Lewisburg, Pa.

FRIDAY MORNING, DEC. 24, 1858

ADVERTISE!—Manufacturers, Merchants, Mechanics & Public officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

☞ **See New Advertisements.**

☞ Some more excellent Real Estate is advertised in our columns to day.

☞ Christmas and New Year's Gifts at neighbor Heiner's—down at Tom Grier's—up at the Post office—and away out at Mrs. D'normandie's in Nauvoo—a great variety, enough to bankrupt Santa Claus himself.

☞ A very pleasant mode of spending New Year's eve, is advertised in our columns to-day, to "come off" at Mifflinburg. The Freeburg and Mifflinburg singers have both some reputation in that line, and will no doubt give satisfaction. O for some good sleighing by that time!

☞ We last week forgot to acknowledge the receipt of the third annual Catalogue of the UNION SEMINARY, New Berlin. It enumerates 10 instructors, 162 in the three divisions of the State Department, 29 in the Female Department, and 55 in the Primary Department—264 in all.

☞ The appeal of Ex-of M. A. Stock from judgment obtained in the Union county Court, by Sprout Bartowers & Co., was not sustained by the Supreme Court.—In the appealed case between Vanvalzah and Wykoff, Vanvalzah was successful.

☞ The Ninth Catalogue of the University at Lewisburg, (1858-9,) exhibits a promising increase in the number of students in the Theological, Collegiate and Academic Departments.—The University Female Institute issue a Catalogue separately; and there is now no Preparatory school connected with the University.

☞ Three small children were last week burned to death in a house near the Railroad at Pastoria, Blair county. Mrs. Bender, the mother, went to a stable to milk, and fastened her children in to prevent their getting upon the railroad. How the fire broke out within is unknown; but it was not discovered until too late to rescue the children, and the house was burned down.

COURT WEEK—concluded.

The cause on when our last report closed, was as follows: R. G. and S. H. Orwig sold certain personal property had of L. Johnson & Co., (after L. J. & Co. had obtained judgement upon it before Arbitrators and made an appeal was pending in Court) to their father, Sam'l Orwig. Johnson & Co. took the property through the Sheriff, and to recover it Sam'l Orwig brought suit. The Judge instructed the Jury that if the sale tended to "hinder, delay or defraud" the creditors, or if the publication of the sale was not sufficient to inform the public of the change of ownership, Pfff could not recover. Verdict for the Deft.

The case of Shreck, Brown and Kelly, vs. John Roland, was next taken up, and resulted in a verdict, under the direction of the Court, for Deft. This case had been sent back from the Supreme Court.

tin Chappel, Asa and Myers, Chancel Mayfield and Abram Frederick, ejectment, next came on, when Pfff released Scofield, he being only a tenant. Pfff claimed from Defts. about 7 acres of land surveyed under what was called the Jenkins or Merrill patent, regularly brought down. Defts. however showed a regular, fair title, ten years older, upon which the Pfffs' survey lapped. But it happened that the fence of the line of the land described as Merrit Chappel's, was, before his possession of it, set over, about an average rod, on Miss Jenkins' land, for the purpose of clearing out the fence row, and although it had been set back on the proper line since the institution of the suit, when the knowledge of the true line was known, yet, having been in law a trespasser at the time suit was commenced, the Jury under the charge of the Court found for the Pfff. as respects Merrit Chappel, for that small strip of land, but the other Defts. were acquitted. (As this decision throws all the costs upon one not able to bear them, when in truth the trial resulted in establishing, for all the Defts., the older or Shugeon patent against the Jenkins' patent, the Defts. should in justice share the expenses among them.)

Another Jury was empannelled, when the cases of Patton &c. vs. Mecaley, and of Graham &c. vs. Bridge &c. were passed upon without argument. The verdict in the first case was $135 97 for the Pfff.; and in the last case, verdict taken for Deft.

John Schaughnessey was made a citizen, John Quinn being his sponsor.

An Adjourned Court was ordered to be held, commencing Monday Feb. 7—(the week before the regular Feb. Court)

A. J. Guffey, Esq., of Northumberland Co., was admitted to practice in the Union county court.

Andrew Kennedy was appointed to Audit the accounts of certain county officers.

—An Argument Court was held on Monday.

RELIGIOUS ITEMS.—Evening meetings have been held by the Lutherans and Methodists in Lewisburg for some weeks past, with decided interest. The German Reformed church have held service every evening this week.....A Public S. School Exhibition was given in the Lew. Baptist house, Wedn. evening, 15th inst.....Thirteen persons united with the Presbyterian church, at the recent communion season .....Numerous revivals of religion are reported in the interior towns of Pennsylvania, particularly in the Methodist church .....The Minutes of the Pennsylvania Baptist Convention report 37,000 Members—an increase of about 3,000 the past year....."*All Nations.*" An African M. E. Bishop was last month ordained in New York for Liberia, and twelve Indian preachers were lately set apart by the M. E. Church South.

☞ Charles Heiner makes most of his own Confectionery, &c., and just as good as that bought at a distance. Those indulging in such things should buy of him and thus keep our money circulating at home—save cost of transpostation and "encourage home manufactures," which are the life and strength of every town and community.

☞ There was a fluid lamp explosion in one of the rooms on College Hill, last week—happily, without any material injury.

The Lycoming Fire Insurance Company paid over $24,000 damages the last three months.

MESSRS. FARREL, HERRING & CO., Philadelphia.

GENTLEMEN:—The close attention which our own efforts have required since the fire, has hitherto prevented us from writing you about the Safe.

On occasion of the fire 13th July, by which we suffered a large loss, our store, within a number of other buildings, was consumed. The Safe, of your manufacture, which we had in the store, was exposed to a most intense heat, as it was surrounded by the goods on its sinking into flame which, from its finish and scaly appearance, looks as though it had been tested for a long time in a furnace. The Safe, with heaps of molten glass and legs of nails, fused iron, &c., fell into the cellar, surrounded by burning merchandise, and there was suffered to remain (as the contents had been removed before the fire reach ed us) until the 23d of August, 11 days afterwards.

After the attempts of burglars and wreck was opened, we found the interior, to the astonishment of all, entirely unimpaired. The best we so fully convinced us of the capabilities of your safes, that we would not part with the one we have in use for a large sum, were we debarred the privilege of getting another. Respectfully yours,

S. H. WAHLAW & SON.

Fits---Fits---Fits!

Persons laboring under this distressing malady will find *Dr. Hoofe's Epileptic Pills* to be the only remedy ever discovered for curing Epilepsy or Failing Fits. These Pills possess a specific action on the nervous system, and although prepared especially for the purpose of curing Fits, they will be found of especial benefit to all persons afflicted with weak nerves, or whose nervous system has been prostrated or shattered from any cause whatever. The digestive patient, whose stomach has lost the power of duly converting food into a life sustaining element, is relieved by a single course of the extraordinary Pills. The gastric fluid re-acquires its solvent power, and the whole mass of food which was a load and a burden to the sufferer, while his digestive organization was paralyzed and unstrung, becomes under the wholesome revolution created in the system, the basis of strength, activity, and health.

Sent to any part of the country by mail, free of postage. Address Price $ Bance, 108 Baltimore Street, Baltimore, Md. Price—one box, $1; two, $2; twelve, $24.

THE OXYGENATED BITTERS.

For the cure of DYSPEPSIA or INDIGESTION, *Liver Complaint, Asthma, Chills and Fever, Loss of Appetite, Fever and Ague, Heart Burn, Water Brash, Acidity, Sick Headache, Nervousness, Low Spirits, Piles, Bowels, Kidneys, and General Debility,* or any disease having its origin in *imperfect digestion.*

These *Bitters*, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clergymen, Planters, Farmers, and others testify, are the only safe, certain and sovereign antidote for the immediate relief and permanent cure of the many cruel complaints which in some phase or other of *Dyspepsia* afflict our race.

These *Bitters* were discovered by GEORGE B. GREEN, and in their formula differ entirely from that of any other preparation of medicine. Containing no alcohol—no mineral—no poison—no noxious drug—in their nature tonic, not stimulating,—retaining their virtues in any clime, they are "a combination and a form indeed" of Medicine which knows no rival in exterminating disease and restoring the system to its pristine vigor and health. No matter of how long standing, or however indolent or chronic in its character the disease may be,—no matter that it has baffled the skill of the physician, and resisted the efforts of Medicine, a single trial of these Bitters will satisfy the sufferer that his disease is amenable to the proper remedy.

In testimony of the many cures effected by this Remedy reference is had to the written certificates from distinguished individuals known all over the land.

[An Obdurate and Inveterate Case of Dyspepsia Cured by the Bitters.]

The following from a gentleman well known in the region in which he lives ought to satisfy all those of little faith:

WATERTOWN, N. Y., July 28, 1858.

S. W. FOWLE & Co., Boston.—SIRS:—Nine years since I was attacked by that curse of all Diseases, *Dyspepsia*, which so affected me as to cause great oppression, fulness, and bloating of the bowels immediately after eating, accompanied with terrible pains in the stomach, often occasioning nausea, vomiting, acidity, and headache, together with general debility and suffering, altogether rendering life a burthen.

After having tried every known remedy without effect, and despairing of ever regaining my lost health, I was induced to make use of the Oxygenated Bitters, the good effects of which were immediately visible on my health and system. Before using a whole bottle I was entirely cured; and I feel a pleasure in inducing all like sufferers as myself to make use of this remarkable remedy.

☞ It is a most undoubted fact that Dr. SANFORD'S INVIGORATOR, or Liver Remedy, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr., during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains; and his conclusion is, that the liver is the greatest regulator of the system, and the most liable to disease; which if kept free from disease, is a preventative of Dyspepsia, Jaundice, general debility, &c., while, last but far from least, we mention consumption; for our experience is that more cases of consumption occur from diseased liver than from all other causes put together.

Taking this to be a correct hypothesis, we have but to find a remedy with which to correct the liver, and we have a cure of nearly all the diseases we are subject to by simply using a preventative. That the Invigorator is such a remedy, is beyond doubt to all who try it, for its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most effectual remedy known.

Teachers' Institute, Hartleton.

Next week is appointed for this special effort to advance the cause of Universal Education in our own community. We hope there will be a large attendance, and that every member will be prepared and resolved both to *give good* and to *get good*. The citizens of Hartleton, we understand, will furnish their church house to meet in, with fuel and light, and board Ladies in attendance at private families. Boarding at the hotels, for the gentlemen, will be very reasonable.

☞ Local Committee of Arrangements: DR. BLAIR, WM. WITMER, JOS. MASON, for whom those attending may inquire.

☞ Several copies of the School Laws and of the State Report for last year, have been left at the *Chronicle* office for gratuitous distribution.

The fifth of a series of discourses on the Evidences of Christianity, will be delivered by Rev. Prof Bliss next Sabbath afternoon at 3 o'clock in the Lutheran church.

The Regular Monthly Meeting of the Young Men's Christian Association of this place, will be held in Independent Hall on Monday evening next, December 27th at 7 o'clock. An address on CHRIST and the CHRISTIAN will be delivered by Dr. Tuttle of Williamsport. The public are cordially invited to attend.

Dr. WITMOR, of Lancaster City,

will be at the RIVIERE HOUSE, Lewisburg, Thursday, and Friday, 6th and 7th January, 1859, to consult with patients free of charge and successfully treat all diseases that are curable.

Holloway's Pills.—Dyspepsia, which is considered by physicians one of the most difficult of all diseases to deal with, invariably succumbs to this supreme regulator of the internal organs. The effect of the Pills upon membrane which lines the alimentary canal, appears to be wonderfully salutary and healing, while at the same time they greatly stimulate the stomach and the liver. This we suppose to be the source operation in cases of dyspepsia and diarrhœa; but, whatever the process, there can be no doubt as to the rapidity, invariability, and completeness of the cure. The Pills have been administered in this neighborhood in cases of summer complaint and general weakness and debility, with the happiest result. They are a perfectly safe medicine for children.

Donation.—The members of the Christian church design making their Pastor, Eld. S. W. M'Daniel a donation visit at his residence (on St. John's Street, between 4th and 5th Sts.) on next Thursday afternoon and evening, Dec. 30th. All friendly to the object are respectfully invited to participate.

Rheumatisms of the most severe kind have been cured by using two bottles of DU VALL'S GALVANIC OIL. Back-ache, pain in the head, sick head ache, and nervous diseases of the head, are every day being cured soundly by the use of this medicine.

Dyspepsia is one of the prevailing diseases of this country. This is owing both to climatic influence, and the habit of eating our meals too rapidly. In spite of these adverse circumstances, this disease rapidly disappears by the use of the Oxygented Bitters.
