

DANVILLE INTELLIGENCER

Established, 1828

DANVILLE, MONTGOMERY COUNTY, PA., DEC. 9, '04.

D. AUST LUTZ, Editor and Proprietor.

THE INTELLIGENCER is the oldest and best weekly, Democratic newspaper in this section of the State...

THE INTELLIGENCER, Danville, Pa.

Slippery sidewalks now threaten you. Beware!

A street has been improved, but how about the sidewalks?

A glance at our advertising columns is enough to convince you that The Intelligencer leads.

The same progress is not manifest in the construction of the river bridge as was shown in placing the first span.

In declaring that the recent election was the Lord's work, does Dr. Parkhurst mean to deliberately hurt the feelings of Mr. Carkelyou?

The Panama army is belligerent and ready for action, but as it consists of only twenty-five men and one mule, it will cheerfully disarm if the United States insists upon it.

What better present can you give a friend than a year's subscription to The Intelligencer?

Professor Langley blushes a little when he sends out his annual report on the diving bizzard this week.

The New York Press calls us down because we allied to President Roosevelt as "exasperatingly impetuous."

We have the inspired assurance from Harper's Weekly that "President Roosevelt will revise the tariff for the benefit of all the people."

Not for the good a newspaper does is it always remembered the longest. A pleasing article is acceptable to most any one, and is cherished for a very short while.

An Intelligencer reporter in conversation with Mr. Caldwell, of the river bridge pier builders, on Tuesday last, was informed that Messrs. Barry, Caldwell & Leonard, would realize a handsome dividend from the contract.

The Post Office Department issues an order making the publication of guessing contests illegal, and yet the Agricultural Department continues to send in its Weather Bureau guesses to all the papers in the United States except one.

Ellis says that he wishes to talk, but he cannot say a word till Secretary Loomis has spoken. Then "there will be indignation in certain circles."

The decision of the New York Court of Appeals declaring unconstitutional the state law which prohibits a contractor from employing his men more than eight hours a day on state or municipal work is far-reaching in its consequences and causes great excitement.

The President is now very anxious to visit the Southern States, declaring that he has been "greatly misunderstood."

The Congressional Committee of Fourteen has returned from Panama to Washington and its spokesman, Senator Kittredge says that they favor a tide-water canal.

Governor Boutwell of Massachusetts said in a speech last week "If a vote could be taken Massachusetts would denounce the Philippine policy of McKinley and Roosevelt by a majority of three to one."

The good people of Philadelphia think there commerce will stagnate if they cannot obtain a thirty-foot channel in the Delaware river.

It appears that the 4th Asst. Postmaster General is in favor of a five pound postal parcels system in connection with free delivery, at a low rate of postage.

What do you think of this, boys? At Towanda a young gallant by the name of Gilbert Johnson sits behind prison bars because he did just what you all desire to do and often are guilty of.

There are still some notes in the national subteam. The largest and most troublesome of these is the Treasury deficit. During the campaign the fact of a growing deficit was frequently pointed out, only to be turned down by the Republicans with a laugh.

THE JAPANESE IMMIGRATION.

In the current number of the Popular Science Monthly Dr. A. C. McLaughlin, of the Public Health and Marine Hospital Service, gives an expert opinion wholly unfavorable to the immigration into this country of the Japanese...

The Japanese skilled laborers and artisans receive at home the munificent pay of about 25 cents a day in American gold coin.

The Japanese immigrants numbered only about 2000 in 1898, but in 1902 the number had increased 14,270, and in 1903 to 19,968.

The Japanese coolie labor, which is regarded as more undesirable even than the Chinese labor, is likely to descend upon us in large numbers unless checked in some way.

If the Japanese are good workers, patient, industrious, efficient and cheap, why is it not a good thing for us that they should come to this country and bear our burdens?

It is worthy of remark, in passing, that the three principal Republican newspapers of the United States, the New York Tribune, the Chicago Tribune and the Philadelphia Press, have all joined the tariff revision chorus and announce that if the party refuses to revise the tariff the people will revise the party.

THE PAPER OF THE HOME.

There is always one paper that leads, and in most cases it takes but very little investigation to tell which one it is.

Papers that are glanced at and thrown away are comparatively worthless to advertisers.

A paper which is taken into the bosom of the family and read carefully from beginning to end is naturally a business getter.

Senator Hopkins of Illinois declares in a loud voice that "unless the Republicans revise the tariff now I do not see how they can afford to go into the next campaign and discuss it."

CHILDREN IN THE HOME.

The children of the family—one is not to look on them as burdens, bothers and excenses.

The children of the family, instead of being burdens, are burden-bearers; small saviors who by daily means of grace; and who lead the world-worn parents once more into the paths of innocence and peace.

A baby's tiny hand clasped around his mother's finger has stilled heart-throbs of sorrow and of bitter trouble; a baby's arms around his father's neck have brought to the man's weary brain a renewal of that love which is all that makes life livable.

A LETTER OF INTEREST.

From Our Friend Mr. M. L. Sheep, of Jerseytown, Who is Visiting Friends in the Wild and Woolly West.

DEAR SIR:—This beautiful Summer morning finds me without anything particular to do for several hours, so I thought it might be of a little interest to you to know something of my meandering, since I left Danville on the fifth of October, via the Penn'a Ry., for St. Louis, where we arrived on the seventh at 6 o'clock p. m.

While our train was being made up at Sunbury I met P. J. McKee, of Shamokin, and a number of people from Benton, Columbia county, and some of their relatives of Williamsport.

The Japanese immigrants numbered only about 2000 in 1898, but in 1902 the number had increased 14,270, and in 1903 to 19,968.

Monday morning the mail portion of our excursion party started out to do the city.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

Sample bottle by mail. Bottle of Swamp-Root, \$1.00. It is guaranteed to give you relief, if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Chief Burgess Brennan, or Shenandoah, has posted notices that horses left standing on the streets for long periods of time during cold weather must be blanketed or he will prosecute the owners or drivers of the suffering animals and have them fined.

The annual meeting of the stock holders of the First National Bank, for the election of Directors, will be held at their Banking house, Cor. Mill & Bloom streets, Danville, Pa., on Tuesday, January 10, 1905, from one to three o'clock p. m.
