

Wm. H. Jacoby, Editor. Wednesday, Sept. 4, 1867.

For Judge of the Supreme Court, Hon. Geo. Sharswood, of Philadelphia. ASSEMBLY. CAPT. THOMAS CHALFANT, of Montour County.

SORROWFUL. Judge Williams, the Yankee candidate for Judge of the supreme court of Pennsylvania, continues in a bad way.

Absurd and Criminal. The Pittsburg Chronicle, a Radical daily paper, is unable to submit to all the vituperations of its party.

The Democratic party, with Judge Sharswood for its leader, and with Free Trade, State Rights and Secession on its banner, is again marshalling its hosts.

It is insulting to the people of Pennsylvania to say in this judicial contest the Democratic party has secession inscribed on its banner.

It now turns out, through Republican sources, that all of the Andersonville horrors were the result of the mature deliberation of Holt and the War Department.

William and Repudiation. It is charged that Judge Williams was prominently identified with the repudiation movement in Allegheny county, some years ago.

The Keystone Saving fund, at Ashland, appears to be in a prosperous condition. Eleven hundred and seventy-five shares have been sold.

Every Radical in the Senate and House of Representatives at Harrisburg, in 1864, voted in favor of the law repudiating the faith of the Commonwealth.

NEGRO STATES.

Did any decent "Republican" ever dream that his party would make NEGRO STATES of ten States of this once free white Republic? Incredibly as it may seem, this may have been done!

HEART-RENDING ACCIDENT ON THE P. & E. R. R.—On Wednesday afternoon last a most heartrending accident occurred on the railroad, at the engine house, in Caketown.

DAN SICKLES, THE SATRAP.—Dan Sickles, a few days ago, organized a court-martial in Charleston, composed of his understrappers, and arraigned before it the Captain of the steamer Pilot Boy.

NEARLY HIMSELF AGAIN.—President Johnson, if he continues in the righteous work just commenced, will soon be boss of the White House.

AN OLD PREACH IN WESTERN NEW YORK, who was being urged by some of his churchmen, during the political excitement in that State, last fall, to join the Radical party said:

"No, my brethren, I can't join that party, because all the Abolitionists in the country are in it; and Abolitionism, my brethren, has done a wonderful sight of harm among the people.

CLEANING OUT THE STABLES.—General Grant and the Secretary of the Treasury have within two weeks, dismissed over 200 clerks, 60 of whom were females.

Every Radical in the Senate and House of Representatives at Harrisburg, in 1864, voted in favor of the law repudiating the faith of the Commonwealth.

A young lady in Columbus, Ohio, recently revived from a trance when about to be laid out for burial.

Removal of Sheridan.

General Sheridan has at last been relieved of the command of the military district, and General Thomas sent there in his stead.

This change is a good beginning—which we hope to see followed up by the removal of Sickles and Pope, both of whom are as great tyrants as Sheridan.

The Radicals are entering upon a fearful experiment in their so-called reconstruction policy. They are putting the negroes in power in ten States of the Union.

It is a fearful experiment for in the history of the world, says a contemporary, the negro has not been able to govern a civilized community.

General Sheridan has performed his civil duties faithfully and intelligently. His removal will only be regarded as an effort to defeat the laws of Congress.

The text of the above has proved too much for even The World, and we are gratified to see it, promptly repudiate Grant and square itself for the issue.

The President is evidently of the opinion that forbearance with him has ceased to be a cardinal virtue. If he will only act commensurate with the manner in which he talks, his administration, thus far, only a reproach, may end in a blaze of glory.

Should this programme not prove acceptable to the Jacobins, let them, if they dare, appeal to the bayonet and cannon.

Our farmers are busily engaged preparing their fallow ground for the seed.

The Mountain Delivered.

At last—the greatest humbug of modern history—as he was styled by a not over-discriminating radical, General U. S. Grant, has defied his political status and been safely delivered of an opinion.

THE POTATO CROP EVERYWHERE GIVEN UNMISTAKABLE EVIDENCE OF FAILURE THROUGH THE ROT.

"THEIR NAMES ARE LEVISON," may be applied to the numerous like diseases to which the skin is subject.

A new Fenian Congress, under the auspices of the Stephens and O'Mahoney branch of the organization, commenced its session in New York, on Wednesday, Mr. O'Connor, of Boston, in the chair.

The cholera is reported to be raging malignantly at Shawneetown, Illinois, on the Ohio river. Twenty deaths had already occurred.

Mexico is a bad place for women. The wife of Mendez is insane; the wife of Miramon is stricken beyond hope of recovery.

A Printer in Cincinnati has been through the mill. Within the last ten years he has been a soldier, a sailor, a school teacher, a bar-keeper, an attaché of a circus, a negro dancer, a confectioner, and now is—judge not too harshly—an editor.

Mr. and Mrs. Streeter, of Jackson, Michigan, have a child twelve days old weighing only one and a half pounds, alive and healthy.

A Maine judge has decided that hop beer is not intoxicating. But beer drinkers are nearly intoxicated with delight at the decision.

Hon. John W. Maynard, President Judge of the Northampton Judicial District.

announces his intention of retiring from the bench at the end of the present year. He has been on the bench in that district for the past five years, and his withdrawal will be generally regretted by the people thereof.

SUDDEN DEATH.—A man named John Boehler, was found dead in bed at his residence in Winfield, Union county, on Saturday morning last.

VOTERS! FEEL IN YOUR POCKETS!—We are taxed about one hundred and fifty millions a year, in order to pay interest on the war debt!

THE UNION PACIFIC RAIL ROAD COMPANY THEIR FIRST MORTGAGE BOND An Investment.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent.

The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country.

The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock.

Although it is not claimed that there can be any better securities than Government bonds, there are parties who consider a first mortgage upon such property as this the very best security for their funds.
