Feels like fall.
Scrapple is getting ripe.
Lionsburg fair this week.
Chestnut buds are opening.
Chrysanthemums are in bloom.
The straw hat is now a back number, sure.
The mountains are donning their autumn hues.
These are glorious days. Make the most of them!
Chestnut parties are being arranged for this week.
There is still considerable heat in old Sol's rays.
Indian summer will be along before many days go by.
The cabbage crop assures the winter supply of sauer kraut.
This is the most delightful season for a drive in the country.
The open-faced pumpkin pie has the field all to itself these days.
Big pumpkins are getting their weight in the paper nowadays.
September has been earning many good marks in the weather line.
Corn cutting bees are buzzing throughout the country districts.
Jas. L. Braunen, ex-county chairman, of Exchange, was in town Tuesday.
A Swiss clockmaker has devised a watch which calls out the hours by means of a minute phonographic attachment.
Milton Fair will be better than ever. Very low excursion rates on the Reading, one fare for the round trip, October 4th to 7th.
Lena Rena Berard, the nine-month-old daughter of Joseph Berard, of Ludlow, Mass., was drawn in a pair of soap suds Sunday. The child's mother left the kitchen for a few minutes and the infant crawled to the pail and fell in. Lead foremost.

The Ohio divorce mill is grinding overtime. Between New Year's and the first of July, 6,443 suits for divorce were filed, and 4,316 decrees were granted. There were 11,368 applications for divorce pending on July 1.
John Halpin, 11 years old, was gored to death in the streets of Pean Yan, N. Y., Saturday by a cow. The animal which was tied behind a wagon, broke her tether and attacked the boy, who was dressed in a red sweater. One horn penetrated his skull.
Chairman Hall, of the Democratic State Committee, says that the registration just closed shows a fuller and more complete registry of Democrats than has ever been known in Pennsylvania. The names upon the list, he says, indicate a voting strength of but little under 600,000.
Benjamin Oswald, who, in a recent railroad wreck at Pottsville, had both arms and one leg cut off, and whose recovery is considered a marvel of surgery left on Monday for Philadelphia, where the Austrian Consul will take charge of him. It is Oswald's intention to return to Austria, his native country, and charitable persons have made arrangements for his transportation.
Miss Amelia Phillips has had some necessary repairing done to her tenement house on Bloom street—the one occupied by us. We can now comfortably resist the heavy rainfalls and safely descend the back steps leading to the garden. There are many other houses in town that are greater in need of repair than was Miss Phillips'. Let us soon hear of these being attended to.

WANTED—Quickly, few persons to represent long established wholesale house among retail merchants and agents. Local territory of few counties. \$18 salary and expenses paid weekly. Expense money advanced. Commission extra. Permanent engagement. Business successful. Previous experience not essential. Enclose self-addressed envelope. Address, SYRACUSE EXPRESS TRAVELERS, 325 Dearborn St., Chicago, Ill.
Admiral Dewey celebrated the fiftieth anniversary of his entrance into the navy last Friday. He is the only naval officer on the active list who has seen fifty years of service. Rear-Admiral Watson, recently retired, is next in length of service. He entered the navy in 1856. When Dewey went into the navy Faragut was a commander and Porter was lieutenant. Admiral Dewey is nearly sixty-seven years old, but looks many years younger and seems to be good for many years of active service. Under the act of Congress by which he was made Admiral he cannot be retired except on his own application.

Re-Laying Pavement.
Landlord Oliver Drummeler is lowering and resetting the pavement in front of the Hotel Oliver to conform with the new conditions arising since Mill street has been paved.
There was a difference of 13 inches in the grade at the northern end of the hotel and 10 inches at the southern end. It was at first thought that excavating to such an extent would make a great difference in appearance. This was not the case, however, and the change is a decided improvement.

Woman Doctor's Invention.
Dr. Helen Tracy Myers, formerly of Jamestown, N. Y., and now a resident of Colorado Springs, has recently invented an iceless refrigerator and is making one of the devices for exhibit at St. Louis Exposition. It makes use of the principle of cooling by means of evaporation, and it is said to be very successful in operation.

The loss to the tobacco crop in Lancaster county, this state, by the frost of Wednesday night, is placed at \$100,000.

Intending visitors to the Milton fair will note the improved train service arranged for their accommodation this year.
Mrs. Milton Keeler, of Henderson, Kentucky, and Miss Lottie Bingenan, of Sunbury, spent Wednesday with Mrs. Lutz, on Bloom street.
The Great Bloomington fair October 11th to 14th. Very low rates on the Reading Railway. Special trains on Thursday and Friday.
Mrs. John Barber has had a fine stone pavement laid in front of her tenement house on Bloom street, the one occupied by Mr. Curry and Mr. Pascoe, just above Shiloh Reformed parsonage.

ROTARY ENGINE PERFECTED?
Buffalo Inventor Seeks to Have Completed Machine.
A perfect rotary engine, the long-sought achievement of inventors, has, in the opinion of eminent experts, crowned the work of William M. Hoffman, of Buffalo.
A year ago P. T. Berg, consulting engineer for the United States Steel Corporation, examined Mr. Hoffman's engine for Charles M. Schwab and made a favorable report.
Cornelius Vanderbilt declares that if the engine bears out the claims of the inventor it will send all the present style locomotives to the scrapheap.
It is generally agreed that in several Pennsylvania towns the weather was cool last week. This extremely important fact having been established the campaign for the election of a President of the United States may proceed.
A slight rise in the river has again improved the ferry facilities, so that now no serious delays are experienced in crossing the river. The increased speed is extremely gratifying to both the public and the ferryman, as the traffic at present is very heavy.
The many friends of Mrs. F. S. Vought, of Orbisonia, Pa., wife of the former pastor of St. Peter's M. E. church, Riverside, will be sorry to learn that she recently sustained a compound fracture of the right forearm while attending to her household duties.
Truant Officer Young has been experiencing an unusual amount of trouble during the last few days in instituting upon a number of youthful delinquents a regular attendance at school. On Monday four boys were on the absent list and yesterday three were apprehended and compelled to return to school.
Those who have to heat their residences with steam and hot air had better examine their heater and pipes before cold weather arrives and have them in good trim. The plumbers and tinners will be busy perhaps when a cold snap comes and not be able to attend to all the disjointed and rusted pipes at once.
A birthday surprise party was tendered Walter Chapman at his home, Sunbury street, South Danville, on Friday evening last. Those present were: Misses Carrie Hoover, Sarah Aton, Nettie Yeager, Hum Hammer, Glendon McWilliams, Phoebe Johnson, Annie Reese, Ruth Dhanick, Mamie Weaver, Mary Pegg, Hannah Yeager, Nellie Outhbert, Jennie Weaver, Robert Brooks, Eugene Pegg, Edgar Montgomery, Charles Wilson, Solomon Yeager, Harry Wolford, Grier Stultz, Walter Pegg, H. Spencer Vestine, Harry Wertman and Harold Bassett.

Rev. William C. McCormack, D. D., pastor of the Grove Presbyterian church has announced a series of Sunday evening sermons on "A Twentieth Century Christian's Theology." The subjects for each Sunday are as follows:
October 2nd.—A Twentieth Century Christian's Conception of God.
October 9th.—The Person of Christ at the Dawn of the Twentieth Century.
October 16th.—The Message of the Spirit in the Twentieth Century.
October 23rd.—The Doctrine of the Trinity as a Truth for Life.
October 30th.—Sin, after Nineteen Centuries of Teaching and Experience.
November 6th.—The Nature and Extent of the Atonement.
November 13th.—What is Regeneration?
November 20th.—The New Birth—Conversion?
November 27th.—The Philosophy of Prayer.

Hospital Defeats Merchants
The Hospital base ball team defeated the Merchants on the Nail Mill grounds yesterday by a score of 17 to 11. Heavy hitting on both sides proved a feature but the many errors of the Merchants caused their downfall.
Riley and Robinson were the battery for the Hospital side, Gearhart and Ammerman officiating for the Merchants.
If the weather proves favorable the same teams will play another game in the near future.

Comly.
Mrs. Geo. B. Harris returned home on Sunday.
Mr. and Mrs. Jacob Fry, of Glade Run, and Mr. and Mrs. Harvey Litcher, of near the Ridge, spent Sunday with Frank Fry and wife.
Mary J. Shell, of Watsonstown, spent Sunday with her parents, John J. Ellis.
Rev. J. H. C. Manifold, of Turbotville, passed through this place Monday.
Mr. and Mrs. Roscoe Ellis spent Sunday afternoon with Geo. W. Watson and family.
Mollon Heigherman and Maurice James, of near Schuylers, drove through this place Sunday.
Mrs. O. C. Fuller, of near this place, picked 500 quarts of huckleberries and 150 quarts of raspberries during the berries season, and done her house work besides.
Miss Rosa Fry, of Muncy, is visiting her brother, G. C. Fry.

His Hope.
"I hope," said the serious man, "that you haven't been betting on the races."
"I hope so, too," said the young man with the red necktie and the restless eye. "I hope I will wake up tomorrow and find out that the whole thing was a wild dream. But there's no use hoping."—Exchange.

LEATHER OVERCOATS THE FASHION AT NEWPORT

Automobiles Responsible for Them, but They Are Being Worn by Men Afoot.
Newport, Sept. 27.—Men who would dress in the newest and highest style must wear brown leather overcoats this winter.
The rage for automobiles is responsible for these overcoats, but the truly fashionable are wearing them even when they do not walk. J. C. Malloy, of New York, was the first to appear in one of them. Leather overcoats will never wear out, and so should recommend themselves to those who are not enormously wealthy.

DOOMED, HE LEFT BRAIN TO SCIENCE

Physician Hoped Its Examination Might Help to a Remedy for Incurable Disease.
When Dr. George S. Conant died suddenly Friday at his residence, No. 148 East Eighteenth street, N. Y., it was found that he had bequeathed his brain to Cornell University. The object had been to throw some new light upon the disease which he knew must soon end his life.
Dr. Conant, a Bellevue graduate, settled in the neighborhood of Gramercy Park twenty-five years ago and had a large practice. He discovered some years ago that he had diabetes. For this disease no "sure cure" has been discovered. The secretions of the kidneys contain more and more of grape sugar, and the patient wastes away. In Dr. Conant's case the deposit of lime salts in the arteries, which usually accompanies old age, showed itself to such an extent that his arteries were hardened as they are in some very old men who have died of paralysis or apoplexy. Dr. Conant gave his medical friends his own expert observations on his ailment.

Medical men have come to believe of late years that the origin of diabetes is in the brain. They have observed that a derangement of the fourth ventricle of the brain is accompanied by a derangement of the glycolytic function of the liver, that is, the work of that organ in disposing of the sugar chemically produced in the process of digestion. An accurate demonstration as to whether this theory is true or false will be of great value.
Dr. Burt Wilder, of Cornell University, is recognized as a leader in investigations relating to the brain. Years ago he organized a "brain society," each of whose members agrees to leave by will his brain to the society for scientific purposes. One of the most important objects of this society is the study of the brains of distinguished persons.
Dr. Wilder is also qualified above most specialists to examine diseased or abnormal brain tissue. It was with this in mind that Dr. Conant desired him to examine his own brain, with a view to recording exact scientific observations on the relation of the fourth ventricle to diabetes.

Dr. Otto Maier, of No. 212 East Eighteenth street, was a neighbor and close friend of Dr. Conant, and was summoned when Dr. Conant died. He said that he had frequently been consulted by Dr. Conant. "He was a brave man," said Dr. Maier, "Conant never seemed to let his knowledge that he had an incurable disease interfere with his work. He studied as if he hoped to live forever."
That the brain of Dr. George S. Conant was not sent to Cornell University was solely due to a blunder. He had bequeathed his gray matter to the Cornell Brain Society and his wishes would surely have been carried out but for one unfortunate fact.
The brain was spoiled for scientific purposes. Undue haste in placing the body of the doctor in the hands of an undertaker probably robbed science of the chance to determine whether or not the cause of diabetes, from which Dr. Conant died, is a diseased condition of the fourth ventricle or the medulla oblongata and in what manner the ailment spread.

There was no mention of how he wished his brain to be disposed of in Dr. Conant's will. But he left a memorandum to the effect that his body should be cremated and his brain sent to Dr. Burt Wilder, of the Cornell Brain Society. This memorandum was not found until too late. He was cremated Sunday at Fresh Pond, and the flames consumed body and brain alike.

OVER A MILE A MINUTE, OVER EIGHTEEN HOURS
Pennay Makes a Remarkable Run of Speed from Philadelphia to Chicago.
The Pennsylvania railroad accomplished one of the most remarkable feats in railroading on record Friday, bringing through a special train from Philadelphia to Chicago, a distance of 822 miles, in eighteen hours and fourteen minutes, thereby winning a stake of \$250,000 for F. M. Pease, a wealthy Chicago railway supply manager. The average running time of the special was more than a mile a minute.
Mr. Pease, with his wife and child, had been in Philadelphia for several days. Thursday he found that a deal involving \$250,000 necessitated his presence in Chicago before the close of banking hours Friday. It was then after 3 o'clock in the afternoon, too late for him to make the trip on the Chicago Limited, the fastest regular train between the cities, which daily makes the run in twenty hours and forty-five minutes.
At a rate of about \$2 a mile, or \$1,634, he chartered a special train from the Pennsylvania officials at Philadelphia. In less than an hour the railroad officials had the special started on its great run, the train speeding out of Philadelphia with Mr. Pease and family aboard at exactly 4:08 p. m., eastern time. Friday morning at 9:22, central time, the special pulled into Chicago, the railroad officials keeping their agreement to land Mr. Pease not only before the close of banking hours, but getting him there before the banks opened.
A dog supposed to have the rabies came to A. D. Fetherolf's premises, in Lynn twp., near Allentown, last May, and bit Mr. Fetherolf's son, a dog and some cattle. Five of the cows developed hydrophobia last week, and were shot. The son and dog have shown no symptoms of rabies thus far.

RULES FOR THE GOVERNMENT OF THE STATE FORESTRY RESERVATION LANDS

(Adopted by Resolution by the State Forestry Reservation Commission, August 5, 1891.)
1. The game and fish laws of the State must not be violated.
2. Birds' nests must not be destroyed or in any other manner interfered with.
3. Open camp fires or other fires must not be made, except in a hole or pit one foot deep, encircling the pit so made by the earth taken out.
4. Every camp fire or other open fire must be absolutely extinguished before the last member of the party using it leaves the locality.
5. Lighted matches must not be thrown upon the ground. In every case they must be allowed to burn out or be otherwise extinguished.
6. Living trees must not be cut down or injured in any manner. Dead and down timber may be used for camp fires.
7. No person will be permitted to erect a camp who has not accepted in writing the camping rules and received a camping permit.
8. Every person receiving a camping permit must report to the Commissioner of Forestry at Harrisburg, any violation of law or of the rules for the government of the State Forestry Reservation Lands, coming under his observation.

9. No permanent camp or other structure may be erected on the Reservation.
10. The pre-emption of any ground as a special camp site to the exclusion of others who may desire to camp near, and who have permission to camp on State Lands, will not be permitted.
11. All persons who desire to picnic upon the State Forestry Reservation Lands, remaining for a less time than a day, and not night, are not regarded as campers and will not be required to procure a camping permit, but will be governed in all other respects by these rules.
12. During the month of November in each year, no dog of any description shall be used for hunting purposes on the State Forestry Reservation Lands, nor shall any such dog during that month be taken by hunters into camps on said lands.
13. The making of fires by hunters who stand on deer or other "runways" is forbidden.
14. The placing of advertisements on the State Forestry Reservation Lands is prohibited.
15. Superintendents, wardens, detectives, and all other Reservation employees are required to remove immediately from State Lands all persons who take deer running dogs thereon, and to kill the dogs when found in pursuit of deer. They are also required to remove therefrom all persons who do not properly guard their camp or other fires so as to prevent destruction of State property by the starting of general forest fires, or campers who do not have proper camping permits.

All persons who desire to camp upon the State Forestry Reservation Lands must first apply to the Commissioner of Forestry. A blank application containing the rules for the government of campers will be forwarded to the applicant, who must sign and return the same to the Commissioner. If in proper form, in the absence of other objections, a permit will then be granted.
Persons who violate the laws or any of the above rules will subject themselves to immediate arrest without warrant, to be dealt with according to law; and may be denied all future privileges of camping, hunting, or fishing on the State Forestry Reservation Lands.
All State Forestry Reservation employees, without first procuring a warrant, are vested by Act of Assembly with power to arrest on view all persons detected by them in the act of trespassing upon any forest or timber land within the Commonwealth, under such circumstances as to warrant the reasonable suspicion that such persons have committed, are committing, or are about to commit some offense against any of the laws now enacted or hereafter to be enacted for the protection of forest and timber lands. They are likewise vested with similar powers of arrest in the case of offenses against these Rules, or for offenses committed against the laws for the protection of the fish and game found within the State Forestry Reservations.

All constables are requested, in case fire occurs within their townships, to notify the constables of the adjacent townships toward which the fire is traveling.

THE MILTON FAIR
Fall Meeting Will Be Held October 5th, 6th and 7th.
The managers of the Milton Fair Association announce to their former patrons and the public that so far as it is possible to judge at this time, the fair will be one of the most interesting and successful ever held in this section of the state. The exhibits promise to be up to the high standard and indications point to an exceptionally large field of horses for the races. The management have secured several fine attractions to entertain their visitors, and the midway will abound with all classes of entertainment, except gambling and other enterprises of questionable character. Everything will be done to make it pleasant for those who come to the fair for a day's outing. Excursions and reduced rates on the railroads.

The Great Bloomington Fair October 11th to 14th. Very low rates on the Reading Railway. Special trains Thursday and Friday.
