As for our New York and Philadelphia dailies, it completely takes the edge off of them. It contains as much news and political matter as they do, and we have it spread before us seven or eight hours earlier. All our reading and business men ought to take it. Hand your names in to the efficient, active, and careful newsboy, Master Gronge CLARK.

BLOOMSBURG BUSINESS DIRECTORY. -Our town has grown to such size and importance that it has become imperatively necessary to have executed, intelligibly, and in good style, what is known as a "Business Directory," for the convenience of the publie generally. This piece af enterprise being necessary, our "business men" of the town have engaged the skillful and practical men of the painter's brush, Messrs. Lyon & ERWINE, who have commenced, and will have completed in a few days, a beautiful chart, six feet by ten in size, upon fine canvass, and painted in the most handsome and fashionable colors. These gentlemen have executed "Directories" for Danville, Milton, Lewisburg, and other towns, to the entire satisfaction of 'all concerned." These "Directories" are commonly hung up in port offices or depots,—the most public places. It is the intention of these young unon to visit Catawissa, this county, for the purpose of soliciting the work of getting up "Directory" for that place, and from thence they will go to Luzerne County. -They make this their special and regular

business, and we hope they may be successi-

BE NATURALIZED. - There are doubtless many men of foreign birth in our County who have been long enough in this country to be naturalised; an opportunity for this purpose will be presented at the September Court, which will commence here on Monday the 7th proximo. We trust our friends throughout the County, who know of any foreigner prepared for naturalization, wil urge upon them the duty of attending to it at once, and not postponing it until a later

day. Will the Democrats see to it that every man who is entitled to his papers, in their respective districts, will be in attendance on that week? If we are to make a must have every available vote, and promipent Democrats should interest themselves order. in seeing that not a single person who can lawfully secure his papers now, will be passed by on this momentous occasion.

REPUBLICAN CONVENTION. - On Monday last the Republicans of Columbia County held a convention. The representation of the different townships was pretty fair, and the proceedings were harmonious. Delegates were in very low demand, but candidates could not be bought. Richard Stiles was made President; J. H. James and some body else were Secretaries. Congressional Conferees were appointed and instructed to support Mercur. Representative Conferces were appointed and they were instructed to support Capt. The resolutions were handed to the Secretary, and after sundry trials, he concluded that he could not read them. A member of the committee said the resolutions were in the handties. The Commissioners are : E. G. Rickwriting of Dr. John, the editor of the Reets, of Orange, W. B. Koons, of Bloom, publican, and no one of the committee could read them. Dr. John was called to read. He did so. The resolutions were adopted. Following this, speeches were made-in number, five. Then the convention 'rabed for Grant, and adjourned without nominating a County ticket.

CLUB MEETING. - The Democratic Club meeting on Monday evening was well attended. The Democrats of Bloom are aged 72 years, 8 months and 22 days, becoming aroused to the importance of the In Benton, August 8th, Mrs. Malinda C. approaching conflict, which is to decide the fate of our once happy and free America, made desolate by the ruthless hands of an unprincipled and tyrannical set of Radical thieves and plunderers. The Club was addressed by CHARLES G. BARKLEY, Esq., in an able and happy manner. His speech was sound and to the point. On next Monday evening the Club will be addressed by WHITMOYER and Capt. C. B. BROCKWAY CHAS. W. MILLER, Esq. Let there be a will discuss the political issues of the day at full house. It is expected that by that time the Democratic Glee Club will be able to favor the Club with good and sound Seymour and Blair music.

We would state in this connection that the Club Room will be open every evening during the week, from 8 till 9 o'clock, for THE Democrats of Orange township the benefit of all who may wish to hear have organized a Club, and it will meet ev- good Democratic talk, or read sound Democratic newspapers. WHAT A COPPERHEAD IS-The Tribune styles Colonel T. Lyle Dickey, recently appointed Assistant Attorney General of the United States, "a copperhead."

Now we may learn exactly what a copperlead is. Colonel Dickey has been an honored citizen of Illinois for thirty years. For many years he was a Circuit Judge in the Ottawa District. When the war broke out he went to Washington and asked Mr. Lincoln for authority to organize a cavalry regiment. Mr. Lincoln wrote to the Secretary of War concerning the said copperhead this: "This man is my friend. Wants to raise a cavalry regiment. He won't lie. He won't steal. A. Lincoln."

Receiving his authority, he recruited and put in the field the Fourth Illinois cavalry regiment, and commanded the same till Grant made him chief of the cavalry on his staff, which post he filled with distinction.

Three sons and a son-in-law of this "conperhead" entered the army. Of two of these sons, both privates, one was killed and another severely wounded in the Red River expedition. His son-in-law, a general, was killed at Shiloh.

Now we know what the Tribune's "copperhead" means. - World.

A. J. IKELER is the proprietor of the "Benton Hotel," in the upper end of this county, formerly owned by John J. Stiles. Mr. Ikeler, we are pleased to know, is keeping a good house, and is receiving a liberal support from the traveling public as well as from local patronage. He is very much of a gentleman, and is universally liked by all who know him. His stabling is good, and travelers stopping with him and having horses may feel assured that their Their terms are very reasonable; within the animals will be properly fed and cared for. Prices range with the quality. For a tip-top article, a tip-top price; and for a common article, a common price.

A. J. EVANS, not fearing the sight of the shadow of some high official, positively asserts that he can and will turn off suits of clothing in as good style as can be had in the large cities, and as cheap. DANIEL A. BECKLEY, the proprieor of the "Keystone Boot and Shoe Store," in this town, has constantly on hand a varied assortment of first class boots and shoes, for both ladies and gentlemen, which he offers cheap for cash. He warrants his stock. Give it a trial.

THINK OF YOUR TEETH. AND HAVE THEM ATTENDED TO. Dr. Chalfant

Having located in Bloom-burg, for the practice of his profession, is anxious to awaken a new interest upon the subject of Dentistry. upon the subject of Dentistry.

Preserve Your Natural Teeth.

This most important branch of Dentistry he discovers has never been properly introduced. No truth is more obvious, than that a natural set of teeth with proper cars, will last its possessor a lifetime, yet he finds many persons who object to having their teeth filted. Judging by better experience that it is useless. To such he extends the coving invitation. condist invitation.

COME TO DR. CHALFANT'S OFFICE,

toms to be. Citable and office, and convince you of your error. He has methods of filing teeth never before practiced in this section of country, and means of proving to the most skeptical that the filing cannot possibly be removed from the cavities. So confident is he of this that in this denartment.

HE WILL INSURE HIS WORK FOR TEN YEARS.

He also finds persons equally prejudiced against ARTIFICIAL TEETH objecting that they's cause pain, and produce soreness in the mouth, that they must be taken out when eating, and that frequently they are thrown aside altegether. In view of this he wishes you to READ HIS TERMS.

He will put up any set of teeth upper or lower, or part of either, and insert them so that they cannot be distinguished from natural teeth, and guarranter satisfaction in every case. Any person not please with his work in every particular, need not take it from the office or pay for it as he allows no case to leave bus office which produces the slightest pain, o

would be likely to create screness in the mouth. He extracts teeth by the use of NITROUS OXIDE GAS,

That being the anneshetic in general use, and recommended by leading dentists throughout the United States. He will administer Ether however to those prefering it. Come and see him, he will examine your teeth and give directions for preserving them free of charge. Found at all times in his office, next door to Dr. J. R. Evans, Main street, below Market, Bloomsburg Pa. July 1, 1868.
