WE learn from the Miltonian that a party of hunters from Milton recently went to the mountains deer hunting, and returned with three of the coveted animals. They report the game as plenty.

THE Radicals of Berwick talk of having an ox-roast, over which to become jolly on account of the election of Grant. Would it not be better to give the ox, &c, to the poor.

WE have been authoratively informed that a dog, owned by Caleb Appleman, in Hemlock township, has caught fifteen coons this season. This "dorg" is ahead so far as heard from. Unless some of the back townships beat him, he'll wear the "belt."

The Danville Intelligencer states that manufacted at the Pennsylvania Iron Co., of Danville, the largest amount ever turned out in one month since the starting of the works, and it is thought to be unequalled by any other rail mill in the United States.

Quir Ir.—Young men, don't stand in front of the church doors on Sunday gaping at ladies as they come out. It don't look well. We know that some ladies are curiosities to look at, the way they dress, but it shows impudence and ignorance to gap at them like a lot of baboons. Quit it. Go home!

Persons wishing to economize in elothing their children, will do well to try metal-tipped shoes. Children invariably tips never wear out at the toe, and a pair of 11.8. tipped shoes at an additional cost of a few cents, will more than outwoar three pair of now numbers 100 members. the same quality without them .-- Boston

THE Beagle Bros. have erected a brick buildings. large and handsome frame flouring and chopping mill, on Little Fishingereck, in liemlock township, this county. It is now ready for operation. They are well prepared to do all kinds of flouring and chopping in a first-class workmanlike manner. They are good, practical millers, and have their mill in excellent order, with all the modern improvements. Give them a trial,

this mean? It seems to us high time for all was precipitated beneath the wheels of the to be in full blast. Probably Teachers are scarce or pay not sufficient. There will be no lack of Teachers in the course of a year or two, after the State Normal School is once in operation. That Institution will furnish plenty and good Teachers.

2.476 MAJORITY.-Hon. Geo. Scott, Democrat, of Catawissa, was elected to the Legislature last October, for the Representative District of Columbia and Montour, over Capt. Glarence G. Jackson, of Berwick, (loyalist), by 2,476 majority. This lesson should learn the "loyal Captain" a speck of wisdom. Mr. Scott, the member elect, will make, as he did before, a worthy Representative in the Legislature. - Williamsport Standard.

CORNER LOAFING. -This subject has been so often alluded to and the habit so frequently reprehended, with no apparent anceess, that it seems almost unnecessary to bring it again before the offenders. A large number who thus congregate do it unthinkingly, with no view of incommeding the public, while a few seem to delight in putting passersby to inconvenience. Not unfrequently ladies are subjected to indignity and insult by the less discreet. Would it not be well for all to abstain from this practice and show an example to the inconsider-

HUGHES' Tonic Bitters, prepared and sold by Miller, Hughes & Co., in Berwick, is rapidly acquiring a world-wide reputation as a Tonic superior to anything of the kind ever introduced. It is especially recommended for the following diseases: Dyspepsia, Liver Complaint, Fever and Ague, Rheumatism, disordered Liver and Stomach, Pain in the chest and back, general disability, &c., all of which it will cure on a fair trial. We would, from what we know of these gentlemen and their medicine, highly recommend it to the public.

ACCIDENT .- On Friday last, Allen Stephens, of Berwick, while unloading car wheels at the station, missed his footing on the car and fell to the ground One of the wheels, weighing between four and five hundred pounds, fell upon his body and legs, injuring him severely but not fatally.

On Saturday, George Barnard, a youth employed at the car works of Jackson & Woodin, at the same place, had his kand terribly lacerated by being eaught in the cog wheel of a bolt cutting machine.

James Vandike's team went upon the track and made a couple of turns as a matter of amusement more than anything else, and trotted the first mile in 2.44 and the second in 2.49. This is a good team, and can't be beat in all this section of country. Bully for "Jim."

THE "Owen House" at Berwick, this county, never was so well conducted as at present. Mr. Taylor, the proprietor, is very much of a gentleman, and fully understands the wants of his guests, and never fails to supply them.

A. D. Seely, his efficient and obliging clerk, is always at his post, and ever ready to assist in making his guests comfortable and easy. We would say to the traveling public, give them a call, and if we have mirrepresented them in the least, we'll foot

TO PRODUCE THE GRECIAN BEND. A young lady of our town has discovered the most economical way to produce the Grecian Bend, and is anxious that we should give the public the benefit of her discovery. Here it is: Rise in the morning before breakfast; on an empty stomach, cat one pint of green chestnuts, two large hard green apples, one stale watermelon, half pound of raw cabbage, and a quarter of a pound of honey. A little vinegar will add to the effect. The bend in the most approved form will appear in about half an hour, and the young lady can put a campkettle on her back for a hump, and take the streets with the most confident assurance that the bend will last for several hours.

A LONG CONFINEMENT. -Mrs. S. A. Tate, wife of the Senior Editor of this journal, who had the misfortune, on the 223 of last August, to break her thigh and upper hip-bone joint, in the attempt to e-cape danger in time of peril, by jumping out of her brother's buggy, in Anthony township, this county, has now been confined to her bed for twelve long weeks. During all this time, her fractured limb has been enclosed in its board frame, the patient lying upon her back without moving or changing of position. This truly, is a serious affliction, and although she is under the skillful treatment of Dr. Rittenhouse, doing as well as could be expected, it will require several more long and dreary weeks of a similar treatment before the limb will have sufficient

strength for active movements. - William-Onegon has gone for Seymour by 200 majority, and Alabama for Grant by 2,500.

THE Musical World for November comes to us overflowing with beautiful and attractve new music. "Kate O'Shane," an exnuisite new song and chorus, by J. R. Thomas : Belle Mahone's Reply, "At the Gate I wait for Thee," song and chorus, and 'Woodland Echoes," a fine piannoforte piece by A. P. Wyman, are among the musical contents of the present number, which would cost in sheet form \$1.30. Besides this choice music, a large amount of interesting reading is given: "Music Making," "The Honest Little Musician," "Musical Hints," News, Gossip, Correspondence, &c., are contained in this number. All persons subscribing this month will receive the Norember and December numbers of this year free, being fourteen numbers for one dollar. Beautiful premiums are offered for clubs. BALLOU'S MONTHLY MAGAZINE. - The December number of this popular Magazine is received. We find it filled with that charming variety of illustration and interesting letter-press so well calculated to keep it at the head of the cheap Magazines of the country. The publishers announce for 1869 a new serial by the charming Miss Camilla Willian, also an original story for boys and girls, to run through the year, by Horatio Alger, jr., one of the most popular writers for the young. They also promise increased attractions in stories and illustrations, for the coming year, over those of any previous one. As their promises have been more than performed in the past, we have reason to believe they will continue to be in the future, though it is difficult to see how Ballou can & Talbot, Publishers, Basson, Siese.
