FROM WASHINGTON.

The Admission of Oregon.

SATURDAY, Dec 12.

The House took up the Senate Oregon bill. Vallandigham of O., and Stephens of Ga., advocated, and Stanton of O., opposed the bill.

The debate being over, the question was taken on the amendment of Mr. Hill, of Ga., delaying the admission of Oregon until its population shall have been ascertained, by census, to exceed the ratio required for one representative in Congress. It was rejected—yeas 22, nays 123.

The amendment of Mr. Maynard, of Tenn., which gives effect to the act only after the result of a census shall have been found to justify it, was rejected.

The amendment of Mr Marshall, by way of substitute, admitting Oregon provided, after having obtained 93,400 inhabitants, she permits no aliens to vote for United States Representative, was taken up.

Mr. Washburne of Ill., moved to lay the amendment on the table.

Not agreed to—yeas 94, nays 124.

Mr. Marshall's amendment was rejected—yeas 18, nays 189.

Mr. Bingham's amendment authorizing a Convention in Oregon, to ascertain whether the admission of the Territory was desirable, was rejected.

The bill then passed—yeas 114, nays 103. Adjourned.

WASHINGTON, Feb 13.—The admission of Oregon into the Union was celebrated last night by a large concourse of citizens, who, with the full marine band, serenaded the distinguished friends of the measure, including Gen. Lane, Senator Green, Representatives Nichols, Scott, Stephens, Lecher, Thayer, Haskins, Stevenson, and Orr, nearly all of whom delivered brief speeches expressive of the event.

The President was also serenaded, and in response to repeated calls, appeared at the window of the White House. He sincerely congratulated them upon the advent of another sovereign State situated on the very shores of the Pacific, favored with a fine climate, and exuberant soil, and filled with tried and noble Democrats. Expansion was, in future, the policy of our country. Cowards alone feared and opposed it. Thanking them for the honor paid him, the President concluded by calling for Yankee Doodle, which was performed by the band.

Vice President *Breckenridge* in another part of the city, declared that whenever he could, he had given the bill a push, and expected next Monday to sweep in both Senators. Having been called upon to that we talked too much and spoke too little. When England wished to do a thing, she did it and talked about it afterwards. If the Island of Cuba, instead of being placed at the mouth of the Gulf of Mexico, laid at the opening of the British channel, England would take it in ten days. He would not rob for it, but he would act with any portion of his fellow-citizens in using all honorable means to acquire it.

Mr. Pugh, of Ohio, and Gwin of California, introduced the Senators from Oregon, Jas. Lane and Delazar Smith, who were sworn, and took their seats. On drawing lots, Mr. Smith obtained the longest term.

The admission of Oregon gives thirty-three States to the Union. The bill for the admission of this new State passed the Senate in May, 1858, by a vote of 35 to 16. The session closed without any further action upon it, but this session it was brought up again, and, on Saturday, passed by a vote of 114 to 103. The bill was sustained mainly by the Democrats, *ninety* one of whom voted *for*, and *twenty against it*. The Republicans generally opposed the bill, sixty-nine voting against it, and seventeen for it. Five Americans voted against it.

WHAT SHAM DEMOCRACY IS DOING FOR US.—From an article in a Locofoco contemporary we extract the following passage, which is somewhat remarkable when contrasted with the great things which Locofocos constantly tell us their party has [illegible] for the country:

the most appalling rapidity, physically, morally, politically and intellectually. *The world never produced a parallel to the present rapid deterioration in all that goes to make up the permanent prosperity of a nation.* Our experiment of self government will end in a humiliating and disgraceful failure, unless our downward road to ruin can be speedily and effectually checked. And yet we slumber on while the earth is quaking beneath our feet."

Is it possible that we could do worse than to permit *such a party to continue to rule us?* It *looked out for many years; it has established its own policy in despite of our efforts to prevent it;* and here, by their own admission, is the result! We want a reform which will sweep out every phase, form, and grade of Locofocism. It is worse than war, pestilence, and famine in its influence.

The Ebensburg *Sentinel*, one of the Democratic organs of Cambria, is very decidedly "fermenst" the "Little Giant." Hear it:

"We say, broadly and boldly, that we would rather that the right hand which God gave us would wither, than that it should cast a vote for him [Douglas] for the highest or lowest office in the gift of the American people."

This fellow would be among the very first to throw up his cap for Douglas if he should be nominated. When ever you hear a Democrat say, emphatically, in advance, that he will never do so and so, you may be sure that he will do that very thing.

FROM HARRISBURG.

The Bill passed the House to authorize an examination of the claims of the bail of Henry D. Rolleamel.

Petitions were presented for a change of venue in the Quinn case, also a remonstrance.

Mr. Wagonseller presented a petition and read in place a bill against fishing with seins or drop nets between the mouth of Buffaloe creek and Spruce run.

Mr. Hottenstein read in place a supplement to the act incorporating the Milton Savings Bank.

Conflicting Passenger Railways in Philadelphia and Harrisburg, engross the attention of the Legislature more than any other subject—call in a large number of bores—and create some warm times.

The bill to re-annex part of Brady township to Union county, passed in Senate.

IN SENATE, Feb. 10.—"An Act authorizing and requiring the commissioners of Union county to deliver to the commissioners of Snyder county certain assessment books *belonging* to Snyder county."

On motion of Mr. Keller, proceeded to consider this bill, and dispensed with going into committee of the whole.

Mr. Gregg moved to amend, by adding the following proviso: "*Provided*, Snyder county pay for the re-binding of the books."

On the amendment the yeas and nays were required by Mr. Gregg and Mr. Keller, and were as follow, viz:

YEAS—Messrs. Baldwin, Colley, Craig, Forney, Fraziers, Gazzam, Gregg, Harris, Wm. Palmer, Parker, Penney, Rutherford, Scofield, Shaffer and Thompson—16.

NAYS—Messrs. Blood, Brewer, Fester, Keller, Marselis, Miller, Nunnemacher, Randall, Scheib, Schindel, Steele, Turney, Welsh, Wright and Cresswell, *Speaker*—15.

So the question was determined in the affirmative. The question recurring upon the bill as amended, it was agreed to; and the bill passed finally.

[The House, on motion of Mr. Wagonseller, *struck out* the proviso—thus attempting to make *Union county pay the cost of re-binding some* 20, 40 *or more volumes, which Snyder county wishes torn apart for her benefit!* This county has no books belonging to Snyder county, but is willing, if ever and have those assessment books, which are settled, that may be of use to that county only, but does *not* wish to be compelled to pay the expense of a matter which is of no benefit to Union. We are surprised that Messrs. Wagonseller and Patterson should attempt to force such an unjust measure, and hope the common sense of the Legislature may yet defeat the bill as it is, insisting upon the amendment.]

The bill relating to Records in Union county we are informed is one requiring the Prothonotary and the Register and Recorder to make certain indexes.

Captain Jacob Ziegler, formerly a Clerk of the House of Representatives, is urged for the next Democratic nomination for Auditor General of this State. Also Wm. T. Alexander. Also Richardson L. Wright. Also Charles Conner. Also Henry L. [illegible].

JOHN M. SULLIVAN—for so many years a faithful and popular clerk in several Departments in Harrisburg—is named as the Opposition candidate for Auditor General, by a correspondent of the *Telegraph*. There is one good man to start the ball.

The Kansas Legislature.

Both Houses of the Kansas Legislature have passed a bill providing for the formation of a Constitution for the government of the State of Kansas. The bill provides for an election on the fourth Monday in March, to decide for or against holding a Convention to form a State Constitution. If the decision be favorable, an election for fifty delegates to the said Convention will be held on the first Tuesday in June. The Convention will meet on the first Tuesday in July, at Wyandotte city. The Constitution framed by this Convention shall be submitted to the vote of the people on the first Tuesday in October. The officers under this Constitution shall be elected on the first Tuesday in December.

LEAVENWORTH, Feb. 12.—The bill abolishing and prohibiting slavery in this Territory, has been passed by the Legislature. Governor Medary will doubtless veto it.

LEAVENWORTH, Feb. 14.—The Territorial Legislature adjourned on Monday. Among the last acts of the Legislature was the passage of a general amnesty bill, granting pardon to persons in custody, [illegible] Kansas. This bill has received the *approval* of the Governor.

FOREIGN NEWS.

The Princess Frederick William of Prussia, daughter of Queen Victoria, has given birth to a son, causing great rejoicings in Prussia, and much satisfaction in England.

The Hon. Wm. B. Reed, U. S. Commissioner to China, had sailed on board the U. S. Steam frigate, Minnesota, en route for Hong Kong, via India.

DETROIT, Feb. 14.—The Michigan Legislature adjourned *sine die* to day, having transacted a large amount of business.

On Saturday, the House reconsidered the vote by which the Registry law was defeated, and passed it as received from the Senate, by a vote of 42 yeas, to 34 nays.

SAVANNAH, Feb. 14.—The Grand Jury have found true bills against Selvas and Wares, consignees, and Captain Capineras, with fitting up the bark Angelica for the slave trade.

BOSTON, Feb. 12.—William P. Roach, keeper of a liquor store, and who was indicted for manslaughter in killing Ex-Purser Samuel V. Hunter, will be brought up for trial during the coming week.

SAVANNAH, Feb. 12.—The Grand Jury has found true bills against Capt. Corrie and three others implicated in the slave trade, in connection with the yacht Wanderer. They are now in prison.

"We understand that remonstrances to the Legislature are being numerously signed by the citizens of the upper end of the county, against the dismemberment of the county by cutting off the upper townships."

The foregoing is from the Sunbury *Gazette*. If correct, there is no harm in what friends of annexation ask—a *vote at the Spring election*—which would give the people a chance to express their desire.

The *Gazette* of Sunbury and Williamsport are great sticklers for "popular sovereignty." Yet each is arrayed against permitting the people of several townships to decide for themselves what county they prefer to belong to. If Brady township prefers to come this way, why should Williamsport hinder them? If Chillisquaque &c., prefer to cross the West Branch, why should Sunbury compel them to cross the North Branch? What kind of "popular sovreignty" do these Gazettes practice?

The William & Mary College building, at Williamsburg, Va., including the library and labratory, was destroyed by fire on the 8th inst. This is one of the oldest institutions in this coutry. The students all escaped. There is an insurance of $25,000 on the property.

Are your Deeds, Mortgages, &c., Recorded?

I desire to call the attention of the people of Union county to the importance of the subject involved in the above question—a subject upon which very unbusiness-like carelessness, in some quarters, and gross ignorance in others, largely prevails. I will put before you, in as short form as possible, the Law on the subject, and then offer you an additional inducement in a reduction of the fees now allowed by law.

What Instruments may be Recorded.

All Patents from the Commonwealth; all Deeds of sheriffs, coroners, marshals, and treasurers; all deeds made in pursuance of a decree of any court; releases evidencing the payment of any legacy, or given to any executor, administrator, assignee, trustee, or guardian, as well if made without the State as within, if the lands charged lie within; all deeds of county commissioners; all assignments of mortgages and powers of attorney authorizing their satisfaction; all receipts for taxes on unseated lands, and for moneys paid for their redemption; all contracts concerning land, provided they be in writing, and whether under seal or not.

The Time of Recording Deeds.

That all deeds and conveyances, which from and after the publication hereof, (March 18, 1775), shall be made and executed within the province, of or concerning any lands, tenements or hereditaments in this province, or whereby the same may be in any way affected in law or equity, shall be adjudged fraudulent and void against any subsequent purchaser for valuable consideration, unless such deed be recorded before the proving and recording of the deed under which such subsequent purchaser claims. The Law is the same with reference to the recording of deeds made out of the State, conveying lands within it, except that the time is extended *to one year.*

Of the Recorder of Mortgages,

No deed or mortgage, or defeasible deed or the manner of mortgage, hereafter to be made, (May 28, 1715), shall be good or sufficient to convey or pass any freehold or inheritance or to grant any estate therein for more years, unless such deed be acknowledged or proved and recorded within six months after the date thereof, where such lands lie as hereinbefore directed for other deeds. All mortgages shall have priority according to the time of entry for record, and not according to the date of the same, without any regard to the time of making or executing such deeds. No mortgage shall be a lien, unless such mortgage shall have been recorded, as last for recited.

The proposed Reduction in the Fees is this:

Instead of *eight cents*—as now—for every *hundred words*, (besides the certificate), it will be, and the law says, *two cents*. I will charge, upon every paper left for record by the close of the *seventh hour* and *after the sixth hour* and *before the eighth hour* in the morning of every *twenty* working days, the other fees to remain the same as by law, reserving the right to demand and receive the fee-tax tax invariably in advance.

GEORGE MERRILL, Recorder.

Recorder's Office, Lewisburg, Jan. 1, 1859
