

DANVILLE INTELLIGENCER

Established, 1828

DANVILLE, MONTGOMERY COUNTY, PA., SEPT 2, '04.

D. AUST LUTZ, Editor and Proprietor.

THE INTELLIGENCER is the oldest and best weekly Democratic newspaper in this section of the state.

THE INTELLIGENCER, Danville, Pa.

BE A GOOD MAN!

Lying upon his death bed, Sir Walter Scott, in kindly admonition, said to his son-in-law, John Gibson Lockhart, from the fullness of his heart: "Be a good man, my dear."

No parent ever gave better advice to his offspring than the great Scotchman gave to his daughter's husband.

Follow the good fellow to his home, and see what it is like, and whether he is received there with pride and pleasure or in shame and fear.

The coming of the golden rod whispers that Summer is fast leaving us, and that before we know it we will be telling why it was Roosevelt got left so very badly.

THE LADIES ACT.

There is a law that prohibits the use of profane language, and any such loose-tongued person is supposed to pay the penalty when found guilty.

The Young Women's Christian Association, of Berwick, has made a step in the right direction and is endeavoring to do a little home missionary work.

"LAW AGAINST PROFANITY."

"If any person shall willfully, premeditatedly and despitefully blaspheme or speak loosely and profanely of Almighty God, Christ Jesus, the Holy Spirit or the Scripture of the Truth, such person, on conviction thereof, shall be sentenced to pay a fine not exceeding \$100 and undergo an imprisonment not exceeding three months, or either, at the discretion of the Court."

The women say that the men who line the streets in the evenings and on idle days swear so profusely and vigorously that they even punctuate the most ordinary remarks with cuss words, and in so vile a manner that it is impossible to walk along the streets without noticing it.

The Berwick ladies will undertake another crusade which will be against the habit of spitting on the sidewalks and crossings, which is nearly as disagreeable as swearing.

The question that now arises is, will the Danville ladies do some missionary work too? There is much need reform in that line to be found in our town, and without the hunting of it. It can be seen and heard in all the best parts of the city, you needn't search in the dives and low places.

IT IS CERTAINLY RIGHT.

Labor unions have become a necessity in order to secure the just dues and rights of the laborer. Corporations are artificial creations for the concentration of power and the avoidance of responsibility.

The intelligencer has always been a paper of the masses, and today it is stronger in favor of the laboring classes than ever before. It realizes the value of true labor and the worthiness due the hired man.

It is right for capital to organize, WHY IS IT NOT RIGHT FOR THE POORER CLASSES TO ORGANIZE IN THE SAME INTEREST—THE PROTECTION OF THEIR ALL?

Can we organize a Parker and Davis club in Danville?

The job of laying the tracks of the Danville-Bloomersburg trolley line is moving along rapidly and in good order, under the personal supervision of Mr. Pascoe, the contractor.

HILL TO RETIRE.

David B. Hill, of New York, was sixty-one years old Monday, and as a kind remembrance to his party, some papers say, he presented a birthday gift to it of great value by announcing that on January 1, next, he will retire from political activity and leadership no matter what the result of the present campaign, either in New York State or the nation, and will not in the event of Democratic success, accept any position under the National or State Democratic administration or again become a candidate for election to any office whatever.

Mr. Hill took care to say that he had intended taking this step a year ago, but had permitted himself to be dissuaded by close friends. This explanation, doubtless, was intended to destroy any impression that might arise that he was retiring under fire, and that Judge Parker's telegram being sent to another at the National Convention was not a direct lart at his ultimate downfall.

Over against the Democratic arraignment of Roosevelt's rashness they were preparing to place a picture of David B. Hill as the power behind a Democratic administration headed by Judge Parker.

The cars for our new trolley line are claimed to be the finest out. We can look for them to come down Flood street in a few weeks. Get ready for the free ride.

WOMAN'S ENDURANCE.

The remarkable finish of the endurance swim of the Bay Ridge Volunteer Life-Saving Corps on Sunday, when a one-legged man was the winner and two girls outlasted thirty-one other men, has attracted much attention.

In a test of speed for a short distance neither of these girls could worry any one of a hundred crack men swimmers. The best time ever made by a woman for 100 yards was probably Miss Ethel Golding's 1 minute 24 seconds while the time for men over the same distance has for years ranged close to the minute, and even that limit has recently been reached.

Ellis finds that women bear amputation better than men are in general more "viable." Women resist asphyxiation longer than men. They are less liable to sudden disease. In savage races they carry heavier burdens. Whyner tells of Swiss women whom this is true.

Hence long-distance swimming, which calls for endurance and for vital resistance to chill quite as much as for muscle, is rather a feminine specialty. Fortunately it is also one of the most healthful and beautifying of exercises when not pursued to excess.—N. Y. World.

After September 7 it will be too late for you to register. So if you want to vote for the next President, Alton B. Parker, see that your name is on the registry.

NOT FOUR FEET WIDER.

Some don't seem to agree with the Intelligencer's assertion, of last week, that Mill street will be four feet narrower with the completion of street paving, but claim that the portion that is added to the sidewalks is taken from the gutters, and that the paving will run flush with the curbing. Right they are, too, if the gutters, previous to the present improvement, were not as much a part of the street as after the paving is completed.

No, Mill street will not be four feet narrower when completed, but two inches less than four feet—eighteen inches being added to each sidewalk, and a curb stone five inches thick to edge it up properly. The width of the street will run about thirty-six feet, at the north end it will be some wider, however.

The weeds on the old Grove Cemetery are fast going to seed and we can look for a greater crop next year.

The Republican County Chairman, James Foster, has issued a notice that the Republican primaries will be held at the usual voting places throughout the county today (Friday) between the hours of 6 and 8 p. m.

Who was Montour County's greatest man? After the new roller was installed on the road by Contractor Rodgers, Mill street began to show signs of improvement.

Charlotte, Michigan, has the right idea of what an ordinance should mean. The mayor of the city, having approved a rigid law against sidewalk expectation, was among the first to break it, for which offense he was fined five dollars and costs.

One hundred and fifty-three convictions in three months is the excellent record made by the State Fish Commission. This proves that it was high time steps were taken to enforce the fish laws.

Three railroad systems are now engaged in spending the stupendous sum of \$100,000,000 in improving their New York terminals. These roads at least do not fear the country will go eternally to the demdition bow-wows in the event of Judge Parker's election.

SHE VOWS TO SWIM NIAGARA RAPIDS

Core Beckwith Tells Why Capt. Webb Failed and How She Will Succeed.

La Porte, Ind., Aug. 25.—Miss Core Beckwith, who has the reputation of being the greatest woman swimmer in the world, and who is with an amusement company now at South Bend, declares that she will undertake the feat of swimming the rapids at Niagara on Sunday, Sept. 26.

"I will swim the rapids or perish," declares Miss Beckwith. "I can die only once, and if I do in attempting this voyage it will be quickly over. I have spent days and weeks in studying the deadly rapids."

"Capt. Webb's death was due to his striking a ledge of bright red granite on the Canadian side of the stream. I will study to avoid this ledge. While I speak of swimming the rapids, I must confess that I shall not do much swimming. I will float down from the head of the rapids with only muscular motion to keep my nose and mouth out of water."

"Then the whirlpool will get me. It will keep me down, but not for ever. That isn't its way. One minute, two minutes, three minutes, perhaps. Then, if it only lets me look at the sky long enough to say seat, I shall be ready to be drawn down again."

"If I can swim out to the edge of the vortex my reserve strength will tell. The feat will be done or I will die in the attempt."

Miss Beckwith will leave in a few weeks for Buffalo to prepare for the feat.

DAVID B. HILL TO QUIT POLITICS

Albany, N. Y., Aug. 28.—David B. Hill, in conversation with friends here to-day, announced that no matter what the result of the coming campaign may be in State or nation, he will relinquish the leadership of the Democratic party in New York.

He added that in the event of Democratic success this fall he would not accept any position under the national or state Democratic administrations or again become a candidate for election to any office whatever.

Campaign 1904. Rates for Democratic Workers to Remember.—Last day for Registering Voters, Wednesday, Sept. 7th. Last day for Paying Taxes, Saturday, Oct. 8th.

The controversy regarding the longest word in the English language has brought to light hepatocholangioenterostomy a little known, but very necessary medical term.

ALTON B. PARKER SAYS:

"I Read the NEW YORK WORLD Every Day."

THE WORLD Elected Cleveland.

"It may be said without reservation that if the Democratic party in my first campaign had lacked the forceful and potent advocacy of Democratic principles at that time by the NEW YORK WORLD the result might have been reversed."—GROVER CLEVELAND'S LETTER TO THE WORLD, MAY 10, 1903.

Bryan on THE WORLD.

"THE WORLD never during the last twenty years considered itself a party paper. It promised to spread truly Democratic principles and truly Democratic ideas, and it has done so, and will do so, with entire independence of bosses, machines and platforms, following only the dictates of its conscience."—QUOTED, WITH APPROVAL, BY WILLIAM J. BRYAN IN THE COMMONER, JULY 10, 1903.

Both Sides of the Great Political Battle Fully and Fairly Given. FIRST NEWS! BEST NEWS!

THE WORLD IN THIS PRESIDENTIAL CAMPAIGN.

THE WORLD, as the "Chief Champion in America of Democratic Ideas," will be the most interesting newspaper in the country in this Presidential campaign.

It already has a much larger circulation than any other morning newspaper in America.

It will tell everything that is done or said to the public by both Presidential candidates every day until after the election.

Its editorial page will—as it always has—support Democratic platforms and Democratic leaders when they are right. It will not support—and it never has supported—them when they desert true Democratic principles and put themselves in the wrong.

Its news will be absolutely fair and impartial. It believes that the truth is always to be told.

The World believes that the triumph of the Democratic party on a truly Democratic platform means a return to sanity and purity, a return to those ideals which won for Americans the admiration of the world as a people who minded their own business, and were willing other people should mind theirs.

It is on these lines that the battle must be fought. The divergence is sharp and clear. On one side are corporate might, the spirit of adventure, policy. On the other side are equal opportunity for all, the free development of the individual, a just observance of the rights of others, and honesty and moderation in the public expenditures.

Every subscription will be for the DAILY Morning World for FOUR months from the date it begins.

INDEPENDENCE FOR FILIPINOS

Judge Parker Would Treat Them as Cubans Were Dealt With.

Judge Parker sets forth his attitude toward the Filipinos in response to a letter from John G. Milburn, as follows: "Espous, N. Y., Aug. 22.—My Dear Milburn: You are entirely right in assuming that as I employed the phrase, 'self-government,' it was intended to be identical with independence, political and territorial."

After noting the criticism referred to by you, I am still unable to understand how it can be said that a people enjoy self-government, while another nation may in any degree whatever control their action. But to take away all possible opportunity for conjecture, it shall be made clear in the letter of acceptance that I am in hearty accord with that plank in the Democratic platform which advocates treating the Filipinos precisely as we did the Cubans, and I also favor making the promise to them now to take such action as soon as it can prudently be done.

"Thanking you for your letter, and with best wish for you always, I am, very sincerely yours, 'ALTON B. PARKER.'"

SNAKES IN POLITICS

No Chance for Roosevelt in a Rattler Year, Says H. Thornton.

West Orange, N. J., Aug. 28.—"Tain't no manner of use, this yers Roosevelt can't win this time. I hain't never seed a rattlesnake year when any gosh-swissled Republican could carry the country."

"Old Man" Hiram Thornton thus spoke as he sat on the sugar barrel in the town store last night. He had come down from St. Cloud to discuss means for saving the country and incidentally sample a little apple whisky for snake bites. He continued: "That's every indication that I'm right. The kentry back ev that their hill is just swarming with their pesky critters. Take Squire France up there ter Hardwick, he jes' proves this to be a reg'lar Democratic year, and he sez jes' as I do, that a big rat 'o' rattlers allus comes after a Democratic victory. There wuz the case of the Miss Blanche Runyon, who killek one uv 'em 'bout five foot and high six inches round, while she was pickin' 'o' blackberries on the ole man's farm. Over to Culver's Lake there was a young feller, Preston Haney; he met one, and his boss jumped like he wuz shot. The gal's snake hid six rattles, and Haney's wuz five foot long and had fourteen rattles. I tell yer, you can't go up agin' natur' when it comes to prognosprocahshuns."

In another column will be found an Executor's Sale of valuable Real estate that may interest you. Look it up.

ONE PERSON BECOMES A WHOLE ORCHESTRA

By Eric Men's Novel Contrivance Single Musician Plays Eleven Instruments.

There is perhaps no musical device in the world so complex in its mechanism as that which has just been completed by two Eric men.

"Bole and Walter's unusual combination, or the one-man orchestra," is the name of the instrument, and the men whose names it bears, George R. Walter and W. W. Bole, have toiled day and night for eight years to perfect it.

One operator runs the contrivance and the music of eleven instruments is heard. The instruments are: First violin, second violin, bass, cello, guitar, banjo, mandolin, autoharp, triangle, cymbal, cornet and bass drum. The cornet is a B flat, and the stops are operated by the mechanism.

The machine was constructed at a cost of \$3000. Its exterior is of white quartered oak, highly finished. It is seven feet long, two and a half feet wide, four feet nine inches high and weighs 500 pounds. More than 1000 feet of wire were used in connecting the various parts.

TWO-CENT POSTAGE OPPOSED

Payne's Plan Regarded as Inadvisable by Germany.

Berlin.—Postmaster General Payne's suggestion for a 2 cent postage between the United States, Germany and Great Britain, although the subject of favorable comment in the press, is not regarded at the Ministry of Posts as feasible. The German postal delegates would be against its adoption. Were Germany to reach a 2 cent agreement with the United States, it would be expected also by her neighbors. A one unit postage would reduce the revenues by many million marks. The Amsterdam Chamber of Commerce not long ago asked the Netherlands Government to arrange a domestic rate with Germany, but the government declined.
