The Little Corporal is one of the best papers for the youth published in the Union. Monthly, at \$1 per annum. Address, Alfred L. Sewall, Chicago, Illinois.

WE wish it distinctly understood that we shall not beg any man to take our paper, if he does not think it is worth the subscription price all he has to do is, leave it with us.

A LARGE and enthusiastic mass meeting of the Democracy of Berks county, was held in the city of Reading, on Saturday last. Hon. Thomas Chalfant, of Montour, was one of the speakers.

COL. LEVI L. TATE & Co., are making arrangements to publish a daily paper in the city of Williamsport, to be called the Williamsport Morning Standard, on or about the first of April next. It will be Democratic in politics. Success to the en-

WE NOTICE by the proceedings of the Democratic State Convention that MICHAEL MEYLERT, Esq., of Sullivan county, and Lieut: DAVID LOWENBERG, of Columbia sonnty, have been appointed Delegates to Centre township, will offer for sale a lot of Centre township, will offer for sale a lot of Centre township, will offer for sale a lot of Centre township, will offer for sale a lot of Centre township. ced to meet at New York, on the 4th of July, to nominate candidates for President and Vice President.

WE do not have a swarm of canvassers and office seekers hanging about this office-never had nor never shall. The subscription list of the DEMOCRAT will compare favorably with any paper in the District, and as to the getting up and ability displayed in the paper, no one is responsible for or entitled to credit, but those who are immediately connected with it. We are in favor of every "tub standing upon its own bottom," and the public judging which will hold water the longest.

In consequence of the rapid thaw on Sunday last, the water finding its way into the cellar of Mr. Shive's Manufactory on main street, he has been obliged to suspend operation for the past few days. The water not being able to pass through the culverts, forced its way off in another direction, reaching several cellars on the south side of Main street, an occurrence that has not happened for many years. The water in the cellar, by the engine, in Mr. Shive's Manufactory, is several feet deep, and can only be removed by being pumped out. THE Lycoming Standard says that

Isaac Hartman, of Williamsport, was appointed by the Postmaster General to be Boute Agent on the Catawissa railroad between Williamsport and Port Clinton, vice-Stephen R. Crane, Esq., of Bradford county, removed. The appointment of Mr. Hartman is a just tribute to the services of a returned soldier. It was procured on the petition of many of the citizens of Williamsport, without regard to political consideration and will give general satisfaction. John Horn, Esq., of Schuylkill county, is the other Mail Agent on the same route, and resides on the other end, in Port Clinton, WE NEED a borough charter for this

place, and a heavy police organization, the worst kind of a way. If those grand jurors who opposed the granting of a charter to Bloomsburg, at our last court, could see and experience one-half the danger to which ladies and gentlemen are exposed in this town, almost nightly, by coming in contact with crowds of rowdy boys, intoxicated and bent on doing all the mischief possible, these jurors would not hesitate one moment in rescinding their action. It was only last Saturday night, that a young man going along the street, not molesting any one, was stabbed in the abdoman. The wound is not fatal, but is frightful and is inflicted at a critical place. A warrant was immediately taken out for the arrest of the guilty party. but the perpetrator of the deed has not yet been found.

A FARMER writing to Baugh & Sons, says he used their Raw Bone Phosphate last spring, and found it to be all its friends claimed for it-used it on corn, broom corn, potatoes, strawberries, and the various kinds of vegetables, with the most satisfactory result. Another one says, owing to the excessive wet weather his corn did not mature properly, but he is satisfied where he applied the Phosphate there was 50 per cent. more corn than where it was not used. Another used it on eight rowed yellow flint corn which he found to be larger and more prolific than formerly—the ears being 11 to 12 inches long, and three fourths of the crop showing 12 to 14 rows per ear-this land was in a high state of cultivation and had never given such results before.

The originals of the above letters may be seen by any farmer who will call upon the manufacturers of Baughs Raw Bone Phos-

IN MEMORIUM. - At a meeting of the M. M. B. A. of Danville, Pa., the following preamble and resolutions were unanimously

edopted:
WHEREAS, It has pleased God in His Alwise Providence, to remove from our midst

our beloved brother, JOSEPH MORRIS. There fore be it Resolved, That while we bow with submission to this afflicting dispensation of Di-

vine Providence, we sincerely mourn the loss of a brother, removed from us so soon in the prime of life, and in the midst of his Resolved, That in him the Association
