# *Lewisburg, Pa.*

FRIDAY MORNING, APRIL 15, 1859

ADVERTISE!—Manufacturers, Merchants, Mechanics Public Officers in City and Country, Publishers—all who wish to buy or sell—could do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the state.

## ☞ See New Advertisements.

☞ Any one wishing to do us a few days' out-door work on account, still please call at our office, this day or to-morrow.

☞ Thanks to James K. Grier for a late copy of the New Orleans *Delta*.

☞ The first instalment of our Pike's Peak Correspondence is in the first column of to-day's paper.

☞ Applications of *hot* alum water to bugs "and things," is said to have a very favorable effect towards persuading them to die and stop biting "folks."

☞ Saml W. Ludwig has an assortment of Apple Trees, Cherries, Grapes, &c., (on the lot opposite the old Toll Gate, upper end of Market St.) which he is selling cheap to close out the assortment.

BARK WANTED.—Mr. HULL, at the former Fries' Tannery in Lewisburg, this week gives notice that he wants (to particular) Black Oak as well as other bark, and speaks for his share of the public patronage. Mr. Hull is recently from York, Pa., and appears like a correct business man.

The Lewisburg Chronicle, the Union Democrat, and the Jefferson Democrat all favor Gov. Wise as next President.—*Exchange.*

All a mistake, as far as we are concerned. The Union Democrat favors Gen. Cameron. The views of the other paper named we do not know.

☞ In the Court at Sunbury last week, a trial involving a considerable amount of money, between the heirs of J. Vincent and the heirs of D. Watson, both late of M'Ewensville, (arising from the settlement of the estate of Vincent,) resulted in a verdict of over $5,000 for the Pifls. Miller, S. Linn, Guffey for Pifls., Packer, Comly, Lawson for Defts.

*"Scientific American."*—This paper has not reached our office since March 5, although we are entitled to it until Sept. This is not the first time we have been thus served. Are any of our cotemporaries "cut" in this manner? Speak out!

☞ Since putting the above in type, we have received No. 31, leaving still due us No.'s 27, 28, 29 and 30.

"ONE *Green* SPOT."—Keokuk, Schnectady, and Galena are to be added to the list of Republican triumphs in cities, last week. On the other hand, that full fed Navy Yard, Brooklyn, has gone "Democratic"—a victory of the Navy Yard and other Government employees which is isolated, and Brooklyn is very appropriately termed "one green spot"—a very verdant city. (See Report of Naval Investigating Committee.)

☞ Our friend of the Potter *Journal* objects to our dissuasive against premature agitation of the Gubernatorial and Presidential questions, and thinks immediate agitation wise and necessary. As to the *principles* of the next contest, the *Journal's* views may be correct; but as to the *individuals*—making personal interests, and endangering divisions—our opinion is that it is best to say, do, and think nothing until our Autumn's elections are closed.

### Robbery of a Clinton County Man.

Three men, giving the names of Foy, Hunt and Briceland, the last one being pretty well known to the police, were arrested in Philad. 4th inst., by Detective Bartholomew, on the charge of robbing a countryman named Kerstetter, who hails from Sugar Valley, Clinton county, Pa., of a sum of money amounting to $2,750, which he had in a belt around his person. A revolver and a gold watch were also taken. Kerstetter was on the route for Pike's Peak when he got into a house of bad repute.

☞ Messrs. Samuel Linn, of Bellefonte, and John C. Bucher, of New Berlin, were last week admitted to the Bar of Northumberland county—and Jesse Merrill, David Wilson, and Daniel Kalbfuss were admitted as "original packages"—new practitioners. It was M. L. Shindel, however, and not P. Melancthon Shindel as we stated last week, who had promoted himself from the Law to the Gospel. The latter gentleman is acting Justice of the Peace, and willing to attend to any duty in that line. So that "old Norsumberland" is fully armed to execute Justice all round!

### Action of Burgess and Council.

At the last meetings of the Town Council of Lewisburg, Jacob W. Harris was appointed Special Policeman, to keep order in the Borough, and to execute the laws generally, especially at nights, and to be paid at the rate of $100 per annum...The Gas Company was required to level all streets they had worked upon and also to relay in an orderly manner any side walks they had removed—so that (both as to the past and in the future) streets and walks shall be in as good order as they were before being touched...John B. Linn was appointed Treasurer, to give bail in $3,000...Voted that when S. 3d St. is graded, it shall be cut fifteen inches at the present summit, and the remaining portion of the street graded accordingly...Daniel Slifer was elected Collector of Taxes for the ensuing year...The Overseers of the Poor were required to give bail in double the amount of their duplicates.

BROWN & DUNKLE are receiving New Goods at the Old Stand 4th & Market Sts.

apr. BROWN, Jr. CHAS. C. DUNKLE.

### Sending Cattle by Railway from Lewisburg.

We last week noticed that the Lewisburg Railway Station has received at the rate of $10,000 per year for the Company, and that it was the best paying station on the road between Harrisburg and Williamsport.

We now have to record another evidence of the same import. Messrs. Abraham Frederick and Wm. Spotts last Friday sent off the first two car loads (ten in each) of fat cattle for the Philadelphia market. They reached it safely in 24 hours, at a cost of $4 per head for transportation—which is only $2 more than they pay per head from Lancaster, and is far better and cheaper than driving. They were sent by Peipher's Line, of which and of whose agent they speak in favorable terms.

The Railway Company need to erect a cattle yard at their station here, and cars should be placed upon the Road fitted for cattle, sheep, swine, &c., sent from this point—the outlet of a Valley where thousands of beasts are being reared for the knife, and where increased attention is paid to that branch of farmers' incomes. We understood there are already five Philad. dealers in this vicinity, intending to try this newly opened avenue of supply.

### The Next Auditor General.

SULLIVAN ON THE LEAD.—Allegheny and Butler counties have instructed their Delegates to favor John M. Sullivan, Esq., for Auditor General—a man who as Clerk in both branches of the Legislature and in the School Department, and as Deputy Secretary of the Commonwealth, has proved a most honest, competent, attentive and faithful officer.

Gen. Wm. H. Keim, the first Whig M. C. chosen for old Berks, is urged as a candidate for Surveyor General in the June Convention.

The Middleburg papers nominate Samuel Weirick, Esq, and the Selinsgrove Democrat proposes Henry W. Snyder for Auditor General.

The Warren Mail and other Western papers, strongly urge Hon. Richard Irwin, many years a practical Surveyor of the most exalted character and reputation, for Surveyor General.

—Yet another name has been suggested—"honest JOHN STROHM" of Lancaster county. We do not believe a man in Pennsylvania would be more acceptable to the farmers and tax-payers generally than this honest, capable, and well-tried citizen.

ABUSING FORNEY.—The Buchanan papers are trying to divert public attention by creating an impression that all the Democratic Anti Lecompton feeling at the North is to be attributed to Forney's disappointment in not getting into the National Cabinet. There is no proof of any such desire, but if there were it would not begin to account for the defection of Douglas, Packer, Haskins, Knox, Clarke, and tens of thousands of other Democrats who abandoned Buchanan either before or since Forney did. It is ridiculous to say or suppose that such men have not as much ambition, sense, or will, as Forney himself. They, with Walker, Stanton, and many others, dissolved partnership with J. B. solely because they could not and would not aid him in forcing the bogus Lecompton Constitution upon the abused and unwilling people of Kansas. The people will think and act for themselves, whether Forney or anybody else falls in with the current or tries to stem it.

WISCONSIN ELECTION.—*Milwaukie*, April 7.—The returns of the recent election indicate the success of Byron Paine, the Republican candidate for Associate Justice of the Supreme Court, by a majority probably exceeding 5000 votes.

Mrs. Hays, of Fort Edward, N. Y., who pretends to have lived for the last two years without food, turns out an imposter. A committee of citizens was appointed to watch her, and have made a report in accordance with the facts.

The new cent, or "nickel," with the figure of an Indian's head on its face, is represented as being poisonous, several children having died from the effects of putting them in their mouths.

A coffin and its skeleton occupant were found floating down the river at New Hartford during the late freshet, having been washed out of their burial place.

The General Assembly (O. S.) of the Presbyterian Church of the United States convenes at Indianapolis on the 19th of May next.

A democratic meeting in Tennessee has resolved not to support Odd Fellows for office hereafter.

James B. Clay has declined any further attempt to distinguish himself in Congress. He is not Henry Clay by any means.

The South are getting so fearful that in some sections the cautious Democrats resolve not to support any member of any secret society—may be there's "abolitionism" hidden therein!

Wm. T. Haskell, the most gifted Southern orator, died in the Insane Asylum at Hopkinton, Ky. Intemperance induced insanity, and death is the final result—a brilliant light extinguished.

A hag of a woman who keeps a house of ill fame in Columbus, O., shot and killed a drunken young fellow of a good family as he was trying to force in the street door of her domicil.

Cincinnati papers state that the fruit is not destroyed, in that region.

APRIL 13.—The Republicans of Washington City and elsewhere celebrate this the anniversary of Jefferson's birth and in honor of the recent Republican victories.

It is reported in a New Orleans paper that the celebrated Seminole chief, Billy Bowlegs, died on the 11th ult.

E. V. Whitton, Chief Justice of Wisconsin, died at his residence in Janesville, 12th inst.

The late municipal election in St. Louis not only gave the Republicans a larger majority than she ever before gave to any party, but lays bare the fraud by which Francis P. Blair, Jr., was last Summer cheated out of his certificate as a Member of Congress. Murder will out.

Douglas did not help himself any by trying to help the Democracy in the late Connecticut election.

Hard Times tries the pecuniary standing of literary institutions as well as of individuals. Antioch College in Ohio, one of the best patronized of any, is advertized to be sold on a mortgage.

AUGUSTA, GA., April 7.—A severe frost in this vicinity is blighting the growing vegetation. Ice has been formed in some parts.

A U. S. district court has held a session in Utah, surrounded by a guard of 100 armed men.

FOR THE LEWISBURG CHRONICLE.

QUESTIONS IN HISTORY.

What two nations went to war about an old bucket? Who was the first woman that ever went to war?

ECCPAN.

*ARITHMETICAL QUESTION.*

Peter Whiskey went to a tavern and borrowed as much money as he had about him, and spent 50 cents. Thus he proceeded till he came to the fourth tavern; borrowing at each as much as he had when he came to it, and spending 50 cents. And at the fourth tavern, after spending 50 cents, he had nothing left. What had he at first?

D. W., West Buffalo.

HOLLOWAY'S PILLS.—Coughs, particularly those of a hard, dry character, frequently proceed, primarily, from a diseased condition of the stomach and the liver, and may often be removed by a single dose of these extraordinary Pills. Dyspepsia is sometimes accompanied with a hacking cough, and a cough is also a symptom of consumption of the liver. In such cases, physicians generally give mercury, a practice as unnecessary as it is dangerous, since a few doses, or at any rate a full course of the Pills, never fails to remove both the cause of the difficulty and the difficulty itself. The invigorating influence of the remedy upon the weak and debilitated is truly marvellous.

*To cure a Cough*, to relieve all irritations of the throat, to prevent hoarseness, to restore to perfect soundness and health, the most delicate organization of the human frame—the Lungs—use Wistar's Balsam of Wild Cherry.

☞ Buy none unless it has *the written* signature of "*I. Butts*" on the wrapper.

BENEVOLENCE.

We do not think a person can evince a more benevolent trait of character than being moved at the distress of others, and furthermore, anxious to do all in their power to alleviate by every possible means human suffering. In this view of the case, we do not know how the humane and benevolent can do an action more in accordance with their philanthropic views, than by calling the attention of their afflicted friends and acquaintances to the fact, that Dr. SETH S. HANCE, of 108 Baltimore street, Baltimore, Md., has discovered a preparation, which is put up in the form of a pill, that has a specific action for curing Epilepsy, or falling fits, spasms, cramps, and all forms of nervous diseases. Among those who have been permanently cured, we might mention a member of the family of James H. Beadle, Huntsville, Alabama; Mr. M. P. Sledge, Cabin Point, Surry county, Va., and Mr. W. P. Ligon, Grenada, Mississpi. We might go on enumerating a number of others, until we had entirely filled up this column of our paper; but we think we have said sufficient to satisfy every person that the subject under consideration is one of vital importance to every one. Reader! if you are a well man or woman, and have no need of a remedy, perhaps you know some person who is not equally blessed as yourself, if so, cut out this notice, and send it to him or her. It will cost you but little trouble, and probably it will make you instrumental in curing some poor, afflicted mortal of that dreadful visitation, Epilepsy, or falling sickness.

Dr. Hance sends his pills by mail, free of postage, to all parts of the world, on the receipt of a remittance. His prices are: one box $1; two $5; twelve, $24. We have given his address above.

## PATENT CHAMPION SAFE.

*LATE FIRE AT DUBUQUE, IOWA.*

DUBUQUE, Jan. 7, 1859.

*Gents*: I am requested by Mr. T. A. C. Cochrane, of this place, to say to you that on the morning of the 4th inst., about 3 o'clock, his store took fire, and before the entire stock of goods was destroyed. The heat became so oppressive in the store that none of the goods could possibly be saved; but fortunately his books and papers, which were in one of your Champion Safes, were all preserved carefully. And well they may be called Champion, for during the whole conflagration there was one continual pouring of flame directly upon the safe which contained them. And still, upon opening it, the inside was found to be scarcely warm, while the outside was most severely scorched.

Yours truly, N. A. MCLURE.

☞ It is a most undoubted fact that DR SANFORD'S INVIGORATOR, or Liver Remedy, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr., during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains; and his conclusion is, that the liver is the greatest regulator of the system, and the most liable to disease; which if kept free from disease, is a preventative of Dyspepsia, Jaundice, general debility, &c., while, last but far from least, we mention consumption, for our experience is that more cases of consumption occur from diseased liver than from all other causes put together.

Taking this to be a correct hypothesis, we have but to find a remedy with which to correct the liver, and we have a cure of nearly all the diseases we are subject to by simply using a preventative. That the Invigorator is such a remedy, is beyond doubt to all who try it, for its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most efficacious remedy known.

Dr. Hance sends his pills by mail, free of postage, to all parts of the world, on the receipt of a remittance. His prices are: one box $1; two $5; twelve, $24. We have given his address above.

## THE OXYGENATED BITTERS.

For the cure of DYSPEPSIA or INDIGESTION, *Liver Complaint, Asthma, Chlorosis, Loss of Appetite, Fever and Ague, Heart Burn, Water Brash, Acidity, Sea Sickness, Scurvy, Nausea, Headache, Ennui, and General Debility*, or any disease having its origin in *imperfect digestion*.

These *Bitters*, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clergymen, Planters, Farmers, and others testify, are the *only safe, certain* and *sovereign* specific for the immediate relief and permanent cure of the many cruel complaints which in some phase or other of *Dyspepsia* afflict our race.

These *Bitters* were discovered by GEORGE B. GREEN, and in their formula differ entirely from that of any other preparation of medicine. Containing no alcohol—no mineral—no poison—no noxious drug—in their natural tonic, not stimulating,—retaining their virtues in any clime, they are "a combination and a form indeed" of Medicine which knows no rival in exterminating disease and restoring the system to its pristine vigor and health. No matter of how long standing, or however induced or chronic in its character the disease may be,—no matter that it has baffled the skill of the physician, and resisted the efforts of Medicine, a single trial of these *Bitters* will satisfy the sufferer that his disease is amenable to the proper remedy.

In testimony of the many cures effected by this Remedy reference is had to the written certificates from distinguished individuals known all over the land.

### [An Obdurate and Inveterate Case of Dyspepsia Cured by the Bitters.]

The following from a gentleman well known in the region in which he lives ought to satisfy all those of little faith:

WATERTOWN, N. Y., July 28, 1858.

S. W. FOWLE & Co., Boston,—SIRS:—Nine years since I was attacked by that curse of all Diseases, *Dyspepsia*, which so affected me as to cause great oppression, fulness, and bloating of the bowels immediately after eating, accompanied with terrible pains in the stomach, often occasioning nausea, vomiting, acidity, and headache, together with general debility and suffering, altogether rendering life a burthen.

After having tried every known remedy without effect, and despairing of ever regaining my lost health, I was induced to make use of the Oxygenated Bitters, the good effects of which were immediately visible on my health and system. Before using a whole bottle I was entirely cured; and I feel a pleasure in inducing all like sufferers as myself to make use of this remarkable remedy.

PHILAD., April 12, 1856.

MESSRS. EVANS & WATSON—Gentlemen: It affords us the highest satisfaction to state to you, that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some few months since, we saved a large portion of our jewelry, and all our books, papers, &c., exposed to the calamitous fire in Eutaw Place, on the morning of the 11th instant.

When we left the Safes were located in the fourth story of the building we occupied, and that they fell subsequently into a heaped burning ruins, where the vast concentration of heat caused the brass plates to melt, we can not but regard the preservation of their valuable contents as most convincing proof of the great security afforded by your safes.

We shall take much pleasure in recommending them to men of business as a sure reliance against fire.

GEORGE W. SIMONS & BRO., Jewelers.
Who have purchased six large Safes since.
