for, and reconciled to, either Lincoln or Douglas—especially Lincoln.

LATEST—By Telegraph.

ELMIRA, Nov. 4—3 o'clock, P. M.—The Republican majority in this State will be from 25,000 to 30,000. Not more than five or six Democratic members are claimed.

The returns from Illinois are conflicting, but the Republicans claim the State Ticket by a small majority.

Wisconsin has gone strongly Republican.

Not enough has been received from Michigan to decide or foreshadow the result.

Returns from Delaware this morning are in conflict with former reports, and the result is doubtful.

☞ We believe every Northerner who in Congress voted against the Lecompton swindle, and who was a candidate for re-election, has been sustained; while of those who voted for it, most have been condemned in a decisive manner. The few who have escaped the doom, are but successful under circumstances which virtually condemn them.

☞ Among the Members-Elected to the next session of Congress from Massachusetts is reported the name of CHARLES FRANCIS ADAMS, a son of J. Q. Adams, Ex-President. (Why can no Democratic President's son ever get to Congress?) Mr. Adams never asked for the office, made no effort to obtain it, and is said to be perfectly unambitious, but is well qualified for the position of an honorable and independent Member.

☞ Among the double-column prophesies of the Argus before Election, was one that "Sectionalism should be chained a thousand years, and the Democracy shall inherit the earth." The returns from Pennsylvania, New Jersey, New York, Ohio, &c. do not indicate that THAT kind of Millenium is at hand yet, and this political Miller is no better prophet than the religious Miller was. A Democracy relying upon Human Bondage as its aim and support, is as far from the happy times foretold in the Scripture as the East is from the West.

☞ Walker township, Col. Gregg's present home, last fall gave Gov. Packer, some 20 or 30 majority, and now gives Gregg 105 majority. (By the way, as Derrick was announced to be nominated solely as a martyr to K. Nism—and is re-martyred—can not Buchanan provide for him a foreign mission—say to Rome?)

☞ The wedding between Europe and America, it is supposed stated, turns out to be an unhappy one: before the honeymoon waned, some jar arose, and not a word has since passed between them!"

☞ John E. Jones, of the State Department, (formerly of Lewisburg) has been elected Teller of the West Branch Bank, Winsport.

The Pennsylvania Railroad Company has found the canal business this year so much better than had been anticipated, that the managers intend putting the work in first rate order by next season. This will be good news for the people along that line, who are very anxious to have the canal kept up.

Annual Thanksgiving Observance.

L. S.] In the name and by the authority of the Commonwealth of Pennsylvania, WILLIAM F. PACKER, Governor of the said Commonwealth,

A PROCLAMATION.

FELLOW CITIZENS: The goodness of God to us as a people, calls for our public acknowledgment and our grateful praise. The past and the present are crowded with His blessings. Nothing has occurred to imperil the principles of civil and religious liberty upon which our Government is based, or to interfere with its harmonious operations in all its departments. We are at peace with all foreign nations, and the noise of violence is unheard within our borders. While all enjoy perfect freedom of opinion, the genial influence of our free institutions, and the mild spirit of our holy religion, are more and more uniting us in one brotherhood. Our educational institutions are diffusing intelligence among the masses of our citizens, inducing a higher appreciation of their privileges, and a deeper sense of their obligations. Though in some localities the pestilence has prevailed, our country at large has enjoyed unusual health, and we are blessed with an abundance of all the necessaries, and the comforts of life. Our industrial pursuits are fast recovering from the torpor induced by the late financial embarrassments; confidence is being restored, and business is resuming its wonted activity. Mercies crown all our relations in life, and the hopes of a glorious immortality wait to cheer and bless every heart.

Prompted by my own convictions of duty, and in conformity with the expressed wishes of many of my fellow citizens, I, William F. Packer, Governor of the Commonwealth of Pennsylvania, do hereby appoint *Thursday, the Eighteenth Day of November next*, to be observed as a day of General Thanksgiving and Prayer, and commend to all our people that, setting aside on that day all worldly pursuits, they assemble in offering thanks to God for His goodness, imploring His gracious forgiveness and the continuance of His mercies. And while our hearts throb with gratitude to God for His unnumbered blessings, let a liberal charity be extended to all upon whom have been laid the burden of misfortune and want.

Given under my hand and the Great Seal of the State, at Harrisburg, this Twenty eighth day of October, in the year of our Lord 1858, and of the Commonwealth the eighty-third.

By the Governor: WM. M. HERSTER, Secretary of the Commonwealth.

☞ The foregoing recommendation of the Chief Magistrate of this State, should receive consideration by every good citizen. Not only as individuals ought "daily thanks to arise" from every heart capable of gratitude to our Almighty Giver, but as a people also it becomes us publicly to unite, yearly, in General Thanksgiving. In every city and town, and wherever a building is reared for the worship of God, let "all the people praise the Lord."

☞ We observe among some of the so-claimed Democratic papers of Penn'a, a tendency hostile to the Governor chosen by themselves—not by us. They accuse him of the loss of their late nominee for Judge, &c.—when, in fact, Judge Porter and Alison White are personal favorites of Gov. Packer, and Attorney General KNOX took the field openly for John Hickman.

If Gov. Packer, however, has broken friendship with the Buchanan league, and will hereafter be found on the side of Liberty and Free American Labor, Buchanan's friends began the division. Wherever in Pennsylvania the Buchanan men had the power in county convention, they either ignored the existence of Gov. Packer, or slurred him by ambiguous notices. Here in Union county, while extolling Pres. Buchanan, they noticed that "Wm F. Packer is a man"—refusing to recognize him as their Governor. His only offence was his refusal to endorse the Lecompton swindle. If under all these insults—and with such reason—Gov. Packer joined in the popular movement which has resulted in the downfall of Buchananism at home, he is perfectly justifiable, and has gained the confidence of the People.

☞ So deep is the Buchanier hostility to Gov. Packer, that some of their editors refuse to publish his Thanksgiving Proclamation! The Selinsgrove *Times*, for example, only alludes to the official recommendation of the Governor in the following sneering notice:

"Thursday, the 18th inst., is the day appointed by William F. Packer for general thanksgiving. Had he not better appointed a day of general deploration for the destruction of our crops by the weevil, for the non-reformation of the bank sharks, for the unscrupulousness of political renegades, and for the loss of our State Works?"

Passing by all notice of the *wit* and the *grammar* of this morsel editorial, and making all due allowance for the absence of good temper resulting from the loss of the State Works *and* of the Election, still our neighbor need not indulge in such gratuitous flings at the Governor and Thanksgiving. This is a Christian land, and gives freedom of opinion to all orderly citizens; but continued thrusts at Christianity are too plainly seen in that journal much longer to be overlooked by the liberal minded Christian community which, however tolerant, do not and will not circulate moral poison among their families under guise of a political newspaper. If the editors' religious views can not endorse even the recommendation by a Democratic Governor for a General Thanksgiving—and if they can not pass it by in silent contempt, but *must* attack it as they have—still they do well to consider the perfect impotence of their infidelity. Gratitude *will* be felt—songs of praise *will* arise—from tens of thousands of grateful hearts—throughout our land, and ultimately in all lands, until the great day of reckoning. If our contemporaries can not endure this, they can easily find "islands in the sea" where no Christian influence whatever is felt, where the "light of nature" and "reason" were never annoyed by Revelation, where the "institutions" do not recognize Thanksgiving, and where the happy, unsophisticated, and unsuperstitous people can sing—

"The sound of the church-going bell
These valleys and hills never heard,
Never echoed at the sound of a knell,
Or sighed when a sabbath appeared."

AN INVESTIGATION.—The next Legislature will doubtless appoint a committee to investigate the sale of the Canals by the Sunbury and Erie Railroad Company, as the way they have been disposed of certainly warrants the appointment of a committee, and a thorough investigation. When the bills passed, selling the State Canals to that company, it was supposed fair and equitable sales of the different lines would be made to the highest and best bidders, but it seems a different policy was pursued. Instead of putting them up to competition, favorites became the purchasers at little more than cost, and the State in consequence, was deprived of a large amount of money, which it otherwise would have been entitled to.

We were among those who favored the sale of our Public Works to the Sunbury and Erie company, but we had no idea they were falling into such bad hands. These works have since been transferred to those who have grown rich at the public crib, and can now lay back and laugh at our stupidity. Little did the people suspect such a course would be pursued, and well may they demand an investigation into these sales. This company too, has been interfering in the election of members of the Legislature, but we hope there are enough elected who will demand an investigation so that the facts can be laid before the public.—*Miltonian.*

WHITEHALL, N. Y., Nov. 1.—Wm. Cantwell, of Russeltown, C. E., has recently been acquitted of murdering his brother-in-law, Wm. Walker, of Whitehall, New York, the jury and the people of both places considering it a justifiable homicide." The circumstances which led to the affray, in which Walker was stabbed involves a long history of cruelty and crime on his part. It is some years since he took his young and beautiful wife home to Whitehall. After the loss of their child Walker lost his situation as clerk in the bank, began to drink and abuse his wife. At night he compelled her to strip herself and march naked, wherever he chose to go, threatening her life with a drawn sword if she hesitated. He beat her severely, and she will carry the scars through life. Yet she kept these facts concealed from her father as long as possible, from her faithfulness to her marriage vow, and it was only after repeated solicitations from her relatives and when she despaired of his reformation, that she consented to go to her father. That was in September last. Walker followed her, and was received into the family. On the evening of the 28th of September he was under the influence of liquor; he was sitting near the table where his wife was sewing, and Cantwell was reading. His wife asked him to go to bed, and Cantwell, patting him on the shoulder, repeated the request. Walker, in a rage, caught a chair and, with an oath struck at Cantwell, but he escaped the blow; they clenched, Cantwell's head being held down; while in this position, Cantwell stabbed Walker five times in the abdomen with a penknife; then Walker released his hold; he went to the kitchen and obtained a carving knife, and was returning toward Cantwell when he fell. He survived thirty-six hours. Cantwell sent for physicians, and then gave himself up to the authorities.

The Montour Works, though not driven to their full capacity, are moving on steadily. The administration of Thomas Beaver, Trustee of the Montour Iron Co. gives very general satisfaction. The extensive business operations, admirable order, and reasonable prices at the Company's store; not only satisfy the workingmen, but have won the public confidence.—*Danville American.*

☞ Richmond L. Jones, a son of Glancy Jones, has been appointed to some little office in the Paraguay expedition. Anything else to console the defeated Gent from Berks? What is to be done to soothe Dewart? how shall the ugly wound to White's feelings be healed? where shall Leidy and M'Reynolds go for their reward?

In Iowa, the other day, a brute of a man kicked his wife. The indignant neighbors assembled and made a jackass kick him. The wife was kicked by much the baser beast of the two.

DR. VALL'S GALVANIC OIL acts on the system by imparting to the diseased part a natural current of electricity, by which the restoration of all the natural functions are produced immediately, and a cure is at once obtained. This is the great secret which no other medicine in the world has got, and hence the great success this medicine has in curing diseases.

"Healing on its Wings," say all who have made use of Dr. Wistar's Balsam of Wild Cherry, and by such use saved themselves of coughs, colds, and consumption. The prudent will always keep this remedy by them.

ERYSIPELAS.

The editor of the *Daily News* speaks in the following terms, in that paper of Aug. 20th, 1858, concerning *Dr. Davis' Depurative*, which cured him of Erysipelas:

DR. DAVIS' DEPURATIVE.—We are not in the habit of recommending boasted cures of panacea depuratives, and nostrums, which may happen to be advertised in our columns. Having, however, used Dr. Davis' medicine and found it to be exactly possessed of excellent qualities for Erysipelas, we take great pleasure in saying so, and commending the Depurative to others thus afflicted.

RHEUMATISM.

Philadelphia, August, 1852.

In January, '51, my daughter, then in her nineteenth year, was attacked with Inflammatory Rheumatism. All her joints were much swollen, and she suffered the most excruciating pain for three months—was confined to a physician, who continued to attend her without any improvement, getting much discouraged. I concluded to try *Dr. Davis' Depurative*, the first bottle soon produced a decided change for the better. She continued the medicine for some time and it effected a perfect cure; she has remained free of Rheumatism and her health good ever since, being upwards of two years.

THROAT DISEASE.

This large class of diseases, including Ulcerations, Inflammations, Bronchial Irritations, &c., is most successfully treated by the use of Dr. Davis' Depurative and Dr. Davis' Throat Application. Read the following case of speedy cure after long continued suffering:

East Town, Chester Co., July 2, 1858.

DR. DAVIS—Dear Sir:

About five years ago I was attacked with a disease of the throat, which came on gradually, but at times when I would take cold the pain and suffering would be very distressing, accompanied with loss of voice to such an extent that I could not speak above a whisper. The disease continued getting worse, notwithstanding I was under the medical treatment of four different physicians becoming alarmed at my condition, I concluded to go to Philadelphia and consult you, which you recollect I did in the winter of 1854, when you recommended me to take your Depurative; and by the use of four bottles of it, in connection with your throat application, I was entirely cured, and have remained well. It is now more than a year since the cure was effected. Respectfully, your friend, MARGARETTA F. BISHOP.

☞ DR. DAVIS' ANTI-SCROFULOUS OINTMENT and THROAT APPLICATION should accompany the Depurative in cases of Scrofulous Ulcers and Sores, &c., of the Throat.
