

Those knowing themselves indebted at this office will please come forward and pay up. We need money; can't buy paper, pay hands, and support a family without it.

A good Democratic boy between the ages of 13 and 20, is wanted to learn the Printing business in this office. One who has had some experience in an office preferred. Apply immediately.

COUNTRY FAIR—Our readers will have an opportunity of examining the Premium List for the Columbia County Agricultural Fair, in our next issue. It was impossible to get it in this week's DEMOCRAT. There is very little alteration from the list as published last year.

ON Sunday morning last a fire broke out in an out-house, in Montour township, on the property of Dr. George Yost, of this place, consuming the building with its contents. The origin of the fire is unknown. Loss, between two and three hundred dollars. No insurance.

A DEMOCRATIC MASS MEETING will be held at New Columbus, Luzerne county, on Tuesday, October 6th. Hon. George W. Woodward, Senator Buckwalter, and other prominent speakers, will be present. New Columbus being on the verge of the two counties of Luzerne and Columbia, a large gathering is expected. Meeting afternoon and evening.

PETER M. TRAUCH, of this county, was arrested a few days ago in Luzerne county for a violation of the so-called "sample law." Mr. T. has been an extensive flour and produce dealer in that county for a number of years. He was held in \$200 for his appearance at Court. This "infamous" law will most likely be repealed before the cause is tried.

Another class will be seen notice of the great Mass Meeting to be held in Bloomington on the 8th of October. The Democracy all over the county should at once commence preparation for this meeting. They should turn out on that day in mass, and make such a demonstration as will strike terror into the ranks of the enemy and so disorganize them that they may not be able to recover before the November election.

EXCHANGE SALOON.—The proprietor of this place of refreshments takes pleasure in meeting the wants of the public. He has on his bill of fare and constantly in readiness, all things in season: Fresh oysters, (in every style) sugar-cured hams, hot coffee, boiled and fried eggs, &c., &c. Those in attendance at the mass meeting on Friday next, to be held by the party of "progressive and ruinous ideas," will find a capital place in this saloon to refresh themselves.

A TERRIBLE accident happened at Trawanda on Monday last week, as a salute was being fired with a cannon in honor of the Republican mass meeting. Two young men (colored) were occupying the position down the powder when the gun prematurely discharged, severely injuring them. The one had both arms blown off and his face terribly mutilated; and the other one arm and hand blown off and otherwise greatly injured. The names of the parties are, Robert Wolf and James Brooks.

WILL bearing his employer talking of a way to kill caterpillars, now so grievous a pest in the cotton fields, a negro says: "It's no use, massa, we s'gwine to 'ave de caterpillars jus as long as de Yankee stay 'ere. De Yankee mook de nigra free, and de nigra be lassy and good for nuffin; kill de cattle, kill de hog, kill de sheep, kill de turkey, kill de fowl, an kill de bird, and de caterpillars be eat all de cotton. I tell you, massa, no use talkin'. We can't n'ck no more cotton 'ere as long as de Yankee stay 'ere. De caterpillars can breed—nuffin to stop 'em."

FATAL ACCIDENT.—A young man by the name of Washington Trowbridge was accidentally killed, by the discharge of a gun in the hands of Daniel Myers, on Sunday last, while out hunting, in Centre township. It is reported that when in the act of getting over a fence Myers' gunlock struck a rail, putting off the load, which took effect in the breast of Trowbridge, killing him instantly. The deceased was about 21 years of age. There were three in the party hunting. An inquest was held over the body and the verdict rendered was in accordance with the above facts. This is another sad warning to Sabbath breakers. The seventh day should be respected and kept holy. No good ever comes out of a violation of holy writ.

THE State Normal School Building, in this place, is rapidly approaching completion. The brick-work is finished, and considerably sooner than was, by many anticipated. The walls are said to look well, and have been laid up with such care and precision. Prof. Carver has pushed this work along with remarkable rapidity; and at the same time has not neglected his school, which, we understand, is in a flourishing condition. The Bloomington Institute is the first institution of the kind in all this section of country, and is being conducted in such a manner as must insure success. We are pleased to announce that the educational interests of this section is being advanced far beyond all precedent. The people of the county have only to place their shoulders, with a little more unanimity and vigor, to the wheel to make these institutions the first in the State in point of facilities and advantages of acquiring a thorough classical education. Will they do it? So far they have met the expectations of all; and it is not likely they will leave a matter of so great importance, at this time, lag for the want of the required substantial assistance. Improvements of no kind can be forwarded to a successful termination without the necessary means.

A few Radicals of this town held a meeting in Montour trip, last week. We are credibly informed that there were only nine Grant men present, five of whom were from Bloom. It is said that the speakers abused the Democrats! Talked about fighting! Had put on their fighting shirts! The speakers could not have been correct, as a certain Republican stump orator once was at that place, or they would not have so much bragadoocio talk. They belong to the class of those who are of course our friends will excuse them until the 3d of November, when they will be made to Seymour fighting than was anticipated.

THE "KINK IN THE BACK."—The latest fashion for ladies is a style of walking—leading the body forward at an inclination of about forty degrees—which has been very appropriately termed the "kink in the back." A lady adopting this ridiculous fashion has very much the appearance of a dromedary trying to walk a slack rope. It is much in vogue in the cities, but we trust that country ladies too much sense to accept this decree of Queen Fashion, although they have adopted, one by one, every other ridiculous notion of hers heretofore. We saw it stated some time ago that "the mouth will open this season." We then looked upon it as a joke, but why should it not be so, since the "crook-back" monstrosity!

Business Notices. The place to buy a cheap dress pattern is at Bowler's. Everything in the mercantile line reduced in price at his store.

If you want a handsome and cheap overcoat it can be had of A. J. Evans. He is turning out lots of fall suits. This is the place to buy. Give him a call.

The boot and shoe trade should always be kept in view; and this article of trade will ever be in demand. It is a well established fact that Daniel A. Buckley has an extensive assortment of boots and shoes, for the fall trade, suitable for men, women, and children, which he is selling at astonishingly low prices.

WHEN THE PLANTATION BITTERS were first made known to the American people some seven years ago, it was supposed they were an entirely new thing, and had never before been used. So far as their general use in the United States is concerned, this may be true. It is also true that the same Bitters were made and sold in the island of St. Thomas, seventy years ago, as an old planter, merchant, or sea captain doing business with the West Indies will tell you. It is distinctly within my recollection that on the return of my father (who was a sea captain, and doing an extensive trade in the tropics), he would invariably have the Bitters among the ship's stores, and our family sideboard was never without them. For any sickness, it matters not how severe or trifling, the decanter of these Bitters was always resorted to as a sovereign remedy.
