The State Legislature

Meets next Tuesday, at Harrisburg; and we hope to have the Governor's Message in season for our next issue.

In the House, the Opposition have a decided majority, and will probably have no difficulty in organizing.

The Senate has 1 majority of those who voted for Buchanan, but the Leocompton issue it is stated has divided them.

Gov. Packer is not the man to be put down personally, and to be cast out of his cherished party.

Oregon and Kansas.

The Democracy (so-called) are doing their best to bring Oregon, with two Leocompton U. S. Senators, into the Union.

The same so-called Democracy are doing their best to keep out Kansas, with one fourth the most voters, because she is Republican!!

This is called Democracy—with one hand keep out a large Republican State, and with the other bring in a smaller Leocompton State, that they may have the Senators of the latter to aid in their Pro-Slavery schemes.

All About It. The Lewisburg Chronicle has been taken to task by the Harrisburg Telegraph for publishing a true article in relation to Mr. Milton.

Exciting Contest. There is an exciting contest for the Superintendency of the Public Grounds at Harrisburg.

So it appears the Telegraph "set the ball in motion"—the Miltonian gave it a kick—and then both coolly pass it to our credit!

This may seem a small matter; but when the Telegraph originates the controversy by talking about "bleeding" the State—overlooks the Miltonian's broadside upon Harrisburg in its "would doubtless"—and then seeks to cast the whole responsibility upon the Chronicle, for afterwards copying a part of each article in a much less offensive form.

Some of the persons who recently brought slaves direct from Africa into Georgia, were taken up, but the Grand Jury refused to find a bill, and Buchanan's organ at Washington says there is no way to enforce the law making the African slave-trade piracy.

We have reports that the Fillibusters are successfully landing their men and munitions in Central America, preparatory to some new scheme of murder and pillage for extending slavery; and we have also a denial of any landing having been effected.

Attempts of the Border Ruffian

in Kansas to revive their bloody reign, have been made, and unavailingly resisted. Gov. Denver made a treaty of peace with Capt. Montgomery and other Free State leaders, under which all former "political disturbances" were to be forgotten.

There has been no Governor in Kansas for a long time, but there would be peace if the Border Ruffian element was extinct. Under color of "law," it seeks to keep up disturbances, and then attributes them to the settlers or Free State party.

An exciting trial for murder came off in Clinton county, last week. One Harter, an inn-keeper of Mill Hill, struck one of his own customers, named Rice, a blow which shortly resulted fatally.

The above table is worth saving for future reference.

Teachers' Journal. We have received the first number of "The Teachers' Journal," published at Allentown, by R. W. McAlpine.

A happy state of affairs exists in Union county, Sheriff Crossgrove having, on Monday, passed through this city, en route to the Eastern Penitentiary.

Two new townships have been formed in Lycoming county, by the division of Heppner and Lycoming townships.

A new census of Hollidaysburg reveals its population to be 3175.

SETTING HOGS.
