ATTENTION!—We would direct the tion of our readers to the fact that RAD KREAMER has replenished his al large stock of goods, at Jerseytown. a pretty extensive mercantile dealer; with his long experience in his line, he confident that he has made a selection calculated to suit the trade of that ity. He deals in every article found st class country stores. Goods are sold, spring, a trifle lower than last year this Mr. K. invites the public to an ex- nation of his large stock. Country pro- taken in exchange for goods. *

NEW GOODS.—It is not often that e our local columns for the purpose of g the attention of our readers to the that this or that man has received a of new goods, or that he has in any replenished that stock; but when we der that in doing so, we are conferring or upon our readers generally, and par- arly upon those in the vicinity where bject of our notice is located, then and ill then, do we use our columns for that ose. The store to which we invite at- on is that of A. MADISON'S in Jersey- ia County. He has an excellent stock *ds*, and will sell them upon the *sonable terms, for cash or country* Give him a call. *

☞ The Lancaster *Intelligencer* warmly advocates the nomination of Hon. George Sharswood as the Democratic candidate for Supreme Judge. We never knew the *Intelligencer* to be wrong on any subject.

☞ Dr. E. G. Horne has received the appointment of Postmaster at Berwick, this County, vice John Ruch. It is alleged that Mr. Ruch opposed Mercur last Fall.—Is it possible that he was removed for having done what the *Johnson* interest desired?

☞ Mrs. Dorcas Majilton, mother of Col. Majilton, of the late Pennsylvania Reserves, was brutally murdered at her residence, 1309 Shippen Street, Philadelphia, on Thursday afternoon. The supposed murderer, a young man by the name of Winnemore, has been arrested.

☞ A vocal and instrumental concert will be given in the Hall of the Bloomsburg Literary Institute this (Wednesday) evening, by the M. E. Choir of this place, assisted by R. H. Ringler & Prof. Harris' String Band and Glee Club, for the benefit of the M. E. Church. Doors open at 7 o'clock; *commence at* 8 o'clock.

ADMITTED TO PRACTICE.—We are pleased to state that E. R. IKELER, has completed his primary readings, underwent a thorough and creditable examination, and has been admitted to the practice of law in the several Courts of Columbia County. He is a studious, intelligent and active young man, and is bound to become a worthy and leading member of his profession. Success to him.

☞ CALLING HIS FRIENDS UGLY NAMES.—Wendell Phillips lectured, the other night, in Brooklyn. He called Wilson a *trimmer*; Greeley an ass; Seward a trembling jelly; Johnson a traitor; Fessenden a Scotch terrier; and charged Grant with the New Orleans "massacre" and the failure of impeachment. Oh. Wendell!

☞ Hon. ALEXANDER E. BROWN, who for many years was one of the leading members of the Bar of Northampton County, and one of the most talented, and honored citizens, died at his residence, in Easton, on Thursday night last, after a lingering illness, in the 66th year of his age.

SETTING UP IN OPPOSITION TO THE DEVIL.—The *La Crosse Democrat* says:

Brownlow threatens to retire to private life—with a cart-load of brimstone and a chunk of fire. By all means give him a chance. Judging from his experiments in Tennessee he is well calculated to carry on a first-class hell. If Brownlow and Stevens would make a joint stock concern of it they could beat the devil at his own business clean out of sight.

THE NEW LICENSE LAW.—The law enacted by the Radicals in our Legislature by which restaurant and other licences are doubled, is recognized as being harsh in its character. So it may be. But there were two purposes to subserve. The "roosters" and "pinchers" wanted to throw a sop to the temperance folks, and at the same time *to put a snug pile of money in the State* Treasury to meet their extravagant appropriations. These arguments proved to be irresistible with the immaculate patriots.—*North'd County Democrat.*

A WONDER FOR THE WORKSHOP.—Every Mechanic should have ready at hand a box of *Grant's Celebrated Salve*, as it is a ready cure for accidents, such as Cuts, Bruises, Contused Wounds, Burns, Scalds, Poisoned Skin, and eruptions, caused by operations in the factory, dye-house or printing office. Only 25 cents a box.

A CONTEMPORARY REMARKS:—"Wagons cannot run without wheels—boats without water—*bull frogs jump without legs, or* newspapers be carried on everlastingly without money, no more than a dog can wag his tail when he has none. Our subscribers are all good, but what good does a man's goodness do when it don't do any good. We have no doubt every one thinks all have paid except him, and as printers are good fellows, and his a little matter, it will make no difference."

CIRCULATE THE PAPERS.—The time has arrived when every Democrat should select one of his Republican friends and try to make a Democratic voter of him. The sins of the party in power are flagrant, and leaders are accusing each other of so many crimes, that all good men will want to leave it. There is a great deal of good that can be done now by circulating democratic papers. The Radicals have forfeited all claims to a further control of the government, and all that is now necessary to prove this to the misguided masses, is the circulation of the facts through the people's medium, the PRESS.

A FOREIGN CARPET.—We want the tax payers to bear in mind that the Radical Legislature has purchased a carpet from Europe at an expense of $4000, for the New State Library. One good enough could have been bought in this country for half the money. This was done by the party who propose to be in favor of supporting American manufacturers. Bosh!—*Doylestown Democrat.*

☞ Mr. Henry Ward Beecher, for whose election as a delegate to the New York constitutional convention the *Tribune* was extremely anxious, was defeated. He was of course a Republican candidate, but as the revolutionists have not forgiven him for the honest letter he published several months ago, he was severely "cut," running several hundred votes behind his party ticket.

## SPECIAL NOTICES.

Among the many restoratives which nature has supplied to relieve the afflictions of humanity, there is no more favorite for a certain class of diseases than the "medicinal gum" of the Wild Cherry Tree; but however valuable it is, its power to heal, to soothe, to relieve and to cure, is enhanced ten fold by scientific and judicious combination with other ingredients, in themselves of equal worth. This happy mingling exists to a remarkable degree in

DR. WISTAR'S BALSAM OF WILD CHERRY,

whose value in curing *Coughs, Colds, Bronchitis, Whooping Cough, Croup, Asthma, Pulmonary Affection, and Incipient Consumption* is inestimable.

### Strong Testimony.

*From* BENJAMIN WHEELER, *Esq., Depot Master at South Royalston, Mass.*

"In the spring of 1854 I was most severely afflicted with a hard, dry cough, with its usual accompaniments of night sweats, completely prostrating my nervous system, and producing such a debilitated state of health that, after trying medical aid to no purpose, I had given up all hopes of ever recovering, as had also my friends. At this stage of matters I was prevailed upon to try Wistar's Balsam of Wild Cherry, and before using two bottles, the effect was almost magical. My cough entirely left me, the night sweats deserted me, and once more elated my depressed spirits, and soon I had attained my wanted strength and vigor. Take it this Balsam, as has often been remarked by persons conversant with the above facts literally snatched me from the yawning grave. You are at liberty to use this for the benefit of the afflicted."

READ THE CERTIFICATE OF REV. R. T. FLAULIN.

To Dr. HOSTETTER:

*Dear Sir*:—This is to certify that I was taken with the dyspepsia a year ago last March, and for a period of eight months was one of the most miserable creatures you ever beheld, not being able to eat drink or sleep, and was compelled to walk the floor incessantly. I was nearly deprived of my reason, and hope had entirely left me, all the efforts made for my recovery having proved fruitless.

By the first of November, 1865, I had become so weak and feeble that I could scarcely stand alone, and, to all appearance, would soon be. At this time (having read your advertisement) my wife prevailed upon me to try your Bitters. A bottle was procured, and strange to say, I soon commenced recovering. I have taken four bottles, and am enjoying as good health now as could be expected for one of my age (fifty-sixty years). I have no doubt but that it was your Bitters alone, under Divine Providence, that effected this wonderful cure.

In place of a coarse, rustic flushed face, she had a soft ruby complexion of almost infantile smoothness, and instead of twenty three she easily appeared not eighteen. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a state of trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychoscope, guarantees to produce a life like picture of the future husband or wife of the applicant, together with date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send when desired a certified certificate, or written guarantee, that the picture is what it purports to be. By enclosing a small lock of hair, and stating place of birth, age, disposition and complexion, and enclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. All communications sacredly confidential. Address in confidence, MADAME E. F. THORNTON, P. O. Box 223, Hudson, N. Y. [Feb 27 '67—1y

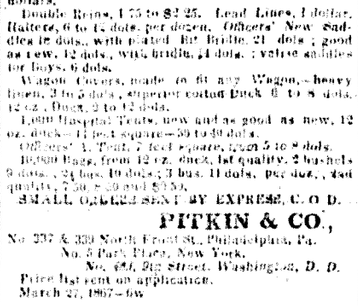
WASHING MACHINE.

It is generally conceded that "the best is always the cheapest;" and that being the case great pleasure is taken in introducing to the public

DOTY'S CLOTHES WASHER

which is rapidly becoming popular, and with this Machine the hard work of washing is mitigated to a comfortable and pleasant task. The clothes are placed in hot suds, and shut in. While thus immersed and the steam confined, the Machine is operated as seen above. Thus the work is speedily, cleanly and easily done, and that too without tearing and wearing out the clothes, which to a great extent is the cause under the old fashioned rubbing process. With a

UNIVERSAL CLOTHES WRINGER



the whole labor of washing is but a pleasant pastime compared with the former mode of RUBBING AND POUNDING, and twisting and wringing. The dirt is so dissolved by the Suds and Rubs that but little compression is necessary to expel it. *No family in the Country should be without it.*

DOTY'S CLOTHES WASHER and the UNIVERSAL CLOTHES WRINGER.

The prices of these Machines range as follows:

BEALE'S LATE

POWELL'S EMBROCATION,

FOR ALL DISEASES INCIDENT TO HORSES, CATTLE, AND THE

HUMAN FLESH,

requiring the use of an external application.

This new Compound, prepared by a practical Chemist, having a full knowledge of all the medical virtues of each ingredient that enters into its composition, is warranted to exceed anything of the kind ever yet offered to the public as an external application for the diseases for which it is recommended. We are satisfied that it will work its own road into the confidence of all who use it, and those who try it once will never be without it, and therefore we rely on experience as the best test of its usefulness. It is pronounced by

THOUSANDS

and all who have tried it, to be the best application ever used. This Embrocation has been put up for over eight years, and it is only through the increasing demand and urgent request of my friends and the public that I send it forth as the grand remedial agent for the various diseases to which that noble and useful animal, the horse is subject.

Many remedies have been offered to the public under different forms, some of which are injurious, others at best of little use, and many wholly improper to answer the purposes for which they are recommended.

A judicious and really useful composition, free from those objections, has heretofore long been desired by many gentlemen who have

VALUABLE HORSES,

and are unwilling to trust them to the care of designing and pretended Farriers. Their wishes are at length fully gratified by Dr. Beale's being prevailed upon to allow this valuable Embrocation (which has proved so efficacious in the various diseases) to be prepared and brought out to the public.

This Embrocation was extensively used by the Government during the war.
