

OLD TIMERS AT SHAMOCKIN

The game of base ball between the Old Timers and Shamokin at Edgewood Park on Fourth of July attracted one of the largest crowds that was ever seen at that resort.

The Old Timers did especially well, having the fielding errors in two games, batting being in good form. McCleod pitched a very effective game in the morning, but Skokie, who pitched the afternoon game for Danville, had an off day and his usually effective curves failed to deceive the Shamokin battery, as they seemed to hit him at will.

A Navigable Susquehanna. It may not be long until Pennsylvania will have a canal problem on its hands, too.

Three years ago an officer of the United States army engineering corps made a tour of the river from Harrisburg down to Havre de Grace and collected data for an estimate of the cost of such an undertaking.

There is no doubt that the change of scenery, air, etc. if only for one week, is very advantageous to both mind and body, and the greater the change the better the improvement.

The new summer schedule of the Reading System, shows a number of swift, well-equipped Express Trains leaving at frequent convenient intervals, the Reading Terminal, Philadelphia for the mountains or fertile farming lands of Central Pennsylvania, and from Chestnut Street or South Street Ferries for the seashore and points in Southern New Jersey.

BOSTON PREPARING FOR VETERANS

Members of the Grand Army, who intend going to Boston to attend the next annual encampment will be interested to know what is to be furnished in the way of entertainment.

One of the unique features will be a river channel at Waltham, on the Charles. With the Charles River and its south bank as the stage, and the north bank as the auditorium, there is booked to be produced on the night of Wednesday, August 17th, the grandest spectacle ever seen in the history of river carnivals.

Added to this general effect will be the spectacle along the shore, battles between skyrockets and search lights, and the unique or grotesque details of some of the boat decorations.

It is the intention of the entertainment committee to provide free transportation, between Boston and Waltham, to all the representatives and delegates of the G. A. R., as well as the distinguished guests of the allied organizations.

The grandest chorus ever heard in the United States will be heard on that night, when 200,000 spectators join in one mighty burst of song to the tune of America. That may be the time the bandstand of the Boston of the world famous American Waltham Watch Company band, will use as a baton a lighted torch.

Planning Summer Trips. At this season of the year, the getaway idea is prominent in every one's thoughts and all those expecting to have a week or more vacation during the summer are arranging for their trip.

But in considering a trip of this kind almost as important a question as "Where to go" is "How to go" and up to date travelers who are posted mostly try to arrange their trips so that they can do the most part of their traveling by the Reading System.

For those unfortunate who are prevented by business or home necessity from spending even a week away, the Reading System offers special convenient one day trips in every direction.

DISCOVERED IN THE NICK OF TIME

A fire broke out in the rear of J. F. Tooley's store Tuesday about 11 o'clock, which was discovered just in the nick of time to prevent much destruction.

The fire, it was said, was communicated to the building by a spark from some waste paper that was burned near the store. When discovered the blaze had crept up the side of the barn and the roof was on fire.

An alarm was sent in, and both the Friendship and Continental Companies quickly responded. By that time, however, the fire was practically extinguished by a Stemple Fire Extinguisher aided by a bucket brigade.

The barn is situated near an old wooden structure and all together under the drought prevailing the buildings were as dry as tinder. All that was needed was a brisk wind to have given the fire a headway which would have baffled all attempts to extinguish it without heavy loss.

NO FOURTH OF JULY FATALITIES

There were no Fourth of July fatalities and no serious injuries in Danville thanks to the general efforts put forth to keep the observance of the day down to a sane limit.

The usual number of minor accidents, the most of which are too trivial to merit space in print, occurred. Walter Gross, East Front street, was probably injured the worst, his left hand being burned with a blunt knife. No serious results are apprehended. Dr. E. A. Curry gave him surgical attention.

Thomas Hamner, the little son of Dallas Hamner, Ash street, was painfully burned. He was returning home from Sidler Hill about noon when an ignited firecracker thrown by another boy struck him in the face. Just as it struck him the firecracker exploded burning him badly about the eye.

William Shatt of Spruce street had his hand burned while celebrating, but the wound is not serious. The Drought Effectually Broken and Vegetation Much Revived.

The drought, which was beginning to have such a telling effect on vegetation, now seems effectually broken. The several showers with their downpour of rain have revived drooping vegetation and even caused the river to rise.

The wet weather is having a dampening effect on parties that are camping out at different points. The party of a dozen or more from this city who left Saturday for Millville intending to camp out near there for a week or more found conditions Tuesday and Wednesday so unpleasant that they returned home bag and baggage Wednesday night.
