

Wednesday, March 25, 1868.

AFTER the first of April John Altstatt's barber shop will be in the rooms over Millers Store on Main Street.

THE vote in Locust Township, Columbia Co., on the division question, was settled, at the late election by a vote of 183 against division, and 65 for it.

THE Susquehanna river is off her rampage, and has again resumed the even tenor of her way, with her banks containing nothing more than the usual amount of water, after a "right smart" freshet.

THE snow storm on Friday and Saturday last has made the roads in this town and vicinity much worse than they otherwise would have been this spring. Previous to this last fall of snow they had become in many places quite dry and solid.

WILLIAM EDGAR, of this place, lost his smoked meat, a few evenings since. It was stolen from his premises. This is the second or third theft of the kind published in to-days columns. The thieves are becoming awful meat hungry.

THE election in this town passed off very orderly and quiet; the radicals getting what Paddy gave the drum, "a h—l of a bating." They seem to bear their defeat with comparatively little grumbling. So they should. That's Democratic.

"Nary" wild pigeon has a few been brought to town this Spring. A few flocks were seen flying last week, but too high and wild to be caught.

P. S. Since writing the above Mr. John Wanich of Mt. Pleasant sold several dozen in this town at \$1 per dozen.

THE New Columbus Academy is expected to go into successful operation about the middle of April next, under the auspices of a brilliant and experienced corps of teachers. The location is a fine one, unsurpassed in the hither part of the State. Success to the Institution.

THE Danville Intelligencer inquires whether a Democratic editor is giving aid and comfort to the "enemy" who publishes two or three columns of a flaming advertisement for some independent Abolition Journal? It may be possible that a certain new school Democratic editor of this county can explain.

GIVE US NOTICE.—Those of our subscribers who intend changing their residence on the coming 1st of April, will oblige us by sending us timely notice where they want their papers directed. Please state where you move from as well as where you move to. A little care in this respect will prevent mistakes and save trouble.

ACCIDENT.—William Coffman, son of Moses Coffman of this township, met with a painful accident on Monday last, by falling off a wagon loaded with stone, on a piece of rough or siding road, and put one of his arms out of joint. Dr. Bradley was sent for and reset the disjoined arm which is doing as well as could be expected.

SMOKE HOUSE ROBBER.—On Saturday evening last, the smoke house of A. J. Evans, of this town, was entered by unlocking the door, and robbed of its contents, consisting of some half dozen or more well smoked hams and shoulders. The thieves should be looked after. Such depredations are becoming quite numerous in this town.

IN another column of the DEMOCRAT will be found the result of all the late elections of this county, prepared by us for publication from the official returns, as they were handed into the Prothonotary's office. They are of some considerable local interest to our patrons, and we cheerfully give the space and time taken up in their preparation.

SOME scoundrel not having the fear of the law on his mind, entered our barn and feloniously took therefrom four pieces of meat belonging to the editor of this paper. The article was not deemed good by us, having tried in its curing a certain ingredient known as strychnine, and having over-dosed the hams, we had laid them to one side, resolved to keep them for the rats!

GEO. W. TREMBLE, of Bloomington, has invented an improvement and obtained a patent on miner's lamps, which is said to be of great benefit to those who use this kind of lamp. He is now offering County and State rights to any parties desirous of making a handsome sum out of the invention in a short time at a trifling expense. Upon examination of the lamp with the improvement the good qualities of the invention are readily perceived and admitted to be practical and beneficial.

A NEW CITY.—We notice among the Legislative proceedings of last Friday, that Mr. Meek, member from Centre county, offered a bill in the House to have the villages of Jersey Shore, Williamsport, and Julaidsburg, in the County of Lycoming, incorporated into a city, to be called the City of the Dead. That Peter Herdic, Samuel Josephs, and George Ramadele be appointed commissioners to ascertain and locate the boundaries of said city; and that the said city be subjected to the several provisions and conditions of the present charter of Williamsport.

HARRISON SHAFER, of this town, met with a serious accident on Thursday evening last, by breaking one of his legs. He had been engaged during the day assisting in moving a house from Main Street to Third; where the building fell to pieces, before getting it on the designed spot; and after supper, in company with one or more persons, went to the brook to clear it out of the road, and while in the act of removing one of the skids it fell upon his right leg and crushed it, just above the ankle joint. He is a hard working man, and this accident sets heavily upon him and his family. He is doing as well as could be expected under the circumstances.

FATAL ACCIDENT.—We learn that EDWARD McHENRY, one of the oldest inhabitants and first settlers in Columbia County, met with an accident, on Friday night last, while on his way home from the election, in the town of Orangeville, by falling off the road, down an embankment, which proved fatal. He was not discovered until the next morning, when life was extinct. Mr. McHenry was a good citizen, and respected by all who knew him. He was a practical Surveyor and spent much of his time engaged in that profession. He leaves a respectable family and a large number of other relatives and friends to mourn his untimely death. Aged upward of 70 years. Peace to his manes.

THE landlords of Columbia county will try and have their petitions filed in the office of the Prothonotary by the 1st of April. By attending to this matter in time, may save a great deal of unnecessary annoyance. It will be remembered, that the law requires that the bondsmen also sign the petition. This was not generally understood when licenses were last granted in this county, but it is hoped that there may be no rejections or delays in granting licenses at the coming term, by this neglect. We have newly printed blanks for this purpose. Bonds and petitions for twenty-five cents. Parties sending or writing to us, can be furnished with the necessary papers.

HON. DAVID WILMOT died at his residence in this place, on Monday the 15th of March, about one o'clock P. M. During his life he acted as a politician of some note being a candidate for Governor of Pennsylvania, member of the U. S. Senate, Judge of the court of this District, Judge of the Court of Claims, &c. He leaves a wife and one son.—Bradford Argus.

Are not the people getting tired of paying high taxes to keep Radical demagogues in office and Radical negroes in idleness? The question comes home to tax paying Republicans as well as Democrats.—They are now running the government in debt \$30,000,000 a month—all to enforce negro supremacy in the South and to destroy the government!

ELECTION RETURNS.—The following is the official vote, on the candidates for the various offices, in this town and township, as polled on Friday last:

THE MISERABLES Of this bright and cheerful world are the Dyspeptics. Without a good digestion there can neither be bodily comfort nor mental enjoyment.

Between the stomach and the brain there is a close and wonderful alliance. If one is disordered the other is gloomy, dejected, incapable of effort, and indifferent to all that makes life agreeable to the healthy.

In a condition that any rational human being is willing to endure, when the means of certain, immediate and permanent relief can be obtained everywhere!

The Dyspeptic has his fate in his own hands. If he chooses to dangle forever the disorder that racks his body and disturbs the mind with nameless horrors he has only to step to the nearest drug store and procure a supply of Hostetter's Stomach Bitters.

No phase of Dyspepsia has ever yet resisted the potent, tonic and anti-bilious operation of this vegetable specific. It literally regenerates the torpid stomach, causes into healthy action the dormant liver; puts to flight the diabolical faculty that begets the mind; gently relieves and regulates the bowels, strengthens the enfeebled nerves; restores the appetite, and makes, as it were, a new creature of the dejected and debilitated invalid.

Ladies who suffer from indigestion have only to take a small dose of this pure vegetable corrective, once or twice a day, to secure entire exemption from the pains and penalties of a weak stomach and that perfect functionality, regularity, which but few of the sex unobtainably enjoy.

WOOL! WOOL! WOOL!!! CLOTH EXCHANGED FOR WOOL.—The undersigned will exchange his own manufacture of cloth for either of the city or country. Being on my way to the Mount Pleasant Mills, I shall be glad to exchange for either of the city or country. J. E. SANDS.
