Lewisburg, Pa.

FRIDAY MORNING, APRIL 1, 1859

ADVERTISE!—Manufacturers, Merchants, Mechanics Public Officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

☞ **See New Advertisements.**

☞ LEWISBURG ACADEMY advertisement, next week.

☞ A few copies of the report of the State School Superintendent for 1858, at this office and the Book Store.

☞ J. M. C Rauck, Esq has removed from Middleburg to Mifflinburg, Pa. Nothing like old Union, after all.

"Flitting time" has come at last—
The busiest of the year.

but as we are not made acquainted with all the business changes in town, we will not attempt to Chronicle them this week.

☞ Rev. C. H. Leinbach, of Landisburg, Pa., has accepted a call from the Lewisburg German Reformed Church, and expects entering upon his new field of labor some time in May.

☞ Connecticut election next week. The Republicans have two candidates running in two Congressional districts—a division, which, if not speedily healed, may result in a loss to our party.

CROTZER'S HOTEL, MIFFLINBURG.—This new house will be well kept, if the former experience and efforts of the Proprietor is any sign. He is well qualified, and means to do the fair thing. (See Advt.)

☞ "Squatter Sovreignty's" review of our exposure of Senator Douglas' Pro-Slavery interests, appears to be—like the *Argus'* publication of Senator Seward's speech—postponed.

☞ Thanks for Senator DIXON'S able argument against the Cuban scheme, and to Senator DOUGLAS for his speech conclusively proving that he did not go quite so far in the Kansas iniquity as his late accomplices.

☞ Some person—hungry, we should hope—recently robbed the cellar of D. S. Kremer of this place. Bad enough, but our town has not suffered as much as others have in this way.

☞ Last Wednesday afternoon's railway train from Harrisburg was delayed until midnight by an accident below Millersburg. The engine ran off the track (the engineer jumping off) destroying the engine and injuring some of the cars. A Lewisburg passenger informs us that there were five car loads of passengers, and naturally much consternation, but no one was injured.

☞ We have rented our Bindery to Mr. C. J. Stahl, who will continue to carry on the business entirely on his own responsibility. His new residence being very central, he has, as a measure of economy, taken there the Bindery, on the ground floor, which he believes will be quite as convenient of access to all, and preferable by ladies and old men to climbing up stairs.

☞ The Buck party, notwithstanding the loss of such small places as New Hampshire, Reading, York, Allentown, Harrisburg and *Kutztown*, are not without comfort. They have carried the immense seaport town of *Bristol*, in Bucks county. As, however, according to their own account, the victory happened on the 13th ult.—previous to the Harrisburg nominations—we don't see how it helps them in Penn'a!

☞ The Reception given by the Principal and Scholars of the Lewisburg Academy, on Friday evening of last week, was an exhibition of more than ordinary interest. The performances of the pupils exhibited a degree of training seldom attained in academies, and were alike creditable to themselves and to their tutor. The large number of scholars in attendance indicates a flourishing condition of the Academy. Young folks who desire to obtain a thoro' English education, or fit themselves to enter College, can do so in no better way than by patronizing Mr. RANDOLPH.

Spring is Coming!

And very many think it is *here*. Birds and frogs are in unison on the subject, as appears from their music. Winter grains —Wheat especially—everywhere appears in majestic luxuriance, (perhaps not as large a breadth, hereabouts as in former years,) uninjured by the snowy ordeal of the frigid months. Grass is springing up finely. Our farmers are glad and good humored with the prospects. Business everywhere receives a fresh impulse from the Spring, and Hope points to the "hard times" as measurably past. A little ramble through Lewisburg, very partially under the influence of the "Spring fever," but mostly on Pike's Peak excursions, discloses numerous improvements in progress—dwellings in process of erection, or finishing—cellars excavated for new buildings—carrying dirt from the hill fronting the Court House to various lower points —planting of trees and of shrubbery—and various life-signs indicating full employment (for a time at least) to most if not all our mechanics and laboring men. A pleasant and prosperous season, we trust, is before us all! HOPE *and* WORK!

BOY KILLED.—We learn that a boy named Rodgers, aged about ten years, broke his neck, by jumping off the cars while running through the borough of Northumberland on Tuesday morning last. It appears the boy got on the train at the depot to ride to the water station a short distance above Northumberland. The cars did not stop, when the boy made the fatal leap off the platform of the cars.—*Sunbury American.*

☞ We are making out bills for all dues to the Chronicle establishment until the close of the present year—from 1848 to 1860—twelve years, and shall send or call with them this month or next. We desire a settlement of each in some form, so that we may all start fair with another New Year. Several have waited on us very kindly, and we have waited on a far greater number. Further delay is impossible. Pay us our just dues, and we will pay all we owe—for "we like to see a good joke go around!"

BATES OF MISSOURI.—This gentleman has been named in connection with the next Presidency. He was formerly a Henry Clay Whig, and, like Henry Clay, an Emancipationist. With such views he was elected to Congress thirty years ago; and however his opinions may have been modified on other subjects, with regard to the subjects of Slavery we believe they remain unchanged. He publicly opposed the repeal of the Missouri compromise, and earnestly denounced the Lecompton fraud when that was going forward; and is now a member of the Emancipationists, or Free State party.—*Perry Freeman, Ed itorial.*

WASHINGTON, March 28.—From information received here, it appears that the business of importing Africans, is far more extensive than has heretofore been supposed, and that the arrangements for that purpose are very ingeniously devised. Small boats are employed to relieve slavers of their cargoes and bring them into the Southern States. Our government has been informed of some of the movements and has taken efficient measures in the premises.

ST. LOUIS, March 28.—Salt Lake dates to the 15th ult. have been received. The Indians in the vicinity of Santa Clara had killed several white persons. Gov. Cumming made a requisition on General Johnston for troops to chastise them. Seventeen of the children who were captured by the Indians at the massacre of 150 emigrants on the mountain meadows, eighteen months ago, have been recovered.

WASHINGTON, March 28.—The project submitted by the French to the British Government merely proposes a friendly visitation where there is good cause for suspicion that the vessel is a slaver. To this our Government has no objection, so far as vessels sailing under the American flag are concerned, but will hold the visiting parties responsible for any misconduct or violation of maritime rights.

CINCINNATTI, March 28.—The rush for Pike's Peak continues. The number of adventurers who have passed through here so far by the river is estimated at six thousand two hundred. Reliable accounts from the gold regions received here render it certain that the emigrants have been grossly deceived by railroad men, steamboat men, hotel keepers, and town speculators, who are engaged in a regular system of exaggeration.

The new Postmaster General is generally described as a fair officer and good business man. The department needs the best of management, and the public feel disposed to be generous and aid him all they can.

A MONUMENT.—Four pyramids of mud, something less than those of Egyptian fame, were seen in the street, opposite Hay's Hotel, on yesterday, and the following inscription was written on one of them: "Sacred to the Memory of the Street Commissioner of Williamsport." —*Press.*

W. F. Lahow, more generally known as the "Dutch Doctor," was found dead in the road near Pottsgrove. He was subject to Apoplectic fits, and it is supposed died in one of them. He was about 54 years of age.

Three criminals, Heinrich Haas, Peter Smith, and Joseph Lindsay, were hung, on the 22d inst., at New Orleans, all on one scaffold. They all confessed their crimes just previously to the execution.

James Stephens has been convicted in New York city of having poisoned his wife over one year ago.

The trial of Sickles has been fixed for next Monday, the 4th of April, he having been indicted.

THE PUZZLER.

"Lo! a riddle for the wise,
Deep in which some myst'ry lies!"

☞ Answer to last Enigma—
"*Agricultural Implements.*"—And'd by H A, Lewisburg.

☞ Answer to Puzzle three week's ago—

We have another neat and correct answer, but as we have no Wood engraver it is difficult to present puzzles, diagrams, &c., which require anything but plain, common type. We have a larger number of Enigmas, &c., on hand—be patient.

☞ A Yankee Question for the Boys—

If this and that, and the half of this and that, be added to seven, which will make eleven—How much is this and that?

The Oxygenated Bitters are recommended by Physicians in their practice. A distinguished clergyman, who had taken six bottles, by direction of his Physician, writes us that they have cured him of Dyspepsia, of twenty-five years standing. Try this remedy, Dyspeptics!

HOLLOWAY'S PILLS.—In dyspepsia, gastritis, and all inflammatory and constitutive disorders of the stomach, growing out of indigestion, there is something chemically wrong in the fluids which should dissolve and assimilate the food. These searching Pills, acting upon the gastric juice and upon the bile as chemical agents, restore to the one its solvent properties, and to the other its modifying and tempering qualities. Such seems to be the philosophy of their operation. As regards their almost magical effect in dyspepsia, and all complaints affecting the digestive apparatus and the liver, there can be but one opinion among candid observers.

Dr. WITMOR, of Lancaster City,

will be at the RIVIERE HOUSE, Lewisburg, Tuesday on to Thursday, 5th to 7th APRIL, 1859, to consult with patients free of charge and successfully treat all diseases of the human body. Private parlors for ladies. ☞ See his regular card on our last page.

Dr. W. will repeat his visit first week of every month.

FARREL, HERRING & CO.'S
PATENT CHAMPION SAFE.
LATE FIRE AT DUBUQUE, IOWA.

DUBUQUE, Jan. 7, 1859.

Gents: I am requested by Mr. T. A. C. Cochrane, of this place, to say to you that on the morning of the 4th inst., about 3 o'clock, his store took fire, and the entire stock of goods was destroyed. The heat became so sudden, intense that none of the goods could possibly be saved; but fortunately his books and papers, which were in one of your Champion Safes, were all preserved carefully. And well they may be called Champion, for during the whole conflagration there was one incessant pouring of flame directly upon the safe which contained them. And still, upon opening it, the inside was found to be scarcely warm, while the outside was most severely scorched.

Yours truly, N. A. MCCLURE.

Herring's Patent Champion Fire and Burglar Proof Safes, with HALL'S PATENT POWDER PROOF LOCKS, afford the greatest security of any safe in the world. Also Site board and Parlor safes, of elegant workmanship and finish, for plate, &c.

FARREL, HERRING & CO., have removed from 34 Walnut St., to their new store, No. 629 Chestnut St., (ARCH HALL,) where the largest assortment of safes in the world can be found.

A VOICE FROM VIRGINIA.
CAMP POINT, Surry Co., Va.

Dr. Seth S. Hance:—I was in Baltimore in April, 1854, and from a paper I received of yours was induced to buy a box of your Pills, recommended as a sovreign cure for the Epileptic Fits. At that time one of my servants had been afflicted with fits about twelve years. When reaching home, I commenced with the Pills according to directions. I do not think she has had one since. My wife, though, is somewhat induced to believe she may have had one only. Enclosed you will find five dollars, for which you will please forward me two boxes. I suppose you can forward them by mail. Your compliance will oblige me. Yours respectfully, M. P. SLEDGE.

Dr. Hance's Epileptic Pills are also a sovreign remedy for every modification of nervous diseases. The nervous sufferer, whether tormented by the acute, physical agonies of neuralgia, tic-douloureux or ordinary headache, afflicted with vague horrors termed by periodical fits, threatened with paralysis, borne down and dispirited by that terrible lassitude which proceeds from a lack of nervous energy, or experiencing any other pain or disability arising from the unnatural condition of the wonderful machinery which connects every member with the source of sensation and motion, will derive immediate benefit from the use of these Pills, which at once calms irritation and regulates the shattered nervous organization.

Sent to any part of the country by mail, free of postage. Address SETH S. HANCE, 108 Baltimore street, Baltimore, Md. Price, one box, $1; two, $2; twelve, $10.

ge, it is a most undoubted fact that Dr. SANFORD'S INVIGORATOR, or LIVER REMEDY, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr., during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains, and his conclusion is, that the liver is the greatest regulator of the human system, and the most liable to disease; which if kept free from disease, is a preventative of Dyspepsia, Jaundice, general debility, &c., while, last but far from least, we mention consumption; for our experience is that more cases of consumption occur from diseased liver than from all other causes put together. Adopting this Hypothesis, we have but to find a remedy with which to correct the liver, and we have a cure of nearly all the diseases we are subject to by simply using a proventative. That the Invigorator is such a remedy, is beyond a doubt to all who try it, for its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most effectual one remedy known.

Dr. Wistar's Balsam of Wild Cherry.

Where the above preparation is known, it is so well established as an infallible Remedy for the *cure of Coughs Colds, Sore Throat, Hoarseness, Bronchitis, Spitting of Blood, Pain in the Breast, Croup, Whooping Cough*, and every form of PULMONARY COMPLAINT, that it were a work of supererogation to say more of its merits.

Discovered by a well known physician more than twenty years since, it has by the wonderful cures it has effected been constantly appreciating in public favor, until its use and its reputation are alike universal; and it is now known and cherished by all, and their "name is legion" who have been restored to health by its use as the GREAT REMEDY for all diseases of the throat which it professes to cure.

Sir James Clark, physician to Queen Victoria, has given it as his opinion that

Consumption can be Cured!

The whole history of this Medicine fully confirms the opinion of that eminent man. Thousands can testify, and have testified, that when all other remedies had failed, this has completely cured; that when the sufferer had well nigh despaired, this has afforded immediate relief; that when the physician had pronounced the disease incurable, this has removed it entirely.

The virtues of this Balsam are also applicable to cure a slight Cold, or a *Confirmed Consumption*, and its power as a *safe, certain, speedy, pleasant* and *effectual remedy* cannot be equalled.

☞ CAUTION.—*Purchase none unless it has the* WRITTEN *signature of* "I. BUTTS" *on the wrapper, as well as the printed name of the proprietors.*

Wistar's Balsom of Wild Cherry recommended by Physicians.

AUBURN, Sept. 6, 1858.

S. W. FOWLE & Co.—*Sirs*:—I most cheerfully add my testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it to various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Ionia Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c.

Our work is done in City style and at the lowest City prices. We make the usual liberal deduction to the Trade—and hence Milliners will find it to their advantage to deal with us.

We intend to make it a rule to finish and deliver all work during the week it is received, provided we get it on or before Tuesday
