

Lewisburg, Pa.

FRIDAY MORNING, MARCH 25, 1859

FRIDAY MORNING, MARCH 25, 1859. A. W. HERRING, Publisher. Mechanics, all who wish to buy or sell, will do well to employ the services of the Lewisburg Chronicle, which has a large and increasing circulation in a community containing a large population of active, solvent producers, consumers and dealers, and in the State.

See New Advertisements.

THE PRINCIPAL and PUPILS of the Lewisburg Academy will give a public RECEPTION this (Friday) EVENING in the Basement of the Presbyterian Church. Parents and the public generally are cordially invited to attend. Exercises to commence at a quarter before 7. Music by the Choir. March 25, 1859.

The appointment of Rev. S. Wolf at York, announced in our last, was an error. He took no appointment this year. Mr. Kremer is appointed for York. John Kremer, Agent for Union Seminary.

From Tuesday to Thursday of this week, the Judges of this county held an Argument Court in town, and we learn accomplished much business. To-day a similar Court is appointed for Snyder county.

Another Republican in the U. S. Senate. The Revolution has begun to operate in New Jersey. JOHN C. TEN FORT said to be a capable and worthy man—is chosen to represent her in the National Council, vice Wm. Wright, Dem. The vote in Legislature stood—Judge Ten Eyck 42; Wright (Dem) 41; Stockton (Am) 3; Wright, 3—leaving Ten Eyck 2 majority.

At a railroad meeting last week in Selinsgrove, a majority took ground in favor of commencing the proposed Railroad at Northumberland or Sunbury, thus cutting off Lewisburg and Union county entirely. Jack Cummings and Lawyer Simpson were the leaders in this warfare upon our county. Their views says we do not want the Road! A respectable minority (including I. Gatehouse) dissented. Cummings went to Harrisburg to oppose the bill. We hope, however, that it may pass, although the session is so far advanced that it may fail.

The argument of the Spring of 1859. Has been unanimously severe, and accompanied by high water in many of the rivers, caused much destruction. The West Branch is said to have been higher than it has been since 1817, and brought down quite a quantity of rafts. The eastern shore of the river has been badly wasted by the high wind and water.

On Friday evening of last week, the wind blew a gale from the south west with such force as to take off the tin roof and rafters from the west wing of the main edifice of the University at Lewisburg, completely throwing them over to the north east side. This was about 7 o'clock, when the students were in their rooms. Happily, although all were considerably startled, no one was injured. One room was pretty well filled with rubbish, which fell between two students. The injury done is supposed to amount to \$600 or \$700. Workmen are already repairing the damage. Two large pine trees on the campus were blown down, and considerable damage done to fences in some parts of East Buffalo township, near the river.

In Kelly township, part of the shingle roof of Adam Royer's barn was removed, and Messrs. Alexander, Stauffer, and others, suffered from the uprooting of apple trees and the destruction of fences.

About sixty feet of the shingle roof of the west span of the Milton Bridge was taken off. The Union Seminary building, at New Berlin, lost about one hundred feet of its tin roof. We have learned that barns were unroofed and other damage done in Moser's Valley.

The Clark's Ferry Bridge was more than half destroyed, taking our Telegraph line along with it. We read that a boat will supply the place of the Bridge for the present.

The Grand Jury in the Sikes case had not returned a True Bill at last dates, although it is expected daily. Mr. Butterworth, his alleged accomplice, is discharged.

The President has decided not to call an extra session of Congress, it being certain that if he should the Republicans would gain the organization. No matter what suffers, the President would rather anything else than a lower House of Representatives.

FROM HARRISBURG. Mr. Wagonseller has introduced into the Assembly another bill to supply Lewisburg with water. We trust that Messrs. Wagonseller and Gregg will persuade the people of Lewisburg to see the bill before they give it passage. We notice no petition in its favor.

A bill passed requiring the Overseers of the Post of this Borough to give bail. It is thought by some the legislature will adjourn within two weeks.

Nike Walsh, leader of the rowdy Democrats in New York city, was recently found near his house, with his neck broke, and a bullet—supposed to have fallen from a sky-rock, and thus died. He was a man of talent, but pestiferous influence. Baltimore papers announce the death of James H. Carter, banker, some time a resident of the lower West Branch region.

W. O. Hickok, of Harrisburg, has received a patent for an improved machine for cutting hay and straw.

Charles Fouk and L. Spafford were drowned on Sunday week, while rafting near Rock Haven. They were both young men.

Close of the Session.

The usual examinations and exhibitions of the University at Lewisburg, at the close of the Winter campaign, occurred this week as announced, and have attracted large and interested number of spectators and friends. A considerable degree of proficiency was exhibited, and a prosperous session has closed. We copy the subjects, names and residences of the Essayists and Speakers:

FEMALE INSTITUTE, 21st to 23d. A. G. HARRISON, 21st to 23d. Treasurer: F. H. HARRISON, 21st to 23d. Secretary: M. H. HARRISON, 21st to 23d. President: M. H. HARRISON, 21st to 23d. Vice President: M.
