method of answering a proposal. "Wby-er-for the same reason that other men have asked you to marry them, I suppose-because I care more for you than for any one else." "The others," she vaid slowiy, "have had varlous motives. There haven't been so very many," she added, as if constrained to be honest. "I have known you so short a time I could not be aware of that. I should never have believed it without your assurance." The hardnoss of her face relaxed The wind does not affect the ther-mometer, as any one may find out for himself by a simple test. Take two dry bulb th rmcm te s of exactly the dry bulb th rm m te s of exactly the same kind and hang one of them where it will be exposed to the wind and the other where it will be shelter-ed—say, on two sides of the corner of the house—and after allowing them to hang thus for a few minutes you will find that they register the same. And yet the person who stands near the wind will feel the cld mor, s nsibly than the person who stands near the sheltered one.

"Will you tell me why the other three failed?" softly. She leaned back in her easy chair and grasped its arms with a nervous, awkward movement. Barnard noticed the strong, white hands, larger than his by far. "Do men ever love a woman that weighs 195 pounds?" she asked bitterly. "I have known one man that accom-plished the feat." He smiled in her areas encouracingly.

method of answering a proposal.

sheltered one. The wind is simply air in motion, The wind is simply air in motion, and air in motion is no colder than the same air in a state of rest. We feel colder in the wind simply because it's blowing over us takes the heat away from the body by causing a more rapid evaporation from, the skin, There is no evaporation from the dry bulb of a thermometer, and therefore the wind does not affect it. plished the feat." He smilled in her eyes encouragingly. "One couldn't feel an inclination to hold a hand of that size. It's uncom-fortable in a 6% glove." She held the offending member before him as if she could cheerfully have amputated the

# PROFESSIONAL EATERS.

Indians Employ Substitutes to Con sume Food For Them. One of the most striking customs o e past that are preserved by the In dians of today is found among the tribes on the Devil's Lake reserva-tion in North Dakota. An official of the Indian service gives the following

the Indian service gives the following account of this peculiar practice: "From time immemorial the Devil's Lake Sioux have adhered to an old custom fin regard to the treatment of a guest. According to their etiquette, it is the bounden duty of the host to supply his guest with all the food he may desire, and as a rule the appor-tionment set before the visiting Indian is much in excess of the capacity of a sizede man. began

"You seem proud to enumerate them You might knock off five without any one suspecting," eying her with the air of an expert. But by the same custom the guest

"But by the same custom the guest obliged to eat all that is placed be-ore him, else he grossly insults his intertainer. It was found that this ractice would work a hardship, but nstead of dispensing with the cus-om the Indian method of reasoning was applied, and what is known as the professional enter was brought to the front "Simple honesty shouldn't be caught "Simple honesty shouldn't be caugat embeszing," she smiled, with a sense of good comradeship. Her hands re-haxed from their grip on the chair and fell more comfortably upon her lap. "Didn't the other three think ff would be rather nice?" He lood meaningly at the hand nearest him.

front. "While the guest is supposed to eat all that is placed before him, it serves the same purpose if his neighbor as-sists in devouring the bountiful repast, the main object being to have the plate clean when the meal is finished. would be inder life? He look meaningly at the hand nearest him. "I don't think anybody ever wanted to," she answered simply. "I look too much like the sturdy oak and have re-celved none of the tenderness that falls to the lot of clinging vines. Of course there are storms from which the oak might like to be sheltered. I don't like my nasculine manner—I hate it," ve-hemently—"but it gives a better effect than if I tried to be kittenish. A hun-dred and innety-five pound kitten would run such a serious risk of being mistaken for a glddy elephant." "Precisely," he agreed. "But even a feminine elephant might long to be admired occasionally and— "It is not always practicable to de pend upon a neighbor at table to as sist in getting away with a large din sist in getting away with a large din-ner, and in order to insure the final consumption of the allotted portion visiting Indians call upon these pro-fessional eaters, whose duty it is to sit beside them through a meal and eat what the guest leaves. The pro-fessional eaters are never looked upon in the light of guests, but more as traveling companions with a particu-

ong to be admired occasionally and "Didn't the other three ever"- He

traveling companions with a particu-lar duty to perform. "These eaters receive from \$1 to \$2 and even \$3 for each meal where they gently stroked the firm, white hand. "They didn't want to," she blushed furiously assist. It is stated by the agent of the Devil's Lake reservation that one "But why, then"- he commenced. "Dut wuy, then" - he commenced. "Oh, one of them was a widower an said it was so expensive having all the sewing done out for four children." He frowned sympathetically. "The second wanted a partner to help ruh a boarding school." He nedded

The Little Animals Are Far Mon Alert Than They Appear.

help run a boarding school." He notided. "The third was a preacher and thought it was not good for man to the alone. He didn't seem to think dyspeptic tendencies and an insuff-cient innome obstacles to prevent his inding a companion with all ease. In fact, his manner was full of assurance that I would jump at the chance. None of them, nobody in all my life, ever really caref for me "Bhey only want-ed me to help them do something." If er eyes were full of tears. "I would like some one to love me as they do the pretty little wonan. I an just as affectionate and tender hearted as if I were little and delnty" her lip quivered-"and-I-wunt-to be loved-and to be-like them." She covered her face with her hands. If es at down on the arm of the easy chair with an air that was foyous and youthrul. "Theor little woman" he sold ignore. Alert Than They Appear. If there is any one of our native ani-mais that looks slow, elemay, lazy and generally unfit to survive in the struggie for existence it is the wood-chuck. After he has built, or rather excavated, his home-which, to tell the truth, he does in a rapid and busi-nesslike way-he does nothing but eat and sleep. Yet any one who sizes him up as an incompetent is likely to get fooled, for he is a source of continual surprises.

when your garden is not far fro When your garden is not far from the woods you may be avakened in the middle of the night by a series of most nlarming yells and howls, oc-casioned by some hungry woodchuck that has come for a nocturnal visit to the cabbage patch and met with a warm reception from your dogs. The woodchuck usually gets away appar-ently unharmed, while the dogs are left to nurse their scratched noses and fore paws. The woodchuck, in fact, has plenty of courage and will always fight in preference to running away.

youthful. "Dear little woman," he said, ignor ing the fact that the shoulders ing the fact that the shoulders shaken by sobs were broad as his own, "the other three needed killing. I would love to slay them for you one by one, but unfortunately there is a law against ft. I will content myself re-joicing that their lack of appreciation left a chance for the fourth one." He smoothed the hair gently from her forehead. "The fourth man loves you," he said, with a simplicity of words strong in feeling. She slowly raised her head and look-ed in his face. In her eyes was shin-ing the same expression that men have often seen in the eyes of those more favored women she enviled. The ama-zon sank into insignifence; the wo-man came into her own triumphantly. "Sweetheart!" he said. TROY ALLISON. Snecial Forces to St. Louis via inst it. I will co Throughout the version work in the action of the property of courage and will always fight in preference to running away. Throughout the summer this little "wood pig" spends most of his time in the vicinity of his burrow, coming out early in the morning to take his break-fast, returning to his nest for a morn-ing nap, appearing again at noon and late in the afternoon for his dinner and supper, only to return again for an-other snooze. Occasionally he makes a visit to some neighboring orchard or garden. By Oct, 1, when he is fat, he retires into his subternanen home for a long sleep, until, as we are led to be-lieve, the proverbial "ground hog" day. --Courty Life In America.

## FOREMAN'S EYE BURNT OUT The Weakness Of an Amazon Refuses Treatment Till H Can Reas-

sure His Family. Coatesville, Pa., Nov. 10.—A piece

[Copyright, 1904, by K. M. Whitehead.] [Copyright, 109, by K. M. Whitehead.] "Would you object to telling me your reason for wanting to marry me?" she asked in an aggressive tone that qua-vered into pathos. Such an unexpected answer caused barnard to rise from his chair some two or three inches before he remem-bered that it is the unexpected that al-ways happens. He sait down carefully, having achieved a calm that implied that here was the generally recognized that here was the generally recognized The victim showed great nerve,

The victim showed great nerve, that hers was the generally recognized and refu-ed to go to the hospital, until he had seen his family and reason that walked to his home, two miles away. Caldwell has been in the company
