DES. Mr. REEDER informs us that he did not "withhold his vote upon the first trial" for Commissioner, as was erroneously reportred by the "factive" Secretary of the Consension. Men have voted for themselves before, and Mr. R. was not the only person who did that same thing in the the very Convention of which we speak. Isn't that so, Mr. Secretary?

In our next, or in some future number of our paper, it is our intention to publish an article explaining to the Democracy of this County and elsewhere, how certain dishonest and ignorant politicians have misrepresented a large number of Democrats in this County, together with our press, relative to their course towards Senator Buck ALEW. They have attempted by false representations to ride into power on the back of this distinguished gentleman, by dragging his name into the campaign unjustly and without the least shadow of a cause. At the proper time, and that time has about arrived, we intend ventilating the whole party who have so mischievously struggled to give certain men place and power by introducing false issues.

The handsome vote which Mr. Billmever received at the late Delegate election was entirely owing to his own "personal popularity." What might have been the result if he could have appropriated the "personal popularity" of other people, is not known. He marched at the head of his own column, and at the sound of his bugle his clausmen fell in, without the prick of sword from lieutenant, or the mercenary inducement of "bounty."
