

WM. H. JACOBY, Editor. Wednesday, Dec. 4, 1867.

A Brace of Satrap Candidates.

Hon. E. H. Washburne, the red-hot Monarch member of Congress from Illinois, who sleeps with Grant, or at least has made Grant's house his home while in Washington during the recess of Congress, says, in a public speech...

IT WON'T TAKE.—The radical editors, presuming that Grant will be their next candidate for President, are taking time by the forelock in their endeavor to manufacture a little capital for him.

TESTIMONIAL BANQUET TO HON. WILLIAM A. WALLACE.—A testimonial banquet, tendered by several hundred Democrats of Philadelphia, was given Hon. William A. Wallace, Chairman of the State Central Committee...

THE NEXT PRESIDENT.—At an informal meeting of the Democratic members of the Senate and House, the other evening, at Washington the names of Gen. Hancock and Judge Thurman of Ohio were mentioned as candidates for the Democracy for President and Vice President.

SPEAK OR FOREVER HOLD YOUR PEACE.—General Grant might do more at this moment to reassure the country and prevent probable disaster, than any man living.

LOOK OUT.—A radical change in the tenure of mortgages has been made by the late Congressional bankrupt law. It provides that mortgages given within four months before an insolvent debtor fails, the holder of the mortgage will be compelled to come in as other creditors.

THE BLACK ART IN POLITICS.—By the disfranchisement of three-fourths of the men of the South, and the enfranchisement of the emancipated slaves, the Radicals hope to elect the next President.

THE RADICALS ARE ANXIOUS TO REPEAT the experiment tried by the Whigs in 1852, when Gen. Scott was nominated of the "Hasty Plate of Soup" Platform.

The Late Republican Party.

The so-called Republican party is virtually dead. The people, in their wrath, placed their feet upon the neck of the hydra-headed monster and choked it until it begged for mercy. It was a child of sin, its daddy being a thief and its mother a dissembler.

THE RADICALS ARE ANXIOUS TO REPEAT the experiment tried by the Whigs in 1852, when Gen. Scott was nominated of the "Hasty Plate of Soup" Platform.

(COMMUNICATED.)

Mr. Brown.—One would suppose from a paragraph of Dr. John's paper of a week or two since, that he, and the faction which he represents, proposed to some future time to work out the problem of prohibition in this County without aid from the people.

At least one of the two Counties of the State sustaining a prohibitory law gives a Democratic Majority.
